

## ACTION ITEM REPORT

**Item Title:** Presentation by Southmost Regional Water Authority.

**Recommendation:**

Representatives (Marilyn Gilbert & Dr Hollmann) from SRWA will present information on SRWA. The City of Los Fresnos is a 2.28% owner in the facility and we receive that percentage of water production daily. Additionally, LF has an agreement to purchase the Town of Indian Lakes portion of water production which is 0.2%. Gabriela Fernandez is the city's representative on that board. A new representative will need to be appointed in the January or February meeting.
