

ACTION ITEM REPORT

Item Title: Consideration and ACTION to approve a resolution of the City of Los Fresnos supporting HB 4329 filed by State Representative Janie Lopez in support of a study by the Texas Water Development Board on the factors that affect the costs of developing drainage infrastructure.

Recommendation:

This is another attempt to help deal with drainage problems and continue to bring it to the forefront of thought on the state level by analyzing factors that impact the high cost of developing drainage infrastructure. Anything that brings about discussions on drainage is important and can help this region as well as Los Fresnos.

I recommend approval.
