

Climate Action Committee

Work Plan for 2025 DRAFT for discussion

During 2025, the Climate Action Committee will:

- Engage with the City's consultant to guide and support the successful preparation of the Climate Action element of LFP's Comprehensive Plan, including:
 - Supporting consultant outreach and engagement efforts such as the community survey, open house, group interviews, and public comments
- Plan and support community outreach events in support of LFP's Climate Action Plan, potentially including:
 - Spring 2025: Supporting the Climate Hub community artwork event
 - April 2025: Earth Day event, perhaps in collaboration with LFP Tree Board Arbor Day event
 - Summer 2025: LFP Framer's Market event
 - Fall 2025: To be determined
- Develop a plan to work collaboratively with cities in the north end
- Identify potential additions and amendments to legislation and City operations in support of LFP's Climate Action Plan
- Identify potential funding sources to achieve the Climate Action Plan goals
- Review City Code to identify sections where Climate Action Plan goals are or could be incorporated
- Interact with City commissions, committees, boards, and task forces in support of LFP's Climate Action Plan
- Advocate for the staffing of the climate manager position
