

Levy County Board of County Commissioners Agenda Item Summary Form

- 1. Name and Title:** Kari Bastow, Grants & Finance Manager
- 2. Department:** Grants Department
- 3. Meeting Date:** Tuesday, April 21, 2026

4. Requested Action:

Approval of Levy County Vulnerability Assessment Update (26PLN35) between Levy County and the State of Florida, Department of Environmental Protection, and authorization for the Chair to execute all associated documents.

5. Cost & Funding Source:

There is no direct cost to the County associated with execution of this Agreement Update. Funding is provided through the State of Florida's Resilient Florida Program.

6. Justification of Request:

Levy County has received State funding to update its Vulnerability Assessment, which supports resilience planning and future funding eligibility. The State has identified that the City of Fanning Springs and the Town of Inglis have not completed the required Vulnerability Assessment. Under a State Executive Order, completion is necessary to maintain eligibility for future grant funding.

The State has offered to increase the County's award to include the Levy County portions of Fanning Springs and Inglis through an addendum to the existing Task Assignment with Dewberry Engineering.

Approval will authorize acceptance of the additional funding and execution of the Task Assignment amendment, ensuring compliance with State requirements and continued eligibility for future funding opportunities.
