Subject: Regarding 2 story proposal by 658 Spargur Dr

Hi planning department

This is the homeowner of 649 Spargur Dr. I got the mail about the 2-story plan for 658 Spargur Dr.

I have some concerns about privacy, especially from the window on the second floor.

We are supportive only if they can meet all the followings:

1. For the window on **2nd floor (street facing and the direction facing to us)**: It's ok to have window for light, like the blue in the attached picture. But, not design in a way people can stand there to look at neighbor's front side and back yard.

Thanks for the help to facilitate it!

Best,
Jie
