Re: Determination of Non-Competitive Procurement for the 911 System Maintenance, Text-to-911 Service, MIS Maintenance for 2024-2025 (the "Project") funded by State Grant 24-04-22 awarded by the State of Florida Emergency Communication Board through the Florida Department of Management Services (the "Grant").

Please accept this letter as proof of determination of non-competitive Procurement for justifiable reasons for the above referenced Project issued in compliance with the Levy County Procurement Code (Sec. 2-204) and the Levy County Purchasing Manual. This letter is being sent to you as the Project is 100% funding by the above identified Grant.

As required by the County Code and Purchasing Manual, The County's E-911 Coordinator with the Sheriff's Office (the "Department") has certified to the County Coordinator that the goods/services offered by Lumen have unique, special features and capabilities that are essential and required for the original Equipment Manufacture of the Viper 911 CPE Equipment and the Power 911 call-talker software the County is currently using.

Based on the justification provided by the Department, the County Coordinator in consultation with the Procurement Coordinator has determined this Project may proceed as a non-competitive procurement for justifiable reasons. As required by Sec. 2-204(c) of the Code, this determination was submitted to and approved by the Board of County Commissioners at their Regular Meeting on May 21, 2024.

Respectfully,

A handwritten signature in blue ink that reads "Alicia Tretheway".

Alicia Tretheway,
Procurement Coordinator
