Dear Commissioners,

The purpose of this letter is simple and straightforward. We are seeking your approval, funding, and application of one mile (+/-) of standard road paving on existing Levy County roadways, in the subdivision known as Springside Development.

Specifically, we are seeking the paving of the following existing roadway: Starting at the junction of NW 110th Avenue and NW 118th Lane; heading South on NW 118th Lane to the end of the roadway in front of the residence of Mr. David L. White at 11205 NW 118th Lane; starting at the cul-de-sac on the South end of NW 111th Terrace, continuing South to the junction of NW 120th Street, then West to the junction of NW 110th Avenue.

It appears that there are some 38 (+/-) residents and or property owners who access these specific roadways. Several of us have had discussions regarding the improvement that paving would make to our subdivision, including myself, Mitch Payne of 11190 NW 118th Lane, Mr. and Mrs. George MacFeggan of 11195 NW 118th Lane, Mr. and Mrs. Danny Oldaker of 11990 NW 110th Terrace, Mr. G.W. Morris of 11090 NW 118th Lane, Mrs. Phyllis Bowen of 11990 NW 110th Avenue, Sharon Howard and Tiffany Taylor of 11815 NW 111th Terrace, and Mr. and Mrs. Carl Jones of 11090 NW 120th Street.

If it would assist in making a positive result to this request, we could organize and submit a formal petition.

Thank you in advance for your consideration and assistance in this matter.

Respectfully,

Mitch Payne

RE: Letter for paving

Thank you Mr Payne for reaching out to us in regards to the road ways in Springside that you have requested to have paved. We have conducted a road study to see if the roads meet our criteria for paving and NW 118 LN and NW 120 ST together meet the criteria.

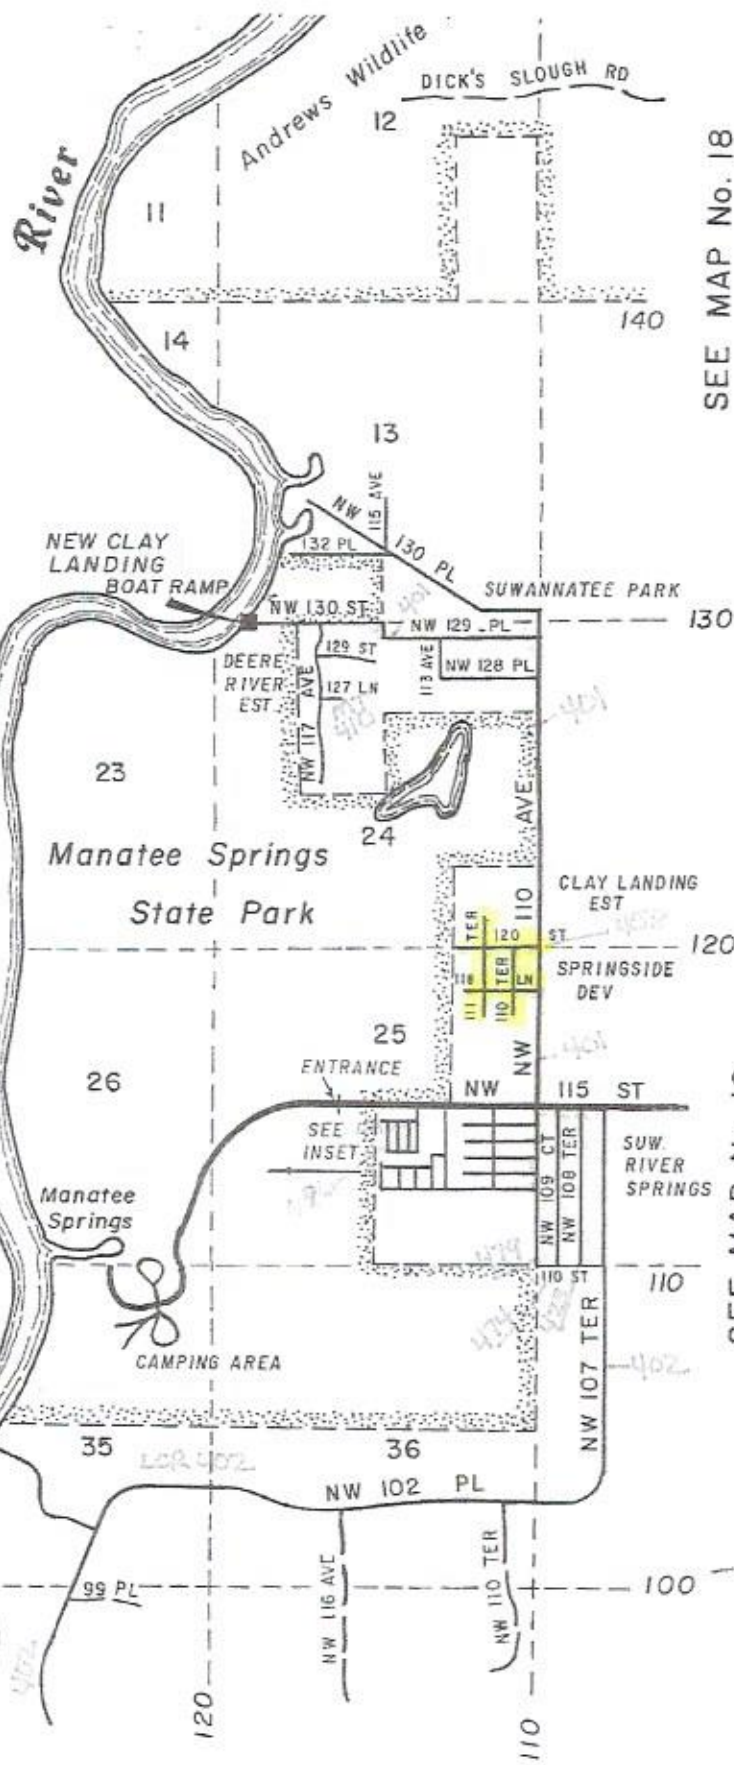

I have a few more roads that need a study to be conducted and then to all take them before the Board of Commissioners for vote to place on the paving list. I don't have an exact date for you at this time of when I will be bringing the roads to the commission. If you would like me to contact you so you can be at the meeting when I bring this before them for vote, please call and leave your contact information and I will be happy to do so.

I will warn you that our paving list is very extensive. We have 50 roads on it at this time and if your roads are added, would rather not give a time frame of when they will be paved. It will be too far down list to predict. My contact information is above, please contact me and we can discuss any questions or concerns you may have.

Respectfully
