In the January 12 issue of the *Palo Alto Daily Post*, Braden Cartwright reported that, for questionable reasons, removed Council Member Lee Eng from several regional boards and committees. It is difficult for this resident to believe that is not payback for Lee Eng's refusal to bow to the woke mob in 2021.

Because of the majority's vindictiveness, the residents are hurt by the loss of intuitional memory, as new board members waste time on a learning curve. This could have avoided if Lee Eng had not been removed from her assignments. Shame on you.
