Ali,
Scope of work looks good (I edited those highlighted areas). Rod, only concern is that the clinic currently provides a DHPPV (Parvo, distemper shot), Heart worm test and worming (Pyrental or Panacur) upon intake at our facility, to be able stop any kind of outbreak and maintain a clean and virus free kennel. So he wasn't sure if Veterinarian services are contracted out how those items would be controlled.
We appreciate all your help with this matter. 😊

Blessings,
Brandy Cannon,

Subject: Veterinarian Services Contract RFP - Draft

Good Afternoon All,

Ms. Desiree asked me to put together a scope of services to potentially put out an RFP, due to our inability to hire a Veterinarian. Rod and Brandy, I have highlighted some information I will need from you to complete this Scope of Services. This is just a draft for now and will be going before the full BOCC on July 16th for discussion/approval to move forward. Rod and Brandy if I am missing something feel free to add it to the document or if you think something needs to be removed let me know. If you have any questions, please let me know.
