Cedar Key Dock Facilities Reopening

Levy County will reopen the dock facilities on August 26, 2020. The plan is to go back to the prior arrangement before it was closed to the public as requested by Chair, Matt Brooks & Mayor Heath Davis.

Levy County will provide:

- Toilet paper
- Paper towels
- Deliver to dock supply are for distribution by the Town of Cedar Key employees.

Town of Cedar Key will provide:

- Daily cleaning of bathrooms and stock supplies for public use as needed in all dispensers.
- Contact Levy County Parks and Recreation for all supply requests.
- Daily cleaning of all garbage from the dock, placing garbage in provided bins.
- Place garbage bins by the road twice a week for pick up.

Thank you for your partnership to provide this needed services to the public that enjoys the everyday use of the Cedar Key Dock

Chair, Matt Brooks

Date

Mayor, Heath Davis

**Subject:** Pier Agreement  
**Attachments:** Levy County Pier Agreement.pdf

**The pier agreement has been signed by the county and the city. If either party should choose to change something in the future, we will deal with that as it happens. The relationship we had before was a good one. Lets all work together and see this thing through. Our public works employee Michelle Brostler will continue to clean the bathrooms each day, and also take the garbage to the curb on Monday and Friday. Our city police officers will lock the restrooms each night between 10 and 11PM. Michelle will notify City Hall when supplies get low, and we will notify Mr. Matt Weldon. Please contact me if you have any questions or concerns.**

**Thanks

**Subject:** Interlocal Agreement with Cedar Key

Commissioner Brooks,

Attached is the interlocal agreement with Cedar Key that was discussed at the BCC meeting today. The agreement addresses certain roads in the City, including Dock Street, as well as the dock/pier and other matters. As you can see from Section III, page 4, starting on line 17, the County was supposed to deed the dock, and the City was supposed to accept, once the reconstruction of the dock was complete. As you also know, that transfer never happened. It is my understanding that when the reconstruction was complete, there was not an interest on the part of the City to accept the dock from the County. There has never been any enforcement action taken by the County.

One thing to consider as we move forward with the ownership/maintenance issues for the dock, is that if there ever is a transfer of the dock to the City pursuant to the agreement (or an interest in pursuing enforcement of the agreement provision), there will also need to be changes to the existing submerged lands lease with the State to transfer the ownership of the dock to the City pursuant to that lease. The Board of Trustees of the Internal Improvement Trust Fund (BOT), which consists of the Governor and Cabinet, is the State entity that owns the submerged lands. The submerged leases are administered for the BOT by the Florida Department of Environmental Protection. The staff that manages these leases is usually dealing with a heavy workload and, given that the BOT only meets periodically, getting final approval to any lease or changes can take a considerable amount of time.

If you have any additional questions about the attached agreement or anything else, please feel free to call.

FYI - The copy of the attached agreement was already sent to the Cedar Key commissioner who requested it at the BCC meeting.

-Anne
