

January 2023
Library Stakeholder Report
Jennifer Weeks, County Librarian

SCCLD Rated #2 Large Library System in Country

For the fifteenth year in a row SCCLD was named a Star Library by *Library Journal Index of Public Library Service 2022*, earning a top ranking of five stars. SCCLD was further honored with the [second highest ranking](#) of any library system in the U.S. with a budget of over \$30 million. SCCLD moved from 5th in 2021 to 2nd in 2022.

This is a wonderful way to wrap up the year and recognize the hard work and dedication of the entire SCCLD team. SCCLD brings their “A” game every day and this declaration is recognition of that. We are extremely proud of the tremendous effort that went into improving upon our already excellent service and we thank you, our stakeholders for your continued support.

The factors going into the rankings were library item circulation rates (both physical and eMaterials), library visits and program attendance, public computer users and Wi-Fi sessions, electronic retrievals and website visits, plus service populations.

Health Topic Focus for Library Events

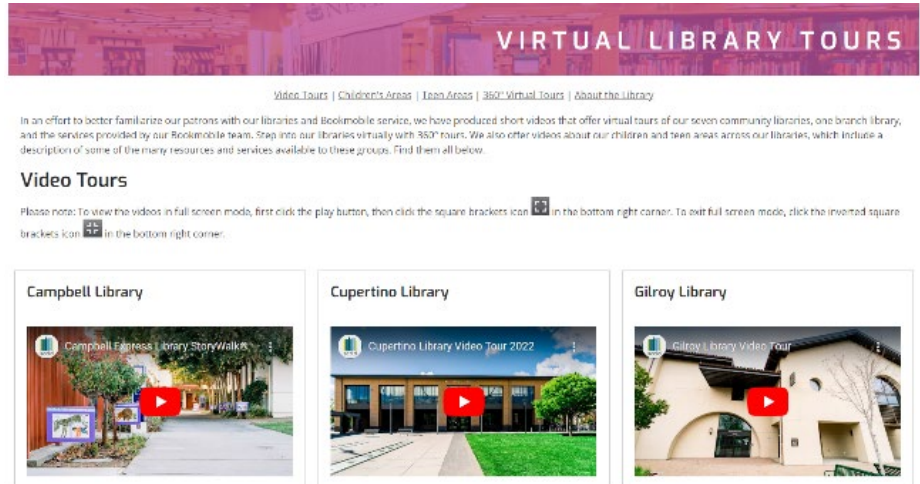

January is traditionally a time when many people commit to new healthy habits, be that around their diet, exercise, or other lifestyle changes. The Library is here to help, with a number of events that you will find in our

monthly Calendar on such topics as planning healthy meals, preventing diabetes, managing arthritis, and detecting cancer early among our online course options. Our libraries are also offering in-person programming, like Gilroy Library’s Alzheimer’s warning signs class and sustainable food book discussion, Los Altos Library’s sessions on low-waste living and eating healthy for all, and Milpitas Library’s meditation and exercise class. You can also check out our monthly [Health & Fitness booklists for adults](#), which includes the latest in titles that might be of interest to you in your journey.

New Way to Explore our Libraries Virtually

SCCLD has a new [Virtual Library Tours page](#) where patrons can view short videos about each library and Bookmobile describing their basic services and special features. There are also separate videos highlighting services for children and teens. A unique feature of the page are 360-degree videos of the main spaces at each of SCCLD's libraries, which give viewers an interactive 3D perspective that's the next best thing to going in person.

[Video Tours](#) | [Children's Areas](#) | [Teen Areas](#) | [360° Virtual Tours](#) | [About the Library](#)

In an effort to better familiarize our patrons with our libraries and Bookmobile service, we have produced short videos that offer virtual tours of our seven community libraries, one branch library, and the services provided by our Bookmobile team. Strap into our libraries virtually with 360° tours. We also offer videos about our children and teen areas across our libraries, which include a description of some of the many resources and services available to these groups. Find them all below.
