Subject: Los Altos History Museum Contract

Purpose

Direct the City Manager to sign a new contract with the Los Altos History Museum in the initial amount of \$120,000 annually for five years.

Background

In 1989, the Los Altos City Council approved conceptual plans presented for the construction of a museum on City property for the purpose of preserving and displaying local historical artifacts and to provide an historical and educational facility for the community.

After design approval, a fund-raising campaign was started that ultimately led to the construction and opening of the museum in March 2001 on the Civic Center property. As part of the initial agreement, the museum building was gifted to the City and the City retains control of all areas of the museum building and land while the Association of the Los Altos Historical Museum manages and facilitates the programs and operations of the Los Altos History Museum.

Per the agreement from 2005, the City shall “maintain and repair the museum. This shall include the structure, roof, doors, security systems, lighting, irrigation, plumbing, pest control, painting, elevator and heating and ventilating systems; the City shall provide utilities including gas, electricity, water, telephone, data service, sewer and garbage collection.” In addition to maintaining and repairing the museum, the City shall “provide to the Museum a fixed annual contribution of sixty-five thousand dollars (\$65,000) for general support.”

The History Museum has taken on responsibilities outside of the contract, including landscaping, certain mechanical and maintenance tasks, and a cleaning contract.

Additionally, the Los Altos History Museum is responsible for managing the museum, the collection, and all associated exhibits. The Museum shall “purchase and maintain at its own expense a two million dollar (\$2,000,000) liability insurance policy, naming City and its officers, agents, and employees as additional insureds.”

These additional responsibilities and costs are necessary for the maintenance and care of the History Museum, but are not considered in the original contract. They are costs associated with the ownership of the Museum and are not covered under the \$65,000 contract.

The Los Altos History Museum requested additional funding through the City of Los Altos Non-Profit and Civic Organization Contribution application process in the amount of \$55,000 totaling \$120,000. City Council directed staff to work with the Los Altos History Museum to better articulate their request and return to the City Council for a review of their request while incorporating that \$120,000 in the budget moving forward.

Discussion/Analysis

City staff met with Elisabeth Ward and Larry Lang from the Los Altos History Museum to discuss their request for additional funding.

After meeting with them, City staff proposes that the City take full responsibility for all costs associated with owning and maintaining the structure of the building without having to directly manage those items. The Museum is the City's building and City staff would be responsible for all associated cost with operations and maintenance if not for the Museum.

The Los Altos History Museum currently manages the gardening services and maintenance repairs with the use of staff and volunteers and contracts for cleaning services. These costs would be required of City staff if not for the Museum, so City staff proposes that these be incorporated into the contract moving forward because they are provided at a lower rate than the City could provide with staff time.

Moving forward, City staff and the Los Altos History Museum representatives propose the following structure that covers the expenses of operations while still providing the fixed contribution for programming purposes:

Expenditure	Amount
Operations	
Cleaning Services (Contract)	\$10,000
Gardening Services (Hours and Plants)	\$20,000
Insurance	\$15,000
Small Maintenance/Mechanical Expenses (Hours and Items)	\$10,000
Programming	
History Museum Programming	\$65,000
Grand Total	\$120,000

The chart illustrates rough estimates based upon the expenditures and will adjust based upon increases for contracts or goods over time.

The proposal is for a five-year contract with a three-year look-in to verify that the contract still works for both parties and an automatic renewal after five years if City Council does not wish to address the contract at that time.
