## Staff Report Department of Public Utilities

**To:** Honorable Mayor Baliles and Members of the City Council

**Through:** Danny Roberts, City Manager

**From:** Brandon Phillips, Director of Utilities

**Date:** December 8, 2022

**Subject:** Approval of 2023 LMIG/Water Quality Control Paving

### **RECOMMENDATION:**

Staff recommends the City Council approve the authorization of 2023 LMIG funds, the city's 30% match, roads, and the additional documentation listed below.

- LMIG Application
- Resolution
- Cover Letter
- Project Report
- Paving sections of Lee Byrd and Old Zion Cemetery Road

### **FISCAL IMPLICATION:**

The city has been approved to receive \$139,734.35 from the 2023 LMIG. The city must provide a 30% match from general fund of \$41,920.31 which would total \$181,654.66 for the Streets and Highways Department to use to perform reconditioning or repaving of streets.

The Utilities Department is requesting an additional \$118,345.34 be used from the general fund to assist with funding the 2023 LMIG Lee Byrd and Old Zion Cemetery Road paving project. These funds will allow the city to extend the length of the project on these streets. We have provided an alternate on Lee Byrd Road if the city has remaining funds to complete that project. These are budgeted funds for paving.

The Utilities Department is also seeking approval to use \$50,000.00 out of the enterprise fund to pave a section of road at the wastewater treatment facility. These are budgeted funds for infrastructure repair and paving.

### **BACKGROUND:**

Each year the city is awarded this grant to perform maintenance on deteriorating roads. The Street Saver software is used to determine which streets require rehabilitation to improve road conditions.
