

## ACTION ITEM REPORT

**Item Title:** Consideration and ACTION to approve the Community Development Corporations action for upgrades to the parking areas at the Community Park and Memorial park.

**Recommendation:**

The CDC Board approved this at their meeting on March 3.

The Community Park and the Memorial Park parking lots need to be seal coated and restriped. That is something our staff cannot do. A company that specializes in that has submitted prices to have this done. It will be a huge improvement and preserve our parking areas at both parks for a long time. The price given is through a state contracted price of \$25,000 and it is a good price.

I recommend approval
