

Handout B: Discussion Guide

1: Springs & Groundwater

- **Current Draft:** Limits new gas stations and heavy industry within the Springs Protection Zone.
- **Question for you:** Are there other specific businesses or activities you think should be limited near our springs?
- **Question for you:** The plan suggests 300ft setbacks from springs. Is this enough to protect our water?

2: Coastal Resilience

- **Current Draft:** Limits development on private islands with no "high ground" to just one home per island.
- **Question for you:** How can the County best help residents in Fowler's Bluff or Rosewood prepare for more frequent "high-tide" flooding?
- **Question for you:** Look at the **Storm Surge Map**. Does this align with what you see during real storms?

3: Trails & Parks

- **Current Draft:** Prioritizes multi-use trails (shaded paths for walking/biking) over widening roads for more cars.
 - **Question for you:** Our Youth Survey showed kids feel "unsafe" walking near major roads. Where is the #1 place we need a sidewalk or bike trail?
 - **Question for you:** Which park in Levy County needs an upgrade first, and what should be added (e.g., lighting, pickleball, shade, etc.)?
-
