Mr. Postel,

The Sparta Groundwater Commission continues to work for the north Louisiana parishes with the primary goal of the preservation of the Sparta Aquifer for generations to come. The consistent support that Lincoln Parish has provided has aided our efforts in regional education programs, community and leadership outreach, and continued quest for current and future planning data.

The Sparta Commission's persistent efforts to fund an updated groundwater study and the development of a water budgeting database has proved successful. Thanks to the support of our region, including the Lincoln Parish Police Jury, we have been selected as a recipient of the Economic Development Administrations 2019 Disaster Relief funds. These grant funds, coupled with the continued support of Lincoln Parish and other regional stakeholders, will lead to more data and future planning tools for our region.

Lincoln Parish has proved to be an advocate for the preservation of the Sparta Aquifer for many years. The 2021 contribution of \$2,500 has been greatly appreciated. As you are preparing your 2022 budget the Sparta Groundwater Conservation District Commission respectfully asks for your continued active support and consideration of a financial contribution equal to or greater than previous years. If there is any further documentation or information desired feel free to contact me at your convenience!

The Sparta Groundwater Commission will continue to work for the citizens of our region to ensure that the Sparta Aquifer remains a viable water resources for generations to come!

Sincerely,

**Lindsay Gouedy**
