Re: Levy County Attorney Position

Dear Commissioners,

It is my pleasure to submit an application for the Levy County Attorney position. I believe that not only would I be well-suited for the position, but that I can provide many benefits to the Levy County Board of County Commissioners that other applicants cannot.

One significant advantage I can offer is that I am local and invested in Levy County. My roots in the county trace back six generations and a large part of my family remains here today. I grew up in Williston and went from kindergarten through high school graduation in Levy County public schools. Like many of you, I grew up working on local farms, was an active participant in 4-H and FFA, and every year exhibited a steer in the Suwannee River Fair. I now own a law firm in Levy County, where I employ and provide services to local residents.

As someone that grew up in Levy County, used a Levy County education as a foundation to obtain two degrees from the University of Florida, and returned to open and operate a business in Levy County, I am obviously heavily invested in, and committed to, this county. It only makes sense that when a county position comes available, the county would likewise invest locally.

In addition to my background, my education and experience have also well qualified me for the type of work that this position entails. As I mentioned before, I graduated law school from the University of Florida Levin College of Law, where I took a number of courses that are relevant to this position, such as Florida Land Use Law,

WALKER W. BULLOCK, ATTORNEY AT LAW

Legal Drafting, Contracts, and Property Law. Prior to attending law school, I received a Bachelor's of Science degree from the University of Florida, majoring in Food and Resource Economics with a minor in Agriculture Law.

Since law school, I immediately went into business as a solo general practitioner. As an independent attorney, I have acquired knowledge and experience over the last several years that many attorneys do not receive in ten years at a corporate firm. I have closed on numerous property transactions, administered large estates, and successfully litigated a number of cases before the County and Circuit Courts. In addition, I have completed over 40 hours of continuing education, including a recent 7-hour course in administrative government law.

One final point for you to consider is that I am a young attorney. As such, I will be able to commit more time and energy to this position than many other applicants. Although I currently have a firm, I am at an early stage in my career that would allow me to make adjustments and allocate more time to different practice areas as needed. If I had the opportunity to work as the Levy County Attorney, the Board of County Commissioners would become my largest client and, accordingly, my practice would be shaped to dedicate the largest portion of my time to those services. Or, if this position were offered as an exclusive/full-time roll, that is something I am very much interested in as well.

For the foregoing reasons, I strongly urge you to consider me as a candidate for the Levy County Attorney position. If you have any questions or would like to discuss the matter further, please do not hesitate to contact me. My office information and email are included on this letterhead, and my cell phone number is 352-843-3115.

Sincerely,

A handwritten signature in black ink, appearing to read 'W. W. Bullock', written over a horizontal line.
