**LETTER OF INTENT FOR REZONE APPLICATION OF
RED LION ACQUISITIONS AND MANAGEMENT**

Tim Prater submits this Letter of Intent and the attached rezone application (the "Application") on behalf of Red Lion Acquisitions and Management (the "Property Owner") and Juan Ramon (the "Applicant"), relative to a proposed contractors office on approximately 3 +or- acres of land (the "Property") located at 520 Brand Road. The property is currently zoned R-100. The Applicant requests that the City rezone the Property to the (LI) Light Industrial classification.

The Property's location on Brand Rd would provide easy access for employees to the Highway 78 corridor as well as Highway 20 to the north. The Applicant is proposing to remodel the current structure on the Property for use as a contractors office. The structure will aesthetically appear as a residential dwelling with the exception of closing in the garage to be converted into office space and adding parking as per city code. The contractor's office will be staffed by 4 employees with the remainder of employees having periodic visits to the office. The Applicant will require minimal outdoor storage which will be enclosed with a minimum 6 (six) foot high opaque fence as per code requirements.

The proposed office is compatible with the surrounding uses and development on Brand Rd., which contains a mix of commercial and light industrial uses. The property is surrounded by property zoned Commercial Highway and Light Industrial within the City of Loganville. Abutting property to the east and rear of the Applicants property is zoned Light Industrial as well as abutting property to the north. Abutting 2 (two) properties to the south are zoned Commercial Highway. The abutting property to the west is zoned R-100, however this is a church and not a single family dwelling.

Although the Property is not designated on the Future Land Use Map, as it is currently part of the County, the three sides surrounding the property that are within the City are zoned CH and LI on the Future Land Use Map. The proposed contractor's office is in line with that growth. The Comprehensive Plan specifically encourages office, retail, and industrial uses in areas designated as CH and LI on the Future Land Use Map. Due to the lack of a designation on the Future Land Use Map for the Property and the dominance of the CH and LI designation surrounding the Property, the applicant submits that the proposed contractors office is in line with the spirit and intent of the Comprehensive Plan and the Future Land Use Map.

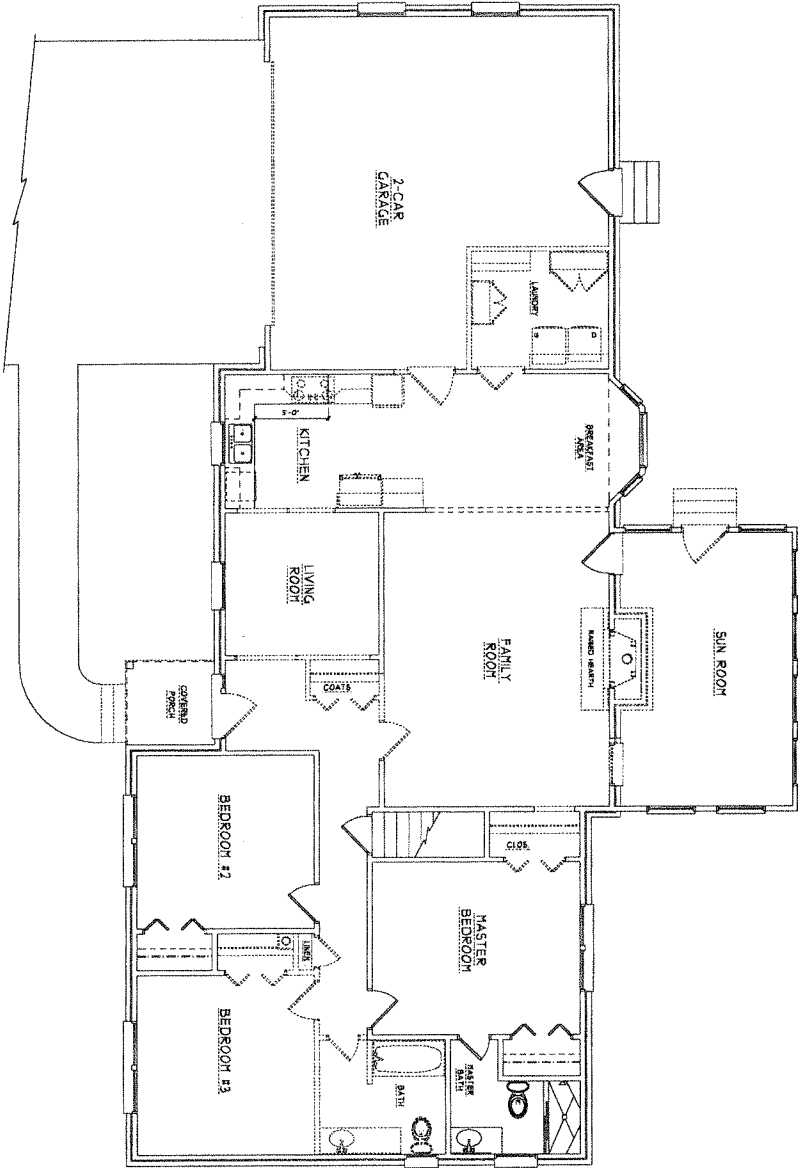

The proposed contractor's office is compatible with existing land use and zoning classifications of the surrounding area, is in line with the spirit and intent of the Comprehensive Plan, and is an appropriate land use due to the Property's close proximity to a major transportation corridor. The Applicant and myself welcome the opportunity to meet with staff of the City of Loganville Department of Planning and Development to answer any questions or to address any concerns related to the matters set forth in this letter or in the Application filed herewith. The Applicant respectfully requests your approval of the Application.

Respectfully submitted the _____ day of September, 2024

TIM PRATER

A handwritten signature in black ink, appearing to read 'Tim Prater', with a long horizontal flourish extending to the right.

APPLICANT'S RESPONSES TO EVALUATION CRITERIA

In the space provided or in a separate attachment, provide responses to the following questions:

1. How does the proposed use impact the overall appearance of the City and aesthetic conditions of adjacent parcels?
It will Benefit the Appearance, because we will do a full Rehab and improve the property.
2. How does the proposed use impact thoroughfare congestion and traffic safety? DOES NOT IMPACT TRAFFIC AT ALL. ON 4 to 5 office persons at a time will be in the building.
3. How does the proposed use impact population density and the potential for overcrowding and urban sprawl?
NONE.
4. How does the proposed use impact the provision of water, sewerage, transportation and other urban infrastructure services;
NONE.
5. How does the proposed zoning provide protection of property against blight and depreciation?
Property will be improve Interior & Exterior.
It will add value.
6. How is the proposed use and zoning consistent with the adopted Comprehensive Plan?
7. In what way does the proposed zoning affect adjacent property owners if the request is approved?
No way at all. Property to the right & left are already light industrial.
8. What is the impact upon adjacent property owners if the request zoning is not approved?
9. Describe any other factors affecting the health, safety, morals, aesthetics, convenience, order, prosperity, or the general welfare of the present and future inhabitants of the City of Loganville.
NONE.
