

ACTION ITEM REPORT

Item Title: Consideration and ACTION to approve a resolution of the City of Los Fresnos supporting HB 4050 filed by State Representative Janie Lopez in support of a study by the Texas Department of Transportation to incorporate drainage in its planning process.

Recommendation:

This resolution supports our State Representative in requiring TxDot to include drainage as a main component in their process of designing roads, new or old. In the past as we are aware, (lack of proper drainage when TxDot redid Highway 100 through the City) TxDot has not always included drainage as a key component. They have generally been mainly concerned with their roadway and left drainage up to others. As we know, that is not good.

I recommend approval.
