APPLICANT'S RESPONSES TO EVALUATION CRITERIA

In the space provided or in a separate attachment, provide responses to the following questions:

1. How does the proposed use impact the overall appearance of the City and aesthetic conditions of adjacent parcels?
There would be no change. The property is already operating as an office and the rear of the property is surrounded by a six foot high, 100% opaque fence.

2. How does the proposed use impact thoroughfare congestion and traffic safety?
There is no change in use, so there would be no additional congestion or traffic safety concern.

3. How does the proposed use impact population density and the potential for overcrowding and urban sprawl?
The use is an existing commercial office that will not contribute to overcrowding or urban sprawl.

4. How does the proposed use impact the provision of water, sewerage, transportation and other urban infrastructure services;
The use is a continuing operation. There is no new impact to the infrastructure.

5. How does the proposed zoning provide protection of property against blight and depreciation?
As this is an existing use, the Owner has already demonstrated her dedication to keeping the property free of blight. The existing fence further serves as a screen from outside view into the storage area.

6. How is the proposed use and zoning consistent with the adopted Comprehensive Plan?
All of the surrounding properties in the City of Loganville are classified as "Commercial" under the Comprehensive Plan.

7. In what way does the proposed zoning affect adjacent property owners if the request is approved?
The only change if the request is approved is that the Applicant will be allowed to store her equipment in the already fenced-in area that meets the CH zoning standards. There is a six foot 100% opaque fence already installed around the area that would be used for storage.

8. What is the impact upon adjacent property owners if the request zoning is not approved?
None

9. Describe any other factors affecting the health, safety, morals, aesthetics, convenience, order, prosperity, or the general welfare of the present and future inhabitants of the City of Loganville.

The business is already operating under Gwinnett County zoning guidelines. As this property is located at the gateway to the Loganville, granting the application will allow the City greater control over the appearance and use of the property.

**RE: LETTER OF INTENT IN SUPPORT OF APPLICATION FOR
ANNEXATION AND REZONING FOR 315 SKYLAND DRIVE AND
ADJACENT PARCEL, LOGANVILLE.**

Dear Mr. Prater:

Powell & Edwards, P.C. submits this Letter of Intent on behalf of Dina Vasquez (the "Applicant") to request Annexation of her properties into the City of Loganville and a Rezoning to the CH zoning designation. The Applicant currently operates an office located at 315 Skyland Drive, Loganville, and also owns an adjacent, unaddressed, undeveloped parcel which are both located in unincorporated Gwinnett County but immediately adjacent to commercial property which is located within the City Limits of Loganville. Specifically, the property located at 315 Skyland Drive is .46 acres and has Gwinnett County Tax ID Number R5159 014 and the adjacent property consists of .49 acres and is identified by Tax ID Number R5159 013.

The Applicant is desirous of annexation for several reasons. As noted above, the property holds an existing commercial business. The adjacent vacant parcel is fronted by US 78. These properties clearly fit with the character of the existing uses of the nearby City of Loganville zoned parcels which are zoned commercial. Further, the City of Loganville Comprehensive Plan characterizes the surrounding area as commercial. The remaining nearby Gwinnett County parcels are residential in character and inconsistent with the development trend of the adjoining area. The Applicant's property is adjacent to a large CH zoned property, so Annexation would be allowable. The rear of the Applicant's property is enclosed by a six-foot high, one hundred percent (100%) opaque privacy fence. Additionally, the CH designation would allow the Applicant to place materials used in her business behind the screening of the already existing fence. This would allow her business to operate more efficiently as well as to reduce wasteful trips to an off-site storage area to pick-up equipment, which is a benefit to anyone who travels along Highway 78.

Page 2

As all storage would be hidden from view, there would be no change in the appearance or the operation of the business upon the property. Additionally, the City of Loganville would have the opportunity to Condition the properties in a manner consistent with the City's vision for the gateway area into the City.

The Applicant and its representatives welcome the opportunity to meet with you and your staff and to answer any questions or to address any concern relating to the matters set forth in this Letter of Intent or in its Application for Annexation and Rezoning filed herewith. The Applicant respectfully requests your approval of these Applications.

Respectfully submitted,

POWELL & EDWARDS, P.C.

W. Charles "Chuck" Ross
