

Dear Mr. Hall:

My name is Stephanie Smith, and I want to join the Lincoln Parish Library Board. I've lived and worked in Ruston for over 25 years. The Lincoln Parish Library is a crucial part of our community, offering essential services for all age groups. I'm invested in keeping the library accessible to our entire parish.

As an avid reader, I've supported the library as a member of the Readers Club, participating in reading events and community outreaches. I love introducing the library and its many services to new patrons. From events to reading material to technology, our library is vital to Lincoln Parish.

I am well known by most of the librarians, including Director Jeremy Bolom. I appreciate their hard work in keeping our library accessible and appealing, and I would love to support their work as a board member. I'm committed to a five year term, and I hope to hear from you soon.

Sincerely,
Stephanie Smith
