

## ACTION ITEM REPORT

**Item Title:** Consideration and ACTION to accept insurance payment on damaged Police Unit VIN 4392 and authorize City Manager to secure replacement vehicle.

**Recommendation:**

One of our vehicle's was damaged in a pursuit where subject rammed our police unit. No one was injured and the subject was apprehended. Fortunately, this is the oldest unit with the most miles. Our insurance will handle the settlement and of course go after the subject for reimbursement. Below are the options the insurance company is offering.

Settlement options:

Option 1- TML takes possession of the vehicle salvage.

Settlement = \$11,875 market value - \$500 deductible = \$11,375 payment

Option 2- The City keeps the vehicle salvage.

Settlement = \$11,875 market value - \$3,536 salvage - \$500 deductible = \$7,839 payment

I recommend Option 1 and allowing me to work with Enterprise for a replacement unit. The payment will offset the cost for this year not impacting our existing budget.
