

ACTION ITEM REPORT

Item Title: Consideration and ACTION to approve upgrades to the parking areas at the Police Department and the Community Center

Recommendation:

Since we are upgrading the parking areas at the Community Park and the Memorial Park, and the contractor will be in Los Fresnos for that job, I got a quote to seal and re-stripe the parking lot at the Police Department and the Community Center. The state approved contracted price is \$5,000. This is very reasonable and will preserve these lots for many more years. We have the funds available under street repairs.

I recommend approval.
