#### Executive Summary

This Interlocal Agreement (ILA) with the City of Shoreline provides Lake Forest Park residents access to Shoreline Parks & Recreation programs. Through a special early registration day, LFP residents access the registrations as if they were Shoreline residents and do not pay an extra-territorial rate. In the updated ILA, the special registration day continues, and LFP residents will get an 8% discount regardless of when they register. This agreement will last three years then be reevaluated once City of Shoreline is further along on the future aquatic center.

#### Background

The City of Lake Forest Park has had a recreation services contract with the City of Shoreline since 2006 to provide Lake Forest Park residents with discounted rates to Shoreline's recreation services and

facilities. In exchange, a single day early sign-up for each recreation season was offered, at the Shoreline resident rate. Sign-ups outside that day were at the standard out-of-city rate, which trends at 10-15% above the in-city rate. Also, LFP promised to use its electronic and print systems to promote the availability of Shoreline Recreation programs.

### **Fiscal & Policy Implications**

This is in the City's current budget.

### **Staff Recommendation**
