Motion to adopt Resolution No. 2024-63 approving the issuance of Residential and Commercial Refuse Hauler Licenses effective January 1, 2025 through December 31, 2025.

### **Overview / Background**

The City's residential and commercial refuse haulers must renew their licenses to conduct refuse hauling and residential organics collection activities on an annual basis. The intent of licensing is to provide for the collection and disposal of commercial and residential garbage in a timely, orderly and economical fashion; and in compliance with State Statute and policies of the City, County and State. Each refuse hauler is required to provide proof of insurance, indemnify the City from any liability, post a performance bond in the amount of \$10,000, and pay a \$200 fee for each residential and commercial license obtained.

Staff recommends approval/renewal of the following Refuse Hauler Licenses contingent upon receipt of the documents and fees listed above.
