Subject: Quarterly Investment Portfolio Report – Quarter Ended December 31, 2022

Purpose

These quarterly reports are presented to both the City Council and the Financial Commission to keep both bodies apprised as to the status of the City’s investment holding and demonstrate compliance with the City’s Investment Policy.

Background

A review of the Investment Portfolio Report Quarter Ended December 31, 2022 was presented and discussed by the Financial Commission on February 27, 2023. The Financial Commission reviewed the Quarterly Investment Portfolio Report ending December 31, 2022, and had a brief discussion.

Discussion/Analysis

The summary provided below presents the sum of all City investment holdings. The City’s portfolio par value and market value, including LAIF but excluding operating cash, as of December 31, 2022, was \$59,002,231 and \$57,005,621 respectively. The City’s operating cash, as of December 31, 2022, was \$10,149,644.

As of December 31, 2022, 7.4% of the City’s portfolio was placed in Federal Agency Securities (Fannie Mae, Federal Home Loan Bank, Federal Home Loan Mortgage, and Federal Farm Credit), 13.8% in Asset-Backed Securities, 1.6% in Supra-National Agency Bond, 35.2% in US Treasuries, 23.4% in medium-term Corporate Notes and Commercial Paper, and 3.1% in Certificate of Deposits, with the balance of 15.5% in LAIF. This portfolio mix is illustrated as part of Attachment 1 with LAIF balance and performance as Attachments 3 and 4.

Full compliance with the City’s Investment Policy is monitored closely and on a per-trade basis as illustrated in Attachment 2. In accordance with California Government Code 53646(b)(3), the City of Los Altos has the ability to meet its pool expenditure requirements for the next six months.

As part of these quarterly updates, a status report is prepared by PFM which is included as Attachment 5: Investment Performance Review for the Quarter Ended December 31, 2022. It is important to note that this report highlights the performance of City investments that fall outside its liquid holdings with LAIF. This has been intentionally crafted to isolate the performance of the City’s independently managed investments. The return of the portfolio over ten years is 0.88%, which is highlighted on page 21 of the PFM Investment Performance Review Report (Attachment 5).

Recommendation

Receive the Investment Portfolio Report Quarter Ended December 31, 2022
