Dear Sir or Madam:

Re: Quasi-Judicial Petition No SE 24-01

I received the “Notice of Public Hearing/Petition of Special Exception” for Parcel Nos. 0322100200.

I own a parcel of land very close to the parcel where the “mining operation” is supposed to take place if the petition for the special exception is granted. My Parcel No. is 03223-018-00.

I strongly oppose the Board of County Commissioners granting the Petition for the Special Exception in said parcel(s) of land because not only my parcel of land will lose considerable monetary value, but also the negative impact on the environment will permanently affect the lives of anybody who lives or plans to live in the surrounding area.

I respectfully urge the Honorable Members of the County Commission of Levy County to deny such a petition for a special exception.

Sincerely,

Santiago A. Restrepo

Santiago Restrepo-Domínguez
