Levy County Board of County Commissioners
P.O. Box 310
Bronson, FL 32621

Dear Commissioners,

We are respectfully requesting that our budget amount stay the same as approved and given last year of \$77,412.00. Commissioners, as you all know due to uncertainties that we may be faced with our building, this could come into use to get us by for the meantime, Though we are still facing a very challenging time just keeping our doors open due to the extent of the condition of our building. As COVID-19 has died down some we are slowing starting to perform fundraising again and promoting citizens and businesses to become members.

Our mission here at The Arc of Levy County is to empower our clients that are mentally challenged individuals and serve them with the ability to choose and realize their own goals, promote their strengths through education with the support of the staff and community. If the client doesn't show up at The Arc of Levy County we as a non-profit organization don't get paid for that day. We only get paid for the days/hours that clients are here. We are able to stay open with your help, the donations, fundraisers and memberships that we receive to help keep our doors open.

We at The Arc of Levy County, Board, Clients and Staff appreciate your present and your past support and without the support from the Levy County Commissioners, our organization could not serve the less advantaged citizens. Thank you for what you do in helping with The Arc of Levy County.

Very Respectfully,

Lisa Daniels
Executive Director
The Arc
Of Levy County

When you give help – you give hope
