To Whom It May Concern:

The Public Works/ Parks Department has researched vendors for the request to purchase a Fire Plow. This has been done in conjunction with the Fleet Director so that we are able to purchase this through the State Contract guidelines. The information we have been able to gather reflects that the company named, Mathis-Fesco, is a sole source provider and any other companies found are a division of this same company. The documents stating such are included in the Agenda Summary request.
