

We're here for you.

Over the past three years, the average out-of-pocket cost with Air Methods was \$115.71.

Patient Advocacy

Our Patient Advocacy program works with all patients, regardless of insurance (**even those without insurance**), to make sure that out-of-pocket costs are affordable for them.

No Surprises Act Federal Law

In January 2022, the No Surprises Act federal law went into effect to protect patients from large surprise balance air medical bills. If you have health insurance you're covered. You will only be responsible for your copay, coinsurance, and/or deductible, if any. No surprise bills, and no membership needed with us.

In-Network Coverage

We have in-network agreements with major national and state of Florida insurance providers.

For all our in-network partners in Florida and around the country, scan the code

Patients First

- **Award-winning excellence:** Air Methods is the only air medical company accredited by the American Nurses Credentialing Center (ANCC).
- **CAMTS-accredited excellence:** Air Methods undergoes voluntary audits every 3 years, earning CAMTS accreditation — a prestigious recognition of our commitment to safety, quality, and compliance in critical care transport.
- **Unmatched training commitment:** Air Methods clinicians complete over 475,000 training hours annually.

Safety Always

- **Industry leader in safety:** As the most experienced air medical operator, Air Methods has invested over \$120 million to advance safety programs and cutting-edge technologies across the air medical community.
- **Unmatched commitment to safety:** Air Methods leads the industry in dedicating time, resources, and innovation to enhance safety protocols and ensure safer transport for patients and crews.
- **Shared responsibility:** Every team member is accountable for safety — before, during, and after every flight.
