Department Highlights

We had purchased the above items, 3 recycling containers to be used at our satellite sites for cardboard only, 3 hoppers, and 3-20 yard containers which our setup in our recycling building thru The Recycling Partnership Grant. Since we have put them to use without signage (which is coming) it has made a difference in sorting the recycling materials brought in by our residents and businesses. We have signage being made in accordance with our grant contact person Alita Kane, The Recycling Partnership. We are looking forward to receiving the signage and placing it on all of our containers/ hoppers. Alita is also working on preparing a mass mailer for our residents with the help of Kari Bastow our Grants & Finance manager who has been a tremendous help to our office staff with understanding the grant(s).

We also received our 48' Walking floor trailer which has been needing since our 53' ft walking floor trailer caught fire and was no longer usable.

Ophelia had attended the CivicPlus training as well as the public records training. She had mentioned both trainings we very helpful.

Kristen and Ophelia had also attended the administrative training back in January as well.
