Courtney,

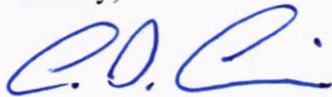

Please place my name in consideration and nomination for board membership of the Mt. Olive Water Works District for a term beginning January 1, 2025.

If so selected, and as a customer of the system, I hope to help facilitate with the other board members the continued financial security, water quality and communications with fellow customers of Mt. Olive's water system.

My resume is attached. I look forward to hopefully meeting with you and the police jury to discuss the needs of the water district going forward.

Thank you for your time and consideration.

Sincerely,
