AUCILLA/ECONFINA OCTOBER REPORT

"October is typically a really good month for trout and redfish in my area."

Well this year is moving by at a fast pace as October approaches. The cooler weather is coming along with the cooler weather comes cooler water temperature. October is typically a really good month for trout and redfish in my area. Trout should start to bunch up in the 3-5 water depth and can be caught using popping corks with a jig head under it or your favorite suspending lure. The redfish should still be around the points and the oyster bars and can be caught using gold spoons, live shrimp or a soft plastic bait. Get out and enjoy the beautiful weather this coming month.
