Please see below.

Apparently, this is all the information we are going to get from Fanning. So, basically we have to search the documentation that they have submitted to DPS.

Trip/Wallace, this information is submitted to Levy Co. each quarter in their quarterly report. They should have all this information without me going back for 6 years. I believe also Wallace has provided this information to the Chief in Levy County. We have no assessments for Fire and depend on the City General Fund to provide funding to the Fire Dept. as well as the funds thru our Fire Agreements with Gilchrist and Levy County which they have copies of the Levy County agreement. At current time we have not started out FY 22-23 budget as we do not begin this process until July. Sheila
