Re: Engagement Letter for Interim County Attorney Legal Services

Dear Ms. Harper,

We are pleased that you have asked GrayRobinson, P.A. to provide legal services to Levy County, Florida ("County", "Client", or "you"). I appreciate the confidence you have placed in our firm, and I look forward to working with you.

It has been our experience that things go more smoothly if both our client and we have a clear understanding in writing of the scope of the engagement and the role we have agreed to play. Consequently, our representation is limited to the matter as described below. This engagement letter will also govern all subsequent matters in which we may become involved on your behalf unless a separate arrangement is made that differs materially from the terms of this engagement letter.

SCOPE OF REPRESENTATION

The scope of our engagement will be to provide Interim County Attorney legal services to Levy County, including providing legal counsel at public meetings and agenda review, as well as legal services related to land use and procurement matters, contracts, ordinances, and other legal needs of Levy County as requested. We will confirm each request with you in writing by email to the above address. However, this engagement does not include any representation in litigation. Representation for litigation will be covered by a separate, written agreement.

BILLING, FEES AND EXPENSES

Our firm will charge for our professional services on an hourly basis. I will serve as lead attorney with respect to this representation. My current rate is \$665.00 per hour; however, I have agreed to a discounted rate of \$495.00 per hour for this local government representation. Additionally, Shareholders Byron Flagg, Nikki Day, and Heather Ramos will assist with providing Interim County Attorney legal services at a discounted hourly rate of \$495.00 per hour. Associates will assist at \$295.00 per hour, and Paralegals will assist at a rate of \$195.00 per hour. We reserve the right to utilize other members of the firm whenever, in our discretion, we deem it appropriate. If requested, we will be glad to provide you with a schedule of rates presently in effect for all individuals performing work on this matter. Additionally, our professional hourly rates will automatically increase on October 1 of each year by the change in consumer price index for all urban consumers for Gainesville, Florida as of August of that year.

In addition to our professional services, we will bill the County for all travel time required to attend in-person meetings on behalf of the Client and disbursements and out-of-pocket expenses made or incurred. These typically include such items as document reproduction, mileage, mailing charges, courier services, and filing or recording fees. We may also use computerized research or other technology services, including generative technology services, to assist in handling your matters. Those services will be used when we believe that it is appropriate to do so. Expenses incurred or advanced on your behalf will be itemized on our billing invoice. Please note, if we anticipate that substantial expenses will be incurred, we will require that you pay the vendor directly and/or we may require a deposit from you in order to cover such expenses.

You will be billed periodically, usually monthly for the time incurred in the prior month. We are happy to discuss our billing invoice with you at any time and will welcome the opportunity to address any questions you may have. In the event you should disagree with or question any amount, you agree to communicate such disagreement or question to us, in writing, within thirty (30) days of the invoice date. Any disagreement you may have with a bill that is not communicated to us within that period shall be deemed waived.

RETAINERS

We are not requesting an advance retainer for any professional fees and/or costs associated with this matter. The firm also reserves the right to require an additional or increased retainer in the future based upon the scope of service anticipated. Retainers will be held without interest in the firm's Trust Account until disbursed. Such funds may be applied in payment of professional fees owed or expenses incurred. Additionally, you may be required to replenish the funds as they are used.

DISPUTE RESOLUTION

Should there arise any dispute concerning fees and costs earned and owed to the firm and, if it becomes necessary for this firm to retain an attorney or otherwise utilize the firm's own attorneys to collect such fees and costs, the prevailing party to such dispute will be entitled to recover its attorney's fees, costs and expenses necessarily incurred. In addition, the County and the firm each hereby waive any right to a jury trial for any controversy, dispute or claim arising out of or related to this firm's representation of the County and/or this Agreement.

ADVANCE WAIVER

Because of the relative large size of our firm and our representation of many other clients, it is possible that one or more of our present or future clients have or will have matters adverse to you. Our acceptance of your current representation will preclude us from accepting future representations adverse to you limited to those which involve matters substantially related to the work we perform in the course of this engagement. However, as a condition to our undertaking the representation described in this letter, we both agree that our acceptance of this engagement shall not preclude us from representing other clients in the future who may have interests adverse to Client with respect to matters not substantially related to the specific matter or matters for which you have engaged our services.

We agree, however, that your consent to, and waiver of, such representation shall not apply in any instance where, as a result of our representation of Client, we have obtained proprietary or other confidential

information of a non-public nature, that, if known to such other client, could be used in any such other matter by such client to a material or potential material disadvantage to Client.

Additionally, the County hereby waives any conflict with respect to GrayRobinson's representation of clients in Land Use and Environmental Matters. For purposes of this paragraph, the term "Land Use and Environmental Matters" means real property matters involving the County's regulatory approval and permitting process for land use and zoning change approvals, quasi-judicial hearings, development rights determinations, site planning and development review, environmental permitting, comprehensive plan amendment approvals, code enforcement, property appraiser determinations, and real property transactions, including but not limited to land conservation acquisitions by the County. The term "Land Use and Environmental Matters" does not include eminent domain and inverse condemnation matters in unincorporated Levy County, Florida, any litigation related to Land Use and Environmental Matters, or any matter involving the assertion of a position adverse to the County when GrayRobinson represents both clients in the same proceeding before a tribunal. To the extent any litigation regarding Land Use and Environmental Matters (including quasi-judicial proceedings) may become imminent, GrayRobinson will consult with the Levy County Manager to determine if a conflict exists in continued representation of any client and withdraw from representation as necessary. GrayRobinson agrees that no GrayRobinson lawyer performing Interim County Attorney legal services under this engagement will represent both the County and a client in the same or substantially similar Land Use and Environmental Matter. Further, GrayRobinson will not provide legal services to Levy County in the code enforcement matter involving Princess Portable Toilets, LLC.

The undersigned hereby gives its informed consent to GrayRobinson to represent clients in Land Use and Environmental Matters as described above. GrayRobinson agrees that all confidential matters which Levy County, Florida has entrusted or will entrust to the firm, or its attorneys will remain confidential.

This waiver shall remain effective unless and until another conflict waiver is agreed to by the parties.

NO REPRESENTATION OF CORPORATE AFFILIATES

This will also confirm that unless we reach an explicit understanding to the contrary, we are being engaged by and will represent the County, and that we are not being engaged to represent any of officers, directors, members, partners, shareholders or employees individually.

GENERATIVE ARTIFICIAL INTELLIGENCE

As part of our commitment to providing efficient and high-quality legal services, GrayRobinson may use advanced technologies, including generative artificial intelligence (AI), to assist in legal research, document drafting, and other related tasks. The use of such technologies is supervised by our qualified attorneys and is intended to enhance, not replace, the legal judgment and expertise that we bring to your case.

Please be advised of the following:

- Human Oversight: All work products generated by AI tools are carefully reviewed and validated by licensed attorneys in our firm. We do not rely on AI-generated content without human oversight.

- Confidentiality: We take your privacy and confidentiality seriously. Any information shared with or processed by AI tools is subject to the same rigorous confidentiality and data protection standards as all other information handled by our firm.
- Limitations of AI: While AI tools can assist in streamlining certain processes, they are not infallible. The final responsibility for the accuracy, relevance, and appropriateness of any legal advice, document, or strategy rests with our attorneys.
- Client Consent: By engaging our services, you acknowledge and consent to the use of generative AI tools as part of our legal services. If you have any concerns about the use of AI in your case, please inform us, and we will discuss alternative approaches to meet your needs.

TERMINATION

Unless previously terminated, our representation will terminate as follows: (1) if this is the only matter in which we represent the County, our representation will terminate upon our sending our final invoice for services rendered in this matter; and (2) if we represent the County in more than one matter, our representation of each matter will terminate upon sending the final invoice for that matter, and the attorney-client relationship will terminate completely (absent any new or subsequent engagements) upon our sending the final invoice in the last open matter.

CLIENT REVIEW

I am happy to answer any questions you may have regarding this engagement agreement. Likewise, you have the right to have this agreement reviewed by an outside party or other professional prior to signing. You understand that the firm is not engaged until the signed original engagement agreement is returned to us, including any requested advance Retainer.

ENTIRE AGREEMENT

These terms, and the attached Additional Understanding Regarding Representation, which are incorporated by reference, constitute our entire Agreement for the representation of the County. There are no other arrangements or agreements regarding our representation of you which are not expressed in this Agreement. Any modification of the Agreement must be in writing, by mail or e-mail. The Agreement is binding on you and on the firm, and the respective legal representatives and successors of each.

If the terms of this engagement as set forth in this letter meet with your approval, please indicate by signing this letter in the space provided below and returning a copy to our offices.

In the event that our invoices are not timely paid, or that payment terms satisfactory to us are not established, we reserve the right to renegotiate the terms of this engagement and/or to pursue our other remedies, including the right to charge you interest of 1½% per month for any invoice which has not been paid within 30 days of the date the invoice is mailed or emailed to you. We also reserve the right to withdraw as your counsel in the event you fail to honor your agreement with respect to our legal fees or for any just reason as permitted or required under the Florida Code of Professional Responsibility or as permitted by the rules of courts of the State of Florida. In the event of our withdrawal, you will promptly pay for all services rendered by us prior to the date of withdrawal.

Electronic Data

This will serve as our disclosure that the Firm does presently and will continue to maintain confidential and privileged information in electronic form. This practice will be followed in our work on this matter. The Firm does take measures that it understands to be reasonable and consistent with current business practices to protect that information.

Outcome or Result

We will strive to do our best to meet your needs in this and other any matter we subsequently undertake for you. Either at the commencement, or during the course of our representation, we may express opinions or beliefs concerning the litigation or various courses of action and the results that might be anticipated. We cannot and do not make any representations, warranties or guarantees concerning the outcome of this or any representation we undertake. We will give you our best advice, render opinions, and seek to obtain the desired result. In this regard, it is most important that we communicate regularly.

File Retention

Following the termination of the representation/engagement, any otherwise nonpublic information you have supplied to the Firm (unless previously removed or destroyed by specific request) will be retained by us and kept confidential in accordance with applicable rules of professional conduct, and the Firm reserves the right to send such materials to off-site storage at any time. Any retrieval of material once the file is closed may incur an expense for which you will be responsible. The Firm's retention policy provides that we retain stored and closed files for a period of ten (10) years after which they may be destroyed. Thus, if there are any documents which you need from those we possess, we recommend that you obtain them at the conclusion of our work on this matter. However, the firm will comply with all provisions of section 119.011(2), Florida Statutes, as may be applicable.

LOCAL GOVERNMENT EXPERIENCE

GrayRobinson is one of the premier law firms in Florida for local government law. For over 55 years, GrayRobinson professionals have provided comprehensive legal services on behalf of Florida's cities, counties, and special districts. Our dynamic and well-rounded team has extensive experience, invaluable relationships, and the vision to meet and exceed our clients' goals.

From Key West to Pensacola and Jacksonville to Miami, GrayRobinson has represented nearly 300 Florida cities, counties, special districts, and constitutional officers in a variety of matters. The firm has served as city attorney for several Florida cities and as special counsel in numerous public and private development projects. Whether resolving complex legal issues between local governments and private entities, defending key municipal initiatives, or providing daily guidance on issues both significant and routine, the firm provides the counsel needed to complete the project and avoid risks along the way. Specifically, GrayRobinson's local government practice grew out of its representation of numerous cities and counties within Central Florida.

GrayRobinson professionals have served as counsel to the State of Florida, the House of Representatives, legislators, cities, and counties throughout the last several decades. Many GrayRobinson attorneys and consultants began their careers, or invested portions of them, inside the Florida Legislature, state agencies, or as elected members of local governments. The professionals at GrayRobinson include three former speakers of the Florida House of Representatives, a former secretary of the Florida Department of Environmental Protection, a former chief of staff for the Florida Department of Professional and Business Regulation, a former state Senator, a former Florida House and Senate general counsel, former counsel to the speaker of the Florida House, county commissioners, city mayors, multiple local government finance and policy experts, and former political consultants. This inside experience enables our team to provide clients with unique, efficient, and effective legal counsel.

Land Use and Zoning

Our local government lawyers are recognized throughout the state for their experience and ability to represent both local governments and private sector clients in land use, zoning, comprehensive planning, and environmental proceedings. The GrayRobinson land use practice encompasses:

- Large Scale Development
- Financing and Special Districts
- Comprehensive Planning and Zoning
- Administrative and Judicial Litigation
- Environmental Permitting
- Governmental Lobbying
- Utilities and Transportation
- Code Enforcement
- Development Agreements

The firm developed these skills through the representation of local governments. While being aware of political sensitivities, the focus is on the business realities of the project. Our land use attorneys have represented governments, businesses, and individuals in thousands of federal, state, and local land use

permit proceedings and transactions. From the point a development is conceived, through financing concerns, due diligence, and continuing throughout the project siting; agency, environmental, and subdivision permitting processes; infrastructure financing; special district matters (if any); public utility concerns; and construction, GrayRobinson offers a team of accomplished and experienced attorneys that understand their clients' desire to steer clear of delays and denials and chart a course toward making the project happen.

Procurement

GrayRobinson attorneys are exceptionally knowledgeable in government and agency competitive bidding, contracting policies and requirements, and a variety of procurement matters on both the public and private sides. Serving as counsel for multiple local governments, our team has regular oversight over numerous formal solicitations and subsequent protests of those solicitations. In addition, the team has significant experience on the private side, including pre- and post-bid work, representing vendors before governmental entities on both Requests for Proposal and Invitations for Bid. Our attorneys have substantial experience reviewing and advising staff on these issues, including compliance with state and federal procurement laws, compliance with the sunshine laws, and bid protests.

Contracting

The GrayRobinson team also assists with negotiation, preparation, execution, and litigation pertaining to a wide variety of client contracts, including service contracts, capital contracts, real estate interlocal agreements between cities, counties, and governmental agencies, franchise agreements, and development agreements. Our litigation team has extensive experience with contract disputes at all levels of litigation – from pretrial negotiations through appeal, if necessary. We also provide counsel and litigation services related to Federal Acquisition Regulations in the course of reviewing, negotiating, and resolving contracts and grants with federal agencies.

Ordinances and General Local Government Regulations

We serve as trusted advisors to local governments, providing strategic legal support on governance, compliance, and regulatory matters. Our services include:

- Drafting and interpreting ordinances, resolutions, and charters.
- Advising on open meetings (Sunshine Law) and public records compliance.
- Procurement and competitive bidding processes.
- Land use, zoning, and permitting.
- Economic development initiatives and tax incentives.
- Bond financing and funding legalities.
- Government ethics, lobbying regulations, and conflict-of-interest compliance.
- Environmental law compliance, including regulatory permitting, land conservation, and sustainability initiatives.
- General government affairs counsel and state and federal lobbying services.
