

APPLICATION

**E911 RURAL COUNTY GRANT
PROGRAM**

**W Form 1A, incorporated by reference in Rule 60FF1-5.002, Florida
Administrative Code, Rural County Grants
E911 Rural County Grant Program Application,
Revised 02/17/16**

1.0 Purpose

The E911 Rural County Grant Program is to assist rural counties with the installation and maintenance of an Enhanced 911 (E911) system and to provide "seamless" E911 throughout the State of Florida.

2.0 Eligibility

The Board of County Commissioners in any county in the State of Florida with a population of less than 75,000 as per the most recent published data from the Florida Association of Counties' directory is eligible to apply for this grant program. Funding priorities are established in Addendum I.

3.0 Definitions

- A. Enhanced 911 (E911): As defined by subsection 365.172(3)(h), Florida Statutes, and as referenced in the State E911 Plan under section 365.171, Florida Statutes.
- B. E911 Maintenance: Means the preventative, routine and emergency maintenance required by the State E911 Plan, in order to maintain the E911 System in operable working condition.
- C. E911 System: Means the Public Safety Answering Point equipment, in accordance with the State E911 Plan, including 911 call routing, processing, mapping and call answering communications equipment.
- D. Next Generation 911 (NG-911): Means the designation for an advanced 911 emergency communications system or service that provides a communications service subscriber with 911 service and, in addition, directs 911 emergency requests for assistance to appropriate public safety answering points based on the geographical location from which the request originated, or as otherwise provided in the State E911 Plan under Section 365.171, Florida Statutes, and that provides for automatic number identification and automatic location identification features and emergency data information through managed IP-based networks.
- E. Public Safety Answering Point (PSAP): As defined by paragraph 365.172(3)(y), Florida Statutes, and as referenced in the State E911 Plan under section 365.171, Florida Statutes.

4.0 E911 Rural County Grant Program Calendar

	Spring Schedule	Fall Schedule
Counties submit Application	by April 1	by October 1
E911 Board Members evaluate applications	April – May	October – November
E911 Board votes on applications to fund at regularly scheduled meeting	April – June	October – December
E911 Board sends notification of awards approved for funding to the counties.	before June 30	before December 30
Implementation period	One year from the award notification letter date.	One year from the award notification letter date.
Expiration of the right to incur costs, request payment and/or final reimbursement of funding.	Two years from the award notification letter date	Two years from award notification letter date.

5.0 General Conditions

- 5.1 Applications must be delivered to the following address:
State of Florida E911 Board
ATTN: E911 Board Administrative Staff
4030 Esplanade Way, Suite 135
Tallahassee, FL 32399-0950
Or E911BoardElectronicGrantReports@dms.myflorida.com
- 5.2 The applicant must provide one original of the pages for Application Form items 1 through 14 the associated quotes, and the E911 Board Form 6A, "County E911 Fiscal Information," included in E911 Board Rule 60FF1-5.006, Florida Administrative Code. The grant application package must be postmarked or delivered on or before April 1 or October 1 of each year, dependent on the spring or fall application period. Failure to provide these documents will result in automatic rejection of the grant application. One scanned copy of the entire submitted package should also be provided on a CD-ROM, to ensure quality of the documents to be reviewed.
- 5.3 The E911 Board will consider remotely provided hosted 911 answering point call-taking equipment and network services directly attributable to establishing and provisioning E911 or NG-911 services. Warranty and maintenance costs shall be calculated to account for only the first year warranty and maintenance costs and shall not include upfront maintenance costs to reduce the yearly service amount.
- 5.4 All grant applications shall be accompanied by at least one complete quote for equipment or services. Grant applications totaling \$35,000.00 or more must be accompanied by at least three written substantiated competitive complete quotes from different vendors. Complete quote submittals shall include a detailed scope of work, all pages included in the vendor proposal, breakdown of all costs including equipment, service tasks and deliverables. The E911 Board will compare the three quotes to any existing state contract in order to determine appropriate funding. Any county that has made a good faith effort to obtain at least three competitive quotes and has not been able to obtain the quotes can request E911 Board review based on substantiated proof of request for quotes or posting of the request with documentation of the limited responses.
- 5.5 If the grant application does not exceed the threshold amount of \$195,000, the county can initiate a request for approval for sole source funding. These will be considered on a case-by-case basis. Justification for sole source funding shall be provided with the application. Sole source will be approved if provided in accordance with Chapter 287, Florida Statutes, or with provision of a letter from the county's purchasing department that the project is a sole source procurement based on the county's purchasing requirements, which shall be provided with this grant application. Include pricing justification in the sole source letter from the county's purchasing department.
- 5.6 Rather than submitting multiple application requests for maintenance, all eligible maintenance requests should be combined into a single application request and include a breakdown of the individual components of the E911 system maintenance costs that are requested for funding assistance in the application. Grant applications for maintenance, where the county obtained a grant or utilized county funds to purchase equipment and obtained three competitive quotes for the first year of maintenance, or met the requirements of General Conditions items 5.4 or 5.5,

are not required to provide three written quotes with an application for an additional year of maintenance.

- 5.7 All maintenance requests should include on the vendor's quote for service the beginning and ending term for each maintenance request. Grant awards will be limited to maintenance contracts beginning prior to or within the maintenance cycle of the grant program. Spring cycle maintenance requests should be submitted for maintenance beginning May through October. Fall cycle maintenance requests should be submitted for maintenance beginning November through April. Complete quote shall include a detailed scope of work, all pages included in the vendor proposal, breakdown of all costs including equipment, service tasks and deliverables.
- 5.8 Applicants requesting items from different funding priorities should complete a separate application for each priority. See Addendum I - Funding Priorities for the E911 Rural County Grant Program for a listing of funding priorities. Items from the same funding priorities should be combined in the same application and shall comply with General Condition items 5.4 and 5.5.
- 5.9 Should two or more rural counties jointly apply for a grant, each county will be required to complete and submit a grant application detailing the funds requested and the county responsible for the funds. In addition one combined grant application detailing the entire project and a memorandum of understanding or inter-local agreement of all counties involved shall be submitted. The combined grant application shall comply with General Condition items 5.4 and 5.5.
- 5.10 Procurement shall be based on the county's purchasing requirements and the applicable State purchasing requirements, including Section 112.061, Florida Statutes. All travel and associated per diem costs proposed shall be in compliance with General Conditions item 6.3.5.
- 5.11 Funding application requests must include a scope of work that clearly establishes the tasks to be performed. The applications shall include all tasks that are required for successful completion of the project. The project shall be divided into quantifiable units of deliverables that shall be received and accepted in writing by the county before payment. Each deliverable must be directly related to the scope of work and must specify the required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable.
- 5.12 Funding requests must include all necessary costs required for full implementation of the proposed solution including that of any third party. Should the county grant application request or grant award be less than the projected cost of the equipment or service, the county should provide verification of the ability to fund the difference. Pricing submitted cannot be contingent upon "yet to be" determined fees for products and services by the proposer or any other third party required for implementation.
- 5.13 The county shall provide information on the county's preceding year E911 fee revenue amount, the preceding year carry forward funding amount and the total carry forward balance amount in the county E911 fund. The amount of grant funding award, for allowable carry forward expenditures, is limited based on the total amount of carry forward funding in the county E911 fund in excess of an amount calculated based on the allowable 30 percent carry forward amount for a two year basis in accordance with sub-paragraph 365.172(6)(a)3.c., Florida Statutes and E911 Board Rule 60FF1-5.006 Florida Administrative Code. The county shall include the amount of their county carry forward funding being utilized for this grant in the Applied County Carry Forward or other Funding (if applicable) line in the Application Form item #12. Budget/Expenditure Report. This carry forward funding provision does not apply to grant

applications for recurring maintenance. Maintenance contract cost is not a capital expenditure and is not an authorized expenditure of carry forward funds after the initial first year project costs included in the original capital equipment replacement or upgrade project.

- 5.14 Detailed information is required for any grant application requesting funding for systems that require immediate system replacement for provisioning of enhanced 911 in the county. Include detailed justification and explanation for any E911 system with an expected remaining life of less than 1 year.
- 5.15 Funding requests contingent upon "beta testing" or for products and services not in general production and installation will not be funded.

6.0 Limitation on Use of Funds

- 6.1 Only eligible expenses for E911 service listed in subsection 365.172(10), Florida Statutes, (Appendix I) that are not specifically excluded in this application will be funded.
- 6.2 Specifically excluded E911 expenses:
 - 6.2.1 Salaries and associated expenses for 911 coordinators and call takers or other 911 personnel will not be funded.
 - 6.2.2 Wireline database costs from the local exchange carrier, vehicle expenses, outside plant fiber or copper cabling systems and building entrance build out costs, consoles, workstation furniture and aerial photography expenses will not be funded.
 - 6.2.3 Wireline 911 analog trunks, administrative lines and circuits are not fundable. Recurring network and circuit costs will not be funded after the first year implementation period.
- 6.3 Funding limitations are specified on the following items:
 - 6.3.1 Grant funding shall be limited to eligible equipment maintenance and warranty costs for a primary PSAP and one other PSAP per county; either a primary, a secondary or a backup.
 - 6.3.2 Grant funding shall be limited to eligible mapping maintenance and warranty costs for a primary PSAP and one other PSAP per county; either a primary, a secondary or a backup.
 - 6.3.3 Grant funding for 911 equipment, hardware and software shall be limited (per grant cycle) to eligible expenditures for a primary PSAP only.
 - 6.3.4 Selective router equipment costs are limited to the primary PSAP system and are limited to one per county. For this grant program they are included under the call handling equipment priority.
 - 6.3.4 Training cost funding is limited to new system & equipment training.
 - 6.3.5 The allowable grant funding for travel expenses is limited to the authorized amounts established in Section 112.061, Florida Statutes, and the Department of Financial

Services Guidelines for State Expenditures. Allowable costs for daily per diem shall not exceed \$186.00.

7.0 Approval and Award

- 7.1 The E911 Board will review each application for compliance with the requirements of terms and conditions.
- 7.2 Grant awards will be withheld for any county that has a grant with a past-due quarterly report or past-due final documentation and closeout of previous rural county grant awards.
- 7.3 Applications will be awarded based upon the priorities set by the E911 Board as listed in Addendum I - Funding Priorities for the E911 Rural County Grant Program.
- 7.4 The E911 Board will adjust the amount awarded to a county based upon the availability of funds, eligibility of requested items, published quotes, increased effectiveness of grant funds, minimum system requirements for performing the needed E911 function as specified in the State E911 Plan, or documented factors provided in the grant application submission.
- 7.5 Any county that requires Board of County Commissioner approval of the grant program funding, prior to commencement of the project, shall notify the E911 Board in Application Form item #10. Grant funds for approved grant applications will be held until the county provides written notification to the E911 Board of the Board of County Commissioners approval of the project prior to the funds being disbursed from the E911 Trust Fund.
- 7.6 Any conditional hold, for documentation submittal referenced in 7.2 and 7.5, is limited to the last regularly scheduled E911 Board meeting application vote established in the grant program calendar.

8.0 Financial and Administrative Requirements

- 8.1 Grant funds shall be provided on a cost reimbursement basis. Grant funds shall be deposited in an interest bearing account maintained by the grantee, and each grant shall be tracked using a unique accounting code designator for deposits, disbursements and expenditures assigned by the county. All grant funds in the account maintained by the grantee shall be accounted for separately from all other funds. Any interest generated shall be returned to the E911 Board.
- 8.2 Each grantee may submit reimbursement claims to the E911 Board as needed; however claims are limited to one request per month. Receipt of reimbursement funds from the E911 Board is contingent on the timely and accurate submittal of funding requests. Requests for reimbursement of expenditures must be submitted on the approved Appendix IV Financial Reimbursement of Expenditures Reporting Form. Incomplete claims forms or claims not submitted on the correct form cannot be processed and will be returned for corrections. Submit only for the amounts in each budget categories in which you have incurred expenditures.
- 8.3 Upon written request and accompanying documentation justifying the need, a county may receive a payment of funding with a completed Expenditures Reporting Form, with the vendor invoice, and county certification that the specific grant items including all tasks and deliverables included in the funding request are complete. Within 45 days of transfer of funding or the check date, the grantee shall submit verification of payment to the vendor.

8.4 Reimbursement claims shall include only expenditures claimed against the specific grant number awarded and include copies of purchase orders and paid vouchers, invoices, copies of check processing, journal transfers. To assure prompt processing, complete reimbursement claims should be e-mailed to:

E911Board-ElectronicGrantReports@dms.myflorida.com

8.5 Grant funds, can only be used between the beginning and ending dates of the grant term, unless the E911 Board authorizes an extension. The right to incur costs under this grant expires two years from receipt of award and funds. The grantee may not incur costs and request payment or final reimbursement of funding past the expiration date.

8.6 Responsibility for grant funding and any failure to perform the minimum level of service required by the grant application and the application scope of work cannot be transferred under any circumstances from the County. Failure to perform the scope of work or expenditure of funds for other than allowable 911 costs as stated in the grant application shall require the county to return the awarded funds to the E911 Board.

8.7 Responsibility for property and equipment obtained under a grant cannot be transferred under any circumstances. If a sale or transfer of such property or equipment occurs within five years after a grant ends, funds must be returned to the E911 Board on a pro rata basis.

8.8 The grantee agrees that any improvement, expansion or other effect brought about in whole or part by grant funds will be maintained for a minimum of five years or thereafter until the effective replacement date of the system.

8.9 If a grantee materially fails to comply with any term of an award, the Board shall take one or more of the following actions, as appropriate in the circumstances:

Temporarily withhold grant payments pending grantee correction of the deficiency,
Disapprove all or part of the cost of the activity or action not in compliance,
Suspend or terminate the current award for the grantee's project,
Suspend or deny future grant awards.

The Board will provide the grantee an opportunity for a hearing, appeal, or other administrative proceeding to which the grantee is entitled under Florida Statute or regulation applicable to the action involved.

8.10 Grant awards may be terminated in whole or in part by the Board, with the consent of the grantee, in which case the two parties shall agree upon the termination conditions, including the effective date and in the case of partial termination, the portion to be terminated. Grant awards may be terminated by the grantee upon written notification to the Board, detailing the reasons for such termination, the effective date, and return of all funding.

8.11 Grant funds provided in excess of the amount to which the actual cost incurred to meet the terms and conditions of the grant agreement must be refunded to the E911 Board and sent to the Florida E911 Board's Post Office Box address:

Florida E911 Board
PO Box 7117
Tallahassee, FL 32314

The refund shall include transmittal information detailing the amount of returned funds that are excess grant funding and/or returned interest and shall include the number of the associated grant.

9.0 Grant Reporting Procedures

- 9.1 Grantees will be required to submit quarterly reports summarizing cumulative expenditures and status of the grant project. Quarterly reports shall include an updated Application Form item #12 Budget/Expenditure Report and a completed Appendix III Quarterly Report Form.
- 9.1.1 Reporting will begin at the conclusion of the first full quarter after the award. The report periods will end on March 31, June 30, September 30, and December 31 of each year. Reports are due within 30 days of the ending report period.
- 9.1.2 Earned interest shall be reported cumulatively and included with each quarterly report.
- 9.1.3 Updated reports and associated information should be e-mailed to E911Board-ElectronicGrantReports@dms.myflorida.com.
- 9.2 At project completion, a final report shall be submitted based on the same reporting requirements described in grant reporting item 9.1. The county shall determine the final completion date based on the final payment date, or the initiation date of the warranty period. Final documentation including copies of all expenditures and corresponding invoices shall be submitted within 90 days of the final report.
- 9.3 Change requests shall be submitted prior to deviation from any awarded grant applications. No changes or departures from the original request are authorized unless approved in writing by the E911 Board. Such requests shall be submitted using the form attached in Appendix II, Request for Change Form. Any unauthorized change shall require the return of grant funds, plus any interest accrued.
- 9.3.1 Time extension requests will not be granted unless the county has executed a contract for the grant equipment and/or services, or demonstrates good cause for failure to execute a contract within twelve months of award. Good cause documentation shall include a new project timeline schedule.
- 9.3.2 Time extensions shall be limited to a maximum of one additional year when approved by the E911 Board.
- 9.3.3 Request for Change forms and associated information should be e-mailed to E911Board-ElectronicGrantReports@dms.myflorida.com.
- 9.4 The Appendix III Quarterly Report Form shall inform the E911 Board of significant impacts to grant supported activities. Significant impacts include project status developments affecting time schedules and objectives, anticipated lower costs or producing beneficial results in addition to those originally planned. Additionally, problems, delays, or adverse conditions which will materially impair the ability to meet the timely completion of the award must be reported. The disclosure must include a statement of the action taken, or contemplated, and any assistance needed to resolve the situation.

- 9.5 The county's Board of County Commission chairperson shall be notified when overdue quarterly reports or final reports are not received before the next E911 Board meeting following the month after the end of the quarter in which they are due.
- 9.6 Funding continuance will be based on timely submission of quarterly reports.
- 9.7 Final document submission and close-out of a grant does not affect the E911 Board's right to disallow costs and recover funds on the basis of an audit or financial review. The county shall remain obligated to return any funds expended that do not comply with the terms and conditions of the grant award.

County LEVY

STATE OF FLORIDA E911 BOARD
E911 RURAL COUNTY GRANT PROGRAM APPLICATION FORM

Total Amount Requested: \$40,821.23

Project Title: E911 System Maintenance 2021-2022

1. Board of County Commissioners Chair: John Meeks

- 6.) Two year maximum calculated amount for applied carry forward funding
Calculation (current year carry forward
funding amount based on General
Condition 5.13 multiplied by two)
\$103,076.76
- 7.) Minimum calculated amount for Applied Carry Forward Funding
Calculation (amount in J.5. subtracted by
amount in J.6.)
Insert in Item 12. Budget Expenditure Report
(Negative) -\$15,199.20

5. Describe your county's existing E911 system. Include specific information on existing system equipment upgrades and when the installation of this equipment was completed.

Levy County's existing primary E911 system is a Positron Viper system, located in the Levy County Sheriff's Department. This system has been serving Levy County since October 2009. The original system was upgraded in July of 2015. The system complies with the E9-1-1 Phase II location requirements. The system includes a Voiceprint recorder and an ESRI-based GIS mapping system, the map was updated in 2020.

6. Describe the scope of work for the proposed project including any goal(s) and objectives. Include the tasks to be performed as part of the project. Provide scope of work in quantifiable units of deliverables that shall be received and accepted. For each deliverable specify the required minimum level of service to be performed and the criteria for evaluating the successful completion of each deliverable.

Levy County's goal is to ensure our E911 (Positron Viper) system and MapFlex are covered under 24x7 maintenance contracts for mitigation of failure and software upgrade assurance. The objective includes maintaining the system at the latest revision level for continued E911 system operations. Our county 911 coordinator will monitor each deliverable to ensure the tasks performed by the vendor include the following deliverables:

- Viper maintenance tasks include emergency 24x7 two-hour response from certified CenturyLink technician during annual maintenance period. Updates and documentation are provided when manufacturer releases upgrades. Parts replacement for covered equipment listed in the attached CenturyLink quote.
- MapFlex maintenance tasks include 24x7 remote tech support from CenturyLink during annual maintenance period.
- Symantec EndPoint Protection Manager

7. Justification of the need for the proposed project. Provide detailed information on the existing system's condition including a detailed justification for any system with an expected remaining life of less than 1 year.

Without these maintenance contracts we would not be able to maintain the E911 system equipment and software in our county. We do not have the technical and maintenance capabilities for the equipment and have to contract these services through vendors with the expertise on maintaining our E911 systems.

8. Describe why your county will not be able to complete this project without this grant funding.

Levy County is requesting the Rural County Grant due to rising costs, reduction of landline phones to collect surcharges on and our small rural population. Levy County's current funding is not sufficient to cover the yearly costs for the CPE equipment and software maintenance. Levy County needs financial assistance to fund this project given that our county's current funding is not sufficient to cover the yearly costs for maintenance.

9. Briefly describe how this grant project would be in concurrence with the State E911 Plan.

Levy County currently has Enhanced 911 and is Phase II compliant as defined in the State E911 Plan. Our goal is to ensure that Levy County's E911 system is maintained so that we may continue concurrency with the State E911 Plan's requirements for the safety and protection of our residents and visitors.

10. Describe the required steps with an anticipated time schedule with procurement and payment milestones and a total project completion date.

Schedule October 23, 2021 - October 22, 2022 E911 system maintenance due in October.

Schedule August 15, 2021 – August 14, 2022 MapFlex support and maintenance, due in August.

Schedule August 8, 2021 – August 07, 2022 Symantec protection, due in August

11. Sole source justification (if applicable).

12. Budget/Expenditure Report

Prepare an itemized Grant Budget ("Line Item" breakdown should include separated systems, i.e.; 911 system, logging recorder, centerline mapping, etc. and services items). The completed form shall be used to complete quarterly report requirements, listing expenditures and revisions (if any) in appropriate columns. If there is insufficient space, please include details in an attachment. **Budget costs should match requested vendor quote.**

13. Assurances

ACCEPTANCE OF TERMS AND CONDITIONS: The grantee accepts all grant terms and conditions. Grantee understands that grants are contingent upon the availability of funds.

DISCLAIMER: The grantee certifies that the facts and information contained in this application and any attached documents are true and correct. A violation of this requirement may result in revocation of the grant and return of all grant funds and interest accrued (if any), pursuant to the E911 Board authority and any other remedy provided by law.

NOTIFICATION OF AWARDS: The grantee understands and accepts that the notice of award will be advertised on the Florida E911 website.

MAINTENANCE OF IMPROVEMENT AND EXPANSION: The grantee agrees that any improvement, expansion or other effect brought about in whole or part by grant funds will be maintained. No substantial changes or departures from the original proposal shall be permitted unless the E911 Board gives prior written authorization. Any unauthorized change will necessitate the return of grant funds, and accrued interest (if any) to the E911 Board.

Failure to utilize grant funds as represented may jeopardize eligibility to be considered for future funding.

14. Authority

I hereby affirm my authority and responsibility for the use of funds requested.

Appendix I

NO requests for funding will be acknowledged for any items not specified in subsection 365.172 (10), Florida Statutes (shown below).

AUTHORIZED EXPENDITURES OF E911 FEE.—

(a) For purposes of this section, E911 service includes the functions of database management, call taking, location verification, and call transfer. Department of Health certification and recertification and training costs for 911 public safety telecommunications, including dispatching, are functions of 911 services.

(b) All costs directly attributable to the establishment or provision of E911 service and contracting for E911 services are eligible for expenditure of moneys derived from imposition of the fee authorized by subsections (8) and (9). These costs include the acquisition, implementation, and maintenance of Public Safety Answering Point (PSAP) equipment and E911 service features, as defined in the providers' published schedules or the acquisition, installation, and maintenance of other E911 equipment, including circuits; call answering equipment; call transfer equipment; ANI or ALI controllers; ANI or ALI displays; station instruments; E911 telecommunications systems; visual call information and storage devices; recording equipment; telephone devices and other equipment for the hearing impaired used in the E911 system; PSAP backup power systems; consoles; automatic call distributors, and interfaces, including hardware and software, for computer-aided dispatch (CAD) systems; integrated CAD systems for that portion of the systems used for E911 call taking; GIS system and software equipment and information displays; network clocks; salary and associated expenses for E911 call takers for that portion of their time spent taking and transferring E911 calls, salary, and associated expenses for a county to employ a full-time equivalent E911 coordinator position and a full-time equivalent mapping or geographical data position, and technical system maintenance, database, and administration personnel for the portion of their time spent administrating the E911 system; emergency medical, fire, and law enforcement prearrival instruction software; charts and training costs; training costs for PSAP call takers, supervisors, and managers in the proper methods and techniques used in taking and transferring E911 calls, costs to train and educate PSAP employees regarding E911 service or E911 equipment, including fees collected by the Department of Health for the certification and recertification of 911 public safety telecommunicators as required under s. 401.465; and expenses required to develop and maintain all information, including ALI and ANI databases and other information source repositories, necessary to properly inform call takers as to location address, type of emergency, and other information directly relevant to the E911 call-taking and transferring function. Moneys derived from the fee may also be used for next-generation E911 network services, next-generation E911 database services, next-generation E911 equipment, and wireless E911 routing systems.

(c) The moneys may not be used to pay for any item not listed in this subsection, including, but not limited to, any capital or operational costs for emergency responses which occur after the call transfer to the responding public safety entity and the costs for constructing, leasing, maintaining, or renovating buildings, except for those building modifications necessary to maintain the security and environmental integrity of the PSAP and E911 equipment rooms.

Budget Categories	Deliverable Items	Unit Price (\$)	Quantity	Total Amount (\$)	Previous Request Amount (\$)	Current Request Amount (\$)
A. Systems (Hardware, Software, Equipment & Labor)						
B. Services (Training, Maintenance and Warranty Items)						
Grant Request Total						

Request payment of funding (if applicable)	<input type="checkbox"/>
Justification of payment funding need:	

Signature, County 911 Coordinator

Addendum I

Funding Priorities for the E911 Rural County Grant Program

The criteria for determining acceptability for disbursement of funds from the State of Florida E911 Rural County Grant Program will be made on a priority basis. There will be five priorities as identified below:

PRIORITY 1: Rural counties with E911 Phase II Primary PSAP systems that require immediate system replacement to maintain enhanced 911 status or when the expected remaining life of the system is less than 1 year.

PRIORITY 2: Rural counties with E911 Phase II systems that require maintenance or warranty agreements for maintaining enhanced 911 status. This may include the following, listed in order of funding priority a through c:

- a: E911 System Maintenance (pertaining exclusively to items listed in Priorities 3a-h only)
- b: Hosted E911 System Service for subsequent years, after the first year.
- c: E911 Mapping System Maintenance (pertaining exclusively to items listed in Priority 5a only)

PRIORITY 3: Rural counties with E911 Phase II Primary PSAP systems that require new or replacement of critical or necessary hardware or software for maintaining E911 Phase II status. This may include the following, listed in order of funding priority a through h:

- a: Hardware and software for communications or terminal equipment located at a PSAP for 911 call processing, ANI and ALI display and call answering.
- b: Lightning Protection Equipment
- c: Uninterruptible Power Supply Equipment
- d: E911 Voice Recording Equipment
- e: County E911 Standalone ALI Database Equipment
- f: E911 Map Display Equipment
- g: New additional 911 Call Taker Position Equipment
- h: Net clock

PRIORITY 4: Rural counties with E911 Phase II Systems requesting consolidation of E911 PSAPs, which decreases the number of Primary or Secondary PSAPs in the county by a minimum of one.

PRIORITY 5: Rural counties with E911 Phase II Systems that require mapping services necessary for maintaining E911 Phase II Geographic Information Systems (GIS). This may include the following, listed in order of funding priority a through b:

- a: E911 Mapping System Equipment - E911 map generation hardware and software licensing is limited to components for two stations
- b: GIS Centerline, point generation and map accuracy services

Regional E911 system project requests related to systems, equipment and maintenance will be considered the highest priority within each priority category.

Grants awards will be funded in order of priority assigned. Total funding for any priority may be adjusted based on the remaining funds available, the number of applications and the anticipated requests in the next funding cycle. The acceptability for disbursement of funds from the State of Florida E911 Rural County Grant Program for any E911 expense items not expressly provided for in Priorities above shall be determined at the discretion of the E911 Board pursuant to its authority under sections 365.172 and 365.173, Florida Statutes.

Terms and Conditions Governing This Order Form

1. This confidential Order may not be disclosed to third parties and is non-binding until accepted by Lumen, as set forth in section 2. "Lumen" is defined for purposes of this Order as CenturyLink Communications, LLC d/b/a Lumen Technologies Group and its affiliated entities providing Services under this Order. Customer places this Order by signing (including electronically or digitally) or otherwise acknowledging (in a manner acceptable to Lumen) this document and returning it to Lumen. Pricing is valid for 90 calendar days from the date indicated unless otherwise specified.

2. The Service identified in this Order is subject to the Lumen or CenturyLink Master Service Agreement(s) or Master Service Agreement(s), Public Safety Version, and applicable Service Schedule(s) between CenturyLink Communications, LLC d/b/a Lumen Technologies Group and Customer for its affiliate. If expressly provided for under such a Master Service Agreement, if Customer has not executed a Lumen or CenturyLink Master Service Agreement, Public Safety Version, with CenturyLink Communications, LLC d/b/a Lumen Technologies Group but has executed a service agreement for applicable services with an affiliate of Lumen ("Affiliate Agreement"), then the terms of this order ("Affiliate Agreement") shall prevail over the terms of the Master Service Agreement(s) or Master Service Agreement(s) between CenturyLink Communications, LLC d/b/a Lumen Technologies Group and Customer for its affiliate. If Lumen and Customer have not executed a Lumen or CenturyLink Master Service Agreement, Public Safety Version, and/or applicable Service Schedule(s) governing the Service and have not executed an Affiliate Agreement, Lumen's current standard Master Service Agreement/Service Schedule(s) will govern, a copy of which are available upon request. The Lumen entity providing Services is identified on the invoice, and the invoice will include a "Connection Notice" at which time billing will commence. At the expiration of the Service Term, Service will continue month-to-month, and rates are subject to change upon 30 days' notice from Lumen. If the Affiliate Agreement governs and does not include early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncurated default or if Lumen terminates due to Customer's uncurated default, then Customer will pay Lumen's standard early termination liability charges as identified in the Affiliate Agreement. If the Affiliate Agreement governs and does not include early termination charges and if Customer cancels or terminates Service for any reason other than Lumen's uncurated default or if Lumen terminates due to Customer's uncurated default, then Customer will pay Lumen's standard early termination liability charges as identified in the Affiliate Agreement. CenturyLink Total Advantage Agreement, CenturyLink Total Advantage Express Agreement, or CenturyLink Wholesale Services Agreement (each, an Affiliate Agreement). Affiliate Agreement also includes an Agreement between Customer and any entity that was an affiliate of CenturyLink Communications before the Merger.

3. Neither party will be liable for any damages for lost profits, loss of anticipated savings, loss of data or cost of purchasing replacement service, or any indirect, incidental, special, consequential, exemplary or punitive damages arising out of the performance or failure to perform under this Order. Customer's sole remedies for any non-performance, outages, failures to deliver or defects in Service are contained in the service levels applicable to the affected Service.
4. All transport services ordered from Lumen will be treated as interstate for regulatory purposes. Customer may certify transport service as being intrastate (for regulatory purposes only) in a format as required by Lumen, but only where the transport services are sold on a stand-alone basis. The end points for the service are located in the same state and neither end point is a Lumen provided IP port ("Intrastate Services"). Where Customer requests that services be designated as Intrastate Services, Customer certifies to Lumen that not more than 10% of Customer's traffic utilizing the Intrastate Services will be originated or terminated outside of the state in which the intrastate services are provided. Such election will apply prospectively only and will apply to all Intrastate Services stated in this Order.
5. Charges for certain services are subject to (a) a monthly property tax surcharge and (b) a monthly cost recovery fee per month, to reimburse Lumen for various governmental taxes and surcharges. Such charges are subject to change by Lumen and will be applied regardless of whether Customer has delivered a valid tax exemption certificate. For additional details on taxes and surcharges that are assessed, visit www.lumen.com/taxes.
6. Customer will pay Lumen's standard: (a) expedite charges (added to the NIC) if Customer requests a delivery date inside Lumen's standard interval (available upon request or in Control Center at <https://www.centurylink.com/business/login/>) and (b) ancillary charges for additional activities, features or options as set forth in the Ancillary Fee Schedule, available at www.lumen.com/ancillary. If Lumen cannot complete installation due to Customer delay or inaction, Lumen may begin charging Customer and Customer will pay such charges.
7. Charges/Orders. Items described in the Catalog Number and Description columns above reflect the Lumen Services ordered and identified above the table. Despite anything to the contrary, NICs are NOT waived unless this Order or an Order Addendum expressly states NICs are waived or the NICs appear in the waived column in the above table(s). If a Cancellation Charge required Customer to pay the amount of any waived or discounted NIC, the NIC will be the amount stated in this Order or Order Addendum or shown in the "Waived NIC" column in the above table(s) despite anything to the contrary. If in this Order Customer is upgrading, moving, disconnecting or otherwise changing an existing Service, cancellation charges may apply as set forth in the Agreement.
8. MLTS Equipment. BY SIGNING THIS ORDER FOR MLTS EQUIPMENT, AS APPLICABLE, I ACKNOWLEDGE THAT I HAVE READ AND UNDERSTAND THE "ACCESS TO EMERGENCY SERVICES" CONTAINED IN THE APPLICABLE SERVICE SCHEDULE ATTACHED TO THE LUMEN OR CENTURYLINK MASTER SERVICE AGREEMENT OR MASTER SERVICE AGREEMENT, PUBLIC SAFETY VERSION, OR IN THE "ACCESS TO EMERGENCY RESPONSE SERVICES" SECTION OF THE TERMS AND CONDITIONS IN THE APPLICABLE STANDARD SERVICE SCHEDULE. IF I HAVE NOT EXECUTED A LUMEN OR CENTURYLINK MASTER SERVICE AGREEMENT OR MASTER SERVICE AGREEMENT, PUBLIC SAFETY VERSION, OR AN AFFILIATE AGREEMENT WITH AN APPLICABLE SERVICE SCHEDULE, I FURTHER ACKNOWLEDGE THAT I HAVE READ AND UNDERSTAND THE DISCLOSURE OF LIMITATIONS SET FORTH IN THE EMERGENCY SERVICES ADVISORY AVAILABLE AT <https://www.centurylink.com/legal/nvgdsw911advisory.pdf>.
