STIPULATED FINAL JUDGMENT OF CONDEMNATION

THIS CAUSE is before the Court, without hearing, on the parties' Joint Motion for Stipulated Final Judgment of Condemnation (Doc. 125). Pursuant to the Natural Gas Act, 15 U.S.C. §§ 717-717z, Sabal Trail Transmission, LLC ("Sabal Trail") filed the above-styled action to condemn easement interests (the "Easements"). (Doc. 1)

The Court previously entered a preliminary injunction granting Sabal Trail the ability to access and construct within the Easements (Doc. 33). In Natural Gas Act cases, such as this one, title does not pass until compensation is ascertained

(whether by agreement or verdict) and paid. *See Steckman Ridge, GP, LLC v. 11.078 Acres*, 2008 WL 4346405, *10 (W.D. Penn. Sept. 19, 2008) (citing *Danforth v. United States*, 308 U.S. 271, 284-85 (1939)). Having agreed upon compensation due in exchange for the Easements, the parties, through joint motion, request that the Court enter this Stipulated Final Judgment of Condemnation granting title to the Easements.

Accordingly, it is **ORDERED AND ADJUDGED** as follows:

1. The parties' Joint Motion for Entry of Stipulated Final Judgment of Condemnation (Doc. 125) is **GRANTED**.
2. Payment to Defendant shall be made within ten (10) business days after the date of this Order to The Brigham Property Rights Law Firm, PLLC Trust Account in the amount agreed to by the parties.
3. Upon payment of the agreed amount to The Brigham Property Rights Law Firm, PLLC Trust Account, title to the Easements pursuant to the Grant of Easement attached hereto as Exhibit A shall vest in and transfer to Sabal Trail.
4. Within two (2) business days after receipt of such payment into The Brigham Property Rights Law Firm, PLLC Trust Account, Defendant shall evidence payment by filing a Notice of Receipt of Payment with the Court.

5. All claims and defenses for attorney's fees and costs (including expert costs) are preserved.
6. The Court reserves jurisdiction to determine entitlement to and amount of attorney's fees and costs (including expert costs), as well as to enforce the terms of the parties' settlement agreement and this judgment.

SO ORDERED on April 8, 2019.

TRACT NO. FL-LE-075.400

KNOWN ALL BY THESE PRESENTS: that **ROBERT B. ANGLE, JR., ATTORNEY as Successor Executor of the ESTATE OF EILEEN KAY WYNNE**, whose address for purpose of this grant is c/o Charles L. Stoel, P.O. Box 177, Williston, Florida 32696 (hereinafter called "Grantor", whether one or more), for and in consideration of valuable consideration paid by **SABAL TRAIL TRANSMISSION, LLC, a Delaware limited liability company**, whose address is 5400 Westheimer Court, Houston, Texas 77056 (hereinafter called "Grantee"), the receipt and sufficiency of which are hereby acknowledged, does hereby give, grant, bargain, sell and convey unto Grantee, its successors and assigns, a permanent easement ("Permanent Easement") solely for the purpose of constructing, laying, maintaining, operating, inspecting, repairing, replacing, removing, reconstructing and abandoning not more than one (1) underground pipeline and any and all necessary or useful below ground appurtenances thereto, including but not limited to fittings, pipeline data acquisition and telecommunication equipment, electric service for same, together with above ground pipeline markers, cathodic protection devices and AC mitigation devices ("Pipeline Facilities"), all of which shall be and remain the property of Grantee, solely and exclusively for the transportation of natural gas through the pipeline to be located on a portion of the following described land:

Being the land described in that certain Warranty Deed executed by Charles L. Stoel, joined by his wife, Sarah Elizabeth Stoel, in favor of Eileen Kay Wynne, dated December 18, 1990, and recorded December 31, 1990, in Official Records Book 417, Page 299, Public Records of Levy County, Florida ("Grantor's Land").

The Permanent Easement herein granted shall be a total width of fifty feet (50') as described on Exhibit A attached hereto and made a part hereof and generally shown on the Exhibit A drawing. The installation and construction methods used to install the pipeline shall be consistent with Grantee's federal and state approvals.

BK: 1494 PG: 940

The Pipeline Facilities shall only be used for the purpose of transporting natural gas. The Pipeline Facilities shall be designed, constructed and operated in accordance with U.S. Department of Transportation requirements for interstate natural gas pipelines. Except for pipeline markers, AC mitigation devices and cathodic protection devices, Grantee shall cause no other above ground appurtenances or improvements to be constructed on the Permanent Easement in connection with the Pipeline Facilities without the prior express written consent of Grantor, which shall not be unreasonably withheld.

To facilitate the construction of the Pipeline Facilities, Grantee has used the temporary workspaces shown on the attached Exhibit A drawing and identified as "Temporary Workspace" and "Additional Temporary Workspace" (collectively, the "Temporary Workspace"). As of the date hereof, Grantee's right of possession and use of the Temporary Workspace for construction purposes is terminated. However, Grantee will still be permitted access to the Temporary Workspace to monitor and maintain the restoration of the Temporary Workspace in accordance with Grantee's federal and state authorizations for the pipeline installation. Grantee shall not construct any permanent improvements within the Temporary Workspace.

Grantor and Grantee agree that the above-mentioned consideration included payment for all damages for the construction of the Pipeline Facilities, including any severance damages to Grantor's Land.

The pipeline shall not exceed thirty-six inches (36") in diameter and shall be buried to a minimum depth of thirty-six inches (36") from the top of the pipeline to the existing surface of the ground. Neither party shall diminish or reduce the soil cover over said pipeline without the prior written consent of the other party.

Grantee has restored the contours of the surface of the Permanent Easement and the Temporary Workspace to their prior condition, as near as reasonably practicable.

The Permanent Easement includes a right of access including ingress and egress over, upon and across the Permanent Easement, but does not include any rights to ingress and egress over any other portion of Grantor's Land. The right of access is limited solely for the purpose of operating and maintaining the Pipeline Facilities and for vegetative restoration and is not to be construed as a general grant of access easement.

Grantor reserves the right to the full use and enjoyment of and may continue to use the Permanent Easement for all lawful purposes that do not interfere with the rights conveyed to Grantee herein; provided that Grantor shall not create or maintain any lake, pond, berm, reservoir or water impoundment, cultivate any trees, engage in excavation or construct or permit to be constructed any building, structure or other improvement or obstruction on, over, under, above, across, within or through the Permanent Easement, without the express written consent of Grantee.

Grantor shall be permitted to cross the Permanent Easement for purposes of constructing ingress and egress and standard utility crossings, provided that Grantor and Grantee shall first mutually agree upon the design, location and construction methods for such crossings in accordance with the terms and conditions of that certain Agreement Regarding Grant of Easement by and between Grantor and Grantee (the "Agreement"). Grantee's consent to such crossings shall not be unreasonably withheld.

This Grant of Easement shall include, and Grantee shall have, all other rights and benefits necessary or convenient for the full enjoyment of the use of the rights herein granted, including but not limited to: the rights to remove, clear and to keep clear, at any time in Grantee's sole and absolute discretion and with no additional compensation to Grantor, all buildings, walls or similar structures, above or below ground swimming pool, decks, pipelines and conduits, septic systems, leach fields, wells, rocks, trees, brush, limbs and any other structures or obstructions in or on the Permanent Easement which might interfere with the use of the Permanent Easement or the free and full right of ingress and egress; and to do any other lawful activities which are incidental to or helpful for the intended uses of the Permanent Easement set forth above.

Grantor shall not change the grade of, excavate, fill or flood the Permanent Easement, or interfere with the Grantee's vegetative maintenance activities to the extent deemed necessary by Grantee.

The failure of Grantee to exercise any rights herein conveyed in any single instance shall not be considered a waiver of such rights and shall not bar Grantee from exercising any such rights in the future, or if necessary, seeking an appropriate remedy in conjunction with such rights. In the event that the use of Grantee's natural gas pipeline shall not be maintained for the purposes herein granted for a period of three (3) consecutive calendar years, then upon receipt of a non-appealable abandonment order from the Federal Energy Regulatory Commission ("FERC"), Grantee shall have no further rights with respect to the pipeline in the

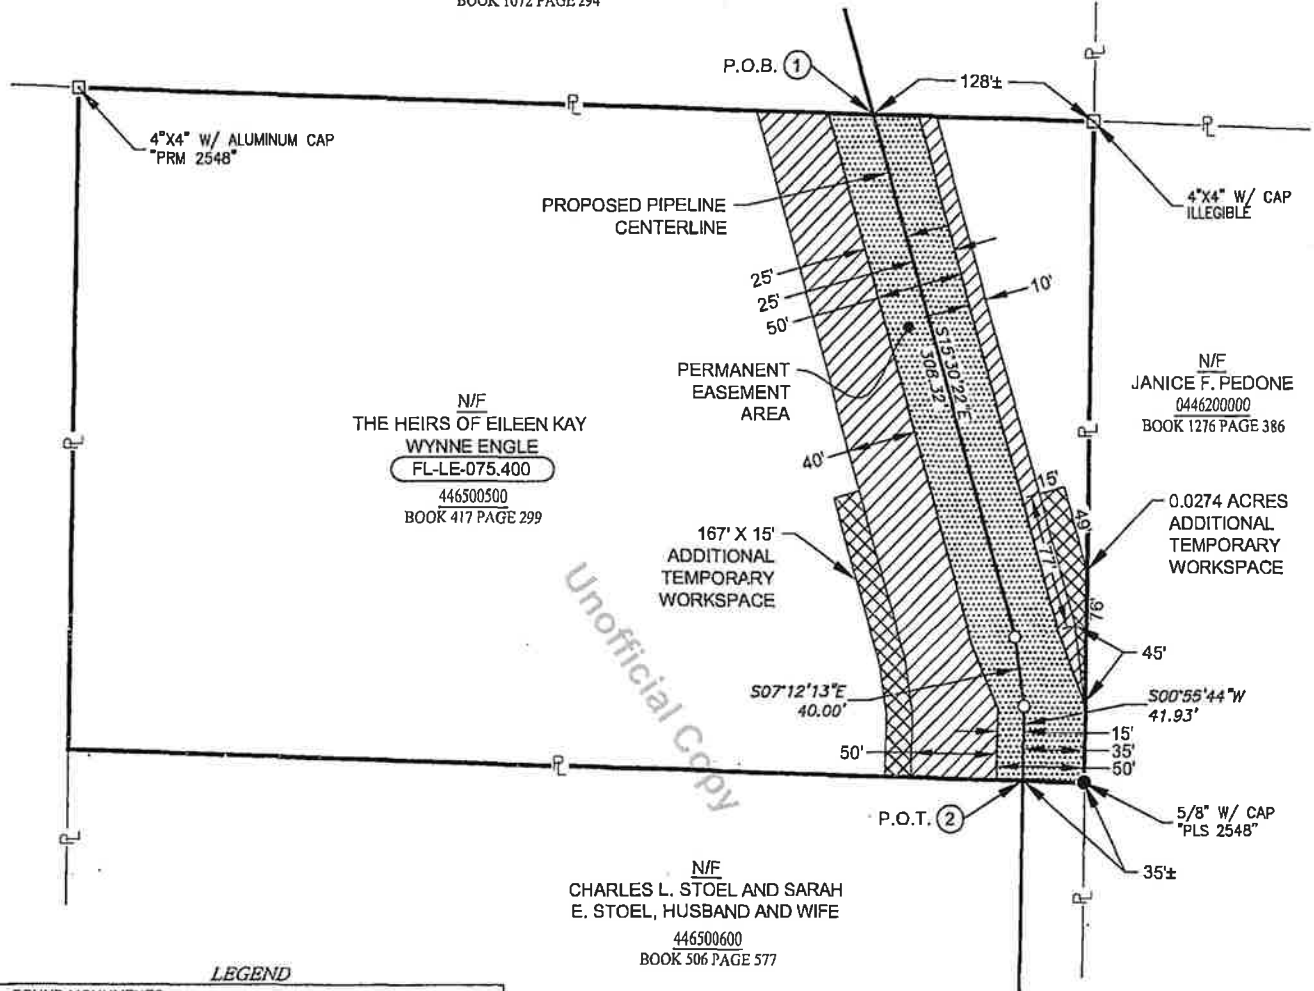

Permanent Easement herein acquired except the right to abandon the pipeline in place or the right and privilege to remove the pipeline. If Grantee removes the pipeline, Grantee shall restore the surface of the Permanent Easement to as near as reasonably practicable to its condition prior to such removal in accordance with the FERC abandonment order. Grantee shall, within six (6) months after the abandonment in place or removal of the pipeline, record in the Public Records of the county in which the Permanent Easement is located a release of the right, title and interest of Grantee in and to the Permanent Easement.

The rights, title and privileges herein granted may, in whole or in part, be sold, leased, assigned, pledged, and mortgaged, and shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, executors, administrators, successors, assigns and legal representatives.
