APPLICANT'S RESPONSES TO EVALUATION CRITERIA

In the space provided or in a separate attachment, provide responses to the following questions:

1. How does the proposed use impact the overall appearance of the City and aesthetic conditions of adjacent parcels? Only the two commercial tracts will be seen from Atlanta Highway. These tracts will mimic the existing Atlanta Highway commercial properties with restaurants.
2. How does the proposed use impact thoroughfare congestion and traffic safety? We plan on using right-in/right-out at the main entrance. Our side entrance uses the existing red light, which should be minor impact to traffic flow.
3. How does the proposed use impact population density and the potential for overcrowding and urban sprawl? We are only adding 125 new homes mainly catering towards starter families or downsizing families.
4. How does the proposed use impact the provision of water, sewerage, transportation and other urban infrastructure services; We are upgrading the city's pump station. We have been quoted around \$360,000 to upgrade the sewer pump station. Once upgraded, our project will be using only 50% of the designed capacity.
5. How does the proposed zoning provide protection of property against blight and depreciation? New homes or homes in general typically have a trend in upward value.
6. How is the proposed use and zoning consistent with the adopted Comprehensive Plan? We are asking for a downzoning from CH to RM6.
7. In what way does the proposed zoning affect adjacent property owners if the request is approved? The project should have little to no effect on neighbors. Landscaping buffers will provide screening from adjacent neighbors.
8. What is the impact upon adjacent property owners if the request zoning is not approved? CH zoning will stay in place, which would allow for a recycling center to be approved causing neighbors to consistently hear the shredding of cans, glass, and plastics.
9. Describe any other factors affecting the health, safety, morals, aesthetics, convenience, order, prosperity, or the general welfare of the present and future inhabitants of the City of Loganville. The new housing will allow for new families to move to the City of Loganville and thrive.

Letter of intent for 4615 Atlanta HWY

Kittle Homes is requesting a down rezoning from CH to RM-6 for the property located at 4615 Atlanta HWY in Loganville. The parcels involved are LG110187, LG110187A00, LG110185C00, and LG110185B00. The plan is to leave the front as CH commercial for two commercial tracts for restaurants. The remaining back of the property will be rezoned RM-6 for single family attached townhomes. All the homes will be back entry with private drives. The homes will feature front porches or stoops depending on elevation. The homes will have 3 bedrooms and 2.5 baths, two-car garage, and over 1,600 heated square feet. A small park in the center of the project will welcome neighbors to connect. There will be a dog park for owners with pets on the outskirts of the project. Kittle Homes is excited to bring their award-winning style homes to the Loganville Area.

GENERAL/SITE NOTES:

- 1) OWNER OF RECORD: CAMP FAMILY PARTNERSHIP, LLLP
2) THIS SURVEY WAS MADE WITHOUT THE BENEFIT OF CURRENT TITLE COMMITMENT, EASEMENTS AND ENCUMBRANCES...
