On behalf of For Our Friends the Animals (“Grantor” or “Foundation”), we are pleased to inform you of the Foundation’s decision to award a grant for the amount and purpose shown below to Levy County, a political subdivision of the State of Florida (“Grantee”). This grant is contingent upon the Grantee providing us within 30 days the information requested in this letter.

Amount: \$5,000.00
Purpose: For the purchase of dog beds. Remaining funds may be used to support similar equipment purchases for the dog kennel.

As a private foundation, we are required by law to document that our grant is expended for a charitable or educational purpose. We must ask that you use our funds exclusively to carry out such charitable or educational activities. You must not use any of our funds to influence legislation, to influence the outcome of any election, or to carry on any voter registration drive. It is also important that you let us know that no goods or services were provided to us for this donation.

We have received proof that your organization continues to be an exempt organization under Florida state law, and is classified as a County Government. Kindly provide us a copy of the following:
