[Approved by Governor July 31, 2019. Filed with Secretary of
State July 31, 2019.]

LEGISLATIVE COUNSEL'S DIGEST

AB 101, Committee on Budget. Housing development and financing.

(1) Existing law establishes the Community-Based Transitional Housing Program, administered by the Department of Finance (DOF), for the purpose of providing grants to cities, counties, and cities and counties to increase the supply of transitional housing available to persons previously incarcerated for felony and misdemeanor convictions and funded with moneys appropriated for that purpose in the annual Budget Act or other measure. Existing law requires DOF's Office of State Audits and Evaluations to conduct a review of the program, commencing July 1, 2018, to determine its effectiveness in providing services to offenders released from state prison or county jail, and authorizes DOF to use up to \$500,000 of the amount appropriated in any budget act or other measure for the program for this review, as specified. Existing law requires DOF to provide a copy of the audit to the Joint Legislative Budget Committee no later than May 1, 2019.

This bill would instead require the Office of State Audits and Evaluations to conduct an audit of the program, as specified, and would remove the requirement that the Office of State Audits and Evaluations commence the audit on July 1, 2018. The bill would extend the date by which DOF is required to provide a copy of the audit to the Joint Legislative Budget Committee to no later than May 1, 2020.

(2) The Planning and Zoning Law requires a city or county to adopt a general plan for land use development within its boundaries that includes, among other things, a housing element. That law requires the Department

of Housing and Community Development (HCD) to determine whether the housing element is in substantial compliance with specified provisions of that law. That law also requires HCD to notify a city, county, or city and county, and authorizes HCD to notify the office of the Attorney General, that the city, county, or city and county is in violation of state law if the local government has taken action in violation of specified provisions of law.

This bill, in any action or special proceeding brought in connection with a violation of state law identified as described above, would require the Attorney General to request that the court issue an order or judgment directing a violating jurisdiction to bring its housing element into substantial compliance with those specified provisions and would require the court to retain jurisdiction to ensure that its order or judgment is carried out. The bill would require a court to conduct a status conference if a jurisdiction has not complied with the order or judgment within a specified time period. The bill, following the status conference and upon a determination that the jurisdiction failed to comply with the order or judgment, would require the court to, among other things, impose fines, as specified. The bill would require these fines to be deposited in the Building Homes and Jobs Trust Fund, which is partially continuously appropriated. By depositing money into a partially continuously appropriated fund, this bill would make an appropriation. If the jurisdiction has not complied with the order or judgment within specified time periods after the imposition of fines, the bill would require the court to conduct additional status conferences and multiply the amount of the fine and order the appointment of an agent of the court to bring the jurisdiction's housing element into substantial compliance, as provided. The bill, commencing July 1, 2019, would require HCD, prior to bringing any suit for a violation by a jurisdiction of a specified provision of law, to offer the jurisdiction the opportunity for 2 meetings in person or via telephone to discuss the violation and to provide the jurisdiction written findings regarding the violation, as specified.

This bill, for award cycles commenced after July 1, 2021, would require that jurisdictions, defined as a city, county, or city and county in existing law, that have adopted housing elements determined by HCD to be in substantial compliance with specified provisions of the Planning and Zoning Law, as described above, and that have been designated by HCD as prohousing, as specified, be awarded additional points in the scoring of program applications for housing and infrastructure programs pursuant to guidelines adopted by HCD, as provided.

This bill would require DOF to maintain a list of programs for which a jurisdiction is ineligible if it fails to adopt a housing element that is found to be in substantial compliance with specified provisions of the Planning and Zoning Law. The bill would also require HCD to post on its internet website a list of jurisdictions that have failed to adopt a housing element that has been found by HCD to be in substantial compliance with specified provisions of the Planning and Zoning Law. The bill would require HCD to provide that list to the Office of Planning and Research and any other

applicable agency or department, as specified. If a jurisdiction is included on that list, the bill would require HCD to offer the jurisdiction the opportunity for 2 meetings in person or via telephone to discuss the jurisdiction's failure to adopt a housing element that is found to be in substantial compliance with specified provisions of the Planning and Zoning Law and to provide the jurisdiction written findings regarding that failure.

The bill would include findings that changes proposed by these provisions address a matter of statewide concern rather than a municipal affair and, therefore, apply to all cities, including charter cities.

(3) The Planning and Zoning Law requires that supportive housing be a use by right, as defined, in zones where multifamily and mixed uses are permitted, including nonresidential zones permitting multifamily uses, if the proposed housing development meets specified requirements. The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA does not apply to the ministerial approval of projects.

This bill would require that a Low Barrier Navigation Center development be a use by right, as defined, in areas zoned for mixed uses and nonresidential zones permitting multifamily uses if it meets specified requirements. The bill would define "Low Barrier Navigation Center" as a Housing First, low-barrier, service-enriched shelter focused on moving people into permanent housing that provides temporary living facilities while case managers connect individuals experiencing homelessness to income, public benefits, health services, shelter, and housing. The bill would define the term "use by right" in this context to mean that the local government's review of the Low Barrier Navigation Center development may not impose certain requirements, such as a conditional use permit or other discretionary review or approval. The bill would provide that CEQA does not apply to an action taken by a public agency to lease, convey, or encumber land owned by a public entity or to facilitate the lease, conveyance, or encumbrance of land owned by a public agency, or to provide financial assistance to, or otherwise approve, a Low Barrier Navigation Center constructed or allowed by this bill. In addition, the bill, by authorizing Low Barrier Navigation Center developments to be a use by right under certain circumstances, would expand the exemption for the ministerial approval of projects under CEQA.

The bill would prescribe requirements for notifying a developer that its application for a Low Barrier Navigation Center development is complete and for the local jurisdiction to complete its review of the application. The bill would declare that Low Barrier Navigation Center developments are essential tools for alleviating the homelessness crisis in this state and are a matter of statewide concern and thus applicable to charter cities.

The bill would repeal these provisions as of January 1, 2027.

By increasing the duties of local planning officials, this bill would impose a state-mandated local program.

(4) The Planning and Zoning Law, until January 1, 2026, authorizes a development proponent to submit an application for a housing development that is subject to a streamlined, ministerial approval process, as provided, and not subject to a conditional use permit, if the development satisfies specified objective planning standards. Existing law provides, among other objective planning standards, that at least $\frac{2}{3}$ of the square footage of the development be designated for residential use.

Existing law, known as the Density Bonus Law, requires a city or county to provide a developer that proposes a housing development within the jurisdictional boundaries of that city or county with a density bonus and other incentives or concessions for the production of lower income housing units or for the donation of land within the jurisdiction for housing, if the developer agrees to construct a specified percentage of units for very low income, low-income, or moderate-income households or qualifying residents and meets other requirements.

This bill would require that the calculation to determine whether $\frac{2}{3}$ of the square footage of the development is designated for residential use include additional density, floor area, and units, and any other concession, incentive, or waiver, granted pursuant to the Density Bonus Law.

Existing law prohibits a development subject to the streamlined, ministerial approval process from being located on a hazardous waste site, as defined, unless the Department of Toxic Substances Control has cleared the site for residential use.

This bill would instead prohibit a development subject to the streamlined, ministerial approval process from being located on a hazardous waste site, as defined, unless the State Department of Public Health, State Water Resources Control Board, or the Department of Toxic Substances Control has cleared the site for residential use.

(5) Existing law establishes the California Tax Credit Allocation Committee (CTCAC) within state government, which is composed of the Governor, the Controller, and the Treasurer.

This bill would revise the composition of CTCAC to include the Director of Housing and Community Development and the Executive Director of the California Housing Finance Agency.

(6) Existing law establishes various programs, including, among others, the Emergency Housing and Assistance Program, to provide assistance to homeless persons. Existing law sets forth the general responsibilities and roles of the Business, Consumer Services, and Housing Agency, HCD, and the California Housing Finance Agency (CalHFA) in carrying out state housing policies and programs.

This bill would establish the Homeless Housing, Assistance, and Prevention Program administered by the Business, Consumer Services, and Housing Agency for the purpose of providing jurisdictions, as defined, with one-time grant funds to support regional coordination and expand or develop local capacity to address homelessness challenges, as specified. Upon appropriation, the bill would require the agency to distribute \$650,000,000 among cities, counties, and continuums of care, as provided. The bill, no

later than February 15, 2020, would require an applicant to submit to the agency its program allocation application. The bill would require the agency to review each plan and make an allocation determination no later than April 1, 2020. The bill would require a recipient of program funds to submit annual progress reports to the agency and a final report, no later than January 1, 2026, regarding the expenditure of funds under the program.

(7) The Planning and Zoning Law requires HCD, in consultation with each council of governments, to determine the existing and projected need for housing in each region and further requires the appropriate council of governments, or HCD for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided.

This bill would establish the Local Government Planning Support Grants Program administered by HCD for the purpose of providing regions and jurisdictions with one-time funding. The bill, upon appropriation, would require HCD to allocate \$250,000,000 to councils of governments and jurisdictions, as those terms are defined, as well as certain other regional entities to be used for technical assistance, the preparation and adoption of planning documents, and process improvements to accelerate housing production and to facilitate compliance with the 6th cycle of the regional housing need assessment, as provided. The bill would specify eligible uses of these funds. The bill would require these entities to apply for an allocation of funds within specified time periods. The bill would also require these entities to either submit an annual report to HCD, and make that report publicly available on its internet website, containing specified information regarding the uses of funds allocated under the program or, if the recipient is a city or county, include that information in a specified annual report required under existing law.

This bill, by December 31, 2022, would also require HCD, in collaboration with the Office of Planning and Research and after engaging in stakeholder participation, to develop a recommended improved regional housing need allocation process and methodology that promotes and streamlines housing development and substantially addresses California's housing shortage, as provided. The bill would require HCD to submit a report on its findings and recommendations to the Legislature upon completion.

(8) Existing law requires HCD to establish and administer the Joe Serna, Jr. Farmworker Housing Grant Program, under which, subject to the availability of funds in the Joe Serna, Jr. Farmworker Housing Grant Fund, a continuously appropriated fund, grants or loans, or both, are made available for the construction or rehabilitation of housing for agricultural employees, as defined, and their families or for the acquisition of manufactured housing to remedy the impacts of the displacement of farmworker families. Existing law requires grants and loans made pursuant to this program to be matched by grantees with at least equal amounts of federal moneys, other cash investments, or in-kind contributions, except as specified. Existing law authorizes HCD to set aside up to 4% of funds available in the Joe Serna,

Jr. Farmworker Housing Grant Fund on July 1 of each fiscal year for the purposes of curing or averting a default on the terms of any loan or other obligation by a recipient of financial assistance under the program or to repair or maintain any dwelling unit assisted under the program, under specified conditions.

This bill would require HCD to require, for multifamily housing loans made pursuant to the program, annual loan payments in the minimum amount necessary to cover the costs of project monitoring, as specified. The bill would remove the matching funds requirement. The bill would decrease the amount in the Joe Serna, Jr. Farmworker Housing Grant Fund that HCD is authorized to set aside to 1.5% of funds available.

(9) Existing law establishes the CalHome Program, administered by HCD, to enable low- and very low income households to become or remain homeowners. Existing law requires HCD, under the program, to use appropriated funds to provide grant or loan funds to local public agencies or nonprofit corporations for specified purposes relating to the promotion of home ownership. Existing law requires local public agencies or nonprofit corporations to meet certain eligibility requirements, including underwriting requirements. Existing laws authorize HCD to permit an applicant to apply its own underwriting guidelines, if HCD approves those guidelines, as well as any alterations to those guidelines. Existing law, the Veterans and Affordable Housing Bond Act of 2018, deposits \$300,000,000 to the Self-Help Housing Fund, a continuously appropriated fund, for purposes of the CalHome Program, as specified.

This bill would authorize HCD to make grants to local agencies or nonprofit associations for the construction, repair, reconstruction, or rehabilitation of accessory dwelling units and junior accessory dwelling units. The bill would also authorize HCD to use appropriated funds to make grants to local agencies or nonprofit corporations to assist households that meet certain income requirements and are victims of a disaster, provided that the disaster was proclaimed by the Governor, as specified, received a special appropriation of federal emergency supplemental assistance, or declared by the President. The bill would authorize HCD to adopt guidelines to this effect. The bill would also require HCD to approve any alterations of underwriting guidelines by applicants with respect to how the applicants will ensure participation by low-income households in making loans in response to a disaster.

By expanding the uses of a continuously appropriated fund, this bill would make an appropriation.

(10) Existing law establishes the Local Housing Trust Fund Matching Grant Program for the purpose of supporting local housing trust funds dedicated to the creation or preservation of affordable housing. Under the grant program, HCD is authorized to make matching grants available, through the issuance of a Notice of Funding Availability (NOFA), to cities, counties, cities and counties, and existing charitable nonprofit organizations that have created, funded, and operated housing trust funds.

This bill would authorize HCD to make matching grants available under the program, as described above, to Native American tribes. The bill would authorize HCD to adopt guidelines to implement the program. The bill would also authorize HCD to make grants to trust funds for the construction, repair, reconstruction, or rehabilitation of accessory dwelling units and junior accessory dwelling units.

Under existing law, the minimum allocation to a program applicant is \$1,000,000 for existing housing trust funds, or \$500,000 for newly established housing trust funds. The maximum allocation for any applicant is \$2,000,000, unless the applicant has previously received a grant through the program, in which case the maximum allocation is \$1,000,000. Under existing law, all funds provided under the grant program are to be matched on a dollar-for-dollar basis with moneys that are not required by any state or federal law to be spent on housing. Existing law requires that HCD receive adequate documentation of the deposit in the local housing trust fund of the local match and the identity of the source of matching funds before considering an application for an existing housing trust.

This bill would authorize HCD to increase the minimum allocation above \$500,000 to an applicant that is a newly established trust and increase the minimum allocation to all other trusts above \$1,000,000. The bill would provide that the matching fund requirement does not apply to specified funds allocated under the Building Homes and Jobs Act that are used to capitalize a regional housing trust fund. In the case of an application for an existing housing trust, the bill would also authorize the applicant to provide evidence of a legally binding commitment to deposit matching funds.

Existing law requires HCD to set aside funding for new trusts, as defined in the NOFA issued for the program. Existing law also requires that funds be used for the predevelopment costs, acquisition, construction, or rehabilitation of specified types of housing, including emergency shelters, safe havens, and transitional housing, as defined by specified law.

This bill would instead require that HCD set aside funding for new trusts, as defined in the guidelines that are authorized by this bill to be adopted to implement the program. The bill would also instead require that funds be used for the predevelopment costs, acquisition, construction, or rehabilitation of emergency shelters, transitional housing, and permanent supportive housing, as defined in those guidelines.

Existing law requires that no more than 5% of the funds appropriated to HCD for purposes of the program be used for HCD's administrative costs.

This bill would authorize HCD to allow grantees under the program to use up to 5% of the grant award for administrative costs.

Existing law requires that a housing trust fund encumber funds provided under the program no later than 36 months after receipt, but provides for a 12-month extension in certain circumstances. Existing law requires that any funds not encumbered within this period revert to HCD for use in the program or its successor.

This bill would extend the period in which funds are required to be encumbered from 36 months to 60 months.

This bill would make various technical and conforming changes to the program.

Existing law establishes the Housing Rehabilitation Loan Fund, which is continuously appropriated to HCD for specified purposes relating to housing programs.

By expanding the uses for moneys in the Housing Rehabilitation Loan Fund, a continuously-appropriated fund, the bill would make an appropriation.

(11) The Planning and Zoning Law requires that the housing element of a city's or county's general plan, as described above, include, among other things, an assessment of housing needs and an inventory of land suitable for residential development. Existing law sets forth various classifications and definitions for purposes of determining a city's or county's inventory.

Existing law establishes the Infill Incentive Grant Program of 2007, administered by HCD, a competitive grant program to facilitate the development of qualifying infill residential projects.

This bill would establish the Infill Infrastructure Grant Program of 2019, which would require HCD, upon appropriation of funds by the Legislature, to establish and administer a grant program to allocate those funds to capital improvement projects that are an integral part of, or necessary to facilitate the development of, a qualifying infill project or qualifying infill area, as those terms are defined, pursuant to specified requirements. The bill, upon appropriation by the Legislature, would authorize HCD to expend \$500,000,000 for the program, as specified.

(12) Existing law establishes a low-income housing tax credit program pursuant to which CTCAC provides procedures and requirements for the allocation, in modified conformity with federal law, of state insurance, personal income, and corporation tax credit amounts to qualified low-income housing projects that have been allocated, or qualify for, a federal low-income housing tax credit, and farmworker housing. Existing law limits the total annual amount of the state low-income housing credit for which a federal low-income housing credit is required to the sum of \$70,000,000, as increased by any percentage increase in the Consumer Price Index for the preceding calendar year, any unused credit for the preceding calendar years, and the amount of housing credit ceiling returned in the calendar year. For purposes of determining the credit amount, existing law defines the term "applicable percentage" depending on, among other things, whether the qualified low-income building is a new building that is not federally subsidized, a new building that is federally subsidized, or is an existing building that is "at risk of conversion."

This bill would also, under the law governing the taxation of insurers, the Personal Income Tax Law, and the Corporation Tax Law, for calendar years beginning in 2020, provide for an additional \$500,000,000 that may be allocated to specified low-income housing projects and would, for calendar years beginning in 2021, provide that this amount is only available for allocation pursuant to an authorization in the annual Budget Act or related legislation, and specified regulatory action by CTCAC. The bill,

under those laws, would modify the definition of “applicable percentage” relating to qualified low-income buildings to depend on whether the building is a new building that is federally subsidized that receives an allocation from the additional \$500,000,000 or whether the building is, among other things, at least 15 years old, may serve households of very low income or extremely low income, and will complete substantial rehabilitation, as specified.

Existing law, beginning on or after January 1, 2009, and before January 1, 2020, requires, in the case of a project that receives a preliminary reservation of a state low-income housing tax credit, that the credit be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, as provided. Existing law, beginning on or after January 1, 2016, and before January 1, 2020, authorizes a taxpayer that is allowed a low-income housing tax credit to elect to sell all or a portion of that credit to one or more unrelated parties for each taxable year in which the credit is allowed, as described.

This bill would delete the January 1, 2020, date with respect to both of these provisions, thereby requiring the allocation of credits among partners in accordance with the partnership agreement and authorizing the sale of a credit, as described above, indefinitely.

With respect to the sale of a low-income housing tax credit under these provisions, existing law authorizes the taxpayer to elect to sell all or a portion of the credit in its application to CTCAC. Existing law generally requires that this election be irrevocable, but allows the taxpayer, with the approval of the executive director of CTCAC, to rescind the election to sell if the consideration falls below 80% of the amount of the credit. Existing law also requires that an unrelated party that purchases any or all of a credit under these provisions be a taxpayer that is allowed a credit for the taxable year of the purchase, or was allowed a credit for a prior taxable year, and a state or federal low-income housing tax credit and, except as provided, prohibits the unrelated party from reselling the credit to another taxpayer or other party.

This bill would instead authorize a taxpayer to make a one-time revocation of the election to sell all or any portion of a low-income housing tax credit at any time before CTCAC allocates a final credit amount for a project, at which point the election would become irrevocable. The bill would specifically prohibit a taxpayer from electing to sell all or any portion of a low-income housing tax credit if the taxpayer did not make that election in its application submitted to CTCAC. The bill would also delete the requirement that the unrelated party be a taxpayer that is allowed, or have previously been allowed, a state or federal low-income housing tax credit and the prohibition on the resale of a credit by the unrelated party.

(13) The Personal Income Tax Law and the Corporation Tax Law, in modified conformity with federal law, generally disallow passive activity loss and passive activity credits for any taxable year in computing taxable income, but, in the case of a natural person, allow an offset in the case of the low-income housing tax credit of up to \$75,000 for any taxable year for

all rental real estate activities in which the individual actively participated in the taxable year, as provided.

This bill, for each taxable year beginning on or after January 1, 2020, would provide that the dollar limitation for the offset for rental real estate activities does not apply to the low-income housing tax credit program.

(14) Existing law requires, by July 1, 2019, agencies and departments administering state programs in existence prior to July 1, 2017, to collaborate with the Homeless Coordinating and Financing Council to revise or adopt guidelines and regulations that incorporate the core components of Housing First, an evidence-based model that uses housing as a tool, rather than a reward, for recovery.

This bill would delay the duty of an agency or department that administers programs that fund recovery housing, as defined, to incorporate the core components of Housing First to July 1, 2020. The bill would additionally require an agency or department that administers programs that fund recovery housing to consult with the Homeless Coordinating and Financing Council, the Business, Consumer Services, and Housing Agency, and stakeholders between July 1, 2019, and July 1, 2020, to identify ways to improve the provision of housing to individuals who receive housing assistance from the agency or department and report to the Senate Committee on Budget and Fiscal Review and the Assembly Committee on Budget by March 1, 2020, as specified.

(15) Existing law establishes the Self-Help Housing Fund and continuously appropriates moneys for specified purposes related to the California Self-Help Housing Program. Existing law also establishes CalHFA within HCD with the primary purpose of meeting the housing needs of persons and families of low or moderate income. Existing law authorizes CalHFA to make, or undertake commitments to make, loans to finance the acquisition, construction, rehabilitation, refinancing, or development of housing intended to benefit, among others, persons identified as having special needs relating to intellectual and developmental disabilities.

This bill would continuously appropriate, without regard to fiscal years, the sum of \$500,000,000 to HCD and require that these moneys be deposited in the Self-Help Housing Fund based on a specified schedule. Notwithstanding specified law, the bill would require HCD to transfer these moneys to CalHFA to be used to finance low and moderate income housing, as provided.

(16) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(17) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The gap between available and needed housing is increasing the cost of living in our state and negatively impacting middle class Californians.

(b) Addressing the housing cost crisis will require action by the state, local governments, and the private sector to increase housing production and preserve available affordable housing.

(c) The 2019–20 Budget Act provides approximately \$8 billion in funding to address California’s housing and homelessness crisis.

(d) A key element of increasing housing production is to ensure that local governments are implementing state law, particularly their planning and zoning obligations. To that end, this act establishes incentives, due process requirements, and penalties. Specifically, this act expands judicial remedies that may be imposed by the court when a city, county, or a city and county is found to be out of substantial compliance with housing element law, is provided by the act more than one year to come into substantial compliance, and continues not following the law.

(e) The additional judicial remedies in this act are intended to be used only as a last resort where a jurisdiction has continued to not fulfill its responsibilities under housing element law and disregards the direction of the court.

SEC. 2. Section 30035.7 of the Government Code is amended to read:

30035.7. (a) Of the amount appropriated in the annual Budget Act or other measure for the program, the department’s Office of State Audits and Evaluations may use up to five hundred thousand dollars (\$500,000) to conduct an audit of the program to determine its effectiveness in providing services to ex-offenders.

(b) The department’s Office of State Audits and Evaluations shall conduct an audit of the program. The department shall provide a copy of the audit to the Joint Legislative Budget Committee no later than May 1, 2020. The copy of the audit shall be submitted in compliance with Section 9795.

(c) Cities, counties, cities and counties, and facility operators that receive program funds shall agree, as a condition of receiving program funds, to cooperate fully with the audit conducted pursuant to this section by the department’s Office of State Audits and Evaluations.

SEC. 3. Section 65400 of the Government Code is amended to read:

65400. (a) After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(1) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(2) Provide by April 1 of each year an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development that includes all of the following:

(A) The status of the plan and progress in its implementation.

(B) The progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

The housing element portion of the annual report, as required by this paragraph, shall be prepared through the use of standards, forms, and definitions adopted by the Department of Housing and Community Development. The department may review, adopt, amend, and repeal the standards, forms, or definitions, to implement this article. Any standards, forms, or definitions adopted to implement this article shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. Before and after adoption of the forms, the housing element portion of the annual report shall include a section that describes the actions taken by the local government towards completion of the programs and status of the local government's compliance with the deadlines in its housing element. That report shall be considered at an annual public meeting before the legislative body where members of the public shall be allowed to provide oral testimony and written comments.

The report may include the number of units that have been substantially rehabilitated, converted from nonaffordable to affordable by acquisition, and preserved consistent with the standards set forth in paragraph (2) of subdivision (c) of Section 65583.1. The report shall document how the units meet the standards set forth in that subdivision.

(C) The number of housing development applications received in the prior year.

(D) The number of units included in all development applications in the prior year.

(E) The number of units approved and disapproved in the prior year.

(F) The degree to which its approved general plan complies with the guidelines developed and adopted pursuant to Section 65040.2 and the date of the last revision to the general plan.

(G) A listing of sites rezoned to accommodate that portion of the city's or county's share of the regional housing need for each income level that could not be accommodated on sites identified in the inventory required by paragraph (1) of subdivision (c) of Section 65583 and Section 65584.09. The listing of sites shall also include any additional sites that may have been required to be identified by Section 65863.

(H) The number of net new units of housing, including both rental housing and for-sale housing, that have been issued a completed entitlement, a building permit, or a certificate of occupancy, thus far in the housing element cycle, and the income category, by area median income category, that each unit of housing satisfies. That production report shall, for each income category described in this subparagraph, distinguish between the number

of rental housing units and the number of for-sale units that satisfy each income category. The production report shall include, for each entitlement, building permit, or certificate of occupancy, a unique site identifier that must include the assessor's parcel number, but may include street address, or other identifiers.

(I) The number of applications submitted pursuant to subdivision (a) of Section 65913.4, the location and the total number of developments approved pursuant to subdivision (b) of Section 65913.4, the total number of building permits issued pursuant to subdivision (b) of Section 65913.4, the total number of units including both rental housing and for-sale housing by area median income category constructed using the process provided for in subdivision (b) of Section 65913.4.

(J) If the city or county has received funding pursuant to the Local Government Planning Support Grants Program (Chapter 3.1 (commencing with Section 50515) of Part 2 of Division 31 of the Health and Safety Code), the information required pursuant to subdivision (a) of Section 50515.04 of the Health and Safety Code.

(K) The Department of Housing and Community Development shall post a report submitted pursuant to this paragraph on its internet website within a reasonable time of receiving the report.

(b) If a court finds, upon a motion to that effect, that a city, county, or city and county failed to submit, within 60 days of the deadline established in this section, the housing element portion of the report required pursuant to subparagraph (B) of paragraph (2) of subdivision (a) that substantially complies with the requirements of this section, the court shall issue an order or judgment compelling compliance with this section within 60 days. If the city, county, or city and county fails to comply with the court's order within 60 days, the plaintiff or petitioner may move for sanctions, and the court may, upon that motion, grant appropriate sanctions. The court shall retain jurisdiction to ensure that its order or judgment is carried out. If the court determines that its order or judgment is not carried out within 60 days, the court may issue further orders as provided by law to ensure that the purposes and policies of this section are fulfilled. This subdivision applies to proceedings initiated on or after the first day of October following the adoption of forms and definitions by the Department of Housing and Community Development pursuant to paragraph (2) of subdivision (a), but no sooner than six months following that adoption.

SEC. 4. Section 65585 of the Government Code is amended to read:

65585. (a) In the preparation of its housing element, each city and county shall consider the guidelines adopted by the department pursuant to Section 50459 of the Health and Safety Code. Those guidelines shall be advisory to each city or county in the preparation of its housing element.

(b) (1) At least 90 days prior to adoption of its housing element, or at least 60 days prior to the adoption of an amendment to this element, the planning agency shall submit a draft element or draft amendment to the department.

(2) The planning agency staff shall collect and compile the public comments regarding the housing element received by the city, county, or city and county, and provide these comments to each member of the legislative body before it adopts the housing element.

(3) The department shall review the draft and report its written findings to the planning agency within 90 days of its receipt of the draft in the case of an adoption or within 60 days of its receipt in the case of a draft amendment.

(c) In the preparation of its findings, the department may consult with any public agency, group, or person. The department shall receive and consider any written comments from any public agency, group, or person regarding the draft or adopted element or amendment under review.

(d) In its written findings, the department shall determine whether the draft element or draft amendment substantially complies with this article.

(e) Prior to the adoption of its draft element or draft amendment, the legislative body shall consider the findings made by the department. If the department's findings are not available within the time limits set by this section, the legislative body may act without them.

(f) If the department finds that the draft element or draft amendment does not substantially comply with this article, the legislative body shall take one of the following actions:

(1) Change the draft element or draft amendment to substantially comply with this article.

(2) Adopt the draft element or draft amendment without changes. The legislative body shall include in its resolution of adoption written findings which explain the reasons the legislative body believes that the draft element or draft amendment substantially complies with this article despite the findings of the department.

(g) Promptly following the adoption of its element or amendment, the planning agency shall submit a copy to the department.

(h) The department shall, within 90 days, review adopted housing elements or amendments and report its findings to the planning agency.

(i) (1) (A) The department shall review any action or failure to act by the city, county, or city and county that it determines is inconsistent with an adopted housing element or Section 65583, including any failure to implement any program actions included in the housing element pursuant to Section 65583. The department shall issue written findings to the city, county, or city and county as to whether the action or failure to act substantially complies with this article, and provide a reasonable time no longer than 30 days for the city, county, or city and county to respond to the findings before taking any other action authorized by this section, including the action authorized by subparagraph (B).

(B) If the department finds that the action or failure to act by the city, county, or city and county does not substantially comply with this article, and if it has issued findings pursuant to this section that an amendment to the housing element substantially complies with this article, the department

may revoke its findings until it determines that the city, county, or city and county has come into compliance with this article.

(2) The department may consult with any local government, public agency, group, or person, and shall receive and consider any written comments from any public agency, group, or person, regarding the action or failure to act by the city, county, or city and county described in paragraph (1), in determining whether the housing element substantially complies with this article.

(j) The department shall notify the city, county, or city and county and may notify the Office of the Attorney General that the city, county, or city and county is in violation of state law if the department finds that the housing element or an amendment to this element, or any action or failure to act described in subdivision (i), does not substantially comply with this article or that any local government has taken an action in violation of the following:

(1) Housing Accountability Act (Section 65589.5 of the Government Code).

(2) Section 65863 of the Government Code.

(3) Chapter 4.3 (commencing with Section 65915) of Division 1 of Title 7 of the Government Code.

(4) Section 65008 of the Government Code.

(k) Commencing July 1, 2019, prior to the Attorney General bringing any suit for a violation of the provisions identified in subdivision (j) related to housing element compliance and seeking remedies available pursuant to this subdivision, the department shall offer the jurisdiction the opportunity for two meetings in person or via telephone to discuss the violation, and shall provide the jurisdiction written findings regarding the violation. This paragraph does not affect any action filed prior to the effective date of this section. The requirements set forth in this subdivision shall not apply to any suits brought for a violation or violations of paragraphs (1), (3), and (4) of subdivision (j).

(l) In any action or special proceeding brought by the Attorney General relating to housing element compliance pursuant to subdivision (j), the Attorney General shall request, upon a finding of the court that the housing element does not substantially comply with the requirements of this article pursuant to this section, that the court issue an order or judgment directing the jurisdiction to bring its housing element into substantial compliance with the requirements of this article. The court shall retain jurisdiction to ensure that its order or judgment is carried out, and once a court determines that the housing element of the jurisdiction substantially complies with this article, it shall have the same force and effect, for all purposes, as the department's determination that the housing element substantially complies with this article.

(1) If the jurisdiction has not complied with the order or judgment after twelve months, the court shall conduct a status conference. Following the status conference, upon a determination that the jurisdiction failed to comply with the order or judgment compelling substantial compliance with the requirements of this article, the court shall impose fines on the jurisdiction,

which shall be deposited into the Building Homes and Jobs Trust Fund. Any fine levied pursuant to this paragraph shall be in a minimum amount of ten thousand dollars (\$10,000) per month, but shall not exceed one hundred thousand dollars (\$100,000) per month, except as provided in paragraphs (2) and (3). In the event that the jurisdiction fails to pay fines imposed by the court in full and on time, the court may require the State Controller to intercept any available state and local funds and direct such funds to the Building Homes and Jobs Trust Fund to correct the jurisdiction's failure to pay. The intercept of the funds by the Controller for this purpose shall not violate any provision of the California Constitution.

(2) If the jurisdiction has not complied with the order or judgment after three months following the imposition of fees described in paragraph (1), the court shall conduct a status conference. Following the status conference, if the court finds that the fees imposed pursuant to paragraph (1) are insufficient to bring the jurisdiction into compliance with the order or judgment, the court may multiply the fine determined pursuant to paragraph (1) by a factor of three. In the event that the jurisdiction fails to pay fines imposed by the court in full and on time, the court may require the State Controller to intercept any available state and local funds and direct such funds to the Building Homes and Jobs Trust Fund to correct the jurisdiction's failure to pay. The intercept of the funds by the Controller for this purpose shall not violate any provision of the California Constitution.

(3) If the jurisdiction has not complied with the order or judgment six months following the imposition of fees described in paragraph (1), the court shall conduct a status conference. Upon a determination that the jurisdiction failed to comply with the order or judgment, the court may impose the following:

(A) If the court finds that the fees imposed pursuant to paragraph (1) and paragraph (2) are insufficient to bring the jurisdiction into compliance with the order or judgment, the court may multiply the fine determined pursuant to paragraph (1) by a factor of six. In the event that the jurisdiction fails to pay fines imposed by the court in full and on time, the court may require the State Controller to intercept any available state and local funds and direct such funds to the Building Homes and Jobs Trust Fund to correct the jurisdiction's failure to pay. The intercept of the funds by the Controller for this purpose shall not violate any provision of the California Constitution.

(B) The court may order remedies available pursuant to Section 564 of the Code of Civil Procedure, under which the agent of the court may be appointed with all the powers necessary to bring the jurisdiction's housing element into substantial compliance pursuant to this article in order to remedy identified deficiencies. The court shall determine whether the housing element of the jurisdiction substantially complies with this article and, once the court makes that determination, it shall have the same force and effect, for all purposes, as the department's determination that the housing element substantially complies with this article. An agent appointed pursuant to this paragraph shall have expertise in planning in California.

(4) This subdivision shall not limit a court's discretion to apply any and all remedies in an action or special proceeding filed by a party other than the state for a violation of any law identified in subdivision (j).

(m) In determining the application of the remedies available under subdivision (l), the court shall consider whether there are any mitigating circumstances delaying the jurisdiction from coming into compliance with state housing law. The court may consider whether a city, county, or city and county is making a good faith effort to come into substantial compliance or is facing substantial undue hardships.

(n) The Office of the Attorney General may seek all remedies available under law including those set forth in this section.

SEC. 5. Section 65589.9 is added to the Government Code, to read:

65589.9. (a) It is the intent of the Legislature to create incentives for jurisdictions that are compliant with housing element requirements and have enacted prohousing local policies. It is the intent of the Legislature that these incentives be in the form of additional points or other preference in the scoring of competitive housing and infrastructure programs. It is the intent of the Legislature that, in adopting regulations related to prohousing local policy criteria, the department shall create criteria that consider the needs of rural, suburban, and urban jurisdictions and how those criteria may differ in those areas.

(b) For award cycles commenced after July 1, 2021, jurisdictions that have adopted a housing element that has been found by the department to be in substantial compliance with the requirements of this article pursuant to Section 65585, and that have been designated prohousing pursuant to subdivision (c) based upon their adoption of prohousing local policies, shall be awarded additional points or preference in the scoring of program applications for the following programs:

(1) The Affordable Housing and Sustainable Communities Program established by Part 1 (commencing with Section 75200) of Division 44 of the Public Resources Code.

(2) The Transformative Climate Communities Program established by Part 4 (commencing with Section 75240) of Division 44 of the Public Resources Code.

(3) The Infill Incentive Grant Program of 2007 established by Section 53545.13 of the Health and Safety Code.

(4) Additional bonus points may be awarded to other state programs when already allowable under state law.

(c) The department shall designate jurisdictions as prohousing pursuant to the emergency regulations adopted pursuant to subdivision (d) and report these designations to the Office of Planning and Research, and any other applicable agency or department, annually and upon request.

(d) By July 1, 2021, the department, in collaboration with stakeholders, shall adopt emergency regulations to implement this section.

(e) On or before January 1, 2021, and annually thereafter, the Department of Finance shall publish on its internet website the list of programs included under subdivision (b).

(f) For purposes of this section, the following definitions shall apply:

(1) “Compliant housing element” means an adopted housing element that has been found to be in substantial compliance with the requirements of this article by the department pursuant to Section 65585.

(2) “Prohousing local policies” means policies that facilitate the planning, approval, or construction of housing. These policies may include, but are not limited to, the following:

(A) Local financial incentives for housing, including, but not limited to, establishing a local housing trust fund.

(B) Reduced parking requirements for sites that are zoned for residential development.

(C) Adoption of zoning allowing for use by right for residential and mixed-use development.

(D) Zoning more sites for residential development or zoning sites at higher densities than is required to accommodate the minimum existing regional housing need allocation for the current housing element cycle.

(E) Adoption of accessory dwelling unit ordinances or other mechanisms that reduce barriers for property owners to create accessory dwelling units beyond the requirements outlined in Section 65852.2, as determined by the department.

(F) Reduction of permit processing time.

(G) Creation of objective development standards.

(H) Reduction of development impact fees.

(I) Establishment of a Workforce Housing Opportunity Zone, as defined in Section 65620, or a housing sustainability district, as defined in Section 66200.

SEC. 6. Section 65589.11 is added to the Government Code, to read:

65589.11. (a) The department shall post on its internet website each month a list of jurisdictions that have failed to adopt a housing element that has been found by the department to be in substantial compliance with the requirements of this article pursuant to Section 65585. The department shall, on an annual basis, by July 1, or upon request, provide the most recent version of the list to the Office of Planning and Research and any other applicable agency or department.

(b) If a jurisdiction is included on this list described in subdivision (a), the department shall notify the jurisdiction of its inclusion upon the first occurrence of this inclusion. A copy of all notifications sent to a jurisdiction shall also be submitted to the legislative body of the jurisdiction.

(c) If a jurisdiction is included on the list described in subdivision (a), the department shall offer the jurisdiction the opportunity for two meetings in person or via telephone to discuss the jurisdiction’s failure to adopt a housing element that is found to be in substantial compliance with the requirements of this article pursuant to Section 65585, and shall provide the jurisdiction written findings regarding that failure. Meetings previously offered pursuant to subdivision (k) of Section 65585 shall satisfy the requirements of this subdivision.

(d) Within 30 days of a jurisdiction both appearing on the list published pursuant to subdivision (a), and also having adopted a housing element pursuant to paragraph (2) of subdivision (f) of Section 65585, a jurisdiction may request, in writing, that the department review de novo the jurisdiction's last housing element adopted pursuant to paragraph (2) of subdivision (f) of Section 65585. Within 30 days of receipt of the request, the department shall issue written findings as to whether the housing element has been found by the department to be in substantial compliance with the requirements of this article pursuant to Section 65585. If the department's written findings state that the jurisdiction's housing element is not in substantial compliance with the requirements of this article pursuant to Section 65585, then the city, county, or city and county may, within 30 days of receiving those written findings, bring an action to superior court pursuant to Section 1094.5 of the Civil Code of Procedure to challenge the department's determination. Any action pursuant to this subdivision shall not impact the allocation of funds for any programs identified in subdivision (e).

(e) On or before January 1, 2023, and annually thereafter, the Department of Finance shall publish on its internet website a list of programs, if any, where eligibility for funding is contingent upon a jurisdiction having adopted a housing element that has been found by the department to be in substantial compliance with the requirements of this article pursuant to Section 65585. The list shall not include any program where eligibility for funding is contingent upon a housing element that has been found by the department to be in substantial compliance with the requirements of this article pursuant to Section 65585 on or before the effective date of this section.

(f) Subdivisions (c) and (d) of this section shall become operative upon the inclusion of at least one program on the list published pursuant to subdivision (e).

(g) This section shall not affect any action filed on or before the effective date of this section.

SEC. 7. Article 12 (commencing with Section 65660) is added to Chapter 3 of Division 1 of Title 7 of the Government Code, to read:

Article 12. Low Barrier Navigation Centers

65660. For purposes of this article:

(a) "Low Barrier Navigation Center" means a Housing First, low-barrier, service-enriched shelter focused on moving people into permanent housing that provides temporary living facilities while case managers connect individuals experiencing homelessness to income, public benefits, health services, shelter, and housing. "Low Barrier" means best practices to reduce barriers to entry, and may include, but is not limited to, the following:

(1) The presence of partners if it is not a population-specific site, such as for survivors of domestic violence or sexual assault, women, or youth.

(2) Pets.

(3) The storage of possessions.

(4) Privacy, such as partitions around beds in a dormitory setting or in larger rooms containing more than two beds, or private rooms.

(b) “Use by right” has the meaning defined in subdivision (i) of Section 65583.2. Division 13 (commencing with Section 21000) of the Public Resources Code shall not apply to actions taken by a public agency to lease, convey, or encumber land owned by a public agency, or to facilitate the lease, conveyance, or encumbrance of land owned by a public agency, or to provide financial assistance to, or otherwise approve, a Low Barrier Navigation Center constructed or allowed by this section.

65662. A Low Barrier Navigation Center development is a use by right in areas zoned for mixed use and nonresidential zones permitting multifamily uses, if it meets the requirements of this article. A local jurisdiction shall permit a Low Barrier Navigation Center development provided that it meets the following requirements:

(a) It offers services to connect people to permanent housing through a services plan that identifies services staffing.

(b) It is linked to a coordinated entry system, so that staff in the interim facility or staff who colocate in the facility may conduct assessments and provide services to connect people to permanent housing. “Coordinated entry system” means a centralized or coordinated assessment system developed pursuant to Section 576.400(d) or Section 578.7(a)(8), as applicable, of Title 24 of the Code of Federal Regulations, as those sections read on January 1, 2020, and any related requirements, designed to coordinate program participant intake, assessment, and referrals.

(c) It complies with Chapter 6.5 (commencing with Section 8255) of Division 8 of the Welfare and Institutions Code.

(d) It has a system for entering information regarding client stays, client demographics, client income, and exit destination through the local Homeless Management Information System as defined by Section 578.3 of Title 24 of the Code of Federal Regulations.

65664. Within 30 days of receipt of an application for a Low Barrier Navigation Center development, the local jurisdiction shall notify a developer whether the developer’s application is complete pursuant to Section 65943. Within 60 days of receipt of a completed application for a Low Barrier Navigation Center development, the local jurisdiction shall act upon its review of the application.

65666. The Legislature finds and declares that Low Barrier Navigation Center developments are essential tools for alleviating the homelessness crisis in this state and are a matter of statewide concern and not a municipal affair as that term is used in Section 5 of Article XI of the California Constitution. Therefore, this article shall apply to all cities, including charter cities.

65668. This article shall remain in effect only until January 1, 2027, and as of that date is repealed.

SEC. 8. Section 65913.4 of the Government Code is amended to read:

65913.4. (a) A development proponent may submit an application for a development that is subject to the streamlined, ministerial approval process provided by subdivision (b) and is not subject to a conditional use permit if the development satisfies all of the following objective planning standards:

(1) The development is a multifamily housing development that contains two or more residential units.

(2) The development is located on a site that satisfies all of the following:

(A) A site that is a legal parcel or parcels located in a city if, and only if, the city boundaries include some portion of either an urbanized area or urban cluster, as designated by the United States Census Bureau, or, for unincorporated areas, a legal parcel or parcels wholly within the boundaries of an urbanized area or urban cluster, as designated by the United States Census Bureau.

(B) A site in which at least 75 percent of the perimeter of the site adjoins parcels that are developed with urban uses. For the purposes of this section, parcels that are only separated by a street or highway shall be considered to be adjoined.

(C) A site that is zoned for residential use or residential mixed-use development, or has a general plan designation that allows residential use or a mix of residential and nonresidential uses, with at least two-thirds of the square footage of the development designated for residential use. Additional density, floor area, and units, and any other concession, incentive, or waiver of development standards granted pursuant to the Density Bonus Law in Section 65915 shall be included in the square footage calculation.

(3) (A) The development proponent has committed to record, prior to the issuance of the first building permit, a land use restriction or covenant providing that any lower income housing units required pursuant to subparagraph (B) of paragraph (4) shall remain available at affordable housing costs or rent to persons and families of lower income for no less than the following periods of time:

(i) Fifty-five years for units that are rented.

(ii) Forty-five years for units that are owned.

(B) The city or county shall require the recording of covenants or restrictions implementing this paragraph for each parcel or unit of real property included in the development.

(4) The development satisfies both of the following:

(A) Is located in a locality that the department has determined is subject to this subparagraph on the basis that the number of units that have been issued building permits is less than the locality's share of the regional housing needs, by income category, for that reporting period. A locality shall remain eligible under this subparagraph until the department's determination for the next reporting period.

(B) The development is subject to a requirement mandating a minimum percentage of below market rate housing based on one of the following:

(i) The locality did not submit its latest production report to the department by the time period required by Section 65400, or that production report reflects that there were fewer units of above moderate-income housing

issued building permits than were required for the regional housing needs assessment cycle for that reporting period. In addition, if the project contains more than 10 units of housing, the project seeking approval dedicates a minimum of 10 percent of the total number of units to housing affordable to households making below 80 percent of the area median income. If the locality has adopted a local ordinance that requires that greater than 10 percent of the units be dedicated to housing affordable to households making below 80 percent of the area median income, that local ordinance applies.

(ii) The locality's latest production report reflects that there were fewer units of housing issued building permits affordable to either very low income or low-income households by income category than were required for the regional housing needs assessment cycle for that reporting period, and the project seeking approval dedicates 50 percent of the total number of units to housing affordable to households making below 80 percent of the area median income, unless the locality has adopted a local ordinance that requires that greater than 50 percent of the units be dedicated to housing affordable to households making below 80 percent of the area median income, in which case that local ordinance applies.

(iii) The locality did not submit its latest production report to the department by the time period required by Section 65400, or if the production report reflects that there were fewer units of housing affordable to both income levels described in clauses (i) and (ii) that were issued building permits than were required for the regional housing needs assessment cycle for that reporting period, the project seeking approval may choose between utilizing clause (i) or (ii).

(5) The development, excluding any additional density or any other concessions, incentives, or waivers of development standards granted pursuant to the Density Bonus Law in Section 65915, is consistent with objective zoning standards, objective subdivision standards, and objective design review standards in effect at the time that the development is submitted to the local government pursuant to this section. For purposes of this paragraph, "objective zoning standards," "objective subdivision standards," and "objective design review standards" mean standards that involve no personal or subjective judgment by a public official and are uniformly verifiable by reference to an external and uniform benchmark or criterion available and knowable by both the development applicant or proponent and the public official before submittal. These standards may be embodied in alternative objective land use specifications adopted by a city or county, and may include, but are not limited to, housing overlay zones, specific plans, inclusionary zoning ordinances, and density bonus ordinances, subject to the following:

(A) A development shall be deemed consistent with the objective zoning standards related to housing density, as applicable, if the density proposed is compliant with the maximum density allowed within that land use designation, notwithstanding any specified maximum unit allocation that may result in fewer units of housing being permitted.

(B) In the event that objective zoning, general plan, subdivision, or design review standards are mutually inconsistent, a development shall be deemed consistent with the objective zoning and subdivision standards pursuant to this subdivision if the development is consistent with the standards set forth in the general plan.

(C) The amendments to this subdivision made by the act adding this subparagraph do not constitute a change in, but are declaratory of, existing law.

(6) The development is not located on a site that is any of the following:

(A) A coastal zone, as defined in Division 20 (commencing with Section 30000) of the Public Resources Code.

(B) Either prime farmland or farmland of statewide importance, as defined pursuant to United States Department of Agriculture land inventory and monitoring criteria, as modified for California, and designated on the maps prepared by the Farmland Mapping and Monitoring Program of the Department of Conservation, or land zoned or designated for agricultural protection or preservation by a local ballot measure that was approved by the voters of that jurisdiction.

(C) Wetlands, as defined in the United States Fish and Wildlife Service Manual, Part 660 FW 2 (June 21, 1993).

(D) Within a very high fire hazard severity zone, as determined by the Department of Forestry and Fire Protection pursuant to Section 51178, or within a high or very high fire hazard severity zone as indicated on maps adopted by the Department of Forestry and Fire Protection pursuant to Section 4202 of the Public Resources Code. This subparagraph does not apply to sites excluded from the specified hazard zones by a local agency, pursuant to subdivision (b) of Section 51179, or sites that have adopted fire hazard mitigation measures pursuant to existing building standards or state fire mitigation measures applicable to the development.

(E) A hazardous waste site that is listed pursuant to Section 65962.5 or a hazardous waste site designated by the Department of Toxic Substances Control pursuant to Section 25356 of the Health and Safety Code, unless the State Department of Public Health, State Water Resources Control Board, or Department of Toxic Substances Control has cleared the site for residential use or residential mixed uses.

(F) Within a delineated earthquake fault zone as determined by the State Geologist in any official maps published by the State Geologist, unless the development complies with applicable seismic protection building code standards adopted by the California Building Standards Commission under the California Building Standards Law (Part 2.5 (commencing with Section 18901) of Division 13 of the Health and Safety Code), and by any local building department under Chapter 12.2 (commencing with Section 8875) of Division 1 of Title 2.

(G) Within a special flood hazard area subject to inundation by the 1 percent annual chance flood (100-year flood) as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency. If a development proponent is

able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site. A development may be located on a site described in this subparagraph if either of the following are met:

(i) The site has been subject to a Letter of Map Revision prepared by the Federal Emergency Management Agency and issued to the local jurisdiction.

(ii) The site meets Federal Emergency Management Agency requirements necessary to meet minimum flood plain management criteria of the National Flood Insurance Program pursuant to Part 59 (commencing with Section 59.1) and Part 60 (commencing with Section 60.1) of Subchapter B of Chapter I of Title 44 of the Code of Federal Regulations.

(H) Within a regulatory floodway as determined by the Federal Emergency Management Agency in any official maps published by the Federal Emergency Management Agency, unless the development has received a no-rise certification in accordance with Section 60.3(d)(3) of Title 44 of the Code of Federal Regulations. If a development proponent is able to satisfy all applicable federal qualifying criteria in order to provide that the site satisfies this subparagraph and is otherwise eligible for streamlined approval under this section, a local government shall not deny the application on the basis that the development proponent did not comply with any additional permit requirement, standard, or action adopted by that local government that is applicable to that site.

(I) Lands identified for conservation in an adopted natural community conservation plan pursuant to the Natural Community Conservation Planning Act (Chapter 10 (commencing with Section 2800) of Division 3 of the Fish and Game Code), habitat conservation plan pursuant to the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), or other adopted natural resource protection plan.

(J) Habitat for protected species identified as candidate, sensitive, or species of special status by state or federal agencies, fully protected species, or species protected by the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.), the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code), or the Native Plant Protection Act (Chapter 10 (commencing with Section 1900) of Division 2 of the Fish and Game Code).

(K) Lands under conservation easement.

(7) The development is not located on a site where any of the following apply:

(A) The development would require the demolition of the following types of housing:

(i) Housing that is subject to a recorded covenant, ordinance, or law that restricts rents to levels affordable to persons and families of moderate, low, or very low income.

(ii) Housing that is subject to any form of rent or price control through a public entity's valid exercise of its police power.

(iii) Housing that has been occupied by tenants within the past 10 years.

(B) The site was previously used for housing that was occupied by tenants that was demolished within 10 years before the development proponent submits an application under this section.

(C) The development would require the demolition of a historic structure that was placed on a national, state, or local historic register.

(D) The property contains housing units that are occupied by tenants, and units at the property are, or were, subsequently offered for sale to the general public by the subdivider or subsequent owner of the property.

(8) The development proponent has done both of the following, as applicable:

(A) Certified to the locality that either of the following is true, as applicable:

(i) The entirety of the development is a public work for purposes of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(ii) If the development is not in its entirety a public work, that all construction workers employed in the execution of the development will be paid at least the general prevailing rate of per diem wages for the type of work and geographic area, as determined by the Director of Industrial Relations pursuant to Sections 1773 and 1773.9 of the Labor Code, except that apprentices registered in programs approved by the Chief of the Division of Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate. If the development is subject to this subparagraph, then for those portions of the development that are not a public work all of the following shall apply:

(I) The development proponent shall ensure that the prevailing wage requirement is included in all contracts for the performance of the work.

(II) All contractors and subcontractors shall pay to all construction workers employed in the execution of the work at least the general prevailing rate of per diem wages, except that apprentices registered in programs approved by the Chief of the Division of Apprenticeship Standards may be paid at least the applicable apprentice prevailing rate.

(III) Except as provided in subclause (V), all contractors and subcontractors shall maintain and verify payroll records pursuant to Section 1776 of the Labor Code and make those records available for inspection and copying as provided therein.

(IV) Except as provided in subclause (V), the obligation of the contractors and subcontractors to pay prevailing wages may be enforced by the Labor Commissioner through the issuance of a civil wage and penalty assessment pursuant to Section 1741 of the Labor Code, which may be reviewed pursuant to Section 1742 of the Labor Code, within 18 months after the completion of the development, by an underpaid worker through an administrative complaint or civil action, or by a joint labor-management committee through a civil action under Section 1771.2 of the Labor Code.

If a civil wage and penalty assessment is issued, the contractor, subcontractor, and surety on a bond or bonds issued to secure the payment of wages covered by the assessment shall be liable for liquidated damages pursuant to Section 1742.1 of the Labor Code.

(V) Subclauses (III) and (IV) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires the payment of prevailing wages to all construction workers employed in the execution of the development and provides for enforcement of that obligation through an arbitration procedure. For purposes of this clause, “project labor agreement” has the same meaning as set forth in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(VI) Notwithstanding subdivision (c) of Section 1773.1 of the Labor Code, the requirement that employer payments not reduce the obligation to pay the hourly straight time or overtime wages found to be prevailing shall not apply if otherwise provided in a bona fide collective bargaining agreement covering the worker. The requirement to pay at least the general prevailing rate of per diem wages does not preclude use of an alternative workweek schedule adopted pursuant to Section 511 or 514 of the Labor Code.

(B) (i) For developments for which any of the following conditions apply, certified that a skilled and trained workforce shall be used to complete the development if the application is approved:

(IV) On and after January 1, 2020, until December 31, 2021, the development consists of more than 50 units with a residential component that is not 100 percent subsidized affordable housing and will be located within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(V) On and after January 1, 2022, until December 31, 2025, the development consists of more than 25 units with a residential component that is not 100 percent subsidized affordable housing and will be located

within a jurisdiction with a population of fewer than 550,000 and that is not located in a coastal or bay county.

(ii) For purposes of this section, “skilled and trained workforce” has the same meaning as provided in Chapter 2.9 (commencing with Section 2600) of Part 1 of Division 2 of the Public Contract Code.

(iii) If the development proponent has certified that a skilled and trained workforce will be used to complete the development and the application is approved, the following shall apply:

(I) The applicant shall require in all contracts for the performance of work that every contractor and subcontractor at every tier will individually use a skilled and trained workforce to complete the development.

(II) Every contractor and subcontractor shall use a skilled and trained workforce to complete the development.

Any contractor or subcontractor that fails to use a skilled and trained workforce shall be subject to a civil penalty of two hundred dollars (\$200) per day for each worker employed in contravention of the skilled and trained workforce requirement. Penalties may be assessed by the Labor Commissioner within 18 months of completion of the development using the same procedures for issuance of civil wage and penalty assessments pursuant to Section 1741 of the Labor Code, and may be reviewed pursuant to the same procedures in Section 1742 of the Labor Code. Penalties shall be paid to the State Public Works Enforcement Fund.

(IV) Subclause (III) shall not apply if all contractors and subcontractors performing work on the development are subject to a project labor agreement that requires compliance with the skilled and trained workforce requirement and provides for enforcement of that obligation through an arbitration procedure. For purposes of this subparagraph, “project labor agreement” has the same meaning as set forth in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(A) The development has received or will receive financing or funding by means of a low-income housing tax credit and is subject to the requirement that prevailing wages be paid pursuant to subparagraph (A) of paragraph (8).

That design review or public oversight shall be objective and be strictly focused on assessing compliance with criteria required for streamlined projects, as well as any reasonable objective design standards published and adopted by ordinance or resolution by a local jurisdiction

before submission of a development application, and shall be broadly applicable to development within the jurisdiction. That design review or public oversight shall be completed as follows and shall not in any way inhibit, chill, or preclude the ministerial approval provided by this section or its effect, as applicable:

(2) If a local government approves a development pursuant to this section and the project does not include 50 percent of the units affordable to households making below 80 percent of the area median income, that approval shall automatically expire after three years except that a project may receive a one-time, one-year extension if the project proponent can provide documentation that there has been significant progress toward

getting the development construction ready, such as filing a building permit application.

(3) If a local government approves a development pursuant to this section, that approval shall remain valid for three years from the date of the final action establishing that approval and shall remain valid thereafter for a project so long as vertical construction of the development has begun and is in progress. Additionally, the development proponent may request, and the local government shall have discretion to grant, an additional one-year extension to the original three-year period. The local government's action and discretion in determining whether to grant the foregoing extension shall be limited to considerations and process set forth in this section.

SEC. 12. Section 50517.5 of the Health and Safety Code is amended to read:

50517.5. (a) (1) The department shall establish the Joe Serna, Jr. Farmworker Housing Grant Program under which, subject to the availability of funds therefor, grants or loans, or both, shall be made to local public entities, nonprofit corporations, limited liability companies, and limited partnerships, for the construction or rehabilitation of housing for agricultural employees and their families or for the acquisition of manufactured housing as part of a program to address and remedy the impacts of current and potential displacement of farmworker families from existing labor camps, mobilehome parks, or other housing. Under this program, grants or loans, or both, may also be made for the cost of acquiring the land and any building thereon in connection with housing assisted pursuant to this section and for the construction and rehabilitation of related support facilities necessary to the housing. In its administration of this program, the department shall disburse grants or loans, or both, to the local public entities, nonprofit corporations, limited liability companies, or limited partnerships or may, at the request of the local public entity, nonprofit corporation, limited liability company, or limited partnership that sponsors and supervises the rehabilitation or construction program, disburse grant funds to agricultural

employees who are participants in a rehabilitation or construction program sponsored and supervised by the local public entity, nonprofit corporation, limited liability company, or limited partnership. No part of a grant or loan made pursuant to this section may be used for project organization or planning.

(2) Notwithstanding any other provision of this chapter, upon the request of a grantee the program also may loan funds to a grantee at no more than 3 percent simple interest. Principal and accumulated interest is due and payable upon completion of the term of the loan. For multifamily housing loans made pursuant to this subdivision, the department shall require annual loan payments in the minimum amount necessary to cover the costs of project monitoring. For the first 30 years of the loan term, the amount of the required loan payments shall not exceed 0.42 percent per annum. For any loan made pursuant to this subdivision, the performance requirements of the lien shall remain in effect for a period of no less than the original term of the loan.

(3) The program shall be administered by the Director of Housing and Community Development and officers and employees of the department as they may designate.

(b) (1) The Joe Serna, Jr. Farmworker Housing Grant Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, all money in the fund is continuously appropriated to the department for making grants or loans, or both, pursuant to this section and Section 50517.10, for purposes of Chapter 8.5 (commencing with Section 50710), and for costs incurred by the department in administering these programs.

(2) There shall be paid into the fund the following:

(A) Any moneys appropriated and made available by the Legislature for purposes of the fund.

(B) Any moneys that the department receives in repayment or return of grants or loans from the fund, including any interest therefrom.

(C) Any other moneys that may be made available to the department for the purposes of this chapter from any other source or sources.

(D) All moneys appropriated to the department for the purposes of Chapter 8.5 (commencing with Section 50710) and any moneys received by the department from the occupants of housing or shelter provided pursuant to Chapter 8.5 (commencing with Section 50710). These moneys shall be separately accounted for from the other moneys deposited in the fund.

(c) With respect to the supervision of grantees, the department shall do the following:

(1) Establish minimum capital reserves to be maintained by grantees.

(2) Fix and alter from time to time a schedule of rents that may be necessary to provide residents of housing assisted pursuant to this section with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing project. No grantee shall increase the rent on any unit constructed or rehabilitated with the assistance of funds provided pursuant to this section without the prior permission of the department,

which shall be given only if the grantee affirmatively demonstrates that the increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing project.

(3) Determine standards for, and control selection by grantees of, tenants and subsequent purchasers of housing constructed or rehabilitated with the assistance of funds provided pursuant to this section.

(4) (A) Require as a condition precedent to a grant or loan, or both, of funds that the applicant have site control that is satisfactory to the department; that the grantee be record owner in fee of the assisted real property or provide other security including a lien on the manufactured home that is satisfactory to the department to ensure compliance with the construction, financial, and program obligations; and that the grantee shall have entered into a written agreement with the department binding upon the grantee and successors in interest to the grantee. The agreement shall include the conditions under which the funds advanced may be repaid. The agreement shall include provisions for a lien on the assisted real property or manufactured home in favor of the State of California for the purpose of securing performance of the agreement. The agreement shall also provide that the lien shall endure until released by the Director of Housing and Community Development.

(B) If funds granted or loaned pursuant to this section constitute less than 25 percent of the total development cost or value, whichever is applicable, of a project assisted under this section, the department may adopt, by regulation, criteria for determining the number of units in a project to which the restrictions on occupancy contained in the agreement apply. In no event may these regulations provide for the application of the agreement to a percentage of units in a project that is less than the percentage of total development costs that funds granted or loaned pursuant to this section represent.

(C) Contemporaneously with the disbursement of the initial funds to a grantee, the department shall cause to be recorded, in the office of the county recorder of the county in which the assisted real property is located, a notice of lien executed by the Director of Housing and Community Development. The notice of lien shall refer to the agreement required by this paragraph for which it secures and it shall include a legal description of the assisted real property that is subject to the lien. The notice of lien shall be indexed by the recorder in the Grantor Index to the name of the grantee and in the Grantee Index to the name of the State of California, Department of Housing and Community Development. For manufactured housing, the liens shall be recorded by the department in the same manner as other manufactured housing liens are recorded. The department shall adopt by regulation criteria for the determination of the lien period. This regulation shall take into account whether the property is held by multifamily rental, single-family ownership, or cooperative ownership and whether it is new construction or rehabilitative construction. The lien period for manufactured housing liens for manufactured homes shall not exceed 10 years.

(D) Pursuant to regulations adopted by the department, the department may execute and cause to be recorded in the office of the recorder of the county in which a notice of lien has been recorded, or the department, as appropriate, a subordination of the lien. The regulations adopted by the department shall provide that any subordination of the lien shall not jeopardize the security interest of the state and shall further the interest of farmworker housing. The recitals contained in the subordination shall be conclusive in favor of any bona fide purchaser or lender relying thereon.

(E) Prior to funds granted pursuant to this section being used to finance the acquisition of a manufactured home, the grantee shall ensure that the home either is already installed in a location where it will be occupied by the eligible household or that a location has been leased or otherwise made available for the manufactured home to be occupied by the eligible household.

(5) Regulate the terms of occupancy agreements or resale controls, to be used in housing assisted pursuant to this section.

(6) Provide linguistically appropriate services and publications, or require grantees to do so, as necessary to implement the purposes of this section.

(7) The agreement between the department and the grantee shall provide, among other things, that both of the following occur:

(A) Upon the sale or conveyance of the real property, or any part thereof, for use other than for agricultural employee occupancy, the grantee or its successors shall, as a condition for the release of the lien provided pursuant to paragraph (4), repay to the fund the department's grant and loan funds.

(B) Upon the sale or conveyance of the real property or any part thereof for continued agricultural employee occupancy, the transferee shall assume the obligation of the transferor and the real property shall be transferred to the new owner; provided that the transferee agrees to abide by the agreement entered into between the transferor and the department and that the new owner takes the property subject to the lien provided pursuant to paragraph (4), except that this lien shall, at the time of the transfer of the property to the new owner, be extended for an additional lien period determined by the department pursuant to paragraph (4), and the new owner shall not be credited with the lien period that had run from the time the transferor had acquired the property to the time of transfer to the new owner, unless the department determines that it is in the best interest of the state and consistent with the intent of this section to so credit the lien period to the new owner. However, the lien shall have priority as of the recording date of the lien for the original grantee, pursuant to paragraph (4).

(d) The department may do any of the following with respect to grantees:

(1) Through its agents or employees enter upon and inspect the lands, buildings, and equipment of a grantee, including books and records, at any time before, during, or after construction or rehabilitation of units assisted pursuant to this section. However, there shall be no entry or inspection of any unit that is occupied, whether or not any occupant is actually present, without the consent of the occupant.

(2) Supervise the operation and maintenance of any housing assisted pursuant to this section and order repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(e) The department shall include in its annual report required by Section 50408, a current report of the Joe Serna, Jr. Farmworker Housing Grant Program. The report shall include, but need not be limited to, (1) the number of households assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents paid by households assisted, (4) the number and amount of grants or loans, or both, made to each grantee in the preceding year, (5) the dollar value of funding derived from sources other than the state for each project receiving a grant or loan, or both, under this section, and an identification of each source, (6) recommendations, as needed, to improve operations of the program and respecting the desirability of extending its application to other groups in rural areas identified by the department as having special need for state housing assistance, and (7) the number of manufactured housing units assisted under this section.

(f) As used in this section:

(1) “Agricultural employee” has the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code, but also includes any person who works on or off the farm in the processing of any agricultural commodity until it is shipped for distribution, whether or not this person is encompassed within the definition specified in subdivision (b) of Section 1140.4 of the Labor Code.

SEC. 13. Section 50517.6 of the Health and Safety Code is amended to read:

50517.6. (a) The department may set aside the amount of funds authorized by subdivision (d) for the purposes of curing or averting a default on the terms of any loan or other obligation by the recipient of financial assistance, or bidding at any foreclosure sale where the default or foreclosure sale would jeopardize the department's security in the dwelling unit assisted pursuant to this chapter.

(b) The department may use the set-aside funds made available pursuant to this chapter to repair or maintain any dwelling unit assisted pursuant to this chapter that was acquired to protect the department's security interest in the dwelling unit.

(c) The payment or advance of funds by the department pursuant to this section shall be exclusively within the department's discretion, and no person shall be deemed to have any entitlement to the payment or advance of those funds. The amount of any funds expended by the department for the purposes of curing or averting a default shall be added to any grant amount secured by the lien and shall be payable to the department upon demand.

(d) On the effective date of the act that adds this section, the department may set aside up to two hundred thousand dollars (\$200,000) from the Joe Serna, Jr. Farmworker Housing Grant Fund for the purposes authorized by this section. On July 1 of each subsequent fiscal year, the department may set aside, for the purposes of this section, up to 1.5 percent of the funds available in the Joe Serna, Jr. Farmworker Housing Grant Fund on that date.

SEC. 14. Section 50517.7 of the Health and Safety Code is amended to read:

50517.7. In counties in which a disaster has been declared by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code and for a period of 12 months after the declaration, the department may provide grants from the fund established by subdivision (b) of Section 50517.5, subject to the following terms and conditions, which are applicable only to this section:

(a) Grants may be made to local public entities, nonprofit corporations, and housing owners comprised of either homeowners who are agricultural employees or owners of rental property used primarily by agricultural households.

(b) The department may enter into master agreements with nonprofit corporations or local public entities or it may enter into contracts directly with housing owners to carry out the activities authorized by this section.

(c) The department may make grants directly to housing owners or through master agreements for the cost of preparation of applications for funds, and supervision of expenditures from the fund, including, but not limited to estimates, work writeups, bidding supervision, and inspections. Funds granted pursuant to this subdivision shall not be secured by, and subject to, the liens required by Section 50517.5.

(d) The department, either directly or through master agreements, may provide grants to housing owners which shall be used for housing

rehabilitation or acquisition and rehabilitation, and related costs, other than those costs accruing pursuant to subdivision (c). Only those funds from the fund which are actually utilized pursuant to this subdivision shall be secured by, and subject to, the liens required by Section 50517.5.

SEC. 15. Section 50650 of the Health and Safety Code is amended to read:

50650. The Legislature finds and declares as follows:

(a) An adequate supply of safe and affordable housing is the foundation for strong and sustainable communities. Owner occupied housing is a key housing resource, contributing to neighborhood stability as well as economic vitality.

(b) In California, homeownership is beyond the reach of a large segment of the population. There are also many homeowners who lack the resources to make necessary repairs to their homes, or who would welcome the opportunity to share them with suitable tenants.

(c) Reflecting California's diversity, there is a variety of proven approaches to the promotion of homeownership within the state. The purpose of the CalHome Program established by this chapter is to support existing homeownership programs aimed at lower and very low income households, and in the case of a disaster, as defined in Section 8680.3 of the Government Code, households at or below moderate income, and operated by private nonprofit and local government agencies, and thereby to increase homeownership, encourage neighborhood revitalization and sustainable development, and maximize use of existing homes.

(d) The CalHome Program is intended to take the place of the Senior Citizens' Shared Housing Program established by Chapter 3.6 (commencing with Section 50533), which is repealed by the act enacting this chapter.

SEC. 16. Section 50650.3 of the Health and Safety Code is amended to read:

50650.3. (a) Funds appropriated for purposes of this chapter shall be used to enable low- and very low income households to become or remain homeowners as provided in paragraphs (1) and (2), and to provide disaster relief assistance to households at or below 120 percent of area median income as provided in paragraph (3). Funds shall be provided by the department to local public agencies or nonprofit corporations as any of the following:

(1) Grants for programs that assist individual households.

(2) Loans that assist development projects involving multiple homeownership units, including single-family subdivisions.

(3) Grants for programs that assist individual households as provided in subdivision (g).

(b) (1) Grant funds may be used for first-time homebuyer downpayment assistance, home rehabilitation, including the installation or retrofit of ignition resistant exterior components on existing manufactured homes, mobilehomes, and accessory structures required pursuant to Article 2.3 (commencing with Section 4200) of Subchapter 2 of Chapter 3 of Division 1 of Title 25 of the California Code of Regulations, homebuyer counseling,

home acquisition and rehabilitation, or self-help mortgage assistance programs, or for technical assistance for self-help and shared housing home ownership.

(2) Home rehabilitation funding for the purpose of installing ignition resistant components on manufactured homes, mobilehomes, or accessory structures pursuant to this subdivision shall not be conditioned upon the rehabilitation of additional or unrelated home components unless that rehabilitation is required pursuant to Article 2.3 (commencing with Section 4200) of Subchapter 2 of Chapter 3 of Division 1 of Title 25 of the California Code of Regulations. In administering funding for this purpose, local public agencies and nonprofit corporations may consider the condition and age of the manufactured home or mobilehome, including whether the home was constructed on or after June 15, 1976, in accordance with federal standards and whether the available funds could be more effectively used to replace the manufactured home or mobilehome.

(c) (1) Except as provided in subdivision (e), loan funds may be used for purchase of real property, site development, predevelopment, and construction period expenses incurred on home ownership development projects, and permanent financing for mutual housing or cooperative developments. Upon completion of construction, the department may convert project loans into grants for programs of assistance to individual homeowners. Except as provided in paragraph (2), financial assistance provided to individual households shall be in the form of deferred payment loans, repayable upon sale or transfer of the homes, when they cease to be owner-occupied, or upon the loan maturity date. Financial assistance may be provided in the form of a secured forgivable loan to an individual household to rehabilitate, repair, or replace manufactured housing located in a mobilehome park and not permanently affixed to a foundation. The loan shall be due and payable in 20 years, with 10 percent of the original principal to be forgiven annually for each additional year beyond the 10th year that the home is owned and continuously occupied by the borrower. Not more than 10 percent of the funds available for the purposes of this chapter in a fiscal year shall be used for financial assistance in the form of secured forgivable loans.

(2) Notwithstanding any other law, the department may, in its discretion, permit the downpayment assistance loan to be subordinated to refinancing if it determines that the borrower has demonstrated hardship, subordination is required to avoid foreclosure, and the new loan meets the department's underwriting requirements. The department may permit subordination on those terms and conditions as it determines are reasonable, however subordination shall not be permitted if the borrower has sufficient equity to repay the loan.

(d) All loan repayments shall be used for activities allowed under this section, and shall be governed by a reuse plan approved by the department. Those reuse plans may provide for loan servicing by the grant recipient or a third-party local government agency or nonprofit corporation.

(e) Notwithstanding subdivision (c), loans provided pursuant to the CalHome Program Disaster Assistance for Imperial County that have been made for the purpose of rehabilitation, reconstruction, or replacement of lower income owner-occupied manufactured homes shall be due and payable in 10 years, with 20 percent of the original principal to be forgiven annually for each additional year beyond the fifth year that the manufactured home is owned and continuously occupied by the borrower.

(f) The department may use funds appropriated pursuant to this chapter to make grants to local agencies or nonprofit corporations to construct accessory dwelling units as defined in Section 65852.2 of the Government Code or junior accessory dwelling units as defined in Section 65852.22 of the Government Code, and to repair, reconstruct, or rehabilitate, in whole or in part, accessory dwelling units and junior accessory dwelling units.

(g) Notwithstanding any other provision of this chapter, the department may use funds appropriated pursuant to this chapter to make grants to local agencies or nonprofit corporations to assist households at or below 120 percent of area median income that are victims of a disaster, if one of the following occurs with respect to the county in which the household's residence is located:

(1) The Governor has proclaimed a state of emergency, pursuant to Section 8625 of the Government Code, resulting from a disaster, as defined in Section 8680.3 of the Government Code.

(2) A special appropriation of federal emergency supplemental assistance or a presidential declaration of disaster has occurred.

(h) The department shall review, adopt, amend, and repeal guidelines to implement the making of grants pursuant to subdivisions (f) and (g). Any guidelines adopted to implement subdivisions (f) and (g) shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. In the event of inconsistency regarding the requirements of qualified applicants and eligibility of accessory dwelling units and junior accessory dwelling units, and rents associated with them between those guidelines and any regulations otherwise enacted pursuant to this chapter, those guidelines shall prevail.

SEC. 17. Section 50650.4 of the Health and Safety Code is amended to read:

50650.4. (a) To be eligible to receive a grant or loan, local public agencies or nonprofit corporations shall demonstrate sufficient organizational stability and capacity to carry out the activity for which they are requesting funds, including, where applicable, the capacity to manage a portfolio of individual loans over an extended time period. Capacity may be demonstrated by substantial successful experience performing similar activities, or through other means acceptable to the department. In administering the CalHome program, the department may permit local agencies and nonprofit corporations to apply their own underwriting guidelines when evaluating CalHome rehabilitation loan applications, following prior review and approval of those guidelines by the department. The local agency or nonprofit corporation shall not subsequently alter its underwriting guidelines with

respect to the use of CalHome funds without review and approval by the department, including how the local agencies and nonprofit corporations will ensure participation by low-income households if making loans in response to a disaster as described in paragraph (1) of subdivision (g) of Section 50650.3. In allocating funds, the department shall utilize a competitive application process, using weighted evaluation criteria, including, but not limited to, the extent that the program or project utilizes volunteer or self-help labor, trains youth and young adults in construction skills, creates balanced communities, involves community participation, or whether the program or project contributes toward community revitalization. To the extent feasible, the application process shall ensure a reasonable geographic distribution of funds.

(b) In administering department funds received pursuant to subdivision (a), local public agencies and nonprofit corporations shall not deny the funding application of, or apply different underwriting guidelines to, a housing program or project solely on the basis of either of the following:

(1) The home is a manufactured home or mobilehome, as defined in Sections 18007 and 18008.

(2) The home is located in a mobilehome park or in a manufactured housing community, as defined in Sections 18210.7 and 18214.

SEC. 18. Section 50843.5 of the Health and Safety Code is amended to read:

50843.5. (a) Subject to the availability of funding, the department shall make matching grants available to cities, counties, cities and counties, tribes, and charitable nonprofit organizations organized under Section 501(c)(3) of the Internal Revenue Code that have created and are operating or will operate housing trust funds. These funds shall be awarded through the issuance of a Notice of Funding Availability (NOFA). The department may adopt guidelines to administer this chapter. Any guidelines employed by the department in implementing this chapter shall not be subject to the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Notwithstanding anything to the contrary in this chapter, the terms of this section, and the guidelines authorized above, shall control in the event of any other statutory conflict.

(1) Applicants that provide matching funds from a source or sources other than impact fees on residential development shall receive a priority for funding.

(2) The department shall set aside funding for new trusts, as defined by the department in the guidelines adopted pursuant to this section.

(b) Housing trusts eligible for funding under this section shall have the following characteristics:

(1) Utilization of a public or joint public and private fund established by legislation, ordinance, resolution, or a public-private partnership to receive specific revenue to address local housing needs.

(2) Receipt of ongoing revenues from dedicated sources of funding such as taxes, fees, loan repayments, or public or private contributions.

(c) The minimum allocation to an applicant that is a newly established trust shall be five hundred thousand dollars (\$500,000), or a higher amount as established by the department. The minimum allocation for all other trusts shall be one million dollars (\$1,000,000), or a higher amount as established by the department. All funds provided pursuant to this section shall be matched on a dollar-for-dollar basis with moneys that are not required by any state or federal law to be spent on housing, except as authorized by Chapter 2.5 (commencing with Section 50470), if those funds are used to capitalize a regional housing trust fund. An application for an existing housing trust shall not be considered unless the department has received adequate documentation of the deposit in the local housing trust fund of the local match, or evidence of a legally binding commitment to deposit matching funds, and the identity of the source of matching funds. An application for a new trust shall not be considered unless the department has received adequate documentation, as determined by the department, that an ordinance imposing or dedicating a tax or fee to be deposited into the new trust has been enacted or the applicant has received a legally binding commitment to deposit matching funds into the new trust. Funds shall not be disbursed by the department to any trust until all matching funds are on deposit and then funds may be disbursed only in amounts necessary to fund projects identified to receive a loan from the trust within a reasonable period of time, as determined by the department. Applicants shall be required to continue funding the local housing trust fund from these identified local sources, and continue the trust in operation, for a period of no less than five years from the date of award. If the funding is not continued for a five-year period, then (1) the amount of the department's grant to the local housing trust fund, to the extent that the trust fund has unencumbered funds available, shall be immediately repaid, and (2) any payments from any projects funded by the local housing trust fund that would have been paid to the local housing trust fund shall be paid instead to the department and used for the program or its successor. The total amount paid to the department pursuant to (1) and (2), combined, shall not exceed the amount of the department's grant.

(d) (1) Funds shall be used for the predevelopment costs, acquisition, construction, or rehabilitation of the following types of housing or projects:

(A) Rental housing projects or units within rental housing projects. The affordability of all assisted units shall be restricted for not less than 55 years.

(B) Emergency shelters, transitional housing, and permanent supportive housing, as these terms are defined in the guidelines adopted pursuant to this section.

(C) For-sale housing projects or units within for-sale housing projects.

(D) Notwithstanding any other provision of this chapter, the department may use funds appropriated pursuant to this chapter to make grants to trust funds for the construction of accessory dwelling units as defined in Section 65852.2 of the Government Code, or junior accessory dwelling units as defined in Section 65852.22 of the Government Code, and to repair, reconstruct, or rehabilitate, in whole or in part, accessory dwelling units and junior accessory dwelling units.

(2) At least 30 percent of the total amount of the grant and the match shall be expended on projects, units, or shelters that are affordable to, and restricted for, extremely low income households, as defined in Section 50106. No more than 20 percent of the total amount of the grant and the match shall be expended on projects or units affordable to, and restricted for, moderate-income persons and families whose income does not exceed 120 percent of the area median income. The remaining funds shall be used for projects, units, or shelters that are affordable to, and restricted for, lower income households, as defined in Section 50079.5.

(3) If funds are used for the acquisition, construction, or rehabilitation of for-sale housing projects or units within for-sale housing projects, the grantee shall record a deed restriction against the property that will ensure compliance with one of the following requirements upon resale of the for-sale housing units, unless it is in conflict with the requirements of another public funding source or law:

(A) If the property is sold within 30 years from the date that trust funds are used to acquire, construct, or rehabilitate the property, the owner or subsequent owner shall sell the home at an affordable housing cost, as defined in Section 50052.5, to a household that meets the relevant income qualifications.

(B) The owner and grantee shall share the equity in the unit pursuant to an equity-sharing agreement. The grantee shall reuse the proceeds of the equity-sharing agreement consistent with this section. To the extent not in conflict with another public funding source or law, all of the following shall apply to the equity-sharing agreement provided for by the deed restriction:

(i) Upon resale by an owner-occupant of the home, the owner-occupant of the home shall retain the market value of any improvements, the downpayment, and their proportionate share of appreciation. The grantee shall recapture any initial subsidy and its proportionate share of appreciation, which shall then be used to make housing available to persons and families of the same income category as the original grant and for any type of housing or shelter specified in paragraph (1).

(ii) For purposes of this subdivision, the initial subsidy shall be equal to the fair market value of the home at the time of initial sale to the owner-occupant minus the initial sale price to the owner-occupant, plus the amount of any downpayment assistance or mortgage assistance. If upon resale by the owner-occupant the market value is lower than the initial market value, then the value at the time of the resale shall be used as the initial market value.

(iii) For purposes of this subdivision, the grantee's proportionate share of appreciation shall be equal to the ratio of the initial subsidy to the fair market value of the home at the time of the initial sale.

(4) Notwithstanding subparagraph (A) of paragraph (1) or paragraph (3), a local housing trust fund shall not be required to record a separate deed restriction or equity agreement for any project or home that it finances, if a restriction or agreement that meets the requirements of subparagraph (A)

of paragraph (1) or paragraph (3), as applicable, has been, or will be, recorded against the property by another public agency.

(e) Loan repayments shall accrue to the grantee housing trust for use pursuant to this section. If the trust no longer exists, loan repayments shall accrue to the department for use in the program or its successor.

(f) (1) In order for a city, county, or city and county to be eligible for funding, the applicant shall, at the time of application, meet both of the following requirements:

(A) Have an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, is in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) Have submitted to the department the annual progress report required by Section 65400 of the Government Code within the preceding 12 months, if the department has adopted the forms and definitions pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 65400 of the Government Code.

(2) In order for a nonprofit organization applicant to be eligible for funding, the applicant shall agree to utilize funds provided under this chapter only for projects located in cities, counties, or a city and county that meet both of the following requirements:

(A) Have an adopted housing element that the department has determined, pursuant to Section 65585 of the Government Code, to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(B) Have submitted to the department the annual progress report required by Section 65400 of the Government Code within the preceding 12 months, if the department has adopted the forms and definitions pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 65400 of the Government Code.

(3) A city, county, or city and county that has received an award pursuant to this section shall not encumber any program funds unless it has an adopted housing element the department has determined, pursuant to Section 65585 of the Government Code, is in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(g) Recipients shall have held, or shall agree to hold, a public hearing or hearings to discuss and describe the project or projects that will be financed with funds provided pursuant to this section. As a condition of receiving a grant pursuant to this section, any nonprofit organization shall agree that it will hold one public meeting a year to discuss the criteria that will be used to select projects to be funded. That meeting shall be open to the public, and public notice of this meeting shall be provided, except to the extent that any similar meeting of a city or county would be permitted to be held in closed session.

(h) No more than 5 percent of the funds appropriated to the department for the purposes of this program shall be used to pay the department's costs

of administration of this section. Notwithstanding any other law, the department may also allow a grantee to use up to 5 percent of the grant award for administrative costs.

(i) A local housing trust fund shall encumber funds provided pursuant to this section no later than 60 months after receipt. In addition, any award to a local housing trust that was under contract on January 1, 2013, shall be extended by 12 months, subject to progress benchmarks to be established by the department. Any funds not encumbered within that period shall revert to the department for use in the program or its successor.

(j) Recipients shall be required to file periodic reports with the department regarding the use of funds provided pursuant to this section. No later than December 31 of each year in which funds are awarded by the program, the department shall provide a report to the Legislature regarding the number of trust funds created, a description of the projects supported, the number of units assisted, and the amount of matching funds received.

SEC. 19. Section 53545.13 of the Health and Safety Code is amended to read:

53545.13. (a) The Infill Incentive Grant Program of 2007 is hereby established to be administered by the department.

(b) Upon appropriation of funds by the Legislature for the purpose of implementing paragraph (1) of subdivision (b) of Section 53545, the department shall establish and administer a competitive grant program to allocate those funds to selected capital improvement projects that are an integral part of, or necessary to facilitate the development of, a qualifying infill project or a qualifying infill area.

(c) A qualifying infill project or qualifying infill area for which a capital improvement project grant may be awarded shall meet all of the following conditions:

(1) Be located in a city, county, or city and county, in which the general plan of the city, county, or city and county, has an adopted housing element that has been found by the department, pursuant to Section 65585 of the Government Code, to be in compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(2) Include not less than 15 percent of affordable units, as follows:

(A) For projects that contain both rental and ownership units, units of either or both product types may be included in the calculation of the affordability criteria.

(B) (i) To the extent included in a project grant application, for the purpose of calculating the percentage of affordable units, the department may consider the entire master development in which the development seeking grant funding is included.

(ii) Where applicable, an applicant may include a replacement housing plan to ensure that dwelling units housing persons and families of low or moderate income are not removed from the low- and moderate-income housing market. Residential units to be replaced may not be counted toward

meeting the affordability threshold required for eligibility for funding under this section.

(C) For the purposes of this subdivision, “affordable unit” means a unit that is made available at an affordable rent, as defined in Section 50053, to a household earning no more than 60 percent of the area median income or at an affordable housing cost, as defined in Section 50052.5, to a household earning no more than 120 percent of the area median income. Rental units shall be subject to a recorded covenant that ensures affordability for at least 55 years. Ownership units shall initially be sold to and occupied by a qualified household, and subject to a recorded covenant that includes either a resale restriction for at least 30 years or equity sharing upon resale.

(D) A qualifying infill project or qualifying infill area for which a disposition and development agreement or other project- or area-specific agreement between the developer and the local agency having jurisdiction over the project has been executed on or before the effective date of the act adding this section, shall be deemed to meet the affordability requirement of this paragraph (2) if the agreement includes affordability covenants that subject the project or area to the production of affordable units for very low, low-, or moderate-income households.

(3) Include average residential densities on the parcels to be developed that are equal to or greater than the densities described in subparagraph (B) of paragraph (3) of subdivision (c) of Section 65583.2 of the Government Code, except that a project located in a rural area as defined in Section 50199.21 shall include average residential densities on the parcels to be developed of at least 10 units per acre.

(4) Be located in an area designated for mixed-use or residential development pursuant to one of the following adopted plans:

(A) A general plan adopted pursuant to Section 65300 of the Government Code.

(B) A project area redevelopment plan approved pursuant to Section 33330.

(C) A regional blueprint plan as defined in the California Regional Blueprint Planning Program administered by the Business, Transportation and Housing Agency, or a regional plan as defined in Section 65060.7 of the Government Code.

(5) For qualifying infill projects or qualifying infill areas located in a redevelopment project area, meet the requirements contained in subdivision (a) of Section 33413.

(d) In its review and ranking of applications for the award of capital improvement project grants, the department shall rank the affected qualifying infill projects and qualifying infill areas based on the following priorities:

(1) Project readiness, which shall include all of the following:

(A) A demonstration that the project or area development can complete environmental review and secure necessary entitlements from the local jurisdiction within a reasonable period of time following the submittal of a grant application.

(B) A demonstration that the eligible applicant can secure sufficient funding commitments derived from sources other than this part for the timely development of a qualifying infill project or development of a qualifying infill area.

(C) A demonstration that the project or area development has sufficient local support to achieve the proposed improvement.

(2) The depth and duration of the affordability of the housing proposed for a qualifying infill project or qualifying infill area.

(3) The extent to which the average residential densities on the parcels to be developed exceed the density standards contained in paragraph (3) of subdivision (c).

(4) The qualifying infill project's or qualifying infill area's inclusion of, or proximity or accessibility to, a transit station or major transit stop.

(5) The proximity of housing to parks, employment or retail centers, schools, or social services.

(6) The qualifying infill project or qualifying infill area location's consistency with an adopted regional blueprint plan or other adopted regional growth plan intended to foster efficient land use.

(e) In allocating funds pursuant to this section, the department, to the maximum extent feasible, shall ensure a reasonable geographic distribution of funds.

(f) Funds awarded pursuant to this section shall supplement, not supplant, other available funding.

(g) (1) The department shall adopt guidelines for the operation of the grant program, including guidelines to ensure the tax-exempt status of the bonds issued pursuant to this part, and may administer the program under those guidelines.

(2) The guidelines shall include provisions for the reversion of grant awards that are not encumbered within four years of the fiscal year in which an award was made, and for the recapture of grants awarded, but for which development of the related housing units has not progressed in a reasonable period of time from the date of the grant award, as determined by the department.

(3) The guidelines shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code.

(h) For each fiscal year within the duration of the grant program, the department shall include within the report to the Legislature, required by Section 50408, information on its activities relating to the grant program. The report shall include, but is not limited to, the following information:

(1) A summary of the projects that received grants under the program for each fiscal year that grants were awarded.

(2) The description, location, and estimated date of completion for each project that received a grant award under the program.

(3) An update on the status of each project that received a grant award under the program, and the number of housing units created or facilitated by the program.

(i) Notwithstanding paragraph (3) of subdivision (c), a city of greater than 100,000 in population in a standard metropolitan statistical area of less than 2,000,000 in population may petition the department for, and the department may grant, an exception to the jurisdiction's classification pursuant to subdivisions (d) to (f), inclusive, of Section 65583.2 of the Government Code, if the city believes it is unable to meet the density requirements specified in paragraph (3) of subdivision (c). The city shall submit the petition with its application and shall include the reasons why the city believes the exception is warranted. The city shall provide information supporting the need for the exception, including, but not limited to, any limitations that the city may encounter in meeting the density requirements specified in paragraph (3) of subdivision (c). Any exception shall be for the purposes of this section only. This subdivision shall become inoperative on January 1, 2015.

(j) For notices of funding availability released after July 1, 2021, in awarding funds under the program, the department shall provide additional points or preference to projects located in jurisdictions that have adopted a housing element that has been found by the department to be in substantial compliance with the requirements of Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code pursuant to Section 65585 of the Government Code and that are designated prohousing pursuant to subdivision (c) of Section 65589.9 of the Government Code, in the manner determined by the department pursuant to subdivision (d) of Section 65589.9 of the Government Code.

SEC. 20. Part 12.5 (commencing with Section 53559) is added to Division 31 of the Health and Safety Code, to read:

PART 12.5. INFILL INFRASTRUCTURE GRANT PROGRAM OF 2019

53559. (a) The Infill Infrastructure Grant Program of 2019 is hereby established to be administered by the department.

(b) Upon appropriation by the Legislature of funds specified in Section 53559.2, the department shall establish and administer a grant program to allocate those funds to capital improvement projects that are an integral part of, or necessary to facilitate the development of, a qualifying infill project or qualifying infill area, pursuant to the requirements of this section.

(c) (1) The department shall administer a competitive application process for grants funded by the allocation specified in paragraph (1) of subdivision (a) of Section 53559.2 for selected capital improvement projects for large jurisdictions pursuant to this subdivision. The department shall release a notice of funding availability no later than November 30, 2019.

(2) In its review and ranking of applications for the award of capital improvement project grants, the department shall rank the affected qualifying infill projects and qualifying infill areas based on the following priorities:

(A) Project readiness, which shall include all of the following:

(i) A demonstration that the project or area development can complete environmental review and secure necessary entitlements from the local jurisdiction within a reasonable period of time following the submission of a grant application.

(ii) A demonstration that the eligible applicant can secure sufficient funding commitments derived from sources other than this part for the timely development of a qualifying infill project or development of a qualifying infill area.

(iii) A demonstration that the project or area development has sufficient local support to achieve the proposed improvement.

(B) The depth and duration of the affordability of the housing proposed for a qualifying infill project or qualifying infill area.

(C) The extent to which the average residential densities on the parcels to be developed exceed the density standards contained in paragraph (4) of subdivision (e).

(D) The qualifying infill project's or qualifying infill area's inclusion of, or proximity or accessibility to, a transit station or major transit stop.

(E) The proximity of housing to parks, employment or retail centers, schools, or social services.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(4) Five hundred thousand dollars (\$500,000) per calendar year for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(5) The amount of any unallocated or returned credits under former Sections 17053.14, 23608.2, and 23608.3, as those sections read prior to January 1, 2009, until fully exhausted for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(h) The term “compliance period” as defined in Section 42(i)(1) of the Internal Revenue Code, relating to compliance period, is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) (1) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the provisions in paragraph (2) shall be substituted in its place.

(2) The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code, shall apply, provided that the agreement includes all of the following provisions:

(B) A requirement that the agreement be recorded in the official records of the county in which the qualified low-income housing project is located.

(C) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.

(D) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and that allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory agreement in any state court.

(E) A provision incorporating the requirements of Section 42 of the Internal Revenue Code, relating to low-income housing credit, as modified by this section.

(F) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee and the local agency that can enforce the regulatory agreement if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code, relating to qualified low-income housing project.

(G) A requirement that the housing sponsor, as security for the performance of the housing sponsor’s obligations under the regulatory agreement, assign the housing sponsor’s interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.

(H) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance;

securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need and demand for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the

project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (5) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner’s equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(D) Subparagraphs (B) and (C) shall not apply to projects receiving an allocation pursuant to subparagraph (B) of paragraph (1) of subdivision (g).

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term “secretary” shall be replaced by the term “Franchise Tax Board.”

(l) In the case in which the credit allowed under this section exceeds the “tax,” the excess may be carried over to reduce the “tax” in the following year, and succeeding years if necessary, until the credit has been exhausted.

(m) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1993.

(n) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(o) (1) (A) For a project that receives a preliminary reservation under this section beginning on or after January 1, 2016, a taxpayer may elect in its application to the California Tax Credit Allocation Committee to sell all or any portion of any credit allowed under this section to one or more unrelated parties for each taxable year in which the credit is allowed, subject to subparagraphs (B) and (C). The taxpayer may, only once, revoke an

election to sell pursuant to this subdivision at any time before the California Tax Credit Allocation Committee allocates a final credit amount for the project pursuant to this section, at which point the election shall become irrevocable.

(B) A credit that a taxpayer elects to sell all or a portion of pursuant to this subdivision shall be sold for consideration that is not less than 80 percent of the amount of the credit.

(C) A taxpayer shall not elect to sell all or any portion of any credit pursuant to this subdivision if the taxpayer did not make that election in its application submitted to the California Tax Credit Allocation Committee.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of the unrelated party or parties to whom the credit has been sold, the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(3) A credit may be sold pursuant to this subdivision to more than one unrelated party.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(p) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(q) This section shall remain in effect for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect.

SEC. 24. Section 17058 of the Revenue and Taxation Code is amended to read:

17058. (a) (1) There shall be allowed as a credit against the “net tax,” defined in Section 17039, a state low-income housing tax credit in an amount

equal to the amount determined in subdivision (c), computed in accordance with Section 42 of the Internal Revenue Code, relating to low-income housing credit, except as otherwise provided in this section.

(2) “Taxpayer,” for purposes of this section, means the sole owner in the case of an individual, the partners in the case of a partnership, and the shareholders in the case of an “S” corporation.

(3) “Housing sponsor,” for purposes of this section, means the sole owner in the case of an individual, the partnership in the case of a partnership, and the “S” corporation in the case of an “S” corporation.

(b) (1) The amount of the credit allocated to any housing sponsor shall be authorized by the California Tax Credit Allocation Committee, or any successor thereof, based on a project’s need for the credit for economic feasibility in accordance with the requirements of this section.

(A) The low-income housing project shall be located in California and shall meet either of the following requirements:

(i) Except for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code, that are allocated credits solely under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code, the project’s housing sponsor has been allocated by the California Tax Credit Allocation Committee a credit for federal income tax purposes under Section 42 of the Internal Revenue Code, relating to low-income housing credit.

(ii) It qualifies for a credit under Section 42(h)(4)(B) of the Internal Revenue Code, relating to special rule where 50 percent or more of building is financed with tax-exempt bonds subject to volume cap.

(B) The California Tax Credit Allocation Committee shall not require fees for the credit under this section in addition to those fees required for applications for the tax credit pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit. The committee may require a fee if the application for the credit under this section is submitted in a calendar year after the year the application is submitted for the federal tax credit.

(C) (i) For a project that receives a preliminary reservation of the state low-income housing tax credit, allowed pursuant to subdivision (a), on or after January 1, 2009, the credit shall be allocated to the partners of a partnership owning the project in accordance with the partnership agreement, regardless of how the federal low-income housing tax credit with respect to the project is allocated to the partners, or whether the allocation of the credit under the terms of the agreement has substantial economic effect, within the meaning of Section 704(b) of the Internal Revenue Code, relating to determination of distributive share.

(ii) To the extent the allocation of the credit to a partner under this section lacks substantial economic effect, any loss or deduction otherwise allowable under this part that is attributable to the sale or other disposition of that partner’s partnership interest made prior to the expiration of the federal credit shall not be allowed in the taxable year in which the sale or other disposition occurs, but shall instead be deferred until and treated as if it

occurred in the first taxable year immediately following the taxable year in which the federal credit period expires for the project described in clause (i).

(iii) This subparagraph shall not apply to a project that receives a preliminary reservation of state low-income housing tax credits under the set-aside described in subdivision (c) of Section 50199.20 of the Health and Safety Code unless the project also receives a preliminary reservation of federal low-income housing tax credits.

(2) (A) The California Tax Credit Allocation Committee shall certify to the housing sponsor the amount of tax credit under this section allocated to the housing sponsor for each credit period.

(B) In the case of a partnership or an “S” corporation, the housing sponsor shall provide a copy of the California Tax Credit Allocation Committee certification to the taxpayer.

(C) The taxpayer shall, upon request, provide a copy of the certification to the Franchise Tax Board.

(D) All elections made by the taxpayer pursuant to Section 42 of the Internal Revenue Code, relating to low-income housing credit, apply to this section.

(ii) Notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit for buildings located in DDAs or QCTs that are restricted to having 50 percent of the building’s occupants be special needs households, as defined in the California Code of Regulations by the California Tax Credit Allocation Committee, or receiving an allocation pursuant to subparagraph (B) of paragraph (1) of subdivision (g), even if the taxpayer receives federal credits pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, provided that the credit allowed under this section shall not exceed 30 percent of the eligible basis of the building.

(iii) On and after January 1, 2018, notwithstanding clause (i), the California Tax Credit Allocation Committee may allocate the credit pursuant to paragraph (7) of subdivision (c) even if the taxpayer receives federal credits, pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas.

(F) (i) The California Tax Credit Allocation Committee may allocate a credit under this section in exchange for a credit allocated pursuant to Section 42(d)(5)(B) of the Internal Revenue Code, relating to increase in credit for buildings in high-cost areas, in amounts up to 30 percent of the eligible basis of a building if the credits allowed under Section 42 of the Internal

Revenue Code, relating to low-income housing credit, are reduced by an equivalent amount.

(ii) An equivalent amount shall be determined by the California Tax Credit Allocation Committee based upon the relative amount required to produce an equivalent state tax credit to the taxpayer.

(B) For the fourth year, the difference between 30 percent and the sum of the applicable percentages for the first three years.

(3) In the case of any qualified low-income building that is a new building that is federally subsidized and receiving an allocation pursuant to subparagraph (B) of paragraph (1) of subdivision (g), the term “applicable percentage” means for the first three years, 9 percent of the qualified basis of the building, and for the fourth year, 3 percent of the qualified basis of the building.

(A) For each of the first three years, the percentage prescribed by the Secretary of the Treasury for new buildings that are federally subsidized for the taxable year.

(B) For the fourth year, the difference between 13 percent and the sum of the applicable percentages for the first three years.

(C) The entity acquiring the property enters into a regulatory agreement that requires the property to be operated in accordance with the requirements of this section for a period equal to the greater of 55 years or the life of the property.

(D) The property satisfies the requirements of Section 42(e) of the Internal Revenue Code, relating to rehabilitation expenditures treated as separate new building, except that the provisions of Section 42(e)(3)(A)(ii)(I) shall not apply.

(7) On and after January 1, 2018, in the case of any qualified low-income building that is (A) farmworker housing, as defined by paragraph (2) of subdivision (h) of Section 50199.7 of the Health and Safety Code, and (B) is federally subsidized, the term “applicable percentage” means for each of the first three years, 20 percent of the qualified basis of the building, and for the fourth year, 15 percent of the qualified basis of the building.

(d) The term “qualified low-income housing project” as defined in Section 42(c)(2) of the Internal Revenue Code, relating to qualified low-income building, is modified by adding the following requirements:

(C) Any amount allowed to be distributed under subparagraph (A) that is not available for distribution during the first five years of the compliance period may be accumulated and distributed any time during the first 15 years of the compliance period but not thereafter.

(2) The limitation on return shall apply in the aggregate to the partners if the housing sponsor is a partnership and in the aggregate to the shareholders if the housing sponsor is an “S” corporation.

(3) The housing sponsor shall apply any cash available for distribution in excess of the amount eligible to be distributed under paragraph (1) to reduce the rent on rent-restricted units or to increase the number of rent-restricted units subject to the tests of Section 42(g)(1) of the Internal Revenue Code, relating to in general.

If, as of the close of any taxable year in the compliance period, after the first year of the credit period, the qualified basis of any building exceeds the qualified basis of that building as of the close of the first year of the credit period, the housing sponsor, to the extent of its tax credit allocation, shall be eligible for a credit on the excess in an amount equal to the applicable percentage determined pursuant to subdivision (c) for the four-year period beginning with the taxable year in which the increase in qualified basis occurs.

(f) The provisions of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, shall be modified as follows:

(1) Section 42(h)(2) of the Internal Revenue Code, relating to allocated credit amount to apply to all taxable years ending during or after credit allocation year, does not apply and instead the following provisions apply:

The total amount for the four-year credit period of the housing credit dollars allocated in a calendar year to any building shall reduce the aggregate housing credit dollar amount of the California Tax Credit Allocation Committee for the calendar year in which the allocation is made.

(2) Paragraphs (3), (4), (5), (6)(E)(i)(II), (6)(F), (6)(G), (6)(I), (7), and (8) of Section 42(h) of the Internal Revenue Code, relating to limitation on aggregate credit allowable with respect to projects located in a state, do not apply to this section.

(g) The aggregate housing credit dollar amount that may be allocated annually by the California Tax Credit Allocation Committee pursuant to this section, Section 12206, and Section 23610.5 shall be an amount equal to the sum of all the following:

For the purposes of this paragraph, the term “Consumer Price Index” means the last Consumer Price Index for All Urban Consumers published by the federal Department of Labor.

(B) Five hundred million dollars (\$500,000,000) for the 2020 calendar year, and up to five hundred million dollars (\$500,000,000) for the 2021 calendar year and every year thereafter. Allocations shall only be available pursuant to this subparagraph in the 2021 calendar year and thereafter if the annual Budget Act, or if any bill providing for appropriations related to the Budget Act, specifies an amount to be available for allocation in that calendar year by the California Tax Credit Allocation Committee, and the California Tax Credit Allocation Committee has adopted regulatory reforms aimed at increasing production and containing costs. A housing sponsor receiving a nonfederally subsidized allocation under subdivision (c) shall not be eligible for receipt of the housing credit allocated from the increased amount under this subparagraph. A housing sponsor receiving a nonfederally subsidized allocation under subdivision (c) shall remain eligible for receipt of the housing credit allocated from the credit ceiling amount under subparagraph (A).

(i) Eligible projects for allocations under this subparagraph include any new building, as defined in Section 42(i)(4) of the Internal Revenue Code, relating to newly constructed buildings, and the regulations promulgated thereunder, excluding rehabilitation expenditures under Section 42(e) of the Internal Revenue Code, relating to rehabilitation expenditures treated as separate new building, and is federally subsidized.

(iii) Notwithstanding any other provision of this section, for allocations pursuant to this subparagraph for the 2021 calendar year and thereafter, the California Tax Credit Allocation Committee shall prescribe regulations, rules, guidelines, or procedures necessary to implement a new allocation methodology that is aimed at increasing production and containing costs.

(iv) Of the amount available pursuant to this subparagraph, and notwithstanding any other requirement of this section, the California Tax Credit Allocation Committee may allocate up to two hundred million dollars (\$200,000,000) for housing financed by the California Housing Finance Agency under its Mixed-Income Program.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified

(h) The term “compliance period” as defined in Section 42(i)(1) of the Internal Revenue Code, relating to compliance period, is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the following requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. (8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.

(j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and the allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (6) of subdivision (c).

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application.

(D) Subparagraphs (B) and (C) shall not apply to projects receiving an allocation pursuant to subparagraph (B) of paragraph (1) of subdivision (g).

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term “secretary” shall be replaced by the term “Franchise Tax Board.”

(l) In the case in which the credit allowed under this section exceeds the “net tax,” the excess may be carried over to reduce the “net tax” in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

The taxpayer may, only once, revoke an election to sell pursuant to this subdivision at any time before the California Tax Credit Allocation Committee allocates a final credit amount for the project pursuant to this section, at which point the election shall become irrevocable.

(B) A credit that a taxpayer elects to sell all or a portion of pursuant to this subdivision shall be sold for consideration that is not less than 80 percent of the amount of the credit.

(C) A taxpayer shall not elect to sell all or any portion of any credit pursuant to this subdivision if the taxpayer did not make that election in its application submitted to the California Tax Credit Allocation Committee.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(s) The amendments to this section made by Chapter 1222 of the Statutes of 1993 apply only to taxable years beginning on or after January 1, 1994.

(t) This section shall remain in effect on and after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect. (ii) To the extent the allocation of the credit to a partner under this section lacks substantial economic effect, any loss or deduction otherwise allowable under this part that is attributable to the sale or other disposition of that partner's partnership interest made prior to the expiration of the federal credit shall not be allowed in the taxable year in which the sale or other disposition occurs, but shall instead be deferred until and treated as if it occurred in the first taxable year immediately following the taxable year in which the federal credit period expires for the project described in clause (i).

A housing sponsor receiving a nonfederally subsidized allocation under subdivision (c) shall remain eligible for receipt of the housing credit allocated from the credit ceiling amount under subparagraph (A).

(i) Eligible projects for allocations under this subparagraph include any new building, as defined in Section 42(i)(4) of the Internal Revenue Code, relating to newly constructed buildings, and the regulations promulgated thereunder, excluding rehabilitation expenditures under Section 42 (e) of the Internal Revenue Code, relating to rehabilitation expenditures treated as separate new building, and is federally subsidized.

(ii) Notwithstanding any other provision of this section, for allocations pursuant to this subparagraph for the 2020 calendar year, the California Tax Credit Allocation Committee shall consider projects located throughout the state and shall allocate housing credits, subject to the minimum federal requirements as set forth in Sections 42 and 142 of the Internal Revenue Code, the minimum requirements set forth in Sections 5033 and 5190 of the California Debt Limit Allocation Committee regulations, and the minimum set forth in Section 10326 of the Tax Credit Allocation Committee regulations, for projects that can begin construction within 180 days from award, subject to availability of funds.

(iii) Notwithstanding any other provision of this section, for allocations pursuant to this subparagraph for the 2021 calendar year and thereafter, the California Tax Credit Allocation Committee shall prescribe regulations, rules, guidelines, or procedures necessary to implement a new allocation methodology that is aimed at increasing production and containing costs.

(iv) Of the amount available pursuant to this subparagraph, and notwithstanding any other requirement of this section, the California Tax Credit Allocation Committee may allocate up to two hundred million dollars (\$200,000,000) for housing financed by the California Housing Finance Agency under its Mixed-Income Program.

(2) The unused housing credit ceiling, if any, for the preceding calendar years.

(3) The amount of housing credit ceiling returned in the calendar year. For purposes of this paragraph, the amount of housing credit dollar amount returned in the calendar year equals the housing credit dollar amount previously allocated to any project that does not become a qualified low-income housing project within the period required by this section or to any project with respect to which an allocation is canceled by mutual consent of the California Tax Credit Allocation Committee and the allocation recipient.

(4) Five hundred thousand dollars (\$500,000) per calendar year for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(5) The amount of any unallocated or returned credits under former Sections 17053.14, 23608.2, and 23608.3, as those sections read prior to January 1, 2009, until fully exhausted for projects to provide farmworker housing, as defined in subdivision (h) of Section 50199.7 of the Health and Safety Code.

(h) The term “compliance period” as defined in Section 42(i)(1) of the Internal Revenue Code, relating to compliance period, is modified to mean, with respect to any building, the period of 30 consecutive taxable years beginning with the first taxable year of the credit period with respect thereto.

(i) Section 42(j) of the Internal Revenue Code, relating to recapture of credit, shall not be applicable and the following shall be substituted in its place:

The requirements of this section shall be set forth in a regulatory agreement between the California Tax Credit Allocation Committee and

the housing sponsor, and the regulatory agreement shall be subordinated, when required, to any lien or encumbrance of any banks or other institutional lenders to the project. The regulatory agreement entered into pursuant to subdivision (f) of Section 50199.14 of the Health and Safety Code shall apply, provided that the agreement includes all of the following provisions:

- (1) A term not less than the compliance period.
- (2) A requirement that the agreement be recorded in the official records of the county in which the qualified low-income housing project is located.
- (3) A provision stating which state and local agencies can enforce the regulatory agreement in the event the housing sponsor fails to satisfy any of the requirements of this section.
- (4) A provision that the regulatory agreement shall be deemed a contract enforceable by tenants as third-party beneficiaries thereto and that allows individuals, whether prospective, present, or former occupants of the building, who meet the income limitation applicable to the building, the right to enforce the regulatory agreement in any state court.
- (5) A provision incorporating the requirements of Section 42 of the Internal Revenue Code, relating to low-income housing credit, as modified by this section.
- (6) A requirement that the housing sponsor notify the California Tax Credit Allocation Committee or its designee if there is a determination by the Internal Revenue Service that the project is not in compliance with Section 42(g) of the Internal Revenue Code, relating to qualified low-income housing project.
- (7) A requirement that the housing sponsor, as security for the performance of the housing sponsor's obligations under the regulatory agreement, assign the housing sponsor's interest in rents that it receives from the project, provided that until there is a default under the regulatory agreement, the housing sponsor is entitled to collect and retain the rents.
- (8) A provision that the remedies available in the event of a default under the regulatory agreement that is not cured within a reasonable cure period include, but are not limited to, allowing any of the parties designated to enforce the regulatory agreement to collect all rents with respect to the project; taking possession of the project and operating the project in accordance with the regulatory agreement until the enforcer determines the housing sponsor is in a position to operate the project in accordance with the regulatory agreement; applying to any court for specific performance; securing the appointment of a receiver to operate the project; or any other relief as may be appropriate.
- (j) (1) The committee shall allocate the housing credit on a regular basis consisting of two or more periods in each calendar year during which applications may be filed and considered. The committee shall establish application filing deadlines, the maximum percentage of federal and state low-income housing tax credit ceiling that may be allocated by the committee in that period, and the approximate date on which allocations shall be made. If the enactment of federal or state law, the adoption of rules or regulations, or other similar events prevent the use of two allocation periods, the

committee may reduce the number of periods and adjust the filing deadlines, maximum percentage of credit allocated, and allocation dates.

(2) The committee shall adopt a qualified allocation plan, as provided in Section 42(m)(1) of the Internal Revenue Code, relating to plans for allocation of credit among projects. In adopting this plan, the committee shall comply with the provisions of Sections 42(m)(1)(B) and 42(m)(1)(C) of the Internal Revenue Code, relating to qualified allocation plan and relating to certain selection criteria must be used, respectively.

(3) Notwithstanding Section 42(m) of the Internal Revenue Code, relating to responsibilities of housing credit agencies, the California Tax Credit Allocation Committee shall allocate housing credits in accordance with the qualified allocation plan and regulations, which shall include the following provisions:

(A) All housing sponsors, as defined by paragraph (3) of subdivision (a), shall demonstrate at the time the application is filed with the committee that the project meets the following threshold requirements:

(i) The housing sponsor shall demonstrate there is a need and demand for low-income housing in the community or region for which it is proposed.

(ii) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project and that the proposed operating income shall be adequate to operate the project for the extended use period.

(iii) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(iv) The housing sponsor shall have and maintain control of the site for the project.

(v) The housing sponsor shall demonstrate that the project complies with all applicable local land use and zoning ordinances.

(vi) The housing sponsor shall demonstrate that the project development team has the experience and the financial capacity to ensure project completion and operation for the extended use period.

(vii) The housing sponsor shall demonstrate the amount of tax credit that is necessary for the financial feasibility of the project and its viability as a qualified low-income housing project throughout the extended use period, taking into account operating expenses, a supportable debt service, reserves, funds set aside for rental subsidies and required equity, and a development fee that does not exceed a specified percentage of the eligible basis of the project prior to inclusion of the development fee in the eligible basis, as determined by the committee.

(B) The committee shall give a preference to those projects satisfying all of the threshold requirements of subparagraph (A) if both of the following apply:

(i) The project serves the lowest income tenants at rents affordable to those tenants.

(ii) The project is obligated to serve qualified tenants for the longest period.

(C) In addition to the provisions of subparagraphs (A) and (B), the committee shall use the following criteria in allocating housing credits:

(i) Projects serving large families in which a substantial number, as defined by the committee, of all residential units are low-income units with three or more bedrooms.

(ii) Projects providing single-room occupancy units serving very low income tenants.

(iii) Existing projects that are “at risk of conversion,” as defined by paragraph (6) of subdivision (c).

(iv) Projects for which a public agency provides direct or indirect long-term financial support for at least 15 percent of the total project development costs or projects for which the owner’s equity constitutes at least 30 percent of the total project development costs.

(v) Projects that provide tenant amenities not generally available to residents of low-income housing projects.

(D) Subparagraph (B) and (C) shall not apply to projects receiving an allocation pursuant to subparagraph (B) of paragraph (1) of subdivision (g).

(4) For purposes of allocating credits pursuant to this section, the committee shall not give preference to any project by virtue of the date of submission of its application except to break a tie when two or more of the projects have an equal rating.

(5) Not less than 20 percent of the low-income housing tax credits available annually under this section, Section 12206, and Section 17058 shall be set aside for allocation to rural areas as defined in Section 50199.21 of the Health and Safety Code. Any amount of credit set aside for rural areas remaining on or after October 31 of any calendar year shall be available for allocation to any eligible project. No amount of credit set aside for rural areas shall be considered available for any eligible project so long as there are eligible rural applications pending on October 31.

(k) Section 42(l) of the Internal Revenue Code, relating to certifications and other reports to secretary, shall be modified as follows:

The term “secretary” shall be replaced by the term “Franchise Tax Board.”

(l) In the case in which the credit allowed under this section exceeds the “tax,” the excess may be carried over to reduce the “tax” in the following year, and succeeding years, if necessary, until the credit has been exhausted.

(m) A project that received an allocation of a 1989 federal housing credit dollar amount shall be eligible to receive an allocation of a 1990 state housing credit dollar amount, subject to all of the following conditions:

(1) The project was not placed in service prior to 1990.

(2) To the extent the amendments made to this section by the Statutes of 1990 conflict with any provisions existing in this section prior to those amendments, the prior provisions of law shall prevail.

(3) Notwithstanding paragraph (2), a project applying for an allocation under this subdivision shall be subject to the requirements of paragraph (3) of subdivision (j).

(n) The credit period with respect to an allocation of credit in 1989 by the California Tax Credit Allocation Committee of which any amount is

attributable to unallocated credit from 1987 or 1988 shall not begin until after December 31, 1989.

(o) The provisions of Section 11407(a) of Public Law 101-508, relating to the effective date of the extension of the low-income housing credit, apply to calendar years after 1989.

(p) The provisions of Section 11407(c) of Public Law 101-508, relating to election to accelerate credit, shall not apply.

(q) (1) A corporation may elect to assign any portion of any credit allowed under this section to one or more affiliated corporations for each taxable year in which the credit is allowed. For purposes of this subdivision, “affiliated corporation” has the meaning provided in subdivision (b) of Section 25110, as that section was amended by Chapter 881 of the Statutes of 1993, as of the last day of the taxable year in which the credit is allowed, except that “100 percent” is substituted for “more than 50 percent” wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993, and “voting common stock” is substituted for “voting stock” wherever it appears in the section, as that section was amended by Chapter 881 of the Statutes of 1993.

The taxpayer may, only once, revoke an election to sell pursuant to this subdivision at any time before the California Tax Credit Allocation Committee allocates a final credit amount for the project pursuant to this section, at which point the election shall become irrevocable.

(B) A credit that a taxpayer elects to sell all or a portion of pursuant to this subdivision shall be sold for consideration that is not less than 80 percent of the amount of the credit.

(C) A taxpayer shall not elect to sell all or any portion of any credit pursuant to this subdivision if the taxpayer did not make that election in its application submitted to the California Tax Credit Allocation Committee.

(2) (A) The taxpayer that originally received the credit shall report to the California Tax Credit Allocation Committee within 10 days of the sale of the credit, in the form and manner specified by the California Tax Credit Allocation Committee, all required information regarding the purchase and sale of the credit, including the social security or other taxpayer identification number of the unrelated party or parties to whom the credit has been sold,

the face amount of the credit sold, and the amount of consideration received by the taxpayer for the sale of the credit.

(B) The California Tax Credit Allocation Committee shall provide an annual listing to the Franchise Tax Board, in a form and manner agreed upon by the California Tax Credit Allocation Committee and the Franchise Tax Board, of the taxpayers that have sold or purchased a credit pursuant to this subdivision.

(3) A credit may be sold pursuant to this subdivision to more than one unrelated party.

(4) Notwithstanding any other law, the taxpayer that originally received the credit that is sold pursuant to paragraph (1) shall remain solely liable for all obligations and liabilities imposed on the taxpayer by this section with respect to the credit, none of which shall apply to a party to whom the credit has been sold or subsequently transferred. Parties that purchase credits pursuant to paragraph (1) shall be entitled to utilize the purchased credits in the same manner in which the taxpayer that originally received the credit could utilize them.

(5) A taxpayer shall not sell a credit allowed by this section if the taxpayer was allowed the credit on any tax return of the taxpayer.

(s) The California Tax Credit Allocation Committee may prescribe rules, guidelines, or procedures necessary or appropriate to carry out the purposes of this section, including any guidelines regarding the allocation of the credit allowed under this section. Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any rule, guideline, or procedure prescribed by the California Tax Credit Allocation Committee pursuant to this section.

(t) Any unused credit may continue to be carried forward, as provided in subdivision (l), until the credit has been exhausted.

(u) This section shall remain in effect on and after December 1, 1990, for as long as Section 42 of the Internal Revenue Code, relating to low-income housing credit, remains in effect.

(v) The amendments to this section made by Chapter 1222 of the Statutes of 1993 shall apply only to taxable years beginning on or after January 1, 1994, except that paragraph (1) of subdivision (q), as amended, shall apply to taxable years beginning on or after January 1, 1993.
