The County has received \$369,800.00 from the Florida Department of Environmental Protection (FDEP) Resilient Florida Grant Program for an Adaptation Plan.

Levy County previously completed a grant-funded county-wide Vulnerability Assessment. This second grant award will fund the development of an Adaption Plan which will establish Adaptation Strategies for the specific challenges that face Levy County in a timeframe that is applicable and realistic.

Dewberry Engineers completed the Vulnerability Assessment for Levy County and staff recommends that it makes sense to have them also complete the Adaption Plan.
