

ACTION ITEM REPORT

Item Title: Consideration and action on awarding a contract for construction services to MJA Construction, LLC in the amount of \$25,433.15 under the Texas Department of Agriculture (TDA) CDBG Contract No. CDV23-0338 grant.

Recommendation:

This is the last part of this grant for street repairs. Completed is 9th Street from Mesquite Street to Olmo Street, 7th Street from Palma Street to Fresno Street and 5th Street from Mesquite Street to Palma Street. We had some funds left over so we added West First Street from the Cul-de-sac to Nogal Street knowing we would have to pay a portion but there would not be any leftover funds from the grant. This is the portion that the city is responsible for. With the grant, city match and this amount, we will have paved 7 separate full blocks. Another step in repairing streets.

I recommend approval.
