January 7, 2025

Honorable Senator McClain and Honorable Representative Johnson,

Levy County welcomes you as our new delegation! The Board of County Commissioners (BoCC) and County Staff stand ready to partner with you in our vision for a stronger Levy County moving into 2025 and beyond.

This past year has certainly presented challenges to all levels of government within Levy County with three hurricanes – Debby, Helene and Milton - impacting the County between August and October of 2024. While the devastation from these storms was significant, especially to our coastal communities, the resolve of our residents to support one another and literally weather these storms is second to none.

As we look toward 2025 and a promising legislative session, I submit to you the following priorities of the Levy County BoCC as well as those initiatives that are important to Levy County as a Small Fiscally Constrained County.

Sincerely,

Desiree Mills, Chair
Levy County Board of County Commissioners

CC: Liberty Partners of Tallahassee, LLC – Levy County Registered Lobbyist

Commissioners

Charlie Kennedy, District 1
Rock Meeks, District 2
Desiree Mills, Chair, District 3
Tim Hodge, Vice Chair, District 4
Johnny Hiers, District 5
