9. **Background: (Why is the action necessary, and what action will be accomplished) (All supporting documentation must be attached if any)**

Converge One offers significant advantages over our previous provider, including preventative maintenance and surveillance of E911 equipment. This proactive approach will enable Converge One to identify and rectify potential interruptions to 911 services before they occur, thereby ensuring uninterrupted emergency operations.

- 24x7x365 monitoring of **VIPER** systems at the primary site

- 24/7 unlimited call-in support

- 24/7 unlimited onsite support

- Access to a 24/7 online customer portal ticketing system

- Monthly E911 system reports provided every 30 days based on continuous monitoring

- Scheduled monthly preventative maintenance for each 911 site

- Onsite and remote support from manufacturer-trained and certified E911 field engineers

Signature is required on the additional terms and conditions in order to receive cost re-imbursement for this grant. This budget amendment is necessary to allow for funds received from the state E911 board in the form of a rural county grant. Rural county grant 25-04-27 in the amount of \$27,655.99.00 is to cover the cost of annual maintenance for our logging recorder, no matching funds are required.
