PROPOSAL NUMBER

QTE-001861563

We propose to furnish the necessary material and labor on the following units:

Unit	Customer Designation
453646	ONLY ELV

SCOPE OF WORK

DOOR LOCK MONITORING

This proposal includes the labor and material necessary to complete modifications to comply with the ASME 17.3 2020 Door Lock Monitoring Code.

What is Door Lock Monitoring?

Door lock monitoring modifications will prevent elevators from leaving the floor with their doors open due to accidentally or intentionally bypassed door circuits.

As a reference, the modification as adapted in section ASME 17.3 2020 (American Society of Mechanic Engineers) is provided below:

ASME 17.3 2020 All "automatic passenger and freight elevators must provide a system to monitor and prevent automatic operation with faulty door contact circuits."

Means shall be provided to monitor the position of power-operated car doors that are mechanically coupled with the landing doors or power-operated car doors with manually operated swing-type hall doors, while the car is in the landing zone, in order

- a) to prevent the operation of the car if the car door is not closed (see Section 3.4.2(c) of ASME 17.3 2020), regardless whether the portion of the circuits incorporating the car-door contact or the interlock contact of the landing door coupled with car door, or both, are closed or open, except as permitted under any of the following conditions:
 - 1) by a car-leveling or truck-leveling device
 - 2) when a hoistway access switch is operated
 - 3) when the top-of-car inspection operation utilizing a car door by-pass or hoistway-door bypass switch is activated
 - 4) when on any mode of inspection operation; and

b) to prevent, except as permitted by inspection operation, the power closing of the doors if the car door is fully open and any of the following conditions exist:

- 1) the car-door contact is closed or the portion of the circuit, incorporating this contact is bypassed;
- 2) the interlock contact of the landing door that is coupled to the opened car door is closed or the portion of the circuit, incorporating this contact is bypassed, except when operating during Firefighters' Service Phase II;

Exception: For swing-type door operation, the locking (secondary) contacts shall be monitored.

- 3) the car-door contact and the interlock contact of the door that is coupled to the opened car door are closed, or the portions of the circuits incorporating these contacts are bypassed;

Exception: For swing-type door operation, the locking (secondary) contacts shall be monitored.

Design and/or controller modifications shall be approved by the controller manufacturer or a registered design professional. **The work required to comply with this section may not be performed without a permit from the department. In addition we will need to test the device in the presence of your third party witness. Coordination with your third party witness and Otis will be the responsibility of either yourself or your third party.**

Scope of Work

Otis Equipment - dependent upon age of equipment:

- Install and wire associated relays
- Mount and wire necessary modules
- Remove & relocate jumpers, if necessary
- Upgrade OCSS software with parameters to activate the DLM features
- Program installation parameters in MCSS software and OCSS software
- Test the system for proper operation

MCE/GAL Equipment: Upgrade software with parameters build in to activate the DLM features.

- Program installation parameters for proper Phase II fire service recall.
- Test the system for proper operation
- Test the installed feature with DOB

Electrodyn Installation:

- Mount Electrodyn control system in close proximity of the elevator controller
- Pipe/wire from Electrodyn unit to the elevator's controller
- Wire Electrodyn unit to the car top via traveling cable
- Install series of relays for hoistway/car door operations
- Mount targets in the hoistway if the Electrodyn controller cannot locate the cars door zone
- Individually check operation of Electrodyn and elevators' control systems
- Test the entire system together for proper operation
- Test the installed system with DOB

Clarifications

- This proposal is a standard fixed price based upon the type of equipment and number of units on site.
- This proposal does not include any additional work beyond the scope of work described above.
- Pricing is based on single opening elevators unless otherwise noted.

- Pricing is specific to modification for door lock monitoring. Any additional software upgrades necessary for full elevator functionality may incur additional costs. You will be notified if additional material is needed.
- Material lead time is currently 8-10 weeks, with installation subject to labor availability. Part acquisition may be longer based on supply chain issues.
- Material costs are subject to change due to changes in vendor specifications that are beyond Otis' control. Notification of any vendor material change will be provided.
- Pricing is inclusive of straight-time labor, material costs and DOB permitting fees.
- If elected, any work performed outside of normal business hours will incur overtime labor charges.
- Pricing is subject to change or withdrawal by Otis' prior to acceptance by you.
- Should you choose to modernize your equipment, Door Lock Monitoring will be included as part of the modernization pricing.
- Door Lock Monitoring is NOT a Capital Expense; invoice(s) will include all applicable sales tax.

Material provided shall be installed in accordance with the ASME A17.1 Safety Code for Elevators and Escalators.

The customer will be responsible for paying local inspection fees if applicable.

A representative will contact you to schedule the work. All work will be performed during regular working days and hours of the Elevator Trade unless otherwise specified above.

PRICE

\$15,913.80

Fifteen thousand nine hundred thirteen and 80/100 dollars

This price is based on a **one hundred percent (100%) downpayment** in the amount of \$15,913.80.

PAYMENT TERMS:

- The base proposal price is contingent upon receiving a downpayment of one hundred percent (100%) of the base contract amount.
- The downpayment amount is due in full prior to Otis ordering material and/or mobilizing.
- If you choose the alternative downpayment amount listed below, the corresponding adjustment shall be applied to the base contract amount.

Downpayment Percent	Price Adjustment Percentage	Authorization (Initial)
25%	+ 10%	
75%	+ 5%	

In the event 100% of the contract price is not paid up front, we must be paid the remaining balance no later than the completion of work. Final invoice will be submitted once work is scheduled.

This proposal, including the provisions printed on the pages following, shall be a binding contract between you, or the party identified below for whom you are authorized to contract (collectively referred to herein as "you"), and us when accepted by you through execution of this proposal by you and approved by our authorized representative; or by your authorizing us to perform work for the project and our commencing such work.

OTIS SERVICE AND REPAIR ORDER

TERMS AND CONDITIONS

1. This quotation is subject to change or withdrawal by us prior to acceptance by you.
2. The work shall be performed for the agreed price plus any applicable sales, excise or similar taxes as required by law. In addition to the agreed price, you shall pay to us any future applicable tax imposed on us, our suppliers or you in connection with the performance of the work described.
3. Payments shall be made as follows: A down payment of One Hundred percent (100.0%) of the price shall be paid by you upon your signing of this document. Full payment shall be made on completion if the work is completed within a thirty days period. If the work is not completed within a thirty day period, monthly progress payments shall be made based on the value of any equipment ready or delivered. We reserve the right to discontinue our work at any time until payments shall have been made as agreed and we have assurance satisfactory to us that subsequent payments will be made when due. Payments not received within thirty (30) days of the date of invoice shall be subject to interest accrued at the rate of eighteen percent (18%) per annum or at the maximum rate allowed by applicable law, whichever is less. We shall also be entitled to reimbursement from you of the expenses, including attorney's fees, incurred in collecting any overdue payments.
4. Our performance is conditioned upon your securing any required governmental approvals for the installation of any equipment provided hereunder and your providing our workmen with a safe place in which to work. Additionally, you agree to notify us if you are aware or become aware prior to the completion of the work of the existence of asbestos or other hazardous material in any elevator hoistway, machine room, hallway or other place in the building where Otis personnel are or may be required to perform their work. In the event it should become necessary to abate, encapsulate or remove asbestos or other hazardous materials from the building, you agree to be responsible for such abatement, encapsulation or removal, and in such event Otis shall be entitled to delay its work until it is determined to our satisfaction that no hazard exists and compensation for delays encountered if such delay is more than sixty (60) days. In any event, we reserve the right to discontinue our work in the building whenever in our opinion this provision is being violated.
5. Unless otherwise agreed in writing, it is understood that the work shall be performed during our regular working hours of our regular working days. If overtime work is mutually agreed upon and performed, an additional charge therefore, at our usual rates for such work, shall be added to the contract price. The performance of our work hereunder is conditioned on your performing the preparatory work and supplying the necessary data specified on the front of this proposal or in the attached specification, if any. Should we be required to make an unscheduled return to your site to begin or complete the work due to your request, acts or omissions, then such return visits shall be subject to additional charges at our then current labor rates.
6. Title to any material to be furnished hereunder shall pass to you when final payment for such material is received. In addition, we shall retain a security interest in all material furnished hereunder and not paid for in full. You agree that a copy of this Agreement may be used as a financing statement for the purpose of placing upon public record our interest in any material furnished hereunder, and you agree to execute a UCC -1 form or any other document reasonably requested by us for that purpose.
7. Except insofar as your equipment may be covered by an Otis maintenance or service contract, it is agreed that we will make no examination of your equipment other than that necessary to do the work described in this contract and assume no responsibility for any part of your equipment except that upon which work has been done under this contract.
8. Otis shall not be liable for any loss, damage or delay due to any cause beyond our reasonable control including, but not limited to, acts of government, strikes, lockouts, other labor disputes, fire, explosion, theft, floods, water damage, weather damage, extreme weather, traffic conditions, epidemic, pandemic, quarantine (including Covid-19), sabotage, cyber security, national emergency, act of terrorism, earthquake, riot, civil commotion, war or insurrection, vandalism, misuse, abuse, mischief, or acts of God or nature.
9. We warrant that all services furnished will be performed in a workmanlike manner. We also warrant that any equipment provided hereunder shall be free from defects in workmanship and material. Our sole responsibility under this warranty shall be at our option to correct any defective services and to either repair or replace any component of the equipment found to be defective in workmanship or material provided that written notice of such defects shall have been given to us by you within ninety (90) days after completion of the work or such longer period as may be indicated on the front of this form. All defective parts that are removed and replaced by us shall become our property. We do not agree under this warranty to bear the cost of repairs or replacements due to vandalism, abuse, misuse, neglect, normal wear and tear, modifications not performed by us, improper or insufficient maintenance by others, or any causes beyond our control. We shall conduct, at our own expense, the entire defense of any claim, suit or action alleging that, without further combination, the use by you of any equipment provided hereunder directly infringes any patent, but only on the conditions that (a) we receive prompt written notice of such claim, suit or action and full opportunity and authority to assume the sole defense thereof, including settlement and appeals, and all information available to you for such defense; (b) said equipment is made according to a specification or design furnished by us; and (c) the claim, suit or action is brought against you. Provided all of the foregoing conditions have been met, we shall, at our own expense, either settle said claim, suit or action or shall pay all damages excluding consequential damages and costs awarded by the court therein and, if the use or resale of such equipment is finally enjoined, we shall, at our option, (i) procure for you the right to use the equipment, (ii) replace the equipment with equivalent noninfringing equipment, (iii) modify the equipment so it becomes noninfringing but equivalent, or (iv) remove the equipment and refund the purchase price (if any) less a reasonable allowance for use, damage and obsolescence.
 THE EXPRESS WARRANTIES SET FORTH HEREIN ARE THE EXCLUSIVE WARRANTIES GIVEN; WE MAKE NO OTHER WARRANTIES EXPRESS OR IMPLIED, AND SPECIFICALLY MAKE NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PARTICULAR PURPOSE; AND THE EXPRESS WARRANTIES SET FORTH IN THIS ARTICLE ARE IN LIEU OF ANY SUCH WARRANTIES AND ANY OTHER OBLIGATION OR LIABILITY ON OUR PART.
10. Under no circumstances shall either party be liable for special, indirect, liquidated, or consequential damages in contract, tort, including negligence, warranty or otherwise, notwithstanding any indemnity provision to the contrary. Notwithstanding any provision in any contract document to the contrary, our acceptance is conditioned on being allowed additional time for the performance of the Work due to delays beyond our reasonable control. Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from

the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort (including negligence), in warranty or otherwise, shall not exceed the price for the equipment or services rendered.

11. To the fullest extent permitted by law, you agree to defend, indemnify, and hold Otis harmless against any claim or suit for personal injury or property damage alleged to arise out of this contract, except to the extent that such damage or injury has been adjudicated as having been caused by Otis' sole negligence. In the event that Otis is requested to provide hoistway cartop/pit access to you, and/or to third parties acting at your request, direction, or control, and which may be subject to additional charges at Otis' sole discretion, then in addition to the foregoing defense, indemnity and hold harmless obligations, you shall carry and maintain the following insurance throughout the duration of such work in the hoistway/cartop/pit areas, and will furnish to Otis a certificate of insurance evidencing the following: Commercial General Liability insurance, written on an occurrence basis, with limits on a per occurrence basis of at least \$2,000,000 for personal injury or death, and \$2,000,000 for property damage, naming Otis as additional insured. Such insurance shall be issued by an insurer authorized to do business in the state or province where the property is located and the equipment and/or services are to be rendered, shall contain a clause in the policy setting forth the insurer's acceptance of liability as set forth in this agreement, and a clause pursuant to which the insurer waives any right of subrogation as to Otis. This policy shall be written as a primary policy only, and not contributing to or in excess of any insurance carried by Otis. You shall provide Otis with at least thirty (30) days prior written notice of cancellation or material change in the coverage.
12. It is agreed that after completion of our work, you shall be responsible for ensuring that the operation of any equipment being furnished hereunder is periodically inspected. The interval between such inspections shall not be longer than what may be required by the applicable governing safety code.
13. In furtherance of OSHA's directive contained in 29 C.F.R. § 1910.147(f)(2)(i), which requires that a service provider (an "outside employer") and its customer (an "on-site employer") must inform each other of their respective lock out/tag out ("LOTO") procedures whenever outside servicing personnel are to be engaged in control of hazardous energy activities on the customer's site, Otis incorporates by reference its mechanical LOTO procedures and its electrical LOTO procedures. These procedures can be obtained at www.otis.com by clicking on "Tools & Resources" on the home page, selecting "Lockout Tagout Policy" under the "Safety Information" column and downloading the "Lockout Tagout Policy Otis 6.0" and "Mechanical Energy Policy Otis 7.0," or the then most current version, both of which are in .pdf format. You agree that you will disseminate these procedures throughout your organization to the appropriate personnel who may interact with Otis personnel while Otis personnel are working on site at your facility and will ensure that such personnel comply with these LOTO procedures while Otis personnel are working on site.
14. This Agreement constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Agreement shall not be binding upon either party unless agreed to in writing by an authorized representative of each party.
15. This Contract will be deemed voidable, even after execution, if it is determined by Otis that performance of the services and/or engagement in the contractual relationship/transaction will violate, or is otherwise restricted by, any and all laws, regulations and/or orders, including sanctions laws, that are applicable to Otis or otherwise apply to Otis' operations.
16. By accepting delivery of parts incorporating software, you agree that the transaction is not a sale of such software but merely a license to use such software solely for operating the unit(s) for which the part was provided, not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms prior to any such transfer.

Notwithstanding any provision in any contract document to the contrary, our acceptance is conditioned on being allowed additional time for the performance of the Work due to delays beyond our reasonable control. Your remedies set forth herein are exclusive and our liability with respect to any contract, or anything done in connection therewith such as performance or breach thereof, or from

the manufacture, sale, delivery, installation, repair or use of any equipment furnished under this contract, whether in contract, in tort (including negligence), in warranty or otherwise, shall not exceed the price for the equipment or services rendered.

11. To the fullest extent permitted by law, you agree to defend, indemnify, and hold Otis harmless against any claim or suit for personal injury or property damage alleged to arise out of this contract, except to the extent that such damage or injury has been adjudicated as having been caused by Otis' sole negligence. In the event that Otis is requested to provide hoistway cartop/pit access to you, and/or to third parties acting at your request, direction, or control, and which may be subject to additional charges at Otis' sole discretion, then in addition to the foregoing defense, indemnity and hold harmless obligations, you shall carry and maintain the following insurance throughout the duration of such work in the hoistway/cartop/pit areas, and will furnish to Otis a certificate of insurance evidencing the following: Commercial General Liability insurance, written on an occurrence basis, with limits on a per occurrence basis of at least \$2,000,000 for personal injury or death, and \$2,000,000 for property damage, naming Otis as additional insured. Such insurance shall be issued by an insurer authorized to do business in the state or province where the property is located and the equipment and/or services are to be rendered, shall contain a clause in the policy setting forth the insurer's acceptance of liability as set forth in this agreement, and a clause pursuant to which the insurer waives any right of subrogation as to Otis. These procedures can be obtained at www.otis.com by clicking on "Tools & Resources" on the home page, selecting "Lockout Tagout Policy" under the "Safety Information" column and downloading the "Lockout Tagout Policy Otis 6.0" and "Mechanical Energy Policy Otis 7.0," or the then most current version, both of which are in .pdf format. You agree that you will disseminate these procedures throughout your organization to the appropriate personnel who may interact with Otis personnel while Otis personnel are working on site at your facility and will ensure that such personnel comply with these LOTO procedures while Otis personnel are working on site.
14. This Agreement constitutes the entire understanding between the parties regarding the subject matter hereof and may not be modified by any terms on your order form or any other document and supersedes any prior written or oral communication relating to the same subject. Any amendment or modifications to this Agreement shall not be binding upon either party unless agreed to in writing by an authorized representative of each party.
15. This Contract will be deemed voidable, even after execution, if it is determined by Otis that performance of the services and/or engagement in the contractual relationship/transaction will violate, or is otherwise restricted by, any and all laws, regulations and/or orders, including sanctions laws, that are applicable to Otis or otherwise apply to Otis' operations.
16. By accepting delivery of parts incorporating software, you agree that the transaction is not a sale of such software but merely a license to use such software solely for operating the unit(s) for which the part was provided, not to copy or let others copy such software for any purpose whatsoever, to keep such software in confidence as a trade secret, and not to transfer possession of such part to others except as a part of a transfer of ownership of the equipment in which such part is installed, provided that you inform us in writing about such ownership transfer and the transferee agrees in writing to abide by the above license terms prior to any such transfer.
