Summary:

- On March 14, 2023, the City Council adopted Resolution No. 2023-14 affirming its Strategic Goals
- The City Council has identified six goal areas: Asset Management, Business Communities, Community Safety, Environmental Sustainability, Housing, and Neighborhood Safety Infrastructure

Staff Recommendation:

Review the City's Strategic Goals and provide modifications as needed

Subject: City Council Strategic Goals

Purpose

To review the City's Strategic Goals

Background

On March 14, 2023, the City Council adopted Resolution No. 2023-14 affirming its Strategic Goals. These goals guide the priorities and work of the City and help shape the annual budgeting process.

Discussion/Analysis

The six goals adopted by the City Council in 2023 are:

1. **Asset Management:** The City of Los Altos will set clear expectations through the budget process and allocate the necessary funding to support the maintenance and improvement of City facilities and infrastructure.
2. **Business Communities:** The City of Los Altos will support the different business communities in an effort to help them thrive, including implementing specific projects and/or elements of the Downtown Vision Plan and launching initiatives to bolster the other business communities.
3. **Community Safety:** The City of Los Altos will continue to provide the high-quality public safety services that the Community values. This will be achieved by implementing the City's policies as expressed in the Complete Streets Master Plan and other plans which support improving public safety, transportation safety and emergency preparedness services.
4. **Environmental Sustainability:** The City of Los Altos will be a leader in environmental sustainability through education, and adopting and implementing policies, initiatives and practices identified in the City's Climate Action and Adaptation Plan.
5. **Housing:** The City of Los Altos will implement the programs and policies of the Housing Element Update to support the creation of housing that is safe, diverse and affordable for all income levels to meet the needs of the Community and seek to increase and protect its green space.
6. **Neighborhood Safety Infrastructure**

It is recommended that Council review these Goals and provide modifications to them as needed.
