TOWN VISION STATEMENT

The Town of Los Gatos' Vision Statement describes the community at its full potential, and is the basis for the Five-Year Strategic Plan and accompanying priorities and goals. This Vision Statement articulates the future for Los Gatos and reflects the high ideals identified by the community:

Residents are united in their desire to maintain a high quality of life and preserve the character of the Town. The overall community consensus is that Los Gatos be a full-service community that is also environmentally sensitive; that Los Gatos maintains a balanced, well-designed mix of residential, commercial, service and open space uses, fostering a pedestrian-oriented community with a small town, village-like character; that Los Gatos supports an active business community that provides a wide variety of goods and services and a broad range of employment opportunities, eliminating the need to travel to other communities; and that Los Gatos provides a well-run, efficient municipal government that is fiscally healthy, with high levels of public safety, recreational, art and cultural amenities and is committed to high quality education.

Introduction

This Page Intentionally Left Blank

May 7, 2020

Honorable Mayor and Town Council:

I am pleased to present to you a balanced Fiscal Year (FY) 2020/21 Proposed Operating Budget for the Town of Los Gatos. I would also like to take this opportunity to thank the current Town Council as well as past Councils for your proactive and conservative approach to the Town's budget and finances over the years. Your fiscal stewardship has put the Town in an enviable position to manage the unprecedented nature of the COVID-19 pandemic crisis and its associated economic impacts.

The proposed Budget addresses the Council identified Strategic Priorities and considers other areas of importance to our community, the Council, and the Town organization. The proposed Budget also acknowledges the current economic realities associated with the global Covid-19 pandemic and positions the organization for what will likely be the nation's first recession since 2008. However, the ultimate impact to the organization is not expected to be known until the depth and breadth of the pending recession is fully understood.

The FY 2020/21 General Fund Budget programs total revenues and reserve transfers of \$53.2 million and expenditures and allocations of \$53.2 million. The Budget currently anticipates a slight surplus of \$11,905 and maintains existing service levels. This Budget also provides for limited strategic new investments toward important wildfire vegetation management, critical improvements to evacuation-related roadways, and other necessary infrastructure improvements, as the pandemic is not the only threat to our community's health and safety.

BUDGET DEVELOPMENT CONTEXT

An important aspect of the Town's budget development process is taking a multi-year approach. Serving as the foundation of the budget planning process, the Town updates the Five-Year Financial Forecast beginning in the fall of each year and it is presented to Council in early winter. The Forecast includes developing assumptions for Town revenues and expenditures with the goal of defining the expenditure limitations for the forthcoming budget year and forecast period.

On January 21, 2020, the Town Council received the following Five-Year Forecast which became the basis of Strategic Priority planning and budgetary considerations. As stated in January, a modest base case revenue growth forecast best reflected the economic environment at the time. As discussed with the Town Council in January, sensitivity analyses with respect to revenues and expenditures demonstrate that the Town organization is vulnerable to changes in forecasted economic conditions.

Original 5 Year Forecast "Base Case"	2020/21 Forecast (\$M)	2021/22 Forecast (\$M)	2022/23 Forecast (\$M)	2023/24 Forecast (\$M)	2024/25 Forecast (\$M)
Total Revenues, Transfers & Use of Reserves	\$45.8	\$47.3	\$48.4	\$49.6	\$51.2
Total Expenses & Allocations	\$45.3	\$45.6	\$46.8	\$47.3	\$48.1
Original Surplus/Deficit	\$0.5	\$1.7	\$1.6	\$2.3	\$3.1

Since the development of that original forecast, the unprecedented economic impacts associated with the local, national, and global mitigation of COVID-19 have necessitated significant revisions to growth projections for the Town's primary revenues of Property Tax, Sales Tax, and Transient Occupancy Tax (TOT). In close consultation with the Santa Clara County Assessor, Town Sales Tax consultant MuniServices, and a review of national and regional hospitality research, the following table illustrates the updated primary revenue growth projections.

	2020/21 Forecast	2021/22 Forecast	2022/23 Forecast	2023/24 Forecast	2024/25 Forecast
Original Base Case Property Tax Growth Projection	3%	3%	3%	3%	3%
Updated Proposed Budget Recession Scenario	2%	0%	3%	3%	3%
Original Base Case Sales Tax Growth Projection	MuniService Base Case	MuniService Base Case	MuniService Base Case	MuniService Base Case	MuniService Base Case
Updated Proposed Budget Recession Scenario	MuniService COVID-19 Scenario	MuniService COVID-19 Scenario	MuniService COVID-19 Scenario	MuniService COVID-19 Scenario	MuniService COVID-19 Scenario
Original Base Case Sales TOT Growth Projection	0%	0%	0%	0%	0%
Updated Proposed Budget Recession Scenario	-15%	-5%	0%	0%	0%

The net result of these revenue changes alone account for a \$1.8 million swing from the original FY 2020/21 base case revenue projections and an additional \$2.6 million revenue reduction in FY 2021/22 projected base case projection.

Net Changes in Revenues to Base Case	2020/21 Forecast (\$M)	2021/22 Forecast (\$M)
Sales Tax COVID-19 Scenario	(\$0.98)	(\$1.02)
TOT Shock Scenario	(\$0.4)	(\$0.1)
Property Tax Slow/No Growth Scenario	(\$0.4)	(\$1.5)
Totals	(\$1.78)	(\$2.62)

In addition to reassessing revenue growth, the Proposed Budget also forecasts anticipated increases in the Town’s pension obligations. One of the major cost drivers for the Town over the past decade has been unanticipated increases in pension and other post-employment benefits (OPEB). The Town’s plans over the past several decades, like all other CalPERS participants, have experienced unfavorable investment returns, changes in actuarial assumptions, and demographic changes which have outweighed any positive plan experiences. The outcome of these unfavorable economic and demographic results is the development of unfunded pension and OPEB obligations for the Town. According to the 2018 actuarial valuations, the unfunded actuarial liability for pensions was \$59.3 million and \$8.7 million for OPEB as of June 30, 2019.

Given recent volatility in financial markets, it is anticipated that CalPERS will not achieve its assumed investment rate of return of 7% in FY 2019/20. As such, staff modeled what the anticipated net increases in Unfunded Actuarial Liability (UAL) payments would be under varying investment return scenarios. As the following table illustrates, while there is no initial impact to the forecast due to lags in actuarial reporting, increased UAL payments start to erode previous surpluses projected in the later years of the forecast. With two months left in the 2019/20 fiscal year, the 0% return scenario most closely approximates CalPERS current return and is used for this Forecast.

Net Changes in UAL Payments to Base Case (millions)	2020/21 Forecast (\$M)	2021/22 Forecast (\$M)	2022/23 Forecast (\$M)	2023/24 Forecast (\$M)	2024/25 Forecast (\$M)
CalPERS Investment Loss 5% – Additional UAL	N/A	N/A	(\$0.07)	(\$0.15)	(\$0.22)
CalPERS Investment Loss 0% – Additional UAL	N/A	N/A	(\$0.26)	(\$0.51)	(\$0.77)
CalPERS Investment Loss -5% – Additional UAL	N/A	N/A	(\$0.44)	(\$0.88)	(\$1.30)

The Town’s conservative budgeting practices have historically yielded modest annual surpluses which, among other priorities, has provided the Town Council the latitude over the years to address these increases in pension obligations. To date, the Town has allocated or programmed approximately \$35.0 million in additional discretionary payments towards its pension and OPEB obligations.

In addition to conservative budgeting practices and proactive additional funding of pension and OPEB obligations, the Town has also taken a conservative approach to staffing. As the table below illustrates, since 2001 the Town has reduced its full-time employees by 16.7% to 150 FTE employees.

In March 2018, the Town Council received a presentation from staff entitled “*Preparing for the Next Recession.*” The presentation illustrated how the Town organization utilized expense reductions almost exclusively during the last two recessions and ultimately downsized the organization approximately twenty percent. As a result, expense reductions exclusively would be extremely challenging during the next recession if current high-quality level of services that the Los Gatos community deserves and has come to expect were to be maintained. As such, a sales tax increase dedicated exclusively for Los Gatos was identified as one way to help maintain Town service levels during the next economic downturn. In November 2018, the voters of Los Gatos approved a 1/8 cent sales tax which generates approximately \$1.0 million in additional ongoing sales tax revenue annually.

In 2019, the Town Council initiated the annexation of 24 unincorporated urban islands within the Town of Los Gatos. In addition to the efficiencies associated with the uniform provision of municipal services to island residents, the annexation ended the diversion of property tax revenue generated within Town limits to the County. The Council initiated annexation resulted in approximately \$1.0 million in ongoing annual property tax revenue for the Town.

The combined effect of retaining a tradition of conservative budgeting practices, maintaining reduced staffing levels, and enhancing ongoing revenue sources prepared the Town well for this pending recession.

The Town is affected economically by the COVID-19 pandemic and due to the Council’s proactive efforts over the past few years, the Town is expected to be in a position to maintain the Town’s high quality services in the short and medium terms. Below is a summary table of the Five-Year Forecast showing a balanced budget in the next two years and potential deficits in the out years which are within a reasonable margin that currently could be absorbed without affecting services. The Town continues to monitor economic indicators and other data. The Council will be apprised of any needed updates.

COVID-19 Scenario	2020/21 Forecast (\$M)	2021/22 Forecast (\$M)	2022/23 Forecast (\$M)	2023/24 Forecast (\$M)	2024/25 Forecast (\$M)	2025/26 Forecast (\$M)

FISCAL YEAR (FY) 2020/21 BUDGET BALANCING STRATEGIES

For FY 2020/21 the Proposed Operating Budget was balanced utilizing three primary budget balancing strategies. The first was to budget salaries for FY 2020/21 at actual salary plus a one-step increase, which is a departure from previous practice. While 68% of the workforce are already at top step or one step below top step, this strategy provides budgetary savings of approximately \$550,000.

The second strategy reassessed and recalculated the Internal Service Fund charges for the Town’s Equipment Replacement and Information Technology Funds. The decreased charges for Equipment Replacement and Information Technology resulted in approximate savings of \$68,000 and \$200,000, respectively.

The third strategy, per the Town’s General Fund Reserves Policy, transferred approximately \$800,000 from the Capital/Special Project Reserve. It should be noted that the Capital/Special Project Reserve transfer was from excess funds after recommended capital project additions contained in the Proposed Capital Improvement Program.

FIVE-YEAR FINANCIAL FORECAST

Similar to prior years, the Five-year Forecast serves as the foundation of the budget planning process. The Forecast includes updates to Town revenues and expenditures with the first year of the Forecast's revenue estimates being the most critical in the process as they ultimately define the expenditure limitations for the upcoming budget year. The revenue projections further refine the Town's planning for current and future expenditures based on future projections. The preliminary assumptions are used to forecast the Town's fiscal capacity and provide the financial framework within which the proposed Department service levels must be developed. They also serve as the basis to test the potential impacts of proposed policy and operational modifications based upon the Town Council's most recently adopted Strategic Priorities.

The Five-Year Forecast was developed with a recessionary/COVID-19 scenario. Lower revenues in the early years have ramifications throughout the forecast period as future revenue growth is extrapolated off lower initial base revenues. The revenue assumptions are informed by the County Tax Assessor, the Town's sales tax consultant, and direct communication with the Town's hospitality industry.

On the expenditure side, the Forecast recognizes higher pension costs due to the assumption that CalPERS will not meet its investment return expectations. This information was determined in coordination with the Town's actuarial consultant and CalPERS. In addition, the Town did scenario testing with a CalPERS cost model to understand the depth and breadth of the pension cost impact.

As previously mentioned, the Forecast includes a multitude of primary revenue and expenditure adjustments, the culmination of which is depicted in the Table below.

STRATEGIC GOALS AND PRIORITIES

In January 2020, the Town Council determined the Strategic Priorities for 2020-2022, providing guidance to Town staff on workload prioritization. The Town Council reaffirmed its Core Goals, including: Community Character, Good Governance, Fiscal Stability, Quality Public Infrastructure, Civic Enrichment, and Public Safety. Even with the significant budgetary revisions outlined in this Proposed Operating Budget, I am proud to report that many of Council's primary goals and priorities continue to be programed.

Several Strategic Priorities are not one-time projects, but rather are ongoing commitments due to their critical significance in ensuring the Town's fiscal and infrastructure stability and the safety and quality of life for Los Gatos residents, businesses, and visitors. These commitments include continuing to address the Town's unfunded pension and other post-employment benefits (OPEB) obligations; developing Measure B transportation projects so the Town is positioned to receive its fair share of the funds; and fostering emergency preparedness and community resilience.

In terms of capital projects, the Town Council affirmed its interest in investing in bicycle and pedestrian improvements and implementing elements of the Comprehensive Parking Study. In addition to capital projects, the Council identified new policy priorities which include preparing for the Regional Housing Needs Allocation process and exploring regional transportation solutions to alleviate increased roadway congestion.

Other Strategic Priorities position the Town for its future. The Council continues the General Plan Update to engage the community in land use planning and policies to guide development for the next couple of decades. Other Priorities address State housing legal mandates and enhancing economic and community vitality. As the Town transitions from sheltering-in-place to the reopening of businesses, the significance of enhancing economic and community vitality are paramount.

The following illustrates the Strategic Priorities adopted for FY 2020-22. Some of these priorities were acted upon during FY 2019/20 and the remaining items are included in this Operating and Capital Budget for FY 2020/21.

UNDERSTANDING THE BUDGET DOCUMENT

The Operating Budget document includes Town-wide information as well as information specific to each fund and each Department. The Town receives revenues from different sources, many of which have restrictions on how they can be used. Separate funds are established to account for the different types of revenues and allowable uses of those revenues.

The budget is prepared in accordance with Generally Accepted Accounting Principles. The budget for governmental funds has been prepared on a modified accrual basis. The modified accrual basis recognizes expenditures when the related fund liability is incurred. Revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

FY 2020/21 FISCAL OUTLOOK

Overview

The workload and budgetary prioritization process took into account the Town's current economic reality and long term fiscal picture, as well as high priority service delivery needs. Key principles include:

- Develop and recommend a balanced budget that maintains service levels;
- Position for multi-year recession
- Continue to make progress on Strategic Priorities identified by the Town Council; and
- Identify opportunities to enhance service delivery through new revenue sources, technology, and open government.

As shown in the chart below, the Proposed Budget is largely funded by the General Fund (68.6%).

For Council's consideration, staff is recommending the following allocations:

- \$3,660,342 from the Pension/OPEB Reserve to pay off the 2015 CalPERS Gain/Loss base and transfer the residual balance to the restricted IRS 115 Pension Trust [California Employers' Pension Prefunding Trust (CEPPT)].
- \$572,158 residual balance from the Pension/OPEB Reserve to the restricted IRS 115 Pension Trust (CEPPT).
- \$390,000 annual General Fund Reserve Policy scheduled payment to the Pension/OPEB Reserve which will be transferred to the restricted IRS 115 Pension Trust (CEPPT).
- \$3,401,479 from the General Fund Capital/Special Projects Reserve to fund to the proposed Capital Improvement Program.
- \$1,200,000 from the Winchester property sale to Surplus Property Reserve for future Council allocation, including but not limited to potential COVID-19 economic impacts in FY 2019/20 and/or other potentially impacted fiscal years.
- \$769,308 from the General Fund Capital/Special Projects Reserve to fund one-time initiatives in FY 2020/21, including tree services, engineering consultants, temporary Parking Manager to implement the Comprehensive Parking Study, continuation of a part-time Code Compliance Officer, and other one-time expenses.
- \$35,306 residual balance from the Vehicle Maintenance and Store Reserve to the General Fund Capital/Special Projects Reserve per the General Fund Reserve Policy.
- \$17,762 from the General Fund Capital/Special Projects Reserve to the Budget Stabilization and Catastrophic Reserves to maintain the required 25% funding level of the proposed Operating Budget consistent with the General Fund Reserve Policy.

If the Town Council does not agree with these proposed recommendations, the Council should provide specific guidance as to the allocation of these funds. For example, should the Council wish to put more resources towards the Pension/OPEB Reserve, then a commensurate reduction would be needed in the Town's Capital Improvement Program.

General Fund

The General Fund pays for core services such as public safety, community development, parks and public works, library, and other services. The revenue used to pay for these services comes primarily from local taxes such as property tax, sales tax, transient occupancy tax, franchise fees, licenses and permits, Town services, fines and forfeitures, and a variety of other sources. As illustrated in the chart below, the majority of General Fund revenue supports the services provided by Police, Parks and Public Works, Community Development, and Library.

General Fund revenue is estimated at \$41.3 million in the FY 2020/21 Proposed Budget, excluding debt service, restricted pension trust activity, and fund transfers. This is a decrease of \$1.5 million (3.6%) when compared to the FY 2019/20 Adopted Budget. While Property Tax, Vehicle License Fee (VLF) backfill property tax, and Franchise Fees are projected to increase, Sales Tax, Transient Occupancy Tax, Business License Tax, and license and permit revenues are projected to decrease due to the impacts of the COVID-19 pandemic.

The Town's General Fund operating budget expenditures for FY 2020/21 are projected to increase slightly by \$0.4 million compared to the prior year's Adopted Budget (excluding fund transfers, \$4.2 million payment to CalPERS, and debt service). The increase in FY 2020/21 is primarily attributable to the negotiated one year cost of living adjustment to attract and retain high performing employees. Other components of the expenditures include employee benefits, grants and awards, internal service charges, operating expenses for supplies and services, and debt service. The delivery of Town services is highly dependent on labor, which makes up 59.5% of budgeted General Fund expenditures for FY 2020/21.

Internal Service Funds

Internal Service Funds are used for areas where goods or services are provided to other Town Departments. Internal Service Funds include funds and programs for Information Technology, Liability Insurance, Workers' Compensation, Facilities Maintenance, and Equipment Replacement. Staff is proposing reduced charges for the Town's Equipment Replacement and Information Technology Funds. The reassessment and recalculation of these funds results in decreased charges and budgetary savings of approximately \$68,000 and \$200,000, respectively.

Capital Projects Fund

The Capital Improvement Projects Fund is typically used to account for financial resources that are used for the acquisition or construction of major capital infrastructure or to provide or

improve facilities for Town Departments as identified in the five-year Capital Improvement Program (CIP).

The proposed FY 2020/21 Town-wide expenditures from the Capital Projects Funds is \$13.8 million (excluding transfers out) which is inclusive of \$5.8 million in General Fund Appropriated Reserve for the Town's CIP program.

Special Revenue Funds

Special Revenue Funds are a fund type used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Special Revenue Funds account for 0.8% of the Town-wide expenditure budget. The Town's largest Special Revenue Fund is the Urban Run-Off Source Fund. The total proposed Budget for Special Revenue Funds for FY 2020/21 is \$596,814.

Trust Funds

Trust funds are used to account for assets held by the Town as a trustee agent for individuals, private organizations, and other governments. The Town's Trust Funds are comprised of four trusts established to provide for the servicing of donations and bequests to the Town's Library program. The FY 2020/21 budgeted expenditures in this trust fund total \$114,455.

Successor Agency to the Los Gatos RDA Funds

The Successor Agency to the Los Gatos Redevelopment Agency (RDA) is a private purpose trust fund that accounts for the assets, liabilities, and operations transferred from the dissolution of the Town's RDA. These funds include Certificates of Participation issued to finance several capital improvement projects throughout the Town and repayment of obligations incurred by the Town's RDA prior to its dissolution. The FY 2020/21 budgeted expenditures in this trust fund total \$3.8 million.

GENERAL FUND RESERVES

The total General Fund Reserves are forecasted at a balance of approximately \$21.8 million as of June 30, 2021. Additional information on the estimated FY 2019/20 and FY 2020/21 year-end General Fund balances can be found in the Financial Summaries section. As indicated in the next chart, the General Fund reserves are decreasing from prior years due primarily to previous programmed payments toward the Town's unfunded pension/OPEB obligations and transfers to the CIP program. Transfers to the CIP program include \$7.0 million (FY 2016/17), \$2.4 million (FY 2017/18), \$2.4 million (FY 2018/19), \$5.7 million (FY 2019/20), and \$3.4 million in FY 2020/21.

Pension/OPEB transfers of note include the \$4.5 million California Public Employees Retirement System (CalPERS) side-fund payoff in June 2014 and \$4.8 million in FY 2019/20. In FY 2020/21, the proposed transfer to CalPERS and the CEPPT Trust is \$5.8 million

Catastrophic and Budget Stabilization Reserves

As per the Town's General Fund Reserve Policy and reaffirmed by Council, the Catastrophic and Budget Stabilization Reserves are to be maintained at combined minimum funding level of 25% of General Fund ongoing operating expenditures. The funding requirement is equally divided between the Catastrophic Reserve (12.5%) and the Budget Stabilization Reserve (12.5%). Fund balance in these reserves is used to fund future fluctuations in the economy due to catastrophic events and mitigating cyclical changes in locally generated revenues from temporary downturns in the local economy. Staff recommends transferring \$16,762 from available prior year-end saving to meet the required 25% funding level, or \$10.8 million total for FY 2020/21.

Pension/OPEB Reserve

Committed fund balance in this reserve is used to fund pension and Other Post-Employment Benefits (OPEB) unfunded obligations. This reserve is primarily used to house additional discretionary payments budgeted for future allocation to CalPERS. The Town's Pension/OPEB Oversight Committee has determined that additional discretionary payments will be allocated directly to CalPERS.

With Council direction, upon the close of the fiscal year, the CalPERS/OPEB Reserve receives \$300,000 of the available year-end savings. In FY 2018/19 the Council approved development of an additional reserve policy to reduce the amortization period for prior amortization bases from 30 years to 20 years. Initial annual programming of \$390,000 was established subject to final adjustment based upon updated CalPERS actuarial valuations. The Council Finance Committee makes recommendations for the allocation methodology for use of these funds for future Town Council/Oversight Committee consideration.

Capital / Special Projects

With Council direction, upon the close of the fiscal year, the Capital/Special Projects Reserve receives the Town's annual revenues above operating expenditures after funding all legally restricted reserves at their required levels. Fund balance is assigned for the acquisition and construction of capital facilities. In FY 2020/21, the amount being allocated to the Capital Improvement Program is \$3.4 million. Approximately \$800,000 is proposed to be allocated for one-time uses in FY 2020/21 as described previously. It is anticipated the Reserve will have approximately \$3.3 million as of June 30, 2021.

Compensated Absences Reserve

A reserve is maintained annually to fund 50% of all vested hours of vacation earnings. It is anticipated the reserve will have approximately \$1.2 million as of June 30, 2021.

Surplus Property Reserve

A reserve established for placing the proceeds from surplus property sales until further Town Council reallocation. It is anticipated the reserve will have approximately \$1.2 million as of June 30, 2021.

Other

The Town has several other smaller reserves that have been classified as other. These reserves include an authorized carryforward, open space reserve which may be used to make selective open space acquisitions, and a sustainability reserve which will be used to fund projects that enhance the community environment. Please refer to the Financial Summaries section (C-1) for additional information.

KEY BUDGET ASSUMPTIONS

Revenues

The FY 2020/21 Budget incorporates anticipated impacts of the COVID-19 epidemic and the subsequent recessionary environment with the General Fund revenues (excluding debt payments, restricted pension trust activity, and fund transfers in) expected to decrease by \$0.6

million to \$42.3 million from prior year budgeted revenues. Revenue projections for each category were based upon estimates provided to the Town by the Santa Clara County Assessor, the Town’s sales tax consultant, and careful examination of revenue trends, patterns, and industry research.

The net decrease in overall revenues is mostly due to forecasted increases in some revenues such as property tax and franchise fees. Sales tax, business license tax, licenses and permits, and transient occupancy tax are projected to decrease in FY 2020/21 and then increase gradually over time albeit from a lower base. The sales tax projections include the voter approved one-eighth general purpose sales tax dedicated to the Town of Los Gatos. Revenue collection began in April 2019. Additional details regarding the assumptions used in the development of revenue estimates can be found in the Forecast Assumptions discussion later in this section.

Expenditures - Staffing

The proposed Budget includes minor adjustments to staffing.

Departments	FY 2019/20	FY 2020/21
	Authorized/Funded Town Staff Position	Authorized/Funded Town Staff Position
Town Council	0.50	0.50
Town Attorney	1.88	1.88
administrative Services	20.18	20.18
Community Development	20.08	20.20
Police Department	60.00	60.00
Parks & Public Works	34.50	34.75
Library	12.50	12.50
Total Position	149.63	150
All Hourly Employee Staff Converted to FTE's	10.68	11.03
	160.31	161.03

The FY 2020/21 Operating Budget has 161.03 budgeted FTEs, including temporary staff. This reflects an increase of 0.72 FTE compared to the prior year. The recommended FY 2020/21 staffing levels also reflect the following changes from the prior year’s Adopted Budget:

- *Administrative Services and Town Offices* - The FY 2020/21 budget reflects the remaining year of a part time, two-year position to assist with the Town’s emergency preparedness activities and regional emergency management engagement.
- *Police* –The FY 2020/21 budget contains one-time requests for Temporary Parking and Project Managers to assist with the review and the implementation of the Comprehensive Parking Study and critical operational technology needs.
- *Community Development Department (CDD)* –The FY 2020/21 budget reflects a one-time request to continue the part time Code Compliance Officer and an 0.12 FTE increase of an Associate Planner position.
- *Parks and Public Works (PPW)* – The FY 2020/21 budget also includes a reclassification of a 1.0 FTE Engineer Technician position to a 1.00 FTE Senior Engineer Technician position and a 0.25 FTE increase of an Administrative Assistant position.

Non-Personnel Operating Expenditures

Non-Personnel expenditure budgets were developed based on actual expenditures in prior years, adjusted for FY 2020/21 funding needs. In light of limited available resources, the FY 2020/21 proposed budgeted non-personnel expenditures are conservative, with additions primarily limited to non-discretionary, contractually obligated, or mandated increases. Additional details regarding the assumptions used in the development of the expenditure estimates can be found in the Forecast Assumptions discussion later in this section.

STATE BUDGET IMPACTS

Preliminary data on the State of California FY 2020/21 Proposed Budget anticipate a \$54.3 billion deficit. The \$54.3 billion deficit is driven by three factors: approximately \$41 billion in revenue loss, \$7 billion increase in health and human services programs (mainly the state's Medi-Cal health program for the poor) and about \$6 billion in additional spending, mainly driven by the state's response to COVID-19. Full details will be available as part of the Governor's May Revised Budget.

Aside from tax payment deferral programs which are largely a question of cash flow, local revenues are well insulated from the state's budgetary problems. Unlike in prior recessions, local governments have strong and encompassing constitutional protection from state actions that might affect revenues and mandates. We can, however, expect substantial impacts in Local Streets and Roads (LSR) funds including from the Highway Users Tax Account (HUTA) and the SB1 Road Maintenance and Rehabilitation Account (RMRA).

The estimated Gas Tax revenue totals approximately \$1.2 million for FY 2020/21 due to the recently enacted Road Recovery and Repair Act of 2017 (SB1). These funds can only be used for new construction and reconstruction of Town streets.

ONGOING BUDGET CONSIDERATIONS:

Fire Protection Services

Fire Protection Services for the Town of Los Gatos are provided by the Santa Clara County Central Fire Protection District. These services have been provided under an annexation agreement effective March 18, 1970 in which the tax rate then in effect for Town's fire protection services was essentially transferred to the County's Central Fire Protection District. Based upon the latest assessed valuation reports provided by the County of Santa Clara, the property tax collected from Los Gatos residents for FY 2019/20 and remitted to the Santa Clara County Central Fire Protection District for fire protection services is estimated to be approximately \$18.7 million.

Unfunded Other Post-Employment Benefits (OPEB) and Pension Liabilities

The Town's pension unfunded actuarial liability (UAL) as of June 30, 2018 (the "date of value" for our most up to date actuarial valuation from the California Public Employees Retirement System or "PERS") is approximately \$59.3 million. The Town's unfunded actuarial OPEB liabilities are projected to total approximately \$8.7 million as of June 30, 2019.

In March 2017, the Town appointed three residents with financial expertise as non-voting members to the Town Council Finance Committee. The Committee is providing valuable guidance to the Town Council and staff in the development of long term strategies to pay down and manage OPEB and pension liabilities.

CONCLUSION

While the full effect of the COVID-19 pandemic on the national, State, and local economies remains uncertain, its impacts to the current budget and Five-Year Forecast are clearly significant. For this reason, the FY 2020/21 budget proposes positioning to a defensive posture to ensure the Town's high service levels are maintained, while also addressing the Town Council's priorities.

Considering future anticipated deficits, opportunities to enhance service delivery, while lowering operating costs through resource and workload redeployments and organizational restructuring will continue to be explored, evaluated, and implemented. As developments unfold at the local and State level, including additional unanticipated changes in major revenue source distributions or other unforeseen State revenue emergency orders, these items will be brought to Town Council's attention in a timely manner so that any potential budget actions can be taken.

Due to the proactive and conservative fiscal policies of the past, the Town is in an enviable position to manage the unprecedented nature of the current pandemic crisis. With this budget, we continue to fund important priorities, including new investments toward important wildfire vegetation management, critical improvements to evacuation related roadways, and other necessary infrastructure improvements. In addition, the Proposed Budget provides resources for the Town Council's new Strategic Priorities, such as implementation of the comprehensive parking study, other transportation demand management options, and exploring regional transportation solutions to alleviate increased roadway congestion.

I wish to thank all of the Departments, including Department Directors and the members of their management, analytical, and support staff, who worked diligently on the preparation of this budget document. In addition, I would like to recognize the efforts of the entire Finance Department and the Assistant Town Manager:

Stephen Conway, Finance Director
Gitta Ungvari, Finance and Budget Manager
Mark Gaeta, Accountant
Maurice De Castro, Accountant

Melissa Ynegas, Administrative Analyst
Diane Howard, Payroll Technician
Dorrie Romero, Administrative Technician
Arn Andrews, Assistant Town Manager

Again, I wish to thank the current Council for your fiscal stewardship which has left the Town on firm footing to navigate the unprecedented nature of the current pandemic crisis.

Respectfully submitted,

A handwritten signature in cursive script that reads "Laurel Prevetti".

Laurel Prevetti
Town Manager

The Town's required employer contribution rate estimates were developed using estimates provided by each plan's most recent actuarial valuation received from CalPERS. The employer contribution rates illustrated below reflect percentages of covered payroll. All plans reflect estimates of increased contributions beginning in FY 2022/23 related to the current estimate of zero return on investments for FY 2019/20. Beginning in FY 2021/22, the estimates of employer contributions were credited with an anticipated reduction associated with the approximate \$4.8M 2016 unfunded amortization base paid off in October 2019 and the approximate \$3.7M 2015 unfunded amortization base expected to be paid off in early FY 2020/21.

GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

**Town of Los Gatos
California**

For the Fiscal Year Beginning

July 1, 2019

Christopher P. Morrill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) has presented a Distinguished Budget Presentation Award to the Town of Los Gatos, California for its annual budget since the fiscal year beginning July 1, 2003. In order to receive this award, a government unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

FUND DESCRIPTIONS

The basic accounting and reporting entity for the Town is a fund. A fund is "an independent fiscal and accounting entity used to record all financial transactions related to the specific purpose for which the fund was created." Funds are established for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Funds used in government are classified into three broad categories: governmental, proprietary, and fiduciary. Governmental funds include activities usually associated with a typical state or local government's operations (public safety, general government activities, etc.). Proprietary funds are used in governments to account for activities often found in the private sector (utilities, stadiums, and golf courses are prime examples). Trust and Agency funds are utilized in situations where the government is acting in a fiduciary capacity as a trustee or agent. The various funds are grouped in fund types and categories as follow:

MAJOR AND NON-MAJOR GOVERNMENTAL FUNDS

These funds support activities usually associated with the governmental entities' operation (police, fire, and general government functions).

General Fund

The **General Fund is a Major Fund** and is the chief operating fund of the Town. All general tax revenues and other receipts not allocated by law or some other contractual agreement to other funds are accounted for in the General Fund. Expenditures of this fund include the general operating expenses traditionally associated with governments such as administration, engineering, and public safety.

Special Revenue Funds

Special Revenues Funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes. The following funds are **Non-Major Special Revenue Funds**:

- **Non-Point Source Maintenance Fund** - budgets and accounts for environmental services such as storm water management.
- **Community Development Block Grant Fund** - budgets and accounts for federal Community Development Block Grant monies.
- **Landscape and Lighting Special Assessment District Funds** - budgets and accounts for revenues and expenditures within special districts. The Town provides maintenance of the trees, landscaping, irrigation systems, lighting, sound wall and fences for improvements in the public right-of-way, within specific district boundaries.

∞ FUND DESCRIPTIONS ∞

Capital Project Funds

Capital Project Funds are used to account for the acquisition, construction, and improvement of capital facilities other than those financed by proprietary funds. The Town accounts for the following **Major Capital Project Funds**:

- **General Fund Appropriated Reserve** – established to provide resources for capital projects not fully funded from other sources.

The Town also accounts for the following **Non-Major Capital Project Funds**:

- **Storm Drain Basin Project Funds** – established to account for fees paid in conjunction with the development in three drainage areas.
- **Construction Tax Fund** – established to levy a tax based upon building additions or alterations. The types of taxes imposed include Capital Improvement, Utility Underground, and Parks.
- **Gas Tax Fund** – established to budget and account for revenues and expenditures pertaining to the maintenance and construction of Town streets.

NON-MAJOR PROPRIETARY FUNDS

There are two classifications of Proprietary Funds: Enterprise Funds and Internal Service Funds. Enterprise Funds are used to account for activities that are operated in a manner similar to a private business enterprise, where the cost of the goods or services are to be financed or recovered primarily through user charges. The Town does not currently utilize Enterprise Funds.

Internal Service Funds

Used to account for the revenues and expenditures of services provided to Town Departments. The Town has several **Non-Major Internal Service Funds**:

- **Equipment Replacement Fund** – established to accumulate monies for the replacement of major Town equipment and vehicles. When vehicles and equipment are acquired at a cost greater than \$10,000, a normal life span is calculated, and replacement costs are charged directly to the Departments over that life span with funds accruing to the Equipment Reserve Fund.
- **Vehicle Maintenance Fund** – established to budget and account for the cost of operating, maintaining and replacing automotive equipment used by other Town Departments. This fund is discontinued with the Fiscal Year 2019/20 Budget. Any fund balance was added to the General Fund Assigned Vehicle Maintenance and Store Residual Reserve.
- **Information Technology (IT) Fund** – established to budget and account for the cost of maintaining, replacing, and updating existing information technology used by Town Departments.
- **Office Stores Fund** - established to budget and account for photocopy equipment, postage and bulk meter expenses are controlled at one source point and expended to the Departments as they requisition the goods or services. Photocopies are charged to Departments at \$.05/copy. This fund discontinued with the Fiscal Year 2019/20 Budget. Any fund balance was added to the General Fund Assigned Vehicle Maintenance and Store Residual Reserve.

∞ FUND DESCRIPTIONS ∞

- **Workers' Compensation Fund** – established to budget and account for revenues derived from charges made to operating Departments at rates based on the State Compensation Fund, annually adjusted to ensure an adequate reserve for future claims. This fund is charged for administrative costs of settling claims as well as material and other costs of job-related illness or injury.
- **The Pooled Liability Assurance Network (PLAN) Self-Insurance Fund** - established to ensure an adequate reserve for future property and liability claims.

FIDUCIARY FUNDS

Fiduciary Funds are used to account for assets held by the Town acting in a fiduciary capacity for other entities and individuals. Such funds are operated to carry out the specific actions of trust agreements, ordinances and other governing regulations. There are two categories of fiduciary funds, Trust and Agency.

Trust Funds

Accounts for assets held by the Town in a trustee capacity under formal trust agreement. The Town currently administers the following funds:

- **Library Trust Fund** - established to account for the accounts for assets held in trust, through receipt of donations and bequests. Funds received from individuals, services organizations, and a library specific non-profit organization.
- **Clelles Ness Trust** – established to account for the accounts for a specific bequest subject to an agreement made for its use.
- **Susan McClendon Trust** – established to account for the accounts for a specific bequest subject to an agreement made for its use.
- **Barbara Jones Cassin Trust** – established to account for the accounts for a specific bequest subject to an agreement made for its use.
- **RDA Successor Agency Private Purpose Trust Fund** – established to account for the assets and liabilities transferred from the dissolution of the Town's former Redevelopment Agency and the continuing operations related to the existing Redevelopment Agency obligations.

Debt Service Funds

A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

FINANCIAL PRACTICES

REVENUE

- The Town maintains a diversified revenue base that is locally generated to shelter the community from fluctuations in any one revenue source.
- The Town audits and collects all locally generated taxes.
- The Town establishes and maintains all user charges and fees based on the cost of providing services.

BUDGETING and EXPENDITURE

- The Town Council considers and adopts an annual balanced budget effective from July 1st to June 30th of the following calendar year. A balanced budget requires current year operating expenses to be fully funded by current year revenues and identified undesignated/unreserved fund balance.
- Fund Balance Reserves are used only for non-recurring “one-time” and capital projects and not for on-going operations.
- Long-term debt is confined to capital improvements or special projects that cannot be financed from current revenues.
- The Town Manager is authorized to implement the programs as approved in the adopted budget. Within a specific fund the Town Manager may transfer appropriations between categories, Departments, projects, and programs as needed to implement the adopted budget.
- With the approval of the Town Manager, unexpected appropriations may be carried forward to the next fiscal year provided funds have been previously encumbered for a specific purpose.
- The annual budget includes a \$100,000 Designated Contingency for non-recurring, unanticipated expenditures. The Town Manager may approve expenditures from this contingency if needed during the fiscal year.
- A capital outlay (fixed asset) purchase is any single item or piece of equipment which costs more than \$10,000 and has an expected useful life exceeding one year.
- A mid-year budget report is submitted to the Town Council to provide information on the status of the Town’s financial condition.

FUND BALANCE RESERVES

Reserves are established, dedicated, and maintained annually to meet known and estimated unknown future liabilities through actions of the Town Council.

Restricted fund balance is either imposed by law or constrained by grantors, contributors, or other governmental.

∞ FINANCIAL PRACTICES ∞

- IRS 115 Trust is established for the mitigate the Town's unfunded pension obligation
- The specific Fund Balance Reserves include but are not limited to a restricted Reserve for:
 - ▶ A fully funded workers' compensation and unemployment insurance
 - ▶ Liability insurance including one year's premium payment to the insurance carrier or pool
- Reserves are maintained at a minimum of 25% of General Fund ongoing operating expenditures, equally divided between the Catastrophic Reserve (12.5%) and the Budget Stabilization Reserve (12.5%).
- When either Reserve drops below the minimum, per Town Council adopted policy, Town Council is required to develop a one to five-year reserve replenishment plan to meet the minimum threshold of 25% of General Fund ongoing, operating expenditures, excluding one-time expenditures.
- A Reserve is maintained for the depreciation and replacement of equipment.
- A Reserve is maintained for the maintenance of buildings.
- Pension/Other Post Employment Benefits (Pension/OPEB) Reserve is maintained to use as a supplemental funding source to pay down unfunded pension and other post employment liabilities.

Amounts that are constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. Examples of assigned fund reserves:

- Compensated Absences – A reserve is maintained annually to fund 50% of all vested hours of vacation earnings.
- Open Space – Town Council established this reserve in FY 1998/99 with an initial balance of \$500,000 to be used for the preservation of open space, connection of open space trails, the definition of the southern boundary of the Town with passive open space, and protection of unique natural features.
- Sustainability – Established by Town Council in FY 2008/09 budget by closing the Solid Waste Management Fund and placing the initial residual fund balance of \$296,554 in a General Fund reserve dedicated for conservation, recycling, and sustainability.
- Authorized Carry forward - A reserve is maintained for materials and services on approved purchase order and contracts which were issued but not finalized or fulfilled as of the end of the fiscal year but for which funds will be carried forward to the following fiscal year.
- Vehicle Maintenance and Stores Residual – A reserve established to hold the residual fund balances transferred to the Town's General Fund upon closing the Vehicle Maintenance and Stores Internal Service Funds for future Council reallocation.
- Surplus Property – A reserve established for placing the proceeds from surplus property sales until further Town Council reallocation.

∞ FINANCIAL PRACTICES ∞

- Capital/Special Projects Reserve – Funds reserved under this category are designated for key infrastructure and capital/special projects as identified in the Town’s 5-year Capital Improvement Plan, as there is no ongoing funding source to support the Town’s capital needs. The Council may also allocate funds from this Reserve for other purposes.

CAPITAL IMPROVEMENT

Capital Improvement Projects are funded by the following revenue sources:

- Available General Fund Reserves
 - Gas Taxes
 - Construction Fund Fees
 - ▶ Utility
 - ▶ Capital
 - ▶ Parks
 - Storm Drain Basin Fees
 - Grant Funding
 - Other state and federal funding sources as they become available
-
- The multi-year plan for capital improvements is updated annually. Future capital expenditures will be projected annually for a 5-year period based on changes in Council priorities or replacement of the infrastructure.
 - The annual Capital Improvement Plan is based on the multi-year Capital Improvement Program.
 - The Town coordinates the development of the Capital Improvement Plan with the development of the Operating Budget.
 - The Town identifies the estimated costs and potential funding sources for each capital project proposed prior to its submittal to the Town Council for approval.
 - Capital projects financed by issuing bonds are paid back within a period not to exceed the useful life of the project.
 - The Town Manager is authorized to implement the projects as approved in the adopted Capital Improvement Plan. Within a specific fund, the Town Manager may transfer appropriations between projects as needed to implement the adopted Capital Improvement Plan.

TITLE: General Fund Reserve Policy

POLICY NUMBER: 4-03

EFFECTIVE DATE: 05/16/2011

PAGES: 6

ENABLING ACTIONS:

REVISED DATES: 02/21/2017; 05/15/2018;
06/04/2019

APPROVED:

PURPOSE

The purpose of this Policy is to establish a target minimum level of designated reserves in the General Fund to:

- Reduce the financial impacts associated with a disaster or catastrophic event;
- Respond to the challenges of a changing economic environment, including prolonged downturns in the local, state, or national economy; and
- Demonstrate continued prudent fiscal management and creditworthiness.

BACKGROUND

The Town of Los Gatos has always maintained a high level of General Fund reserves, which has contributed to superior ratings by credit rating agencies; provided financial flexibility in economic downturns; contributed a source of investment income for General Fund operations; and assured financial coverage in the event of future emergencies.

GUIDING PRINCIPLES

Following sound financial practices and adhering to the Government Finance Officers of America (GFOA) recommendations, the Town's designated reserves include reserves for known and unknown contingencies, which take into consideration the:

- Diversity of revenue base
- Volatility of revenue structure

☞ GENERAL FUND RESERVE POLICY ☞

- Changes in political environment
- Frequency of operating surpluses/deficits
- Cash flow management practices

The General Fund Reserve Policy is to be reviewed by the Town Council as part of the annual operating budget review and adoption process.

POLICY

The fund balance is the difference between the assets and liabilities reported in a governmental fund. Under current accounting standards, there are five separate components of fund balance, each of which identifies the extent to which the Town is bound to honor constraints on the specific purposes for which amounts can be spent.

The following components are defined by Governmental Accounting Standards Board (GASB) Statement No. 54 and shall constitute the Town's Fund Balance:

- *Nonspendable Fund Balance* (inherently nonspendable)
- *Restricted Fund Balance* (externally enforceable limitations on use)
- *Committed Fund Balance* (self-imposed limitations on use)
- *Assigned Fund Balance* (limitation resulting from intended use)
- *Unassigned Fund Balance* (residual net resources)

The first two components listed above are not specifically addressed in this Policy due to the nature of their restrictions. The example of nonspendable fund balance is inventory. Restricted fund balance is either imposed by law or constrained by grantors, contributors, or laws or regulations of other governments. This Policy is focused on financial reporting of unrestricted fund balance, or the last three components listed above. These three components are further defined below.

The accounting policies of the Town consider restricted fund balance spent first when expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. Similarly, when an expenditure is incurred for purposes for which amounts of the unrestricted classifications of fund balance could be used, the Town considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

Committed Fund Balance

The Town Council, as the Town's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal action taken, such as an ordinance or resolution. These committed amounts cannot be used for any other purpose,

∞ GENERAL FUND RESERVE POLICY ∞

unless the Town Council removes or changes the specific use through the same type of formal action taken to establish the commitment. The Town Council action to commit fund balance

needs to occur within the fiscal reporting period; however, the amount can be determined subsequently at the final close of the fiscal year.

The Town currently sets aside funds into four committed reserves to address unforeseen emergencies or disasters, significant changes in the economic environment, unfunded pension and Other Post-Employment Benefits (OPEB) obligations, and key infrastructure and capital projects. These include the Catastrophic Reserve, Budget Stabilization Reserve, Pension (OPEB) Reserve and Almond Grove Street Projects Reserve.

Catastrophic Reserve

Funds reserved under this category shall be used to mitigate costs associated with unforeseen emergencies, such as a disaster or catastrophic event. Should unforeseen and unavoidable events occur that require the expenditure of Town resources beyond those provided for in the annual budget, the Town Manager or designee shall have authority to approve Catastrophic Reserve appropriations. The Town Manager or designee shall then present to the Town Council a budget amendment confirming the nature of the emergency and authorizing the appropriation of reserve funds.

The Town currently commits to maintaining this reserve at a minimum of 12.5% of General Fund ongoing operating expenditures (minus one-time expenditures).

Should a catastrophic disaster occur, the required reserve level should be adequate to meet the Town's immediate financial needs. For example, in the event of natural disaster, the Catastrophic Reserve would provide necessary coverage for basic operating expenses, including salary and benefits for safety and non-safety Town employees, while still meeting debt service obligations for approximately 60 days. This time frame would enable the Town to explore other available cash alternatives, including the use of internal service funds.

Budget Stabilization Reserve

Funds reserved under this category shall be used to mitigate annual revenue shortfalls (actual revenues less than projected revenues) due to changes in the economic environment and/or one-time uses that will result in future efficiencies and/or budgetary savings. Examples of "economic triggers" and one-time uses include, but are not limited to:

- An unplanned, major event such as a catastrophic disaster requiring expenditures which exceed the General Fund Catastrophic Reserve;
- Drop in projected/actual revenue of more than five percent in property or sales tax, or other economically sensitive revenues;
- Budgeted revenue taken over by another entity exceeding \$100,000;
- Loss of businesses considered to be significant sales tax generators;

☞ GENERAL FUND RESERVE POLICY ☞

- Reductions in projected/actual revenue of more than five percent due to actions by the state/federal government;
- Workflow/technical system improvements to reduce ongoing, personnel costs and enhance customer service;
- One-time maintenance of service levels due to significant economic/budget constraints; and
- One-time transitional costs associated with organizational restructuring to secure long-term personnel cost savings.

The Town currently commits to maintaining this reserve at a minimum of 12.5% of General Fund ongoing operating expenditures (minus one-time expenditures).

Should a loss of the Town's single highest source of sales tax revenue occur, the required reserve level should be adequate to meet the Town's immediate financial needs. For example, the reserve level in the Budget Stabilization Fund would provide for an approximate 3-year transition period, giving the Town adequate time to realign its operating costs with available resources, while minimizing service impacts.

Pension/OPEB Reserve

Funds reserved under this category shall be used to further mitigate costs associated with pension and OPEB unfunded obligations. These funds will be used as a funding source for potential additional discretionary payments to pay down unfunded pension and other post-employment obligations, or held in the reserve account to be used as a supplemental funding source for unanticipated increases to the annual pension and other post-employment costs resulting from future actuarial assumptions and investment market volatility.

This Policy requires the Town to set aside additional annual discretionary payments (ADPs) to reduce the effective amortization period of the Town's pension unfunded actuarial liabilities from approximately 30 years to 20 years. To facilitate the implementation of this Policy, staff shall update the estimated unfunded amortization schedules in conjunction with the Town's and CalPERS actuaries. This process will coincide with the annual proposed budget process to determine the additional annual discretionary payment levels required to maintain the goal of lowering the amortization period from a 30-year to a 20-year amortization period for all prior year actuarial bases through FY 18/19. The ADP is currently projected at \$390,000 for FY 2018/19 (subject to annual updates provided by CalPERS actuaries). Per Council direction ADPs will either be allocated directly to CalPERS, the Town's Pension IRS 115 Trust Fund, or the OPEB IRS 115 Trust Fund.

As part of the proposed budget for each forthcoming fiscal year, staff shall annually appropriate, to the extent possible, the amount of annual discretionary payments necessary to maintain the unfunded pension liability amortization shortening from 30 to 20 years.

∞ GENERAL FUND RESERVE POLICY ∞

In the event the annual amount required for additional discretionary payments is not available from operating revenues, the ADP shall be funded by a first lien on any one-time excess revenues above expenditures once other General Fund required reserve levels have been established at the appropriate levels as per the Town's General Fund Reserve Policy. If in any given year neither budgetary appropriations or a first lien on one-time excess revenues are sufficient to fund the annual ADP, that years ADP will be accrued to the following year until paid.

Additionally, effective upon the close of fiscal year 2015/16 and thereafter, if sufficient General Fund year-end savings are available and targeted reserve levels of 25% (12.5% for Catastrophic Reserve and 12.5% for Budget Stabilization Reserve) of the next fiscal year's operating budget and the funding the following year's proposed budget ADP have been met, upon final close of the fiscal year, a minimum of \$300,000 annually shall be deposited into the Pension/OPEB Reserve fund. In addition, Council can assign additional amount deposited to the Pension/OPEB Reserve with a formal Council action from available year end savings.

Almond Grove Street Project Reserve

Funds reserved under this category shall be used to reconstruct the 10 streets identified in the Almond Grove Street Rehabilitation Project specification.

The Council awarded the bid in April 2017 allowing for \$2.9 million savings within the project. The Council reappropriated the use of the savings through the FY 2017/18 budget process. The Almond Grove Reserve should be reduced by the identified \$2.9 million savings. The Almond Grove Street Reserve balance will be reduced at each fiscal year end by the funds expended on the Almond Grove Street Rehabilitation Project during the fiscal year.

Assigned Fund Balance

Amounts that are constrained by the Town's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. This Policy hereby delegates the authority to assign amounts to be used for specific purposes to the Town Manager for the purpose of reporting to assign amounts in the annual financial statements. A few examples of assigned fund balance follow.

- Encumbrances – material s and services on purchase order and contracts which are unperformed.
- Reappropriations – appropriated by the Council for specific projects or programs that were not completed and not encumbered by year end.
- GASB 31 Adjustments – unrealized investment gains that have been recorded in the financial statements in accordance with GASB 31.

☞ GENERAL FUND RESERVE POLICY ☞

Capital and Special Projects Reserve

Funds reserved under this category are designated for key infrastructure and capital/special projects as identified in the Town 5-year Capital Improvement Plan, as there is no ongoing funding source to support the Town's capital needs.

Unassigned Fund Balance

At the end of each fiscal year, the Finance Department reports on the audited year-end budgetary fiscal results. Should actual General Fund revenues exceed expenditures and encumbrances, a year-end operating surplus shall be reported. Any year-end surplus which results in the General Fund balance exceeding the level required by this Reserve Policy shall be available for allocation for the following, subject to Council approval:

- Offset projected future deficits
- Anticipated intergovernmental fiscal impacts
- One-time funding, non-recurring needs

Upon funding any of the above reserve levels pursuant to this General Fund Reserve Policy, any remaining surplus of fiscal year revenues above expenditures shall be placed in the Capital and Special Projects Reserve for appropriation within the Capital Improvement Program budget.

Replenishment of Unreserved Fund Balance

In keeping with the principles discussed in this Policy, when either fund is used, Town Council will develop a 1 to 5 year reserve replenishment plan to meet the minimum threshold of 25% of General Fund ongoing, operating expenditures, excluding one-time expenditures.

LONG TERM DEBT POLICY

TITLE: Long Term Debt Policy	POLICY NUMBER: 4-01
EFFECTIVE DATE: 11/2/16	PAGES: 3
ENABLING ACTIONS: 2016-062	REVISED DATES:
APPROVED:	

PURPOSE

The Long Term Debt Policy sets forth certain debt management objectives for the Town and establishes overall parameters for issuing and administering the debt for which the Town is financially obligated or is responsible for managing.

SCOPE

The following long term debt policy sets the considerations for issuing debt and provides guidance in the timing and structuring of long term debt commitments.

POLICY

GENERAL PRACTICES

1. The Town will seek to maintain and improve the current bond rating in order to minimize borrowing costs and preserve access to credit.
2. Bond issue proposals are to be accompanied by an analysis defining how the new issue, combined with current debt, impacts the Town’s debt capacity and conformance with Town debt policies.
3. Debt Service costs [General Obligation (GO) Bond, Certificate of Participation (COP), Revenue Bond, and Contractual Debt] are not to exceed 25% of the Town’s operating revenue.
4. A ratio of current assets to current liabilities of at least 2/1 will be maintained to ensure the Town’s ability to pay short-term obligations.

THE TOWN WILL CONSIDER THE ISSUANCE OF LONG TERM OBLIGATIONS UNDER THE FOLLOWING CONDITIONS:

1. The Town will use debt financing only for one-time capital improvement projects and unusual equipment purchases, and only under the following circumstances:
 - a. When the project is included in the Town's five-year capital improvement program and is in conformance with the Town's General Plan.
 - b. When the project is not included in the Town five-year capital improvement plan, but it is an emerging critical need whose timing was not anticipated in the five-year capital improvement program, or it is a project mandated immediately by State or Federal requirements.
 - c. When the project's useful life, or the projected service life of the equipment, will be equal to or exceed the term of the financing.
 - d. When there are designated revenues sufficient to service the debt, whether from project revenues, other specified and reserved resources, or infrastructure cost-sharing revenues.
 - e. Debt financing (other than tax and revenue anticipation notes) is not considered appropriate for any recurring purpose such as current operating and maintenance expenditures.
2. The costs of developing and maintaining the Successor Agency to the Town of Los Gatos Redevelopment Agency (Agency) long term debt policy will be borne by the Agency and will be developed in conjunction with amendments to existing redevelopment project area plans and/or new proposals to issue debt by the Successor Agency to the Town of Los Gatos Redevelopment Agency.
3. The Town will follow all State and Federal regulations and requirements regarding bond provisions, issuance, taxation and disclosure.
4. Costs incurred by the Town, such as bond counsel and financial advisor fees, printing, underwriters' discount, and project design and construction costs, will be charged to the bond issue to the extent allowable by law.
5. The Town will monitor compliance with bond covenants and adhere to federal arbitrage and disclosure regulations.

⌘ LONG TERM DEBT POLICY ⌘

PROCEDURES

This Long Term Debt Policy shall be adopted by resolution of the Town Council. The Treasurer shall present this Long Term Debt Policy as needed to the Town Council for review to ensure its consistency with the Town's long term debt objectives, and current law. Any amendments to this Long Term Debt Policy shall be approved by the Town Council.

COUNCIL POLICY MANUAL

Small Town Service Community Stewardship Future Focus

TITLE: Investment Policy

POLICY NUMBER: 4-02

EFFECTIVE DATE: 11/1/16

PAGES: 8

ENABLING ACTIONS: 2016-063

REVISED DATES: 5/16/17;5/15/2019;
9/3/2019

APPROVED:

PURPOSE

The Town of Los Gatos (the “Town”), incorporated in 1887, is located approximately 60 miles south of San Francisco, in the southwestern portion of Santa Clara County. The Town operates under the Council/Manager form of government. The Town Council is the legislative body for the Town. It has five members elected to serve staggered four year terms. The Town Manager is appointed by the Town Council.

The Town Council has adopted this Investment Policy in order to establish the investment scope, objectives, delegation of authority, standards of prudence, reporting requirements, internal controls, eligible investments and transactions, diversification requirements, risk tolerance, and safekeeping and custodial procedures for the investment of the funds of the Town. All Town funds will be invested in accordance with this Investment Policy and with applicable sections of the California Government Code.

This Investment Policy was originally adopted by the Town Council of the Town of Los Gatos November 1, 2016. Town Council adopted revisions replace any previous investment policy or investment procedures of the Town.

SCOPE

This Investment Policy applies to all of the Town's short-term operating funds. These funds are described in the Town's annual financial report and include, but are not limited to:

General Fund

∞ INVESTMENT POLICY ∞

Special Revenue Funds

Capital Project Funds
Debt Service Funds
Enterprise Fund
Internal Service Funds
Fiduciary Funds

Specifically excluded from this Investment Policy are amounts which are held by a trustee or fiscal agent and pledged as payment or security for bonds or other indebtedness, obligations under a lease, or obligations under certificates of participation. Such funds are invested in accordance with statutory provisions, ordinance, resolution, or indenture governing the issuance of the obligations. In addition, this Investment Policy is not applicable to the Town's Deferred Compensation Plan. These investments are directed by each employee participant in accordance with the rules of the Deferred Compensation Plan.

POLICY

OBJECTIVES

The Town's funds shall be invested in accordance with all applicable Town policies and codes, State statutes, and Federal regulations, and in a manner designed to accomplish the following objectives, which are listed in priority order:

1. Preservation of capital and protection of investment principal.
2. Maintenance of sufficient liquidity to meet anticipated cash flows.
3. Attainment of a market value rate of return.
4. Diversification to avoid incurring unreasonable market risks.

DELEGATION OF AUTHORITY

Management responsibility for the Town's investment program is delegated annually by the Town Manager to the Town Treasurer/Finance Director (the "Treasurer") pursuant to California Government Code Section 36510. The Treasurer may delegate the authority to conduct investment transactions and to manage the operation of the investment portfolio to other specifically authorized staff members. The Treasurer shall maintain a list of persons authorized to transact securities business for the Town. No person may engage in an investment transaction except as expressly provided under the terms of this Investment Policy.

The Treasurer shall develop written administrative procedures and internal controls, consistent with this Investment Policy, for the operation of the Town's investment program. Such procedures shall be designed to prevent losses arising from fraud, employee error, misrepresentation by third parties, or imprudent actions by employees.

∞ INVESTMENT POLICY ∞

The Town may engage the support services of outside investment advisors in regard to its investment program, so long as it can be demonstrated that these services produce a net financial advantage or necessary financial protection of the Town's financial resources.

PRUDENCE

The standard of prudence to be used for managing the Town's investments shall be California Government Code Section 53600.3, the prudent investor standard which states, "When investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing public funds, a trustee shall act with care, skill, prudence, and diligence under the circumstances then prevailing, including, but not limited to, the general economic conditions and the anticipated needs of the agency, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal and maintain the liquidity needs of the agency."

The Town's overall investment program shall be designed and managed with a degree of professionalism that is worthy of the public trust. The Town recognizes that no investment is totally without risk and that the investment activities of the Town are a matter of public record. Accordingly, the Town recognizes that occasional measured losses may occur in a diversified portfolio and shall be considered within the context of the overall portfolio's return, provided that adequate diversification has been implemented and that the sale of a security is in the best long-term interest of the Town.

The Treasurer and authorized investment personnel acting in accordance with written procedures and exercising due diligence shall be relieved of personal responsibility for an individual security's credit risk or market price changes, provided that the deviations from expectations are reported in a timely fashion to the Town Council and appropriate action is taken to control adverse developments.

ETHICS AND CONFLICTS OF INTEREST

Elected officials and Town employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program or could impair or create the appearance of an impairment of their ability to make impartial investment decisions. Elected officials and Town employees shall disclose to the Town Council any business interests they have in financial institutions that conduct business with the Town and they shall subordinate their personal investment transactions to those of the Town. In addition, the Town Manager and the Treasurer shall file a Statement of Economic Interests each year pursuant to California Government Code Section 87203 and regulations of the Fair Political Practices Commission.

∞ INVESTMENT POLICY ∞

SOCIALLY RESPONSIBLE INVESTING

In addition to and subordinate to the objectives set forth above, investment of funds should be guided by the following socially responsible investment goals when investing in corporate securities and depository institutions. Investments shall be made in compliance with the responsible investment goals to the extent that such investments achieve substantially equivalent safety, liquidity and yield compared to other investments permitted by state law.

(1) Environmental, Social Responsibility and Governance Concerns

Investments are encouraged in entities that support community well-being through safe and environmentally sound practices and fair labor practices. Investments are encouraged in entities that support equality of rights regardless of sex, race, age, disability or sexual orientation. All corporate securities within the portfolio will be monitored by an independent third-party who will provide the Town with an ESG (Environmental, Social Responsibility, and Governance) rating. The Town will prefer companies when appropriate that maintain a higher ESG rating as opposed to those companies that have a lower ESG Rating.

(2) Community Investments

Investments are encouraged in entities that promote community economic development, and investments are discouraged in entities that finance high-cost check-cashing and deferred deposit (payday-lending) businesses. Investments are encouraged in entities that have a demonstrated involvement in the development or rehabilitation of low-income affordable housing and have a demonstrated commitment to reducing predatory mortgage lending and increasing the responsible servicing of mortgage loans. Securities investments are encouraged in financial institutions that have a Community Reinvestment Act (CRA) rating of either Satisfactory or Outstanding, as well as financial institutions that are designated as a Community Development Financial Institution (CDFI) by the United States Treasury Department, or otherwise demonstrate commitment to community economic development.

AUTHORIZED SECURITIES AND TRANSACTIONS

All investments and deposits of the Town shall be made in accordance with California Government Code Sections 16429.1, 53600-53609 and 53630-53686, except that pursuant to California Government Code Section 5903(e), proceeds of bonds and any moneys set aside or pledged to secure payment of the bonds may be invested in securities or obligations described in the ordinance, resolution, indenture, agreement, or other instrument providing for the issuance of the bonds. Any revisions or extensions of these code sections will be assumed to be part of this Investment Policy immediately upon being enacted. However, in the event that amendments to these sections conflict with this Investment Policy and past Town investment practices, the Town may delay adherence to the new requirements when it is deemed in the best interest of the Town to do so. In such instances, after consultation with the Town's attorney, the Treasurer will present a recommended course of action to the Town Council for approval. All investment limits specified in the Policy are calculated at the time of investment.

INVESTMENT POLICY

The Town has further restricted the eligible types of securities and transactions as follows:

1. United States Treasury bills, notes, bonds, or certificates with a final maturity not exceeding five years from the date of trade settlement.
2. Federal Agency Obligations for which the faith and credit of the United States are pledged for the payment of principal and interest and which have a final maturity not exceeding five years from the date of trade settlement. There is no limit on the percentage of the portfolio that can be invested in this category, however, no more than 20% of the town's total portfolio shall be invested in the combination of Government National Mortgage Association (GNMA), Federal National Mortgage Association (FNMA) and Federal Home Loan Mortgage Corporation (FHLMC) mortgage-backed securities.
3. Federal Instrumentality (government sponsored enterprise) debentures, discount notes, callable securities, step-up securities, and mortgage-backed securities (including FNMA and FHLMC) with a final maturity not exceeding five years from the date of trade settlement. There is no limit on the percentage of the portfolio that can be invested in this category, however, no more than 20% of the town's total portfolio shall be invested in the combination of GNMA, FNMA, and FHLMC mortgage-backed securities.
4. Prime Commercial Paper with a maturity not exceeding 270 days from the date of trade settlement with the highest ranking or of the highest letter and number rating as provided for by a nationally recognized statistical-rating organization (NRSRO). The entity that issues the commercial paper shall meet all of the following conditions in either sub-paragraph A. or sub-paragraph B. below:

A. The entity shall (1) be organized and operating in the United States as a general corporation, (2) have total assets in excess of five hundred million dollars (\$500,000,000) and (3) Have debt other than commercial paper, if any, that is rated "A" or higher by a NRSRO.

B. No more than 10% of the Town's total portfolio shall be invested in money market funds of any one issuer, and the aggregate investment in money market funds shall not exceed 20% of the Town's total portfolio.

Securities that have been downgraded to a level that is below the minimum ratings described herein may be sold or held at the Town's discretion. The portfolio will be brought back into compliance with Investment Policy guidelines as soon as is practical.

The foregoing list of authorized securities and transactions shall be strictly interpreted. Any deviation from it must be preapproved by resolution of the Town Council.

PORTFOLIO MATURITIES AND LIQUIDITY

To the extent possible, investments shall be matched with anticipated cash flow requirements and known future liabilities. The Town will not invest in securities maturing more than five years from the

∞ INVESTMENT POLICY ∞

date of trade settlement, unless the Town Council has by resolution granted authority to make such an investment at least three months prior to the date of investment.

SELECTION OF BROKER/DEALERS

The Treasurer shall maintain a list of broker/dealers approved for investment purposes, and it shall be the policy of the Town to purchase securities only from those authorized firms. To be eligible, a firm must meet at least one of the following criteria:

- Be recognized as a Primary Dealer by the Federal Reserve Bank of New York or have a primary dealer within their holding company structure; or
- Report voluntarily to the Federal Reserve Bank of New York; or
- Qualify under Securities and Exchange Commission (SEC) Rule 15c3-1 (Uniform Net Capital Rule).

In addition, authorized broker/dealers must be licensed by the State of California as a broker/dealer as defined in Section 25004 of the California Corporations Code.

The Town may engage the services of investment advisory firms to assist in the management of the portfolio and investment advisors may utilize their own list of approved broker/dealers. Such broker/dealers will comply with the selection criteria above and the list of approved firms shall be provided to the Town on an annual basis or upon request.

In the event that an external investment advisor is not used in the process of recommending a particular transaction in the Town's portfolio, authorized broker/dealers shall attest in writing that they have received and reviewed a copy of the this Investment Policy and shall be required to submit and annually update a Town approved Broker/Dealer Information request form, which includes the firm's most recent financial statements.

The Town may purchase commercial paper from direct issuers even though they are not on the approved broker/dealer list as long as they meet the criteria outlined in Item 4 of the Authorized Securities and Transactions section of this Investment Policy.

COMPETITIVE TRANSACTIONS

Each investment transaction shall be competitively transacted with authorized broker/dealers. At least three broker/dealers shall be contacted for each transaction and their bid and offering prices shall be recorded.

If the Town is offered a security for which there is no other readily available competitive offering, the Treasurer will document quotations for comparable or alternative securities.

∞ INVESTMENT POLICY ∞

SELECTION OF BANKS

The Treasurer shall maintain a list of banks and savings banks approved to provide banking services for the Town. To be eligible, a bank must be a member of the Federal Deposit Insurance Corporation, must qualify as a depository of public funds in the State of California as defined in California Government Code Section 53630.5 and shall secure deposits in excess of FDIC coverage in accordance with California Government Code Section 53652.

Authorized banks that accept deposits from the Town shall meet high standards with regard to liquidity, asset quality, profitability and capital adequacy. The Treasurer shall utilize a commercial bank rating service to perform credit analysis on banks seeking authorization. Banks that in the judgment of the Treasurer no longer offer adequate safety to the Town shall be removed from the Town's list of authorized banks.

SAFEKEEPING AND CUSTODY

The Treasurer shall select one or more financial institutions to provide safekeeping and custodial services for the Town. A Safekeeping Agreement shall be executed with each custodian bank prior to utilizing that bank's safekeeping services.

Custodian banks will be selected on the basis of their ability to provide services for the Town's account and the competitive pricing of their safekeeping related services. The purchase and sale of securities and repurchase agreement transactions shall be settled on a delivery versus payment basis. All securities shall be perfected in the name of the Town. Sufficient evidence to title shall be consistent with modern investment, banking and commercial practices.

All investment securities, purchased by the Town, will be delivered by book entry and will be held in third-party safekeeping by a Town approved custodian bank or its Depository Trust Company (DTC) participant account.

All Fed wireable book entry securities owned by the Town shall be held in the Federal Reserve System in a customer account for the custodian bank which will name the Town as "customer."

All DTC eligible securities shall be held in the custodian bank's DTC participant account and the custodian bank shall provide evidence that the securities are held for the Town as "customer."

PORTFOLIO PERFORMANCE

The investment portfolio shall be designed to attain a market rate of return throughout budgetary and economic cycles, taking into account prevailing market conditions, risk constraints for eligible securities, and cash flow requirements. The performance of the Town's investments shall be compared to the average yield on the U.S. Treasury security that most

∞ INVESTMENT POLICY ∞

closely corresponds to the portfolio's weighted average effective maturity. When comparing the performance of the Town's portfolio, its rate of return will be computed net of all fees and expenses.

REPORTING

No less than quarterly, the Treasurer shall prepare a report of the investment earnings and performance results of the Town's investment portfolio. The report shall be submitted to the Town Clerk within 45 days after the end of each quarter for inclusion as an agenda item at the next scheduled Town Council meeting. The report shall include the following information:

1. Investment type, issuer, date of maturity, par value and dollar amount invested in all securities, and investments and monies held by the Town;
2. A market value as of the date of the report (or the most recent valuation as to assets not valued monthly) and the source of the valuation;
3. Realized and unrealized gains or losses calculated by amortized cost and by fair value.
4. The weighted average maturity of the portfolio and a percentage breakdown of the total portfolio by maturity.
5. A description of the funds, investments and programs that are under the management of contracted parties;
6. A statement of compliance with this Investment Policy or an explanation for non-compliance; and
7. A statement of the ability to meet expenditure requirements for the next six months, and an explanation of why money will not be available if that is the case.

PROCEDURES

This Investment Policy shall be adopted by resolution of the Town Council. Annually the Town Manger shall present this Investment Policy to the Town Council for review to ensure its consistency with the Town's investment objectives, current law and economic trends. Any amendments to this Investment Policy shall be approved by the Town Council.

IRS SECTION 115 PENSION TRUST AND OPEB TRUST INVESTMENT POLICY

TOWN OF
LOS GATOS
CALIFORNIA

COUNCIL POLICY MANUAL

Small Town Service Community Stewardship Future Focus

TITLE: Town of Los Gatos IRS Section 115 Pension Trust and OPEB Trust Investment Policy

POLICY NUMBER: 4-04

EFFECTIVE DATE: 11/7/17

PAGES: 3

ENABLING ACTIONS: 2017-062

REVISED DATES: 12/18/2018; 12/03/2019

APPROVED:

PURPOSE

The Town of Los Gatos (the "Town") has established IRS Section 115 Trusts for both pension and other post-employment benefits (OPEB). The Pension Trust is administered by the CalPERS California Employers' Pension Prefunding Trust (the "CEPPT") and the OPEB trust is administered by the California Employers' Retiree Benefit Trust (the "CERBT"), collectively the "115 Trusts". The 115 Trusts provide for funding of pension, retiree health and other post-employment benefits for the City's eligible retirees. The CEPPT acts as an additional investment vehicle for the overall funding of pension liabilities associated with the Town's Miscellaneous and Safety Pension Plans (the "Pension Plans"). Funds in the 115 Pension Trust may be used for long-term capital accumulation and appreciation, additional discretionary payments (ADPs), and pension contribution management strategies. The CERBT is the single investment vehicle for the Town's OPEB Plan ("OPEB Plan"). The Town has established the 115 Trusts Oversight Committee (the "Oversight Committee") to oversee the assets of the 115 Trusts and to perform the duties and responsibilities set forth in this Investment Policy (IP).

COMPOSITION

The membership of the Oversight Committee is composed of the entire Town Council.

FIDUCIARY DUTIES AND RESPONSIBILITIES

1. The Oversight Committee has exclusive control of the investments of the 115 Trusts. The Oversight Committee will manage the funds under the Trusts:

☞ IRS SECTION 115 PENSION TRUST AND OPEB TRUST INVESTMENT POLICY ☜

a) solely in the interest of, and for the exclusive purposes of providing for funding of benefits for participants and their beneficiaries, minimizing employer contributions thereto, and defraying reasonable expenses of administering the Trusts;

b) with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims; and

c) by diversifying the investments of the Trusts so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly prudent not to do so.

2. The work of the Oversight Committee shall be consistent with written statement of Investment Policy (i.e., this Investment Policy for the Trusts). At least once every three years, the Oversight Committee will evaluate the appropriateness of the Investment Policy and, based on such evaluation, either confirm the tenets of the Investment Policy as then in effect, or amend the 115 Trusts Investment Policy as appropriate. The Investment Policy must include the following:

a) document investment objectives, performance expectations and investment guidelines for assets under the Trusts;

b) establish an appropriate investment strategy for managing all assets under the Trusts, including an investment time horizon, risk tolerance ranges and asset allocation to provide sufficient diversification and overall return over the long-term time horizon of the Trusts; and

d) establish periodic performance reporting requirements that will effectively monitor investment results and ensure that the investment policy is being followed.

INVESTMENT OBJECTIVES

1. The primary objective of the 115 Trusts investment portfolios is to satisfy the Pension Plans and OPEB Plan obligations to pay benefits to members and their beneficiaries. To do so, the 115 Trusts will seek to achieve long-term net returns in excess of the actuarial investment return assumption while maintaining a reasonable level of investment risk.
2. The funds will be managed as an ongoing concern with a long-term investment horizon, consistent with demographic profile of the members and beneficiaries of the plans.

∞ IRS SECTION 115 PENSION TRUST AND OPEB TRUST INVESTMENT POLICY ∞

3. A range of risks will be managed in connection with the trusts, with an emphasis on the following:
 - a) The impact of the investment decisions on the funded status of the plans and the resulting volatility of contributions.
 - b) Risk of loss of plan assets.
4. In determining the investment strategies of the 115 Trusts, various factors will be considered including, but not limited to:
 - a) The structure and duration of the Pension Plans and OPEB Plan liabilities.
 - b) Modern Portfolio Theory.
 - c) The liquidity needs of Pension Plans and OPEB Plan.

INVESTMENT STRATEGY/ASSET ALLOCATION

The Oversight Committee has delegated the investment management function to third parties. These third parties offer multiple asset allocation options with varying degrees of risk return profiles. The Oversight Committee has the sole discretion to select the asset allocation which best aligns with the aforementioned fiduciary standards and investment objectives.

The Oversight Committee will review the selected asset allocations annually. However, the Oversight Committee can review the current asset allocation selections at any time in light of market conditions.

MONITORING AND REPORTING

1. Monitor the 115 Trusts investment managers on an ongoing basis and may be terminated by Oversight Committee at any time due to performance or other developments that call into question the investment manager's ability to continue to effectively manage assets of the 115 Trusts.
2. Review and assess the performance of any Investment Manager(s) appointed by the Oversight Committee to perform services related to the Trusts quarterly.
3. Measure and evaluate the annual and quarterly performance of investment managers relative to appropriate long-term performance benchmark.
4. Measure and evaluate annual and quarterly fees.

⌘ IRS SECTION 115 PENSION TRUST AND OPEB TRUST INVESTMENT POLICY ⌘

5. Review quarterly cash flow statements associated with the Trusts.
6. Review the actuarial pension evaluation annually.
7. Review the actuarial OPEB evaluation biennially.
8. Monitor compliance with this Investment Policy for the Trusts.

BUDGET PROCESS OVERVIEW

The Town of Los Gatos adopts an annual Operating and Capital Budget and an annual budget update of the five year Capital Improvement Plan for the Town of Los Gatos. The budgets contain summary level information for revenue and expenditure appropriations for the fiscal year beginning July 1st and ending June 30th. The budget documents are prepared in accordance with generally accepted accounting principles (GAAP).

Budget Purpose

The Operating and Capital Summary Budget and the Capital Improvement Plan serve as the Town's financial plan, as well as a policy document, a communications tool, and an operations guide. Developed with an emphasis on long range planning, service delivery, and program management, a fundamental purpose of these documents is to provide a linkage between the services and projects the Town intends to accomplish, and the resources committed to get the work done.

The format of the budget facilitates this linkage by clearly identifying the program purpose, key projects, and work plan goals in relation to revenue and expenditures appropriations.

Basis of Budgeting and Accounting

Developed on a program basis with fund level authority, the Operating and Capital Budgets represent services and functions provided by the Town in alignment with the resources allocated during the fiscal year.

The Town's Governmental Funds consist of the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project Funds for both the Town and the Successor Agency.

Basis of Accounting and Budget refers to the timing factor concept in recognizing transactions. This basis is a key component of the overall financial system because the budget determines the accounting system. For example, if the budget anticipates revenues on a cash basis, the accounting system must record only cash revenues as receipts. If the budget uses an accrual basis, accounting must do likewise. The Town's budgeting and accounting systems both use a combination of modified accrual and full accrual basis in the accounting and budget systems.

Governmental Fund budgets are developed using the modified accrual basis of accounting. Under this basis, revenues are estimated for the period if they are susceptible to accrual, (e.g. amounts can be determined and will be collected within the current period). Principal and interest on general long term debt are budgeted as expenditures when due, whereas other expenditures are budgeted for liabilities expected to be incurred during the current period.

Proprietary Fund budgets use the full accrual basis of accounting whereby revenue budget projections are developed recognizing revenues expected to be earned during the period, and

☞ BUDGET PROCESS OVERVIEW ☜

expenditures are developed for expenses anticipated to be incurred in the fiscal year. The Town maintains one type of proprietary fund: Internal Service Funds.

The Town's Fiduciary Funds are also budgeted under the modified accrual basis. The Town administers five trust funds. The Town does not currently have any agency funds. Trust funds are subject to trust agreement guidelines.

Summary of Budget Development

The Town develops its budgets with a team-based approach. Town Management and the Finance Department guide the process through budget development; however program budgets and work plans are developed with each Department's Director, Analyst, and Program Manager's oversight and expertise. This approach allows for hands-on planning and creates a clearer understanding for both management and staff of a program's goals and functions to be accomplished in the next budget year.

The Development Process

Typically both the Operating and Capital Budget and Capital Improvement Plan (CIP) processes begin in the winter with the Town Council and Town Manager's cooperative development and refinement of initiatives and directives for the upcoming budget year. The CIP is reviewed during this time to determine funding capabilities, project priorities, and to refine project work plans. Although the CIP budget document is prepared separately from the Operating and Capital Budget, CIP program information is incorporated into the Operating and Capital Summary Budget document through the resulting financial appropriations and service level requirements.

In January, the budget preparation process begins officially for staff with a budget kickoff meeting. Budget assumptions, directives and initiatives developed by Town Council and Management are provided to set the Town's overall objectives and strategic priorities determined by the Council. Department staff identifies and analyzes program revenue and expenditure projections in coordination with Finance/Budget staff and Town Management. Capital improvement projects are assessed and refined, and CIP funding and appropriation requirements are finalized.

Through rounds of budget briefings and revisions, the final proposed program budget and work plans are developed by the end of April; operational and capital work plans are finalized, and the Finance/Budget staff prepares financial summary information. Per the Town Code, the Town Manager submits the entire proposed budget package to the Town Council for its consideration, including Departmental budgets and work plans.

Budget Adoption

During the month of May, the Town Council reviews the proposed Operating and Capital Summary Budget, and the Capital Improvement Plan for the five-year period in a public hearing. Notice of the hearing is published in a local newspaper at least ten days prior to the Council's public hearing date. The public is invited to participate, and copies of the proposed budgets are

☞ BUDGET PROCESS OVERVIEW ☜

available for review this year exclusively on the Town website due to the Shelter in Place Public Health Order.

Under requirements established in Section 65401 of the State Government Code, the Town's Planning Commission also reviews the proposed Capital Improvement Plan and reports back to the Town Council as to the conformity of the CIP with the Town's Adopted General Plan.

Final Council-directed revisions to the proposed budget are made and the budget documents are resubmitted to the Town Council for adoption, consistent with Section 2.30.295(b) of the Los Gatos Town Code which requires the Town Manager to annually prepare and submit a budget to the Town Council. This is accomplished in June at a subsequent noticed public hearing.

The approved resolutions to adopt the CIP and operating budgets and the appropriation limitation (aka Gann Limit) follow this section with the publication of the adopted budget.

Budget Amendments

During the course of the fiscal year, work plan changes and unanticipated needs necessitate adjustments to the adopted budgets. The Town Manager is authorized to transfer appropriations between categories, Departments, projects, and programs within a fund in the adopted budget, whereas the Town Council holds the authority for budget increases and decreases and transfers between funds that may be approved at any Town Council meeting.

The Town Council considers the status of the revenues and expenditures as of December 31st during a Mid-Year Review. This typically occurs in February and the Council may act on additional budget modifications at that time.

(1) One-time use of General Fund Capital Reserve for authorized capital projects and other priorities

(2) Increasing cost of Urban Run-off Program driven by State mandates

(3) One-time Capital Project budgeted for FY 2020/21

(4) Based on estimated claims activity

(5) Equipment Replacement and Information Technology Fund reflects increased acquisition activities for FY 2020/21

This Total Budgeted Fund Activity Summary schedule groups the Town's funds into three categories based on fund purpose:

Operating Funds - Ongoing operations are funded out of the various Operating Funds. This includes the Town's General Fund Departmental program operations, as well as special revenue activities and internal service functions.

Fiduciary Funds - These funds include Trust funds and are held in a fiduciary capacity, with little variation in activity. The Library Trusts are held for special uses for the Library. RDA Successor Agency Private Purpose Trust Fund is established to account for the assets and liabilities transferred from the dissolution of the Town's former Redevelopment Agency (RDA) and the continuing operations related to the existing RDA obligations. The Successor Agency's Private Purpose Trust Fund has been incorporated into the Town's operating budget. Only those funds with activity are contained in the summary.

Capital Funds - Representing the capital improvement program activity, the Capital Funds reflect the significant progress to complete capital projects and the resulting decrease in fund balances.

**TOTAL TOWN
REVENUE, EXPENDITURE, AND FUND BALANCE TREND INFORMATION**

The Town continues to focus on priority issues that involve maintaining public safety and Town infrastructure including streets and parks; and providing library, community development, and other services. These priorities are coordinated with other Core Goals that protect the Town's fiscal health and ensure cost efficient and effective delivery of Town-wide administrative services. The Town's proactive and prudent fiscal approach has been effective in reducing operating expenditures, identifying revenue enhancements, and implementing operating efficiencies.

The FY 2020/21 operating budget is a balanced budget, with some use of General Fund reserves dedicated for one-time uses. The FY 2020/21 Budget anticipates a surplus of \$11,905 and maintains existing service levels while recommending one-time additions in strategically important areas.

Several Strategic Priorities are not one-time projects, but rather are ongoing commitments due to their critical significance in ensuring the Town's fiscal and infrastructure stability and the safety and quality of life for Los Gatos residents, businesses, and visitors. These commitments include continuing to address the Town's unfunded pension and other post-employment benefits (OPEB) obligations; developing Measure B transportation projects so the Town is positioned to receive its fair share of the funds; and fostering emergency preparedness and community resilience.

In terms of capital projects, the Town Council affirmed its interest in investing in bicycle and pedestrian improvements and implementing elements of the Comprehensive Parking Study. In addition to capital projects, the Council identified new policy priorities which include preparing for the Regional Housing Needs Allocation process and exploring regional transportation solutions to alleviate increased roadway congestion.

Other Strategic Priorities position the Town for its future. The Council continues the General Plan Update to engage the community in land use planning and policies to guide development for the next couple of decades. Other Priorities address State housing legal mandates and enhancing economic and community vitality. As the Town transitions from sheltering-in-place to the reopening of businesses, the significance of enhancing economic and community vitality are paramount.

Specific trends affecting the fund balance forecast include:

REVENUES

The Town organization is vulnerable to changes in forecasted economic conditions. The unprecedented economic impacts associated with the local, national, and global mitigation of COVID-19 have necessitated significant revisions to growth projections for the Town's primary revenues of Property Tax, Sales Tax, and Transient Occupancy Tax (TOT). In close consultation with the Santa Clara County Assessor, Town Sales Tax consultant MuniServices, and a review of national and regional hospitality research, the Town is anticipating modest increases in Property Tax, and Franchise Fees for FY 2020/21 while Sales Tax and TOT are forecasted to decline. General Fund revenues for FY 2020/21 (excluding debt payments and fund transfers in) are 0.2% higher than budgeted prior year revenues.

EXPENDITURES

Salaries and Benefits – As in most municipalities, services are provided directly by employees to the Town's residents, businesses, and visitors. As a service delivery enterprise, the cost of salaries and benefits are a significant portion of the budget. Salaries and benefits account for 41% of the Town's total expenditures in FY 2020/21 (and 59.5% of General Fund expenditures). The Town endeavors to balance fiscal prudence with the need to attract and retain the requisite personnel to manage a 21st century municipality. As an example, when fiscal conditions worsened during the recession of 2008, employees participated in wage freezes and unpaid furloughs for several years to assist in achieving balanced budgets. After multiple years of such concessions, the Town discontinued the furlough program in FY 2014/15 and reinstated general wage increases for both non-sworn and sworn employees.

Even with unemployment at historic low levels and regional CPI above 3%, the Town and its employee bargaining groups agreed to a 2.5% across the board salary increase for all three bargaining units, management, and confidential plus a 1.5% cash bonus (non-PERSable) for non-sworn employees for FY 2018/19, a 3% increase for

REVENUE, EXPENDITURE, AND FUND BALANCE TREND INFORMATION**

FY 2019/20, and reopening the third year of the contract for only salary negotiation. The Town Council recently approved the negotiated 1% cost of living adjustment (COLA) and 2% non-PERSable cash bonus for two bargaining units, management, and confidential. The same 1% COLA was also approved for temporary employees. These actions are incorporated in the budget.

The Police Officers' Association's current Memoranda of Understanding includes a 4% across the board salary increases for FY 2019/20. The current POA contract has a salary only reopener in FY 2020/21.

The Town of Los Gatos provides a defined benefit pension plan for all full-time employees and some part-time benefitted employees as part of their total compensation package. Defined benefit plans provide a fixed, pre-established benefit payment for employees in retirement based on a formula which takes into account an employee's years of service and highest average annual salary. The defined benefit pension has been a standard part of compensation in governmental organizations and in Los Gatos is in lieu of participating in Social Security. The Town's pension plans are administered by the Board of Administration of the California Public Employees'

Retirement System (CalPERS). The Board of Administration is responsible for the management and control of CalPERS, including the exclusive control of the administration and investment of funds. Sworn employees are covered under the Safety Plan which is a pooled plan, while all other employees are covered in the Miscellaneous Plan, which is a separate Plan. The Miscellaneous Plan is administered by CalPERS in the Public Employees' Retirement Fund (PERF). In addition, the Town Council has established an Internal Revenue Code Section 115 Pension Trust as a supplement to the PERF fund. The Town's IRS 115 Pension Trust is administered by the Town Pension and OPEB Trusts Oversight Committee.

The Town also provides a healthcare benefit for all eligible employees. The healthcare plan pays all, or a portion of, health insurance premiums for qualified retirees and their survivors and dependents. Healthcare benefits are also referred to as Other Post-Employment Benefits or OPEB. The Town's healthcare plan is an Internal Revenue Code Section 115 Trust which is administered by the Town Pension and OPEB Trusts Oversight Committee. The Oversight Committee is responsible for the management and control of the healthcare assets. As a result of collaboration with the Town's Bargaining Units during FY 2018/19, all units agreed to the elimination of retiree health benefits prospectively with the exception of the minimum employer contribution as required by the Public Employees' Medical and Hospital Care Act (PEMHCA). The PEMHCA minimum represents a significant reduction from the previous Town paid discretionary retiree payments. As a closed retiree medical plan, over time the Town will see significant cost savings from this negotiated change. In addition, employees contribute a share of dependent premiums to assist with cost-containment.

Pension contributions are a portion of the Town's budget, as the Town is obligated to contribute a mandatory amount established by the California Public Employees Retirement System (CalPERS) as a percent of salary. Town employees contribute a percentage of their salary towards their pension in what's referred to as the normal cost. The normal cost is the annual cost of service accrual for active employees and can be viewed as the cost of benefits earned by employees in the current year. The second source of normal cost funding is provided by employer normal cost contributions. The employer normal cost rates for all cities/towns in CalPERS are established annually by CalPERS. These rates are the minimum contractual obligations the Town must pay. It should be noted, that the normal cost calculation assumes all actuarial assumptions will be met going forward. In the event the plans experience unfavorable economic or demographic assumptions, an unfunded actuarial liability (UAL) may occur. The cost associated with an unfunded liability is borne solely by the employer. The development of a UAL typically results from unfavorable investment returns, changes in actuarial assumptions, unfavorable demographic shifts, and other experiences that differ from those anticipated by the annual actuarial assumptions. As of the 2018 Actuarial Valuations the Town had a combined UAL for both Pension and OPEB of \$68 million as of June 3, 2019.

The Town's pension plans over the past several decades, like all other CalPERS participants, have experienced unfavorable investment returns, changes in actuarial assumptions, and unfavorable demographic shifts which have outweighed any positive plan experiences. As such, the Town's employer pension contributions are expected to continue to increase. The Town's employer contribution rate will increase from 52.22% in FY 2019/20 to 58.97% in

**TOTAL TOWN
REVENUE, EXPENDITURE, AND FUND BALANCE TREND INFORMATION**

FY 2020/21 for classic sworn employees. For all other employees, the rate will increase from 33.18% in FY 2019/20 to 34.23% in FY 2020/21. The Public Employees' Pension Reform Act (PEPRA), effective January 1, 2013, implemented lower pension tiers for employees who are new to the PERS pension system. While this does not provide immediate cost savings, it is anticipated to reduce future benefit expenditures in the next 10 to 15 years. Employer contribution rates will increase from 15.02% in FY 2018/19 to 15.94% in FY 2020/21 for PEPRA sworn employees. The Town prudently recognized the potential impacts to future service delivery if unfunded pension and OPEB obligations were not addressed and additional funding strategies not identified. To date, the Town has either allocated or programmed \$35 million of additional discretionary payments and other spending strategies to address the current pension and OPEB unfunded obligations.

For more information about the pension and other benefits offered to Town employees, see: <https://www.losgatosca.gov/44/Human-Resources>. For more information about the Towns Pension and OPEB plans please see: <https://www.losgatosca.gov/2479/Town-Pension-and-OPEB-Plans-Information>

Other Cost Drivers – A significant cost driver for the Town is energy costs, including fuel for safety and maintenance vehicles, water for parks and landscaping, natural gas and electricity to heat and cool buildings, and lighting for street lights, parking lots, and Town facilities. The Town has taken steps to ensure water conservation and recently made energy retrofits to improve efficiency in Town facilities and reduce costs. Fuel costs can be reduced by utilizing electric and/or hybrid vehicles, and installing electric vehicle charging stations throughout the Town. Staff will continue to explore energy alternatives to reduce costs.

Total Budgeted Revenues (exclusive of Transfers In) have increased from the prior year, as the Town is expected to experience revenue growth in some of the key economically sensitive revenue categories of Property Tax, VLF Backfill, Franchise Fees, and Intergovernmental Revenues.

Key revenue highlights include:

Property Tax – Property Tax revenues are still projected to increase by 3.6% compared to the prior year budgeted amount as property tax collection is based on the January 2020 assessment roll for FY 2020/21.

Sales and Use Tax – While the Town only receives 1.125 cents of the 9.125 cents of sales tax paid per dollar of taxable sales generated in Town, Sales and Use Tax remains one of the General Fund’s largest revenue sources. The FY 2020/21 budget reflects \$8.0 million in sales tax revenue which is a significant decrease from the draft Five-Year Forecast presented to the Town Council in January 2020; however, it equates to a 0.2 % decrease compared to the prior year budgeted amount. The modest change compared to the prior year budget is the combined effect of the additional revenues associated with the newly enacted 1/8 cent sales tax moderating the negative impact associated with COVID-19 pandemic. In addition, staff had previously requested a Mid-Year budget adjustment of \$700,000 (not reflected in the FY 19/20 Adopted Budget) based on receipts prior to the County shelter-in-place (SIP) order in response to the COVID-19 emergency. Given the significant impacts related to SIP, staff will request a budget adjustment for FY 2019/20 reversing that adjustment back to prior Adopted Budget levels.

Licenses and Permits – FY 2020/21 Licenses and Permits reflect a 6.7% decrease reflecting anticipated declines in permitting activity.

Intergovernmental Revenues – Increases in intergovernmental revenues are due to changes in available grant funding.

Transient Occupancy Tax – Transient Occupancy Tax (TOT) is expected to decrease by 19.7% from FY 2019/20 budgeted amount of \$2.8 million or 15% from FY 2018/19 actual proceeds due to the anticipated effect of the SIP Public Health Orders. Given the significant impacts of the SIP, staff conducted a survey of local hotels to understand current occupancy rates. Based on the survey, staff will request a budget adjustment for FY 2019/20 to reflect decreased TOT revenue.

Other Sources – This revenue reflects lease reimbursement revenue received from the Successor Agency to the Los Gatos Redevelopment Agency for 2002 and 2010 Certificates of Participation (COPs) debt service payments for the bond issues.

Total Budgeted Expenditures (exclusive of Transfers Out) include budgeted Capital Improvements, which can vary significantly from year to year. Net of Capital Projects and payment to CalPERS, total expenditures reflect a 0.3% increase for FY 2020/21 compared to the prior year adopted budget. Expenditures of note include:

Salaries and Benefits – The FY 2020/21 budget reflects an increase in salaries related to negotiated adjustments and benefits attributed to increased CalPERS and medical benefits rates. Staffing modifications include reclassification of a Payroll Technician Position and an Administrative Technician position to Administrative Analyst positions and a Parking Control Officer Position to a Senior Parking Control Officer position to better align current service delivery within the existing budget. Staff also proposes one-time temporary hours within the Town Manager’s Office, Police Department, and Community Development Department.

Fixed Assets – Budgeted fixed asset costs stem primarily from scheduled vehicle and equipment replacements. The variance in expenditures from year to year does not impact current year charges to the Departments, only the actual cash out to replace the asset.

Internal Service Charges – These expenditures represent the service program costs charged back to the operational programs for Liability Insurance, Information Technology, Vehicle Replacement, and Building Maintenance services. The FY 2020/21 budget reflects an increase in the Internal Service Charges reflecting scheduled replacements.

Debt Service – Debt service charges reflect the Redevelopment Agency’s two outstanding Certificates of Participation (2002 and 2010) through a leasing expenditure and reimbursement revenue which nets to zero for the Town, while Successor Agency (SA) to the Los Gatos Redevelopment Agency funds provide the actual debt payment for the bond issues. The SA reimburses the General Fund for the debt service payment. The 1992 COP for Parking Lot #4 was paid in full in early FY 2012/13.

FY 2020/21 General Fund revenues and fund transfers are estimated to increase by 1.0% from the FY 2019/20 adopted budget. The Town's operations are funded through a variety of revenue sources as depicted above. Revenues were estimated by trend analysis and historical data as explained below:

Sales Tax – While the Town only receives 1.125 cents of the 9.125 cents of sales tax paid per dollar of taxable sales generated in Town, Sales and Use Tax remains one of the General Fund's largest revenue sources. The FY 2020/21 budget reflects \$8 million in sales tax revenue, which is significant decrease from the draft Five-Year Forecast presented to the Town Council in January 2020; however, it equates to a 0.2 % decrease compared to the prior year budgeted amount. The modest change compared to the prior year budget is the combined effect of the additional revenues associated with the newly enacted 1/8 cent sales tax moderating the negative impact associated with COVID-19 pandemic. In addition, staff had previously requested a Mid-Year budget adjustment of \$700,000 (not reflected in the FY 19/20 Adopted Budget) based on receipts prior to the County shelter-in-place (SIP) order in response to the COVID-19 emergency. Given the significant impacts related to SIP, staff will request a budget adjustment for FY 2019/20 reversing that adjustment back to prior Adopted Budget levels.

Property Tax – Property Tax revenues have increased by 3.6% compared to the prior year budgeted amount as property tax collection is based on the January 2020 assessment roll for FY 2020/21. Property Tax budget projections

GENERAL FUND REVENUES

BY CATEGORY

are based on valuations projected by the Santa Clara County Assessor's Office, given increased home sales, coupled with anticipated adjustments in property tax distribution due to the dissolution of California redevelopment agencies. The Town receives 9.3 cents of each property tax dollar paid by property owners. The remaining 90.7 cents of each dollar is distributed to several other taxing jurisdictions, including local schools, community college districts, the County of Santa Clara, Santa Clara County Central Fire Protection District, and other special districts that serve the community.

Town Services – Charges for Town Services decreased by 7.3% reflecting development projects that are in progress.

Licenses & Permits – Licenses and Permits decreased by 8.7% based on current and anticipated building activities.

Intergovernmental Revenues – Intergovernmental revenues reflect a 0.9% decrease since less grant revenue is anticipated to be received than the prior fiscal year.

Franchise Fees – Compared to the prior fiscal year, Franchise Fees, including cable television, electric utility and solid waste, have increased by 3%. The increase is based on an analysis of current year collection trends.

Transient Occupancy Tax – Transient Occupancy Tax (TOT) is expected to decrease by 19.7% from FY 2019/20 budgeted amount of \$2.8 million or 15% from FY 2018/19 actual proceeds due to the anticipated effect of the SIP Public Health Orders. Given the significant impacts of the SIP, staff conducted a survey of local hotels to understand current occupancy rates. Based on the survey, staff will request a budget adjustment for FY 2019/20 to reflect decreased TOT revenue.

Fines and Forfeitures – Fines and Forfeitures include library and traffic fines and administrative citations which are expected to decrease by 10.1%.

Transfers In – Transfers in increased by 14.5% compared to the prior year budget, reflecting an utilization of a previously saved equipment replacement collection in FY 2020/21.

Other Sources – Other sources includes the Town "Pass Through" programs and restricted pension trust fund activities.

The FY 2020/21 General Fund Operating Budget (net of transfers out, payment to CalPERS, and the General Plan Update expenses totaling \$4.8M) represents a 1.8% increase compared to the net FY 2019/20 adopted operating expenditures budget.

Salaries & Benefits – The delivery of Town services is highly dependent on labor which comprises 59.5% of budgeted General Fund expenditures for FY 2020/21. The FY 2020/21 budget reflects an increase in salaries consistent with approved labor contracts, and benefits costs attributed to increased CalPERS and medical benefits rates.

Operating Expenditures – The operating expenditures include \$4.2 million payment to CalPERS and \$0.6 million for the General Plan Update. The FY 2020/21 operating expenditures increased when compared to the FY 2019/20 adopted budget. Town-wide efforts continue to emphasize the importance of containing operating costs while maintaining core services; however, factors such as escalating energy costs and general cost increases have offset many departmental reductions.

**GENERAL FUND EXPENDITURES
BY CATEGORY**

Grants & Awards –The Town provides General Fund grants and awards to local nonprofit organizations for a variety of human, art, special events and educational services. FY 2020/21 grants and awards reflect 10.1% increase in grant funding from the prior year.

Internal Service Charges – These expenditures represent the service program costs charged back to the operational programs for Liability Insurance, Information Technology, Vehicle Replacement, and Building Maintenance services.

Debt Service – The Town facilitates the Successor Agency (SA) to the Los Gatos Redevelopment Agency's two Certificates of Participation (COPs) through a leasing expense and reimbursement revenue which nets to zero for the Town, while SA funds provide the actual debt payment for the bond issues.

Transfers Out – The General Fund Transfers Out include \$3,401,479 to the Capital Projects Fund.

General Fund Undesignated Reserves reflect ongoing revenue, carryforward, transfer, expenditures, the net effect of the change in Designated Reserves, and the use of Undesignated Reserves.

- *FY2020/21 Budgeted revenue and expenditure appropriations, and transfers to and from the General Fund.*
- *Authorized carryforwards reflect operating appropriations that were brought forward as a funding source. The actual carryforward amount will be determined at FY 2019/20 year-end, with funding offset by undesignated reserves.*
- *General Fund Reserve Policy requires a minimum of 25% of General Fund operating expenditures equally divided between the Budget Stabilization Reserve and Catastrophic Reserve.*
- *In FY 2015/16, Council established a General Fund Pension/Other Post Employment Benefits (OPEB) Reserve Account. At the same time, the Council revised the General Fund Reserve Policy to provide for a maximum of \$300,000 in General Fund Year End Savings upon year-end close to be deposited in the Pension/OPEB Reserve Account and used as authorized by Town Council.*
- *Undesignated Fund Balance is a year-end fund balance not yet identified by the Town Council for a specific purpose. The Town General Fund Reserve Policy requires full funding of the Catastrophic and Budget Stabilization Reserves, distribution to the Pension/OPEB Reserve, and any remaining balance to the Capital/Special Project Reserve.*

Equipment Replacement Fund Balance is the accumulation of replacement funding-to-date for assets. Revenues are the pro-rated annual charges to departments for asset replacement, and expenditures reflect the cost of equipment up for replacement in this fiscal year. The Fund will continue to reallocate Fund Balance as a transfer to the General Fund for assets that have accumulated replacement costs and have been identified as no longer being part of the Replacement Schedule.

GFAR, Grant Fund, Storm Drain Funds, and Gas Tax Fund Balances reflect the spending down of available funds in FY 2020/21 in line with the planned Capital Improvement Program. The GFAR and Grant Funds also include transfers-in to fund these planned projects. Traffic Mitigation Fund reflects a transfer out of \$10,000 for estimated annual administration fees. Grant Funded Projects Fund Balance reflects appropriations for incoming revenues and prior year carryforwards, which will result in either positive or negative fund balance depending on timing of receipts and budget. All grant projects net to zero at completion.

IN-KIND DONATIONS FY 2020 SUMMARY

The information below provides an estimated value of in-kind support the Town provides annually to local non-profit organizations, in addition to contribution of funds as described elsewhere in this budget, such as community grants. The in-kind support consists of Town facilities leased to these organizations at rates substantially below present market rates.

Los Gatos Museum Association - The Town and Los Gatos Museum Association (LGMA), renamed NUMU, have recently amended the agreement in which NUMU leases 10,630 square feet in the Town Hall. NUMU has occupied the new space since the beginning FY 2015/16.

Los Gatos-Saratoga Recreation - Beginning January 2010, Los Gatos Saratoga (LGS) Recreation entered into a 20-year lease with the Town for the former Neighborhood Center, renamed the Adult Recreation Center. In exchange for providing and expanding senior services, the facility is leased at a below market rate. LGS Recreation also leases the Town-owned facility located at 123 E. Main Street, on a month to month basis.

Location	NUMU (LG Museums)	Adult Recreation Center	Recreation Department
	110 E. Main St	208 E. Main St.	123 E. Main St.
	10-Year Lease	20-Year Lease	
Market Price Per Square Foot/Month*	\$3.1 *	\$3.1 *	\$3.2 **
Square Footage	10,630	12,000	6,479
Value of Rent/Year	\$395,436	\$447,264	\$244,949
Rent Paid/Year	\$25,000	\$251,861	\$38,178
Total value of Donation/Lease Term	\$ 370,436	\$ 195,404	\$ 206,771

* Market rate is based on appraisal on every five-year.

** Market rate is based on the State of California Department of Industrial Relations, Division of Labor Statistics and Research's Consumer Price Index, All Urban Consumers, All Items, San Francisco-Oakland - San Jose, California as identified in the lease term.

In addition to providing subsidized leases, the Town provides in-kind staffing support for the Holiday Tree Lighting and the Children's Holiday Parade. Costs to provide maintenance and public safety services for the Holiday Tree Lighting are estimated to be \$4,100; the Children's Holiday Parade costs are estimated to be \$45,500. These estimates only include expenses that occur at the event and do not include time dedicated to event planning and logistics. The estimated total of all in-kind expenses is \$822,211.

FEE-RELATED PROJECTS LISTS

Under California law, cities and other local agencies may enact Development Impact Fees on proposed development which must be paid as a condition of development approval. Development Impact Fees (“DIFs”) were enacted under Assembly Bill 1600 by the California Legislature in 1987 and codified under California Government Code §66000 et. seq., also referred to as the Mitigation Fee Act (the Act or AB 1600).

Development Impact Fees are not ongoing fees or taxes; they are one-time fees, paid at the time of construction. Impact fees are not special assessments, nor are they permitted to cover on-going operations and maintenance costs. By definition, “a fee is voluntary and must be reasonably related to the cost of the service provided by the local agency.” The fees are collected by local governmental agencies to pay for infrastructure or capital facilities needed to serve new development. Because impact fees are collected during the development approval process, the fees are typically paid by developers, builders, or other property owners who are seeking to develop property as a way of paying their “fair share” of needed facilities.

The Town collects three Development Impact Fees that meet the reporting requirements of AB 1600: the Traffic Impact Mitigation Fee, Below-Market Priced Housing Program In-Lieu Fee, and the Construction Activity Impact Fee. The following tables provide potential project lists.

SUMMARY OF PERSONNEL CHANGES FY 2020/21

The Town's total budgeted personnel costs for FY 2020/21 increased to \$31.8 million (\$31.1 million in FY 2019/20) and accounts for 41% of the total Town's expenditures. Rising healthcare and pension rates have increased labor costs; however, reduction strategies including budgeting salaries for FY 2020/21 at actual salary plus a one-step increase, structural reorganization, and realignments have helped to mitigate growing personnel expenditures. The following discussion describes some of the staffing expenditures, savings, and budget impacts.

Employee Compensation

Personnel costs represent salaries of full-time and part-time personnel (including vacation, holiday, and sick leave compensation) and benefits, including health coverage, life and disability insurance, and retirement contributions. For represented positions, annual salary increases and benefit adjustments are negotiated under each bargaining unit's Memorandum of Understanding (MOU's). Salary increases and benefit adjustments for unrepresented positions are determined under the Council's authority and are not subject to bargaining.

Memoranda of Understanding (MOUs)

All non-sworn and management employees received an across the board salary increase of 2.5% plus a 1.5% base salary one-time payment (non-PERSable) during FY 2018/19 and a 3% across the board salary increase was effective in FY 2019/20.

- The TEA and AFSCME labor agreements had a re-opener provision to negotiate the specific topic of salaries effective in FY 2020/21 of the agreements that expire on June 30, 2021. Based the agreements reached with TEA and AFSCME, the FY 2020/21 budget incorporates an 1% cost of living adjustment and a 2% base salary one-time payment (non-PERSable) bonus.
- The sworn employees represented by the Police Officers' Association (POA) received an across the board salary increase of 2.5% during FY 2018/19 and will receive a negotiated 4% across the board increase in FY 2019/20. The MOU has a re-opener provision to negotiate salaries effective in FY 2020/21 and the entire agreement open for negotiation prior to September 30, 2021.

Benefits

The Town contracts for medical coverage through CalPERS and rates are adjusted each January for the calendar year. Kaiser serves as the benchmark medical plan to determine the Town contribution toward all medical plan premiums. In the recent past, Kaiser rates have fluctuated and increased by as much as 11% in one year, simultaneously increasing the Town contribution. In 2020, Kaiser rates increased 4% from the prior year. As evidenced by this fluctuation, national health care costs continue to be an area of concern and potential expense volatility. Employees contribute to the cost of medical premiums when enrolled in the majority of CalPERS plans.

Dental, vision and life insurance rates are expected to remain relatively stable. Conversely, short and long-term disability insurance costs are increasing due to changes in the market and a growth in the Town's claim experience. Efforts are underway to identify measures to control and/or reduce costs. During negotiations in FY 2018/19, the Town's discretionary retiree medical benefit contribution was eliminated for all future hires. It is important to note that changes in benefit coverage are generally subject to negotiations with affected employee groups.

Pension Plan

The Town's pension plans over the past several decades, like all other CalPERS participants, have experienced unfavorable investment returns, changes in actuarial assumptions, and unfavorable demographic shifts which have outweighed any positive plan experiences. As such, the Town's employer pension contributions are expected to continue to increase.

**SUMMARY OF PERSONNEL CHANGES
FY 2020/21**

In order to help mitigate these negative plan experiences in FY 2012/13, CalPERS established a three-tier pension plan for non-sworn participants, changing the pension formula from 2.5% at 55 to 2% at 60 for new hires after September 15, 2012 or 2% at 62 for “new” employees hired after January 1, 2013 who have not previously worked in a public pension system. Similarly, in FY 2012/13 the State implemented a new tier for safety employees, changing the pension formula for “new” employees from 3% at 50 to 2.7% at 57, effective January 1, 2013. While these changes do not provide immediate cost savings, it is anticipated to significantly reduce future salary and benefit expenditures in the future.

In December 2016 the CalPERS Board announced a plan to lower its discount rate from its current rate of 7.5%. The phase-in of the discount rate change approved by the Board effective beginning FY 2018/19 is as follows:

Valuation Date	Fiscal Year for Required Contribution	Discount Rate
June 30, 2016	FY 2018/19	7.375%
June 30, 2017	FY 2019/20	7.25%
June 30, 2018	FY 2020/21	7.00%

The immediate effect of this change is the actuarial valuation report being prepared for June 30, 2016 by CalPERS which sets the employer contribution rate for FY 2018/19 at a lower discount rate of 7.375%. This action will in turn lead to increased actuarial accrued liabilities because with lower expected returns there are lower projected assets to meet the expected pension obligations. Town staff had already anticipated increases in employer contributions in its Five-Year Financial Plan, and the rates in years three through five of the plan increased due to the lowering of the discount rate. The CalPERS Board had previously adopted recommendations to modify both the smoothing and amortization policies and implement these changes going forward with an impact to employer rates which began in FY 2015/16. As a result of this change, the smoothing period changed from a 15-year rolling period to a five-year direct smoothing rate. The amortization period changed from a 30-year rolling period to a 30-year fixed rate. The cumulative effect of these changes requires the Town to pay significantly more into the system.

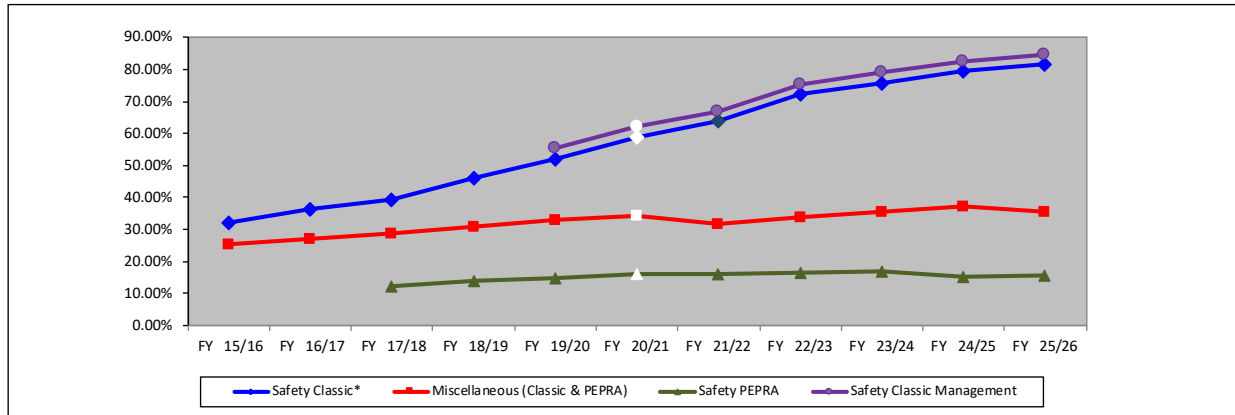

Pension reform continues to be an important topic in regard to cost containment and staff is monitoring a number of state-wide initiatives that may impact future pension costs. In addition to the potential for State mandated reforms the Town has been proactive in implementing pension/OPEB cost mitigation strategies.

In FY 2014/15, the Town’s miscellaneous employee rate was projected to increase to 23.45% and the safety rate was projected to increase to 43.87%. By Council authority in June 2014, the Town paid off its CalPERS side fund liability of \$4.5M which substantially decreased PERS sworn rates in future years. As a result of this payoff, the FY 2014/15 Town’s miscellaneous employee rate was 22.38% and the safety rate was 29.56%, a sworn rate reduction of 14.31% from previously forecasted. In FY 2020/21 the Town’s miscellaneous employee rate is projected to increase to 34.23%; the safety rate is projected to increase to 58.98%; and the PEPR safety rate is projected to be 15.95%.

In addition, per the Pension/OPEB Committee direction, the first discretionary payment of \$4.8 million was transferred to CalPERS for the 2016 gain/loss amortization base. The Town anticipates transferring an additional \$3.6 million to pay off the 2015 gain/loss base in FY 2020/21. The Current estimates indicate that these changes would result in the Town increasing from the FY 2019/20 rate of 52.22% to 84.56% in FY 2025/26 of pay rate for safety employees and from the FY 2019/20 rate of 33.18% to approximately 35.55% in FY 2020/25.

Using official information issued by CalPERS, the following schedule reflects the Town’s actual CalPERS pension rate for FY 2020/21 and the expected rates for the following fiscal years based on the Town’s five-year forecast model which was updated using a CalPERS provided tool in January 2020 that provided a calculation method to estimate rate impacts of the current market earnings.

Management Strategies

Several strategies have been implemented to mitigate rising personnel costs. These include adjusting user fees to recover the cost of staff time to provide Town services, focusing staff time on core services to reduce overtime expenses, and reducing hourly staffing use. In light of limited available resources and uncertain economic trends in revenues sources such as Sales Tax, limited staffing changes and one-time additions have been included in the FY 2020/21 budget. Departments continuously evaluate staffing structures, anticipate succession needs, and modify staffing to improve efficiencies, align with service delivery demands, and meet other Town goals. In this budget, a couple of Departments have included cost neutral restructuring.

Overtime

Overtime expenditures continue to be assessed and adjusted when appropriate. While unpredictable or non-controllable events will impact the Town's limited public safety and public works maintenance resources, continued adjustments to schedules and workload have been successful in reducing budgeted overtime. Although some non-critical Town services have experienced moderate service level reductions, scheduling restrictions have not seriously impacted routine operations.

Staffing Changes

The FY 2020/21 Operating Budget has 161.3 budgeted FTEs, including temporary staff. This reflects an increase of 0.72 of FTEs compared to the prior year. The recommended FY 2020/21 staffing levels also reflect the following changes from the prior year's adopted budget:

- **Administrative Services and Town Offices** - The FY 2020/21 budget reflects the remaining year of a part time, two-year position to assist with the Town's emergency preparedness activities and regional emergency management engagement. The FY 2020/21 budget also includes a reclassification of an 1.0 FTE Payroll Technician position to an 1.00 FTE Administrative Analyst position in the Finance Department.

SUMMARY OF PERSONNEL CHANGES FY 2020/21

- *Community Development Department (CDD)* –The FY 2020/21 budget includes the part-time Code Compliance Officer position which will be continued for one more year in FY 2020/21 with one-time funding. The budget also reflect a 0.12 FTE increase of an Associate Planner position.
- *Police* – The FY 2020/21 budget contains one-time requests for Temporary Parking and Project Managers to assist with the review and the implementation of the Comprehensive Parking Study and critical operational technology needs. The FY 2020/21 budget also includes reclassifications of 1 FTE Administrative Technician position to a 1 FTE Administrative Analyst and 1 FTE Parking Control Officer position to a 1 FTE Senior Parking Control Officer position.
- *Parks and Public Works (PPW)* – The FY 2020/21 budget also includes a reclassification of a 1 FTE Engineer Technician position to a 1 FTE Senior Engineer Technician position and a 0.25 FTE increase of the administrative Assistant position.

In addition to direct personnel expenditures, Departments are charged for internal support services and employee insurance costs through payroll allocation charges. Appropriate charge-back rates are established based on either employee group historical costs or through a flat surcharge per employee. Annual reviews of all funds may result in adjustments to the rates as needed.

Liability Insurance

Self-Insurance Fund rates (liability claim insurance premiums) for FY 2020/21 remain relatively consistent with prior year rates. The Self-Insurance Fund Balance is declining as a result of adverse claims against the Town over the last several years. Staff will closely monitor and recommend a budget strategy to be incorporated into the FY 2020/21 proposed budget.

Workers' Compensation

The Workers' Compensation fund balance is declining as a result of several new injuries that kept employees out of work for extensive periods of time along with the cost of related medical procedures and continuing medical expenses associated with past employee claims. The FY 2020/21 Workers' Compensation rates remain at the prior year level. Staff will closely monitor and recommend a budget strategy as needed.

Information Technology

The Information Technology (IT) program is funded through charge-back to the Departments. The charge is based on the Department's computer and printer equipment, established to fund the replacement cost of current technology equipment.

Town Council

TOWN COUNCIL ADMINISTRATION PROGRAM 1101

PROGRAM PURPOSE

The Town Council is the elected legislative body that represents the residents and provides policy direction for the delivery of services and capital improvements for the Town of Los Gatos. The Town Council comprises five Council members, with the Mayor and Vice Mayor appointed annually by the Council each November. The Town operates under a Council/Manager (corporate) form of government that combines the policy leadership of elected officials with the managerial responsibility of an appointed Town Manager and appointed Town Attorney reporting to the Council. With the professional support of Town staff, the Mayor and Town Council identify and adopt appropriate policy, program, and budget priorities for the Town.

As an elected legislature, the Council's priorities reflect, through its regulatory and budgetary enactments, the aspirations of the residents of Los Gatos. These priorities are implicit in the programs adopted and set forth in the annual operating budget for the Town of Los Gatos.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. The FY 2020/21 Council budget includes general administrative services, constituent services, elected official support, official meetings and events, and Council policy/program analysis.

LIABILITY SELF-INSURANCE FUND PROGRAM 1302

FUND PURPOSE

The Town is a member of the Joint Powers Authority Pooled Liability Assurance Network (PLAN) insurance pool, a self-insurance program established in 1986 to provide general liability, property insurance, and risk management services to 28 cities within the Bay Area. This coverage minimizes the Town's exposure to losses.

The annual premium paid by the Town allows for \$10 million total coverage with a \$50,000 deductible per occurrence. Self-Insurance rates have been established to allocate the cost of this Internal Service Fund accurately to all programs based on staffing levels, thus more accurately distributing and reflecting actual costs of services.

BUDGET OVERVIEW

The Self-Insurance Program is funded through departmental charges based on established assessment rates per labor dollar expended. Service rates are established to maintain fund balance capacity at a minimum of three times the annual operating expense. This rule of thumb provides a funding source for potential claims against the Town. Excess funding is reduced through lower service rates and transfers back to the General Fund. The Town continues to receive grant funding and to make strides in the area of Risk Management.

Administrative Services

Administrative Services

DEPARTMENT PURPOSE

The Town Manager provides overall management, administration, and direction for the entire Town organization, reporting to the full Town Council. The Town Manager identifies community issues and needs requiring legislative policy decisions and provides alternative solutions for Council consideration; assures that the Council's policies, programs, and priorities are effectively and efficiently implemented; prepares the Town budget with recommendations on the appropriate resources for Council action; provides research and information necessary for responsible decision making; fosters public awareness of municipal programs, services, and goals; responds to resident and other constituent inquiries by explaining Town services and functions; and investigates problems to determine appropriate actions; and provides information and specialized assistance on more complex Town issues.

The Administrative Services portion of Town Manager oversight encompasses responsibility for human resources, finance, budgeting, purchasing, labor relations, information technology systems, economic vitality, equipment replacement, workers' compensation, records management, customer service management, and other administrative support. For budget purposes, Administrative Services incorporates six key programs: Town Manager's Office, Clerk Department, Finance Department, Human Resources Department, Information Technology (IT), Non-Departmental (i.e., Town services and functions that are not attributable to a single Department). In addition, the Town's Workers' Compensation Fund is accounted for in the Administrative Services. The following sections provide summaries of the Administrative Services' core services and service objectives.

BUDGET OVERVIEW

The majority of revenues which support Town wide services are accounted for in the Non-departmental program within Administrative Services. For FY 2020/21, revenues captured in Administrative Services reflect changes in Property Tax, Transient Occupancy Tax, Franchise Fees Licenses and Permits, and Charges for Services due to the forecasted economic impact of the

∞ ADMINISTRATIVE SERVICES ∞

COVID-19 pandemic and the mandated Public Health Orders. These revenue modifications are informed by the Town's sales tax consultant MuniServices, the County Tax Assessor, communications with Los Gatos hoteliers, and other sources. These estimates are conservative, assuming a recession scenario.

In terms of expenditures, the FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

The FY 2020/21 budget also reflects the second year of a part time, two-year position to assist with the Town's emergency preparedness activities and regional emergency management engagement and the reclassification of the Payroll Technician position to an Administrative Analyst position to better align current service delivery and needs.

TOWN MANAGER'S OFFICE ADMINISTRATION PROGRAM 2101

PROGRAM PURPOSE

The Town Manager's Office ensures that all Town programs and services are provided effectively and efficiently. The core services of the Town Manager's Office are to: provide administrative direction and leadership for all Town Departments and programs to ensure the community receives high quality services; oversee the Town Council agenda process to provide comprehensive information and analysis to the Town Council in a timely manner; support business attraction and retention through economic vitality efforts; provide staff support to all Council standing Committees and the Community and Senior Services Commission; and facilitate associated projects and services of these Committees and the Commission; foster public awareness of, equitable access to, and engagement in municipal programs, services, and goals; and provide timely and accurate responses to constituent inquiries, concerns, and requests.

Other key duties include providing direct staff assistance to the Mayor and Town Council on special projects and day-to-day activities, and initiating new or special projects under the direction of the Council that enhance the Town government and community.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributed to negotiated salary raises, and higher benefit and CalPERS pension rates. The FY 2020/21 Town Manager's Office budget is programmed to maintain existing staffing and service levels with the continuation of a part time, two-year position to assist with the Town's emergency preparedness activities and regional emergency management engagement.

As in prior years, the Town Manager's Office will continue to direct its attention in managing key special projects and policies as reflected in the 2020-2022 Town Council Strategic Priorities.

COMMUNITY GRANT PROGRAM

The Community Grant program is undergoing a significant procedural change in FY2020/21 compared to previous years. Changes include shifting the grant calendar process for applications and awards to earlier in the fiscal year and budgeting the lump sum amounts of all grant expenditures rather than noting each individual grantee at the time of budget adoption. The three expenditure lines that have been added for this fiscal year, "one-time grants," "innovation grants," and "recurring grants," are the lump sum amounts of all smaller grant funds that will be dispersed to grantees after the application and award process is completed. When the FY2020/21 actuals are reported at the close of year, these lump sum amounts will be noted as individual smaller grant amounts to the individual Grantees in order to compare historical budget year trends. The total amount of grant funding budgeted for FY 2020/21 is \$150,000.

HUMAN RESOURCES PROGRAM 2201

PROGRAM PURPOSE

The purpose of the Human Resources Program is to attract, develop, and retain a quality workforce to provide high quality Town services. It accomplishes this by providing effective and efficient employee recruitment and retention, professional development, training, organizational development, compensation and classification administration, employee relations support, safety and workers' compensation administration, benefit administration, and policy and procedure development and administration. Employee relations activities emphasize proactive and preventive informal resolution of employee and management concerns. Program staff is responsible for the development of Memoranda of Understanding (MOU's) with the Town's three bargaining units and informal discussions with the Town's management and confidential employees, all subject to Council direction and approval.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. The FY 2020/21 Human Resource's budget is programmed to maintain existing staffing and service levels.

Human Resource staff will continue to assist the organization with filling critical Town-wide positions through effective recruitment and selection methods and will continue to assist Departments with succession planning; retention and training; and restructuring and redesigning jobs for efficiencies as vacancies become available. In addition, Human Resources invested in software focused on the automation of the performance evaluation process, new employee onboarding, and creation of electronic forms to improve efficiencies.

FINANCE PROGRAM 2301

PROGRAM PURPOSE

The Finance Program assures fiscal accountability to the Council and to the public. The Finance Program's core services are to: provide financial oversight and administer accounting functions for all of the Town's funds and accounts; prepare the Town's Annual Operating and Capital Budgets for fiscal and service accountability; coordinate the annual financial audit and preparation of the Comprehensive Annual Financial Report (CAFR) to verify that proper fiscal practices are maintained; administer the Town's Business License, Accounts Payable, Accounts Receivable, Investing, and Payroll functions; and oversee the Town's Purchasing and Claims Administration functions, ensuring proper practices are in place, and that fiscal and operational responsibility is upheld.

BUDGET OVERVIEW

The Finance Program's FY 2020/21 budget reflects a decrease in business license tax revenue, business license processing fees and interest earnings due to the effect of the international COVID-19 pandemic. The Finance Program continues to monitor business license tax receipts and implement improvements for collections. The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. The FY 2020/21 budget reflects a reclassification of a Payroll Technician to an Administrative Analyst to better align current service deliveries with Town needs.

CLERK ADMINISTRATION PROGRAM 2401

PROGRAM PURPOSE

The Clerk Administration Program serves the public by providing information and assistance related to Town records; Council actions; Boards, Commissions, and Committees; public meetings; and elections. Currently, core services include maintaining key Town records through the timely indexing of resolutions, ordinances, minutes, rosters, recordings, and agreements. The program is focused on making Town records accessible by adding to the electronic repository of documents. The program's ultimate goal is to have all Town public records accessible to the public through the Town's website. The Clerk Administration Program also recruits individuals to serve on the Town's advisory bodies and assists them with the document filing requirements of the Fair Political Practices Commission. The Clerk Administration Program handles Town-related election activities and coordinates its efforts with the Santa Clara County Registrar of Voters to ensure an efficient election process. The Clerk Administration Program manages the Council agenda packet preparation, posting, and distribution. The Clerk Administration program also provides administrative support to the Town Attorney.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salaries and benefits costs attributed to negotiated salary raises, and higher benefit and CalPERS pension rates. The FY 2020/21 Clerk's budget is programmed to maintain existing staffing and service levels.

NON-DEPARTMENTAL PROGRAM PROGRAM 1201

PROGRAM PURPOSE

Appropriated funds are provided in the Non-Departmental Program to account for a variety of Town services and activities not specifically attributable to individual Departments. Tax revenues, license and permit fees, and intergovernmental revenues are generated as a result of overall government operations. Non-Departmental employee and retiree expenditures, Town-wide organizational costs, Town memberships, and joint-agency service agreements benefiting the entire Town are also contained in the Non-Departmental Program.

BUDGET OVERVIEW

The majority of revenues which support Town wide services are accounted for in this program. For FY 2020/21, revenues captured in Non-Departmental reflect changes in Property Tax, Transient Occupancy Tax, Franchise Fees Licenses and Permits, and Charges for Services due to the forecasted economic impact of the COVID-19 pandemic and the mandated Public Health Orders. These revenue modifications are informed by the Town's sales tax consultant, MuniServices, the County Tax Assessor, communications with Los Gatos hoteliers, and other sources. These estimates are conservative, assuming a COVID-19 impact scenario.

The Town of Los Gatos provides a defined benefit pension plan for all full-time employees and some part time benefitted employees as part of their total compensation package. Defined benefit plans provide a fixed, pre-established benefit payment for employees in retirement based on a formula which takes into account an employee's year of service and highest average annual salary. The defined benefit pension has been a standard part of compensation in governmental organizations and in Los Gatos is in lieu of participating in Social Security, except for the required Medicare rate of 1.45% of all wages.

ADMINISTRATIVE SERVICES

Non-Departmental

The Town's pension plans are administered by the Board of Administration of the California Public Employees' Retirement System (CalPERS). The Board of Administration is responsible for the management and control of CalPERS. In addition, the Board has exclusive control of the administration and investment of funds.

The Town's pension plans over the past several decades, like all other CalPERS participants, have experience unfavorable investment returns, changes in actuarial assumptions, and unfavorable demographic shifts which have outweighed any positive plan experiences, resulting in increasing employer contributions. The CalPERS rates for FY 2020/21 are either 63.67% or 15.94% for public safety employees, depending on date of entrance into CalPERS, and 34.23% for miscellaneous employees.

The Town also provides a healthcare benefit for all eligible employees. The healthcare plan pays all, or a portion of, health insurance premiums for qualified retirees and their survivors and dependents. The Town's healthcare plan is an Internal Revenue Code Section 115 Trust which is administered by the Town Pension and OPEB Trusts Oversight Committee.

Photocopy and printer equipment, postage, and bulk mail expenditures are now centrally funded through the Non-Departmental Program, and subsequently charged back to the appropriate Department for services and materials utilized on a monthly basis. The Town maintains approximately 45 printers and copiers. The lease and maintenance service includes toner and repairs for all copiers and printers and the Non-Departmental Program pays for copy paper for use on the printers and copiers.

The Non-Departmental Program includes the following:

- \$4,622,500 payment toward unfunded pension liability.
- \$1,268,000 for the cost of covering the Town's portion of retiree medical insurance premiums. The Town has paid for this expenditure since the Town became a member of the CalPERS medical plan as it is part of the CalPERS agreement.
- \$1,232,025 for the lease payment on the Town's Library building as pledged under the 2010 Certificates of Participation. This payment is offset by a reimbursement from the Successor Agency to the Los Gatos Redevelopment Agency, with a result of no net impact on the Town's General Fund budget.
- \$676,479 for the lease payment on the Town's Corporation Yard property as pledged under the 2002 Certificates of Participation. This payment is offset by a reimbursement from the Successor Agency to the Los Gatos Redevelopment Agency, with a result of no net impact on the Town's General Fund budget.

ADMINISTRATIVE SERVICES

Non-Departmental

- \$591,000 for the actuarially-required contribution for post-retirement benefit and pension obligations. The Governmental Accounting Standards Board Statement No. 45 (GASB 45) requires that the Town accrue an annual expenditure on its financial statements for the cost of providing post-retirement health care costs.
- \$240,000 for animal control services provided by the City of San Jose. The Town entered into a 20-year agreement with the City of San Jose effective July 1, 2004.
- \$185,000 for Santa Clara County Election services, including for town Council seats and the two citizen initiatives. The cost of the initiatives are \$108,000.
- \$139,900 for Santa Clara County's Tax Administration fee for collecting and processing of the Town's assorted tax receipts.
- \$100,000 for the Town Manager's Contingency and Productivity Funds to address unforeseen situations or opportunities that may arise during the fiscal year.
- \$70,000 for special studies as needed.
- \$60,000 for the Los Gatos Chamber of Commerce contract to provide support for the Chamber's information center and co-facilitation of the Leadership Los Gatos program.
- \$55,000 for the KCAT for public meetings' broadcasting and video streaming services.
- \$20,000 for a Town Council Contingency Fund for the Council to address unique issues that may arise during the fiscal year.
- \$15,000 for employee health and wellness program.
- \$15,000 for employee commuter benefits program.
- \$10,000 for organizational development and training to address needs of the Town organization when opportunities arise.

The Non-Departmental program budget also reflects a transfer of \$3.4 million from the General Fund Capital and Special Projects Reserve to the General Fund Appropriated Reserves (GFAR) to support the Capital Improvement Program (CIP). The transfer supports capital projects as outlined in the proposed Capital Improvement Program.

INFORMATION TECHNOLOGY FUND FUND 621

FUND PURPOSE

Information Technology Services (IT) supports the delivery of services to all the Town's employees and customers through the use of SMART technology (Sensible, Multi-modal, Accessible, Responsive, and Time-phased Technology). Key services include the maintenance, replacement, and upgrade of existing technology and the support for new information technology initiatives.

In meeting the Town organization's information technology needs, the IT Program strives to achieve the following goals:

- Enhance and improve customer service
- Maintain and enhance a sound, secure, and reliable IT infrastructure
- Use information technology to provide seamless and more efficient services
- Operate as a team to achieve information technology goals

BUDGET OVERVIEW

The FY 2020/21 budget for IT recognizes the continued need to identify and invest in information technology opportunities. Continued investment is a cost-effective approach to maintain or potentially improve service delivery levels in a fiscally prudent manner. In addition, IT has assisted behind-the-scenes in implementing new software to improve the processing of contracts, records retention, and related back office work. These efforts result in increased costs of licensing fees and other support.

The IT Program receives revenues through charges to General Fund and Special Revenue Departmental programs based on service and equipment replacement costs. Service rates are adjusted to build fund balance capacity for future technology projects.

ADMINISTRATIVE SERVICES
Information Technology Fund

IT program expenses are budgeted to increase for FY 2020/21 due to the scheduled replacements.

WORKERS' COMPENSATION FUND FUND 612

FUND PURPOSE

The Town's Workers' Compensation Program provides for anticipated liabilities for worker compensation benefits. The Town self-insures for benefits provided to Town employees and volunteers for work-related injuries up to \$250,000, and has excess insurance coverage for claims up to \$25 million. The Town belongs to the Local Agency Workers' Compensation Excess (LAWCX) Joint Powers Authority for the purpose of pooling for this excess insurance. A third party administrator, LWP Claims Solutions, coordinates the Town's day-to-day workers' compensation claims administration.

BUDGET OVERVIEW

Revenues to fund this program are derived as a percentage of salary each payroll period. Each Department pays a portion of the program's cost based on gross wages and level of risk for the various job classifications within the Department. The annual appropriation to this fund represents the self-insurance premiums paid by the operating Departments. Service rates are established which maintain fund balance capacity at approximately two and one-half times the annual operating expenditures. Any excess funds are returned through reduced rates and fund balance transfers as needed.

Program costs covered in the internal rates include administration fees, claim settlement costs, attorney fees (outside counsel), medical expenses, payment for temporary and permanent disability, safety program administration and training, and excess insurance premiums. The budget for workers' compensation is based on actual payroll in the same manner as prior years. In Fiscal Year 2015/16 staff increased rates by 1.5% to begin restoring fund balance which has significantly declined in the last few years due to several on the job-related injuries.

Staff is not anticipating to further increase the rate this Fiscal Year.

Community Development

This Page Intentionally Left Blank

Community Development Department

DEPARTMENT PURPOSE

The Community Development Department works with elected and appointed officials, other Departments, and the community to guide the physical growth, development, and preservation of the Town. It accomplishes this by providing current and advanced planning, affordable housing, code compliance, building plan check, building inspection, and other land use services. The community assists the Department's efforts through participation on the Planning Commission, Historic Preservation Committee, Conceptual Development Advisory Committee, Building Board of Appeals, General Plan Committee, and related subcommittees, all of which are supported by Department staff. The Department also manages the Town's Affordable Housing Program and supports the Town's Economic Vitality Program.

BUDGET OVERVIEW

The Community Development Department will continue to work on a large number of advanced planning efforts and development review applications in FY 2020/21. The complexity and scope of these projects are significant and require that the Town Council set priorities annually through review of the Council's Strategic Priorities as new issues arise. The Department also supports the Council Policy Committee as it reviews and considers updates to the Town's land use policies in 2020 and 2021.

In keeping with the Town's financial policies, the Department's development related services are supported by fees based on the costs of providing the services. On a regular basis, the Town analyzes the actual costs associated with development services to ensure that development fees achieve the goal of recovering the costs to provide the services. Anticipated revenues resulting from the adopted fee schedule are reflected in the budget. The anticipated revenues are expected to stay consistent with the previous year and are expected to provide full cost recovery for building inspection, plan check services, and planning services. Limited funding is provided through the General Fund and General Plan Fund to cover the costs associated with special advanced planning projects that are unrelated to the development services provided by the Department. Established fee rates include Department-wide development support services. Consequently, actual cost recovery is to be viewed from a Department perspective, not on a program-by-program basis.

COMMUNITY DEVELOPMENT DEPARTMENT

For FY 2020/21, total Department budgeted revenues are projected to trend slightly lower due to an expected slight reduction in permit activity. The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. Budgeted salary and benefit expenditures include an additional .125 increase for the part-time Associate Planner and an additional 260-hour increase for the part time Code Compliance Officer position being continued for another year in FY 2020/21 with one-time funding.

The Community Development Department budget consists of the following programs: Administration, Development Review, Advanced Planning, Building and Inspection Services, Code Compliance, Below Market Price (BMP) Housing Program, and Pass-Through accounts.

Community Development Department

ADMINISTRATION PROGRAM 3101

PROGRAM PURPOSE

The Administration Program supports the delivery of all Community Development Department services. Staff assigned to this program work with other agencies, Boards, Commissions, and Committees to represent the Town's interests. Staff serves on the Valley Transportation Authority (VTA) Land Use and Transportation Integration Working Group, and the Santa Clara County Planning Officials organization. Administrative support is provided to the Planning Commission, including the preparation of agenda packets for 22 scheduled Planning Commission meetings per year. Management of Department operations is a component of this program, including personnel and budget administration.

BUDGET OVERVIEW

The Administration Program continues to keep the Community Development Department focused on management of the Department, including budget preparation and monitoring. The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

DEVELOPMENT REVIEW PROGRAM 3201

PROGRAM PURPOSE

The Development Review Program evaluates planning applications for the proposed development of land and structures consistent with Town Codes, plans, and policies. This is accomplished through meeting with and advising project applicants and other stakeholders, and analyzing and processing all development applications including environmental review, plan check, and inspection. The process involves an assessment of a planning application's consistency and compliance with the General Plan, Hillside Specific Plan, Town Code, and other applicable Town regulations.

BUDGET OVERVIEW

As noted in the departmental budget overview, Development Review-related fees reflect the approved fee schedule. These fees continue to help support the operating expenditures, thereby ensuring on-going cost recovery.

For FY 2020/21, budgeted revenues are projected to trend slightly lower due to an expected slight reduction in permit activity.

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

ADVANCED PLANNING PROGRAM 3202

PROGRAM PURPOSE

The Advanced Planning Program guides the physical development of the community consistent with the General Plan, Hillside Specific Plan, Town Codes, and other policy documents, which are kept relevant and current through approved amendments. Staff updates official Town maps to ensure they are clear and accurate. Staff undertakes special projects and studies to meet the evolving needs of the community and provides staff support for the General Plan Committee and any Council-appointed subcommittees.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

Budgeted expenditures for FY 2020/21 will decrease to stay within the multi-year contract obligation associated with the General Plan update. The General Plan update will be funded through General Plan Fees already collected.

BUILDING & INSPECTION SERVICES PROGRAM 3301

PROGRAM PURPOSE

The Building and Inspection Services Program helps to ensure safe, healthy, and attractive property improvements by facilitating the issuance of permits and compliance with codes, policies, guidelines, and standards. Staff assigned to this program: provide information concerning building regulations; maintain the computerized permit tracking and plan check systems; inspect commercial and residential buildings under construction; provide plan check review for compliance with the California Building Codes, disabled access regulations, and other state and local ordinances; and coordinate the duties of the Plan Check Consultants, which provides complex structural and engineering plan check services.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. Total Department budgeted revenues are projected to trend slightly lower due to an expected slight reduction in permit activity.

The Building Inspectors continue to handle the storm water management inspections during construction for all building permits with the potential to generate non-point source storm water runoff as part of the National Pollutant Discharge Elimination System (NPDES) Program (PPW conducts post-construction monitoring). The San Francisco Regional Water Quality Control Board issued an updated NPDES permit for the municipalities in Santa Clara County in 2015. The NPDES permit implements significant new requirements on development projects that could impact Town staffing resources. Staff will continue to monitor the new permit requirements and evaluate the potential to recover additional costs imposed by the NPDES permit during FY 2020/21.

COMMUNITY DEVELOPMENT DEPARTMENT
Building & Inspection Services

The Building Division also assists with code compliance violations that are related to construction and sub-standard housing. Contract Plan Check consultants continue to provide plan check services on a cost-recovery basis.

CODE COMPLIANCE PROGRAM PROGRAM 3401

PROGRAM PURPOSE

The Code Compliance Program ensures property is used in a manner that is safe, healthy, and consistent with the community's character as conveyed by the Town's zoning regulations and approvals. Program staff identifies, investigates, and abates zoning violations, non-conforming uses, and other Town Code violations. Enforcement services are primarily in response to community concerns and are designed to achieve timely compliance through proactive efforts and the on-going education of the public to increase awareness of the Town's zoning and sign regulations. Violations that affect life, health, and safety are given the highest priority.

BUDGET OVERVIEW

The Code Compliance Program budget includes revenue from the Administrative Citation Program established in FY 2003/04. With the added incentive to avoid fines, this program reduces the number of times Code Compliance staff must revisit an outstanding violation, thereby abating violations more effectively. The fines also reduce the financial burden on the General Fund by placing a portion of the cost of abating violations on the violator. Staff has found that most violators choose to comply within the established time frame rather than pay a fine.

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

The FY 2020/21 budget includes the part-time Code Compliance Officer position which will be continued for one more year in FY 2020/21 with one-time funding.

BMP HOUSING PROGRAM PROGRAM 3501

PROGRAM PURPOSE

The purpose of the Below Market Price (BMP) Housing Program is to provide for adequate housing for Los Gatos residents, regardless of age, income, race, or ethnic background. As required by the State, the Town plans and facilitates the construction of housing adequate for future populations consistent with environmental limitations and in a proper relationship to community facilities, open space, transportation, and small town character.

BUDGET OVERVIEW

All expenditures in this program are funded by non-General Fund revenues. BMP activities are funded through BMP In-Lieu Fees, paid by developers for new housing.

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

The majority of expenditures in this program are related to a service contract with Hello Housing, which administers several components of the BMP Housing Program.

PASS-THROUGH ACCOUNTS PROGRAM 3999

PROGRAM PURPOSE

This pass-through accounting structure separates Community Development program activities from the funding mechanism set up for external consultant services utilized to assist applicants in the planning, development, and building processes. Most pass-through activity is generated by development projects. Depending on the development project, an applicant may be required to deposit funds for architectural review services, arborist review services, environmental review services, and/or plan checking services with the Town. The Town provides these various services for an applicant's project and the consultants are subsequently paid out of the applicant's account. Any remaining balances are returned to the applicants. Pass-through funding is also utilized for the Town's General Plan funding. General Plan Fees are collected for development projects and held in a deposit account until recognized as General Plan expenses as they are incurred during the year.

BUDGET OVERVIEW

There is no net budgetary impact for this program, as revenues will equal expenditures. The revenues and expenditures reflect estimates based on prior year trends. At fiscal year end, actuals may differ substantially from original budgeted numbers as the quantity and size of development projects within the community in any given year is not known or determinable in advance. This budget reflects a reasonable estimate only.

Police Department

DEPARTMENT PURPOSE

The Los Gatos-Monte Sereno Police Department provides Police services to the Town of Los Gatos and contractually to the City of Monte Sereno. The Department is committed to ensuring public safety with integrity, compassion, and professionalism, by providing exceptional law enforcement services, building community partnerships, and engaging the community in problem solving.

The core services provided by the Police Department include: responding to emergency and non-emergency calls for service; suppression of criminal activity; investigating and prosecuting of crimes; recruiting, hiring and training high quality personnel; conducting community outreach to prevent crime; facilitating traffic and pedestrian safety; and maintaining records, property and evidence.

The Police Department continues to build upon a strong police-community partnership through innovative Department and community programs including: School Resource Officer funding partnership; Digital Media Safety/Cyberbullying education; Safe Routes to School; Youth Commission; homeless and senior outreach; behavioral health response; and traffic management. Volunteer programs such as Reserve Police Officers, Community Emergency Response Team (CERT), Volunteers in Policing (VIP), Disaster Aid Response Team (DART), the Police Chaplaincy program, intern opportunities, Parking Citation Hearing Officers, Victim Services Unit (VSU), and the Police Explorer program extend these partnerships to the community. For the past 14 years, volunteers have personally welcomed new homeowners to the Town through the Department's New Resident Outreach Program, documented and removed graffiti, and conducted numerous vacation checks.

All Police Department personnel are committed to an organizational strategy of collaboration and problem-solving with the goal of creating a safe environment for all community members while providing an extraordinary level of customer service.

☞ POLICE DEPARTMENT ☜

BUDGET OVERVIEW

This budget overview discusses the Police Department's focus for FY 2020/21 as well as its revenue and expenditure outlook. The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

The Police Department is committed to ongoing structural evaluation and budgetary efficiency by regularly assessing service levels and the complex demands of ensuring public safety. The proposed budget includes 60 full time equivalent (FTE) employees comprised of 39 Sworn Officers and 21 Civilian Personnel.

The Police Department and the Town of Los Gatos have enjoyed a very good relationship with the City of Monte Sereno. Both communities have similar residential demographics and the Police Department has provided quality and responsive services with a long history of neighborhood interaction, which has resulted in a strong bond between both communities. Revenues generated as a result of the police services contract with the City of Monte Sereno are the largest revenue source in the Police Department budget.

Since FY 2009/10, funding for the School Resource Officer (SRO) position has been offset by an agreement with the high school and elementary school districts with each sharing cost aggregated to one-half the Officer's salary and benefits. Given the positive and collaborative working relationship between the Town and the elementary and high school districts, the current contract runs through June 30, 2021.

Department Reclassification

To best meet the needs of the Department in FY 2020/21 and align responsibilities with minimal budgetary impact, two non-sworn reclassifications were completed.

The 1.0 FTE Administrative Technician assigned to Personnel and Community Services program is now reclassified as a 1.0 FTE Administrative Analyst. This flexibly staffed series allows reclassification to reflect the responsibilities of the position which require a journey-level analysis, independent judgment, and formulation of important recommendations.

The 1.0 FTE Parking Control Officer assigned to the Parking Management Program is now reclassified to a 1.0 Senior Parking Control Officer. The Parking Control Officer position has remained flexible to fulfill the needs of the Parking Management Program while maintaining its core function.

☞ POLICE DEPARTMENT ☜

Staff Resource Modifications

Temporary staff funding is proposed in the FY 2020/21 budget for technology and communication support and for overseeing the Parking Management Program. These temporary hours are from one-time funding.

- Additional temporary staffing hours (340 hrs.) are proposed for a Project Manager to assist with critical operational technology needs and the regional radio project including interoperability upgrades. This is a 50% reduction from the hours requested for this position in FY 2019/20.
- Additional temporary staffing hours (1000 hrs.) are proposed to add the job classification of Parking Program Manager. This position will assist in the review and implementation of the recommendations derived from the Comprehensive Parking Study.

The Police Department budget consists of the following programs: Police Administration, Records and Communications, Personnel and Community Services, Patrol, Traffic, Investigations and Parking Management. Pass-Through accounts and Police operating grants are also reflected in the Police Department.

POLICE ADMINISTRATION PROGRAM 4101

PROGRAM PURPOSE

The Police Administration Program is responsible for the organization and management of the Department. This Program oversees all the Department's programs and is responsible for developing and providing oversight for the Department's total budget, hiring and promotion of sworn and professional staff, career development, succession planning, and review and implementation of policies and procedures. The Administration Program supports responsive, effective, and efficient Police services and a strong Police/community partnership.

Departmental operations are consistent with Town policies, core values, and community safety needs. Police Administration staff emphasize transparency, police legitimacy, responsive crime suppression and prevention programs, directed traffic enforcement to promote safe and orderly traffic flow on Town streets, and emergency preparedness. The Police Administration Program continually collaborates with other Town Departments to increase effectiveness and enhance quality of life for the citizens of Los Gatos. This program also provides the primary support for the Town's Youth Commission activities.

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

RECORDS AND COMMUNICATIONS PROGRAM 4201

PROGRAM PURPOSE

The Records and Communications Program is staffed by civilian personnel and is comprised of both Police Records and the Communication Center (Dispatch).

The Los Gatos-Monte Sereno Police Department Records Division's professional staff perform numerous support functions in addition to serving as the repository for all Police records. This Division is responsible for accurate data entry and maintenance of reported Police activity in all systems including in-house records management systems as well as county, state, and federal database systems. Records Division staff process criminal and traffic warrants, handle custodial and non-custodial bookings, and prepare criminal case filings to be forwarded to the District Attorney's Office for prosecution within mandated time restrictions. As the primary point of contact for the public at Police Headquarters, Records personnel fulfill report requests, provide LiveScan fingerprinting services, and handle a wide number of other administrative duties in support of the Police Department.

The Records Division is supervised by a Records and Communications Manager who serves as the Custodian of Records and is responsible for the collection, classification, monitoring and reporting of all Departmental criminal and statistical data. Additionally, the Records and Communications Manager receives, conducts research, and responds to requests filed under the California Public Records Act. This position manages special projects and database administration, in addition to completing internal and external audits.

The Communication Center is staffed twenty-four hours a day, seven days a week. The Dispatchers handle the prompt and effective coordination of emergency and non-emergency response by receiving emergency and non-emergency calls, assigning resources, monitoring call and personnel status, and providing support to law enforcement personnel. The

Communication Center also supports the sworn personnel by retrieving information for Officers, fulfilling requests for dispatch recordings, completing data entry, and releasing property when the Records Division is not open.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates.

Additional temporary staffing hours (340 hrs.) are proposed for a Project Manager to assist with critical operational technology needs and the regional radio project including interoperability upgrades. These temporary hours are from one-time funding.

PERSONNEL AND COMMUNITY SERVICES PROGRAM 4202

PROGRAM PURPOSE

The Personnel and Community Services (PCS) Program provides an essential level of support to the Police Department by overseeing the Department's adherence to state and federal mandates and community values for a transparent law enforcement agency. The PCS Program supports the personnel growth and recruitment of the Police Department through hiring of new personnel, continued education, in-service training, and professional growth of personnel as required by the California Peace Officer Standards and Training. This Program identifies succession planning; promotes organizational development; maintains personnel adherence to professional standards; and administers crime prevention activities and community event programs. Staff in the PCS program also manages and provides oversight to the numerous volunteer programs that support various functions of the Department. This program facilitates the administrative management of the tow truck permit program, residential parking, commercial alarm permits, and Alcohol Beverage Control licensing permits.

Working in conjunction with the Town Manager's Office and the Santa Clara County Fire Department, the Police Department participates in emergency management and preparedness. Staff in this program work in collaboration with state and regional emergency management entities, such as Santa Clara County Office of Emergency Management, in preparation and planning for the possibility of earthquakes, fires, floods, and other natural and man-made disasters.

PATROL PROGRAM 4301

PROGRAM PURPOSE

The Patrol Program has the responsibility of providing responsive police services to the community of Los Gatos twenty-four hours a day, seven days a week. The Patrol Program deploys twenty-seven uniformed Police officers across four shifts in a continuous effort to keep the Town safe. Officers provide both proactive and reactive service to residents, respond to emergency and non-emergency calls, engage in directed and self-initiated enforcement actions, and utilize problem solving techniques designed to increase community safety.

Within the Patrol function, Officers with specialized training are deployed as Field Training Officers (FTO), Crisis Intervention/Mental Health Officers (CIT), Homeless Liaison Officers, K-9 Officer, and Bicycle Officers. Collateral specialized teams provide support to the Patrol Program, including the Crisis Response Unit (CRU), Hostage Negotiation Team (HNT), Traffic Collision Investigation/Crime Scene Team, Peer Support Team, Firearms/Range Team, Defensive Tactics Team, and the Bicycle Team.

The Reserve Police Officer Program is a subdivision of the Patrol Program and consists of voluntary part-time, sworn volunteers who are trained to assist in regular patrol activities. Reserve officers serve as secondary officers in a patrol capacity or are assigned specific duty functions during special events. Reserve officers are certified and maintain standards as required by California Peace Officers Standards and Training. During FY 19/20, Reserve Officers were utilized to supplement patrol staffing vacancies, perform directed patrol in crime targeted areas, assist with traffic control, work special events, and assist with administrative and criminal pre-booking procedures.

BUDGET OVERVIEW

The Police Department and the Town of Los Gatos enjoy a collaborative relationship with the City of Monte Sereno. In FY 2015/16, the Town entered into a restructured, ten-year agreement effective July 1, 2015 to provide Law Enforcement Services to the City of Monte Sereno through June 30, 2025. This contractual agreement allows for consideration of ongoing updates in law enforcement practices and more closely reflects the workload and modernized service delivery models for both the Town and the City of Monte Sereno. The annual contract rate based on the Average Annual Consumer Price Index for benefits increases the FY 2020/21 City of Monte Sereno Police Services contract to \$920,157.

TRAFFIC PROGRAM 4302

PROGRAM PURPOSE

The Traffic Program focuses on the education, encouragement, and enforcement of the California Vehicle Code to enhance the safety of roadways for all motorists, bicyclists, and pedestrians. The Program collaborates with Parks and Public Works and utilizes national and regional traffic safety programs to manage and coordinate community education activities designed to address traffic complaints; increase motorist, bicyclist and pedestrian safety; and reduce property damage, injury and fatal traffic collisions. The Traffic Program works in conjunction with the Complete Streets and Transportation Commission, Traffic Safe Communities Network, and Monte Sereno Better Streets Commission to promote the continued success of programs such as Safe Routes to School. The Traffic Program also manages and coordinates special events that may impact the flow of traffic upon the roadway or create hazards.

Officers assigned to the Traffic Program are responsible for utilizing the California Vehicle Code to educate, encourage, and enforce safe behaviors of motorists, bicyclists, and pedestrians on public roadways. Officers are also responsible for the investigation and documentation of traffic collisions.

Traffic Officers strive to reduce property damage, injury, and death related to traffic collisions. For more than a decade, the Traffic Program has managed the School Crossing Guard program in partnership with the Los Gatos Union School District and the Union School District to provide contractual crossing guard services. The current contract renewal is anticipated in FY 2020/2021.

INVESTIGATIONS PROGRAM 4303

PROGRAM PURPOSE

The Investigations Program conducts both self-initiated and follow-up investigations related to crime, coordinates the prosecution of crimes through the criminal justice system, and performs special operations and enforcement.

Detectives assigned to this Program conduct comprehensive investigations. This includes the identification of crime trends and patterns, apprehension of criminal suspects, evidence collection, interagency collaboration, and victim outreach. In addition, the Investigations Program maintains and enforces the required registration and monitoring of sex offenders, narcotics offenders, and arson offenders.

One Officer in this Program is assigned as the School Resource Officer (SRO). The SRO is responsible for assisting in investigating crimes involving juveniles as victims or offenders, managing youth-related problems and trends, and being a liaison to local schools. The SRO works collaboratively with school staff, administration, and students in both the Los Gatos-Saratoga Union High School District and Los Gatos Union School District to promote school campus and community safety and to be a presence on campus. Since FY 2009/10, funding for the SRO position has been offset by an agreement with the high school and elementary school districts, with each sharing costs for nearly one-half the Officer's salary and benefits. The SRO contract runs through June 30, 2021 and is expected to be renegotiated to continue this service.

In addition, an Officer from this Program is assigned to Regional Enforcement Allied Computer Enforcement (REACT) Task Force. REACT is a diversified partnership of local, state, and federal agencies formed in cooperation with private industry to combat the escalating problem of high technology crime and the threat it poses to the public, nonprofit, and private sectors.

PARKING MANAGEMENT PROGRAM 4304

PROGRAM PURPOSE

The Parking Management Program coordinates, manages, and enforces vehicular parking on roadways and highways and in municipal lots. The Parking Management Program uses the California Vehicle Code and Town Municipal Code to enforce residential/employee/commercial zone permit-only parking, time-restricted parking, disabled parking, and loading zones. The enforcement of parking violations assists traffic flow and increases parking space availability. This Program works in conjunction with the Patrol Division on vehicle tows, traffic control, special events, and the deployment and management of the mobile speed radar trailers. In addition, the Program manages the issuance of residential and business preferential parking permits, as well as the Abandoned Vehicle Abatement Service Authority (AVASA) program in Town to ensure roadways and highways are free of abandoned vehicles.

The Parking Management Program collaborates with the Town's Parks and Public Works Department and the Community Development Department to address permit parking, special event parking, municipal lot parking management, and parking issues around schools. Parking Control Officers utilize automated parking enforcement technology to assist in the efficiency and accuracy of parking violation documentation and issuance of citations. They support Patrol Officers with traffic control during high impact roadway events and assist with crossing guard duties as necessary. This Program will begin to implement the recommendations from the Comprehensive Parking Study.

☞ POLICE DEPARTMENT ☞
Parking Management

BUDGET OVERVIEW

The Parking Management Program is budgeted for 0.30 FTE Police Sergeant and 2.0 FTE Parking Control Officers. The Sergeant oversees and manages the deployment and allocation of Parking Control resources. The Sergeant works collaboratively with the Town's Parks and Public Works Department, the Community Development Department, and the Complete Streets and Transportation Commission to coordinate the monitoring and enforcement of parking related concerns on Town streets and municipal lots.

The 1.0 FTE Parking Control Officer assigned to the Parking Management Program is now reclassified to a 1.0 Senior Parking Control Officer. The Parking Control Officer position has remained flexible to fulfill the needs of the Parking Program while maintaining its core function.

Additional temporary staffing hours (1000 hrs.) are proposed to add the job classification of Parking Program Manager. This position will assist in the review and implementation of recommendations contained in the Comprehensive Parking Study.

PASS-THROUGH ACCOUNTS PROGRAM 4999

PROGRAM PURPOSE

Revenues and expenditures which are collected for, and remitted to, external agencies are considered “pass-through” appropriations in the Town’s budget. Accounting for these activities in a separate accounting structure allows the true cost of operations to remain intact within a program, eliminating unrelated funding fluctuations from year to year.

BUDGET OVERVIEW

There is no budgetary impact to this program as revenues equal expenditures. The revenues and expenditures reflect a reasonable estimate based on prior year trends or Department information; however, actuals may differ substantially from original budgeted numbers at fiscal year-end.

FY 2020/21 revenues and expenditures reflect a pass-through of Community Emergency Response Team (CERT) funds. As this program includes no staff activity, it does not have Key Projects or Performance Measures.

OPERATING GRANTS

4803-4812

PROGRAM PURPOSE

This fund accounts for revenues and expenditures attributed to grants for operating budget projects that fall outside of the Capital Improvement Program (CIP) Grant Projects. The Town's CIP project guidelines state a CIP project must have a value of \$25,000 or more with a minimum useful life of 5 years at a fixed location.

Grant revenues and expenditures are structured to net out to zero. If overages or non-reimbursable expenses occur for grant activities, the additional charges are absorbed within the Department's operating budget. Some grants require a Town matching or other contribution as part of the award, which is reflected either as funding transferred into the grant, or expenditures reallocated to the appropriate program budget.

BUDGET OVERVIEW

In FY 2019/20 the Police Department was awarded the Bulletproof Vest Partnership (BVP) grant, created by the Bulletproof Vest Partnership Grant Act of 1998 it is a unique U.S. Department of Justice initiative designed to provide a critical resource to state and local law enforcement. The BVP Grant will continue into FY 2020/21.

In FY 2018/19 the Police Department was awarded a grant for the Innovations Grant Program (IGP) from Peace Officer Standards and Training (POST). This Grant will continue into FY 2020/21. The focus of this POST grant is on fostering innovations in training and procedures for law enforcement officers, with the goal of reducing the number of officer-involved shootings statewide.

Parks & Public Works

This Page Intentionally Left Blank

Parks & Public Works Department

DEPARTMENT PURPOSE

The Parks and Public Works Department (PPW) constructs and maintains the Town's public parks, facilities, roadways, rights-of-way, and other infrastructure. Six organizational units (the Administration, Park Services, Engineering Development Services, Engineering Program Services, Streets and Signals, and Environmental Services Program) work in coordination to achieve the Department's overarching goal of ensuring the Town's facilities are safe, functional, and attractive. Additional departmental services that support these objectives include the Facilities Maintenance, Vehicle Maintenance, and Non-Point Source Program. PPW is also responsible for several Landscape and Lighting Districts. In addition to providing ongoing maintenance activities, the Parks and Public Works Department staff provides information and outreach to Town residents, businesses, and the public concerning the Department's programs, activities, and projects.

BUDGET OVERVIEW

The FY 2020/21 budget includes increases in salary and benefit costs attributable to negotiated salary raises, and higher benefit and CalPERS pension rates. The operating expenditures have been augmented by an increase of \$50,000 for increased water costs, \$40,500 for one-time consultant services in engineering, \$25,000 for traffic signal maintenance, and a one-time allocation of \$150,000 for street tree maintenance, of which \$50,000 is from the Town's dedicated tree fund.

During this fiscal year, the Department will advance or complete many priorities. Some projects include: Wildfire Mitigation, the Vehicle Miles Travelled Policy, the Traffic Signal Modernization, and the Highway 17 Interchange and Capacity Improvements project. Additionally, staff will work to recommend, design, and deliver projects from the Town's approved Bicycle and Pedestrian Master Plan and Traffic Around Schools Plan and advance the newly branded Connect Los Gatos Transportation Program and Community Engagement Plan. Staff will continue to apply for grants to supplement Town funding and advance the Town's capital project plans.

☞ PARKS & PUBLIC WORKS DEPARTMENT ☞

The Engineering Development program will continue to work on several key private projects in Los Gatos including: the North Forty project, the Greenridge Terrace project, the mixed use project on Union Avenue, the elderly care facility on Blossom Hill Road, and the elderly care facility on Wood Road. Staff will continue to provide technical support and work collaboratively with residents and private developers through the development process for new planning applications to ensure compliance with Town regulations.

The School Bus Pilot Program, aimed at reducing traffic congestion around schools, will continue into the next fiscal year. Through the course of the year, staff will continue to analyze and adjust the program to maximize subscribers and ridership. In addition, staff will bring to Council potential options to transition the program to a different model.

The Town continues to add recycling receptacles downtown and in parks through the Recycling Expansion Program. In FY 2020/21, staff will add receptacles to multiple parks throughout the Town. This program was created to comply with AB 939 and AB 341 to reduce litter throughout the community and assist with reaching the Statewide diversion goal.

The Town's Outside the Box Program is designed to enhance the character of the community by adding artwork to utility boxes that are often targeted by graffiti vandals. Selected artwork harbors environmental sustainability messages that include: alternative transportation, clean energy, clean creeks, community sustainability, and healthy lifestyles. In FY 2019/20 five utility boxes are being added which bring the total to 26, and another four are planned in FY 2020/21. Staff will explore future sites as an ongoing project has been added to the Capital Improvement Program.

The Streets and Signals Program includes a one-time budget increase for additional tree pruning and trimming Town-wide. The additional funds will put the Town on a 15-year trimming cycle (the industry standard is seven years).

The Department will continue work on several other areas, including facilities projects and vegetation management. In addition to these, staff will continue to support the new West Valley Clean Water Program JPA to manage the West Valley cities' Non-Point Source Programs.

<p><i>Community Character</i> Preserve and enhance the appearance character and environment quality of the community</p>	<ul style="list-style-type: none"> • Staff has been working actively on Phase 1 of the North 40 development project to review plans and documents, hold meetings with the development team, and coordinate with both the developer and their consultants. This collaborative effort led to the issuance of encroachment permits for the project’s frontage improvements within Lark Avenue and Los Gatos Boulevard, and the grading permit for on-site work. In the current fiscal year alone, staff and our consultant have collaborated in the review of over 20 submittals of plans, held over 25 meetings and conference calls with the developer and their consultants, and coordinated in regard to numerous agreements, exhibits, maps and other project-related details and documents. • Added six new recycling receptacles on Santa Cruz Avenue and Main street, three to Blossom Hill Park, and one to Belgatos Park with the purpose of diverting items that would otherwise end up in landfill, discouraging litter, and helping keep our local creeks clean and pollution free. • Provided sound mitigation at the Library by installing a glass wall and entry door into the Teen Room. • Implemented median island landscape and irrigation restoration at locations along Los Gatos Blvd. • Completed a pilot program one-way street conversion on North Santa Cruz Avenue, that provided numerous learning opportunities for a future downtown streetscape project. • Supported the Downtown Parklet program enhancing the usability of Downtown space and outdoor environment

Core Goals	Accomplishments
<p><i>Good Governance</i> Ensure responsive, accountable and collaborate government</p>	<ul style="list-style-type: none"> • Removed dead trees and brush along Shannon Road protruding into the roadway on the narrow stretches near Santa Rosa Drive. • Implemented landscape and irrigation restoration in the Vasona Oaks Landscape and Lighting District area along the pedestrian pathway leading into the development. • Completed the last phase of the Almond Grove Street Rehabilitation project. • Continued to advance traffic calming projects and neighborhood discussions on College Avenue and Tait Avenue. • Sought grants for vegetation management to ensure the Town’s open spaces and rights of way remain safe from fire risk. • Successfully competed in regional programs to secure grants for the East Main Street Raised Crosswalk/Speed Table project for \$86,200 and the Winchester Boulevard Class IV bike lane project for \$293,000. • Received a Caltrans Grant of \$72,000 to prepare a Local Roadway Safety Plan.
<p><i>Quality Public Infrastructure</i> Maintain the condition and availability of public facilities, transportation systems, and other public infrastructure</p>	<ul style="list-style-type: none"> • Continued the School Bus Pilot service in school year 2019/20 with two routes. Staff continues to monitor and report on subscription, ridership and funding performance metrics. Secured regional funding of \$174,000 to be used in two year of service. • Utilized a one-time increase in funding for tree maintenance to ensure public trees remain safe. • Completed the Annual Street Repair & Resurfacing project and installed new bike lanes with green bike lane markings and/or sharrows on Blossom Hill Road and National Avenue. Continued to develop design work on the Los Gatos Creek Trail Connector project. • Completion of the Town’s first street maintenance project using a cold-in-place recycling method that allows for grinding and reusing the existing asphalt pavement, thereby lowering project costs and providing environmental benefits. • Completion of asphalt paving on Blossom Hill Road and National Avenue using rubber asphalt concrete that utilized recycle rubber vehicle tires providing a quieter road surface and environmental benefits.

PARKS & PUBLIC WORKS ADMINISTRATION PROGRAM 5101

PROGRAM PURPOSE

The Administration Program supports the delivery of services throughout the Department. Its primary responsibilities include managing and coordinating the efforts of the Department's programs; organizing meetings with residents, contractors, and other agencies; preparing and developing budget documents; administering the traffic calming program; processing and managing grants; and preparing reports to the Town Council, Commissions, and Town Manager.

BUDGET OVERVIEW

Staff will continue to manage the complex federal and state grant fund documentation and reimbursement processes with an emphasis on pursuing new grant opportunities. Staff from this program also supports the administrative management and oversight of the Municipal Regional Storm Water Permit (MRP) along with assistance from Community Development Department staff. A portion of the Senior Administrative Analyst's position is funded through the Non-Point Source fund to offset personnel costs to this program's budget.

Program staff will continue to manage the online parks reservation system. Staff forecasts that 90% of the 478 expected reservations in the coming year will be made online. The system allows for more advanced program applications, such as report and data analysis tools, and gives customers an enhanced user interface when making online reservations. Demand for reserved space at Los Gatos parks remains high.

ENGINEERING PROGRAM SERVICES PROGRAM 5201

PROGRAM PURPOSE

Engineering Program Services provides Town engineering services not related to private development. This includes the design, construction management, and administration of the Capital Improvement Program (CIP) to improve the Town's public infrastructure (such as streets, sidewalks, storm drains, parks, retaining walls, and traffic signals) with an emphasis on delivering capital projects within their planned schedules and approved budgets. Engineering operations effectively manage planning, design, and construction of Capital Improvement Projects; Town-wide and neighborhood traffic issues (such as the Town's traffic calming policy and cut-through traffic); engineering inspection services to ensure the Town's project contractors are meeting contract standards and requirements; development of Geographic Information System (GIS) data to manage Town infrastructure, right-of-way, and property boundary issues; and the administration of the asset management and workload tracking system.

BUDGET OVERVIEW

Engineering Program Services provides non-fee-related engineering services and activities. Budgeted staffing supports engineering design, review, consultant management, construction oversight of the Town's CIP projects, and inspection activities to ensure the completion of construction projects as designed. The Engineering Program Services staff oversees grant fund applications and reimbursements, public information meetings and notifications, and traffic calming requests. Additionally, this program houses traffic engineering management for traffic control, signalization, daily operations, and inter-agency coordination of shared intersections and roadways.

☞ PARKS & PUBLIC WORKS DEPARTMENT ☞
Engineering Program Services

For FY 2020/21, staff will manage the design and construction of several key projects: including the largest Annual Street Rehabilitation Project and the Annual Curb, Gutter, Sidewalk and ADA ramp Project constructed to date; the federally funded guardrail upgrade project; the Creek Trail and Parking Lot Seal Coat Project; and the Annual Retaining Walls Repair Project. Staff will work to recommend, design, and deliver projects from the Town's approved Bicycle and Pedestrian Master Plan and Traffic Around Schools Plan. Six of these high visibility projects are included in the Town's new Connect Los Gatos Program. This program provides branding for these key Town multi-modal projects allowing residents to better understand the projects as they move forward and increasing community outreach. Staff will work with the Metropolitan Transportation Commission on the partially grant funded Traffic Signal Modernization project and with PG&E on the Rule 20A project on Los Gatos Boulevard. This Program also helps with the preparation of grant applications.

To support the work in this program, the Department often relies on project delivery models, including the use of temporary part time staff. Costs for these alternative delivery models are outside the Department's allocated operating budget, but recaptured through transfers from specific capital projects. This allows for delivery of a greater number and more complex projects than would be possible with budgeted staffing.

In the FY 2016/17 budget, funding was pro-rated for the addition of a Transportation and Mobility Manager position in this program to establish project feasibility and to best position the Town to compete for Measure B opportunities. Santa Clara County voters approved Measure B, a 30-year, half-cent Countywide sales tax to enhance transit, highways, expressways, and active transportation (bicycles, pedestrians, and complete streets). The position is also advancing existing Town priorities such as the school busing program, the Town's signal controller and communication system upgrade, and bicycle and pedestrian projects.

In addition to advancing Measure B priorities and securing grants for other transportation efforts, staff will continue to prepare analysis to complete a Transportation Analysis Policy and Guidelines in compliance with the CEQA Guidelines. The Town will need to establish a robust VMT reduction program to achieve further VMT reduction.

FY 2020/21 KEY PROJECTS

Core Values	Key Projects
<p align="center"> Community Character Preserve and enhance the appearance character and environment quality of the community </p>	<p align="center"> Yearly Maintenance Projects </p> <p>In FY 2020/21, the Town will be completing the largest street maintenance project and concrete maintenance/ADA ramp project in Town history. Construction of these projects will allow the Town to keep the pavement condition in the good condition category and allow residents better accessibility to Town destinations. Construction will be complete by the fall of 2020.</p> <p align="center"> Connect Los Gatos Transportation Program & Community Engagement Plan </p> <p>PPW staff will move forward six key bicycle and pedestrian projects identified under Connect Los Gatos. The projects were first identified through the community and included in the Town’s Bicycle and Pedestrian Master Plan as priority projects and are at different stages of development. The projects provide multi-modal access to key Town destinations and help develop the Town’s bike/ped network by providing important gap closures. Four of the projects, including the Highway 17 Bicycle and Pedestrian Overcrossing, the Winchester Complete Streets, and the two sidewalk infill and bike projects on Shannon and Kennedy Road, will move into preliminary design with associated community outreach. The two remaining projects, the Los Gatos Trail Connector to Highway 9 and the Massol/Highway 9 crosswalk upgrade will continue with final design, with completion of the construction on the crosswalk upgrade by December of 2020. The Connect Los Gatos Community Engagement Plan provides specific guidance to continue high level outreach to the community on these projects to obtain important public input and perspective.</p> <p align="center"> Smart Signal Project: Advanced Controller/Adaptive Signal Timing Upgrade </p> <p>Program staff will award both the federally funded signal vendor contract and the engineering design contract for the project by December of 2020. The Smart Signal project construction will start in the winter of 2021. The project will allow for automatic controller adaptation of signal timing to account for changes in traffic flow. This will increase the smooth flow of traffic within the Town during periods of traffic change, such as school hours. The adaptive system will be installed along Los Gatos Boulevard with connections on Blossom Hill Road and Highway 9. The project will also upgrade traffic controllers at 18 intersections within the Town.</p>

ENGINEERING DEVELOPMENT SERVICES PROGRAM 5202

PROGRAM PURPOSE

The Engineering Development Services Program, in coordination with the Community Development Department, provides services to ensure private development construction complies with Town standards. Engineering functions include reviewing plans and specifications, and providing inspection services for grading, drainage, and issues of encroachment in the public right-of-way. The program is cost recovery such that staff costs and expenditures related to private development oversight are paid by the applicant.

BUDGET OVERVIEW

Staff will continue to work on several key private development projects in Los Gatos including: North Forty, Greenridge Terrace, the mixed-use project on Union Avenue, and the elderly care facility on Blossom Hill Road. Additionally, a number of utility construction projects will start to install fiber optic cable and small cell sites within the Town, which require staff oversight.

The Engineering Development Services Program's public counter hours will continue to operate from 8:00 a.m. to 1:00 p.m. Monday through Friday. Services continue to be provided in the afternoon by phone and appointment. These hours mirror the public counter hours offered by the Finance and Community Development Departments which allow for back office work to be completed after the counter hours. Additionally, Engineering staff members each have assigned counter days and these schedules are made available to the public to facilitate connecting the public with the Engineer assigned to their project. The program has utilized flex-hour work schedules to reduce overtime pay and to effectively manage the service demands.

PARK SERVICES PROGRAM 5301

PROGRAM PURPOSE

The Park Services Program provides maintenance of the Town's parks, trails, open spaces, facility grounds, median islands, parking lot landscaping, fountains, downtown planters, and the urban forest. In addition, Park Services staff maintains recreational areas for residents and visitors, beautifies the Town's landscape, and takes care of functional public areas throughout the community. Additional services include administering park use fees and reservations, implementing Town regulations in the Town's parks and open space areas, managing vegetation and pest control, and ensuring the safety of parks' playground equipment.

BUDGET OVERVIEW

In FY 2020/21, the use of outside vendors for certain parks maintenance services will continue, including turf mowing, tree trimming, downtown tree lighting, median island maintenance, and weed abatement. The use of external vendors allows the Town's internal resources to focus on higher priority projects and allows for the most effective management of maintenance operations.

Although water conservation targets may be relaxed or eliminated, the impacts from the drought continue to drive activities in this program. Vegetation management and the potential for targeted locations of turf reduction are two areas of operational focus. The Department will continue to enhance irrigations systems in parks, medians islands, and downtown planter boxes to reduce the use of potable water.

In FY 20/21 staff will complete several park improvements projects at Oak Meadow Park, Blossom Hill Park, and Live Oak Manor Parks. These projects will seal asphalt pathways and parking lots.

∞ PARKS & PUBLIC WORKS DEPARTMENT ∞

Park Services

In addition, staff will install a new outdoor fitness apparatus along the Creek Trail near Balzer Field.

The Park Services Program is continuing the cost-saving strategy of limiting the use of program staff overtime. This decrease in overtime involves the reduction of the after-hours “Stand-by Program.” Stand-by will only be available during the months of November through March, instead of year-round.

Park Services Program staff continue to combine resources with Streets and Signals Program staff to complete several large in-house maintenance projects. Because the Parks and Public Works Operations Manager continues to oversee the Park Services Program staff, combined projects are more efficient to manage. Some examples of combined large-scale maintenance projects include brush removal, median maintenance, turf renovation, and graffiti abatement that were previously unachievable by either program independently.

Additionally, staff continues to be involved with the implementation of the Long Term Trash Plan, which is a requirement of the storm water permit. This involves annual inspection and cleaning of storm water catch basins, including the reporting of data to achieve permit compliance.

ENVIRONMENTAL SERVICES PROGRAM 5302

PROGRAM PURPOSE

The purpose of the Environmental Services Program is to implement initiatives that protect public health, safety, and the environment, and promote programs to encourage a sustainable future. Staff works to encourage:

- 1) Sustainability initiatives
- 2) Water conservation
- 3) Energy reduction
- 4) Recycling and composting of materials

The Environmental Services Program staff ensures the Town is in compliance with environmental regulations, including air quality permits and Statewide policies on solid waste disposal and recycling. Staff also provides management oversight with compliance reports, such as the annual report for the NPDES storm water permit. Additionally, program staff educates and raises awareness about environmental issues through various community education activities and events. Staff continues to work with its partners, such as the West Valley Clean Water Program, Pacific Gas & Electric, and West Valley Collection & Recycling to raise community awareness about environmental sustainability, waste prevention, and resource conservation.

As required by the California Integrated Waste Management Act of 1989 (AB 939), the Town must divert a minimum of 50% of its waste from the landfill. In 2011, the California Integrated Waste Management Act (AB 341) was approved that establishes a statewide diversion goal of 75%, and also requires several solid waste disposal policies. Staff manages compliance with AB 939 and AB 341 requirements, monitors and evaluates existing waste collection and recycling programs, and recommends new programs to meet diversion objectives.

∞ PARKS AND PUBLIC WORKS DEPARTMENT ∞
Environmental Services

Staff also actively participates in the West Valley Solid Waste Management Authority, the local joint powers authority for managing the solid waste vendor contracts.

BUDGET OVERVIEW

Program staff will continue to advance approved energy efficiency projects, such as energy management systems and energy efficiency upgrades in Town-owned facilities. These projects will focus on energy reduction and reduce operational costs over the long term. The program also includes the implementation of water conservation measures.

Town staff will continue to represent the Town with the West Valley Solid Waste Management Authority (WVSWMA) and Household Hazardous Waste Program with a goal of increasing waste diversion and minimization. The Joint Powers Authority approved new solid waste administrative related fees in FY 2019/20. The revenues collected from the Authority are also being used to offset Department expenditures related to the management of the Household Hazardous Waste Program, street sweeping, and contract administration.

In FY 2020/21, staff will add receptacles in multiple Town parks. This program was created to comply with AB 939 and AB 341 to reduce litter throughout the community and assist with reaching the statewide diversion goal.

The Town's Outside the Box Program is designed to enhance the character of the community by adding artwork to utility boxes that are often targeted by graffiti vandals. Selected artwork harbors environmental sustainability messages that include: alternative transportation, clean energy, clean creeks, community sustainability, and healthy lifestyles.

Town staff is partnering with the West Valley Clean Water Program Authority (WVCWPA) and the City of Campbell in adding ten waste and educational stations (five in Los Gatos) along the Los Gatos Creek Trail. Each station will consist of trash and recycling receptacles, a dog waste station, and environmental outreach signage. The Town is currently in the design phase of the grant with anticipated installation in FY 2020/21.

Spring into Green is an annual sustainability event that provides the opportunity for the Town to conduct education and outreach on environmental topics. This aligns with and supports the Town's Sustainability Plan and obligations under the Regional Stormwater Permit, especially around trash reduction in the storm system. The Spring into Green event requires annual staff and non-staff resources equivalent to approximately \$12,000.

FY 2020/21 KEY PROJECTS

Core Goals	Key Projects
<p>Community Character Preserve and enhance the appearance, character, and environmental quality of the community</p>	<p align="center">Collection Services</p>
	<p>The Town is an active member of the West Valley Solid Waste Management Authority, a joint powers authority (JPA) that contracts for solid waste collection, recycling, and disposal services for residential and commercial customers in Los Gatos, Campbell, Monte Sereno, and Saratoga. During FY 2020/21, staff will continue to work actively with the JPA and West Valley Collection and Recycling.</p>
	<p align="center">Keep Los Gatos Beautiful</p>
	<p>April is “Keep Los Gatos Beautiful” month, and multiple major events are planned during this month. The campaign celebrates National Earth Day, National Arbor Day, and National Volunteer Recognition Week, all of which occur during April. Keep Los Gatos Beautiful events are funded in part by state Beverage Container Grant funds. “Spring into Green” is a sustainability focused event that combines National Earth Day, National Arbor Day, and “Keep Los Gatos Beautiful” month into one community celebration.</p>
	<p align="center">Community Outreach and Awareness</p>
<p>Program staff will coordinate a variety of waste prevention and resource conservation community outreach activities, to promote recycling, environmental sustainability, and environmental protection. Staff continues to work with partners, such as the West Valley Clean Water Program, Pacific Gas & Electric, and West Valley Collection & Recycling, to raise community awareness of these issues. Additionally, staff will continue the Utility Box Art Program this fiscal year, which aims to raise awareness of environmental sustainability issues in Los Gatos.</p>	
<p align="center">Green Business Certification</p>	
<p>Staff will continue to work on and maintain its Green Business Certification through the Santa Clara County Green Business Program. As part of this certification process, staff will coordinate green business education programs including the award-winning “Los Gatos: Growing Greener Together” campaign.</p>	
<p align="center">Household Hazardous Waste</p>	
<p>The Town contracts with the County of Santa Clara Household Hazardous Waste Program to provide free and safe disposal of household hazardous waste. Throughout the year, the program will continue to monitor the work performed under this contract, which allows residents to dispose of potentially hazardous waste such as paint, used motor oil and filters, pesticides, herbicides, corrosives, flammables, and household medical waste</p>

STREETS and SIGNALS PROGRAM PROGRAM 5401

PROGRAM PURPOSE

The Streets and Signals Program provides safe and functional roadways, retaining walls, bridges, and curb and sidewalk systems through the ongoing maintenance of the Town's roadway network. Objectives include small pavement reconstruction, minor street repairs, the filling of potholes, maintenance of roadway signs, traffic pavement markings, signals, streetlights, storm drain maintenance, and debris removal. Program staff collaborates with other Department programs, such as the Park Services Program, and neighboring agencies to perform roadside cleanup projects. Additional project coordination is conducted with the Engineering Program Services for traffic calming device installation and roadway improvements in the Capital Improvement Program.

BUDGET OVERVIEW

In FY 2020/21, the Streets and Signals Program will continue to provide tree maintenance as a contractual service. This has been done for the last six years as a cost savings measure and it allows staff to focus on other day-to-day operational responsibilities. This contract will be increased one-time by \$150,000 for additional maintenance Town-wide. The additional funds will put the Town on a 15-year trimming cycle (the industry standard is seven years).

The program will implement an Integrated Pest Management Plan (IPM) that provides technical guidance to determine appropriate pesticide use to control the growth of weeds around facilities, parks, and roadsides. The IPM plan will emphasize measures other than use of chemicals to control weeds in the open space through means of mechanical vegetation removal and the application of nontoxic chemicals whenever possible.

☞ PARKS & PUBLIC WORKS DEPARTMENT ☞
Streets & Signals Program

The Town Arborist will continue to manage the Town’s urban forest and will retain an active role in managing the contractual services component of this work. Additionally, the Arborist will perform landscape review for small to medium private development proposals. The Arborist also reviews private property tree removal applications and ensures compliance with the Town Code and appropriate mitigation.

Downtown trash can removal service will be performed through contractual services. Additionally, overtime costs will be contained by only operating the “Stand-by Program” during November through March, instead of year-round. Street sweeping services will continue in the Town and be carried out by the Parks and Maintenance Workers.

Streets and Signals staff will continue to be responsible for the maintenance and operations of the trash capture devices, which were installed in FY 2012/13 to meet a requirement of the San Francisco Bay Area Storm Water Municipal Regional Permit. This is an ongoing maintenance responsibility for the Town.

PROPERTY DAMAGE PROGRAM 5405

PROGRAM PURPOSE

The Property Damage Program is an operating program designed to monitor financial activity related the damage of Town property and public infrastructure, such as sidewalks, streets, Town vehicles, parks, and other public facilities. In particular, this program tracks revenue/reimbursements received by applicable parties and expenses incurred as the result of damage to Town property.

BUDGET OVERVIEW

The FY 2020/21 budget reflects a net zero impact to the General Fund budget, as it is difficult to anticipate potential damage to Town property. A placeholder of \$25,000 in expenditures was budgeted; budget adjustments, if necessary, will be brought forward for Council consideration during the mid-year budget review process. Due to the timing of the receipt of reimbursements, prior year revenue actuals are initially higher than expenditures. As this program includes no staff activity, it does not have Key Projects or Performance Measures.

VEHICLE MAINTENANCE MANAGEMENT PROGRAM 5406

PROGRAM PURPOSE

The Vehicle Maintenance Management Program maintains the Town's vehicles and equipment to ensure each piece is safe and functional. Program staff provide preventive maintenance and repair for the Town's fleet and light to heavy duty construction equipment. A combination of in-house personnel and outside contractors provide maintenance and repair services for the Town's vehicles and equipment.

BUDGET OVERVIEW

This program continues to evaluate vehicle maintenance costs and repairs to determine cost saving strategies. This program will continue to evaluate the purchase of hybrid and alternative fuel vehicles, as the budget permits, to reduce fuel consumption over the short and long term. Staff continues to reduce the purchase of diesel-powered vehicles wherever feasible. The purchase of diesel powered equipment has been limited to large equipment and heavy trucks.

Operating expenditures that were previously funded in the Vehicle Maintenance Internal Service Fund were programmed beginning in FY 2019/20 in the General Fund Vehicle Maintenance Management Program.

Fuel prices have trended low this fiscal year, although costs can fluctuate dramatically, making forecasting fuel prices for the fiscal year difficult. Due to market variations, cost projections remain conservative; however, any fuel expenditures over and above the established budget would be brought forth in the mid-year budget report.

PASS-THROUGH ACCOUNTS PROGRAM 5999

PROGRAM PURPOSE

The Pass-Through Accounts Program provides an accounting structure to separate ongoing Parks and Public Works program activities from applicant funding utilized for external engineering services consultants, such as traffic study engineering and geotechnical reviews. Fees for these external development services are paid for in advance by the applicant, with the funds then applied to a purchase order. All invoices from the consultants are subsequently paid out of the applicant's account until they zero out. Any remaining balance is returned to the applicant. Accounting for these activities in a separate accounting structure allows the true cost of operations to remain intact within a program, eliminating unrelated funding fluctuations from year to year. This pass-through approach is also used in the Community Development Department for similar projects.

BUDGET OVERVIEW

There is no budgetary impact to this program as revenues will equal expenditures. The revenues and expenditures reflect estimates based on prior year trends and known departmental operations. At fiscal year-end, actuals may differ substantially from original budgeted numbers as the quantity and size of engineering fees within the community in any given year is not known or determinable in advance. This budget reflects a reasonable estimate only. As this program includes no staff activity, it does not have Key Projects or Performance Measures.

EQUIPMENT REPLACEMENT FUND FUND 631

PROGRAM PURPOSE

The Equipment Replacement Program provides funding for the replacement of Town vehicles, equipment, and information technology with a value greater than \$10,000. The initial capital costs associated with an asset are charged to the program budget where the asset exists. The program having custody and utilizing the asset pays the replacement cost amortized over the life of the asset through internal service charges. These internal service charges accumulate the needed funding to replace the Town's vehicle and equipment assets at the end of their useful lives. The result of this funding structure is a smoothing of operating expenditures and a more accurate reflection of the actual cost of operations.

Vehicle replacement is based on the vehicle meeting predetermined age and/or mileage criteria as set forth in the Equipment Replacement Policy. Vehicle Maintenance personnel evaluate vehicles scheduled for replacement before a final determination is made and may delay replacement based on the vehicle condition.

BUDGET OVERVIEW

This program's budget includes funding for replacement vehicles and equipment. Program expenditures change significantly each year due to the timing of major purchases of equipment. A combination of deferred replacement, upgrades, replacements, and the refurbishment of vehicles and equipment is proposed, based on the condition of each vehicle or piece of equipment and its cost effectiveness. The FY 2020/21 replacement schedule identifies 7 vehicles for replacement as determined by the Town's Equipment Replacement Policy. The vehicles scheduled for replacement are in the Police and Parks and Public Works fleets.

☞ PARKS & PUBLIC WORKS DEPARTMENT ☞
Equipment Replacement Fund

The cost for vehicle replacement continues to escalate 3% to 5% annually based on market increases. New vehicle purchases include the installation of safety equipment and components specific to Department needs, thus increasing the overall cost of replacement.

Additionally, public safety vehicles differ from the general fleet based on emergency response, including traveling at high rates of speed. As a result, special equipment such as warning lights, sirens, and computers continue to increase the overall cost of new vehicles.

Program staff will continue to evaluate the current fleet inventory and evaluate each vehicle's replacement schedule along with the Department's needs and the Equipment Maintenance and Replacement Policy. Vehicles previously removed from the replacement schedule, but still in the inventory will be evaluated as staff explores right-sizing the fleet. Vehicles that are still needed to provide service will be addressed individually through this program as fleet additions.

In FY 2013/14, the Town entered into an equipment cost sharing agreement with the cities of Campbell and Cupertino. The purpose of this agreement is to help generate revenue for the Town by loaning out the use of the sewer truck when Town staff does not need it and to provide access to equipment not available in the Town's inventory. The revenues collected from this agreement are deposited back into the Equipment Replacement Fund for this specific asset. Over time, this will help offset replacement costs for the Town when that vehicle needs to be replaced.

On an ongoing basis, staff will also explore replacement costs versus rental of equipment to reduce ongoing program operating expenditures. Assessments between internal and external diagnostic and repair facility costs will be conducted to determine the most cost-effective approach. As this program includes minimal staff activity, it does not have Performance Measures.

In FY 2015/16, Council approved the establishment of an Almond Grove Reserve. A transfer out of the Equipment Replacement Fund of \$1.5 million was made in FY 2016/17 to fund a portion of the CIP project. This has resulted in a negative projected fund balance in future years, necessitating increased contribution to the Equipment Replacement Fund through increased internal service charges to ensure adequate resources for future Town equipment needs. In FY 2020/21, internal service charges are determined by the anticipated need for the current fiscal year.

FACILITIES MAINTENANCE FUND FUND 633

PROGRAM PURPOSE

The Facilities Maintenance Fund provides services to ensure Town facilities are safe and functional for public and employee use. Services include custodial services, elevator maintenance, cell phone services, heating and ventilation systems, building improvements, facility security, lighting systems, solar energy, and electric vehicle charging stations. Facilities staff also plan, schedule, and manage small and large building facility projects such as building remodeling, public access infrastructure improvements, floor covering, work space reconfigurations, roof repairs, heating and air conditioning system improvements, electrical services, and all other aspects required to keep the Town's facilities functional and safe.

BUDGET OVERVIEW

Revenues for this fund are obtained through assessment chargebacks to Town Departments, based upon a percentage of square footage assigned to each Department. The Facilities Maintenance Program pays for all operating expenditures, including utilities, repairs, and maintenance and the Departments in turn fund the program's expenditures through these chargebacks.

Additionally, this fiscal year staff will continue to assess energy efficiency measures and current CIP upgrades in Town-owned facilities in collaboration with staff from the Environmental Services Program.

This fund will continue the cost-saving strategy by limiting the use of program staff overtime. The decrease in overtime involves the reduction of the after-hours "Stand-by Program." Stand-by will be available during the months of November through March, instead of year-round.

FY 2020/21 KEY PROJECTS

Core Goals	Key Projects
Quality Public Infrastructure Maintain the condition and availability of public facilities, transportation systems, and other public infrastructure	<i>Oversight of Capital Improvement Projects</i>
	Assist in the oversight of all facility improvement projects planned during FY 2020/21, including numerous building improvement projects at the Civic Center and other Town facilities.
	<i>ADA Improvements</i>
	Complete two projects to upgrade the upstairs restrooms at the Adult Recreation Center and one set of downstairs restrooms at the Civic Center to meet current ADA compliance. Both of these sets of restrooms are in the configuration from the original designs of the facilities.
	<i>Building Modifications</i>
	Complete a project to modify two buildings at the Corporation Yard to combine staff in the Engineering Building, and replace the existing 30+ year old temporary modular buildings with a new storage facility.

KEY PROGRAM SERVICES

- Administers custodial, telephone, heating, ventilating, and air conditioning system maintenance agreements.
- Manages preventive maintenance contracts for elevator, fire, and building alarms.
- Administers facilities capital improvement contracts.
- Administers repairs and improvements to The New Museum of Los Gatos and the Friends of the Library as well as the vacant buildings on Tait and at Forbes Mill.
- Manages inter-Departmental service requests.
- Manages lighting for public parking garages and public parking lots.
- Maintains downtown tree lights along North Santa Cruz Avenue and Main Street.
- Monitors and maintains Forbes Mill Footbridge lights.

NON-POINT SOURCE PROGRAM FUND 222

PROGRAM PURPOSE

The principal objective of the Non-Point Source Program is to keep debris and pollution from entering the Town's storm drain system, which drains directly into local creeks and ultimately the San Francisco Bay. This objective is accomplished by providing street sweeping services, maintaining trash capture devices inside storm drains, and inspecting private development projects to ensure compliance with storm water requirements. To meet the National Pollutant Discharge Elimination System (NPDES) Permit requirements, Engineering Development Program staff, in coordination with Community Development Department staff, will continue to review the regulations to evaluate the staff and budget impacts associated with implementation of this permit.

BUDGET OVERVIEW

Previously, the West Valley Sanitation District received funding collected through the County of Santa Clara property tax rolls for non-point source functions. These receipts were then distributed to three local agencies that support this function: the Town for operating expenditures incurred through this program's activities; the West Valley Clean Water Program (WVCWP); and the West Valley Sanitation District (WVSD) to reimburse the District for the NPDES permit fee, the Santa Clara Valley Urban Runoff Pollution Prevention Program (SCVURPPP), and WVSD annual storm drain maintenance work. As of July 2018, WVSD is no longer involved with the West Valley cities' Non-Point Source Programs. The West Valley cities have created a JPA, the West Valley Clean Water Program Authority (WVCWPA) to manage this program.

Non-Point Source Program

These programs perform various functions required under the Federal Clean Water Act, Environmental Protection Agency regulations, and respective NPDES permits. The West Valley cities of Saratoga, Monte Sereno, Campbell, and Los Gatos are participants in the WVCWP, which represents these cities at the County and regional level on policy permit issues. Additionally, the WVCWP manages permit and fee administration, collects revenue through tax assessments, and compiles data, and does reporting for the West Valley cities. Each year, the Town and the three other municipalities cooperatively prepare an outline of the annual work plan and the associated budget for approval prior to the establishment of the annual user fees, and prior to the WVSD transmitting those fees to the County for collection on the property tax roll.

The NPDES permit which regulates each of these programs is issued by the San Francisco Regional Water Quality Control Board (RWQCB). An initial permit went into effect in the 1990s. A next generation of the NPDES storm water permit, called the Municipal Regional Storm water Permit (MRP), was adopted by the California Regional Water Quality Control Board in October 2009, for an approximate five year cycle. The recently adopted MRP 2.0 permit mandates increased requirements in several key areas, including development projects. Increased inspection mandates will require additional staff time both for the inspection and the associated reporting.

As a result of these new permit regulations, staff will be required to perform more construction inspections on new development projects to ensure permit requirements, such as Low Impact Development (LID) features, are met. Additionally, requirements to meet trash load reduction impacts to creeks will be increased from 70% by 2017 to 100% by 2022. Each of these items has associated costs and workloads, and as the requirements increase, incremental gains become more difficult and more expensive with no direct cost recovery option. Staff from the Parks and Public Works Department continues to implement requirements within the Long Term Trash Plan, as part of the NPDES permit requirements.

The Town's NPDES program will continue to conduct monthly sweeping of streets and parking lots; clear storm drains, ditches, and culverts; and dispose of collected material in a safe manner. The frequency of street sweeping in residential and commercial areas may be increased as a result of increased permit regulations in the long term, budget permitting. Staff is currently evaluating costs and strategies to implement these additional regulations. The Town's NPDES program activities also include volunteer groups that regularly pick up debris along the Los Gatos Creek Trail and through the Town sponsored Adopt a Highway program. Town staff track and report the amount of debris collected by all these activities to WVCWP.

ASSESSMENT DISTRICTS FUNDS 231 – 236

ASSESSMENT DISTRICT PURPOSE

In the early 1990s, the Town formed six Landscape and Lighting District Funds with the written consent of all property owners within the boundaries of the districts. There are two Landscape and Lighting Districts, which cover six neighborhood areas. The districts are funded through tax assessments to reimburse the Town for the payment of water and electricity; district improvements and upgrades; and the regular maintenance of trees, landscaping, trails, irrigation systems, and lighting. There are six program funds that have been established to maintain these neighborhood areas.

The Landscape and Lighting Districts are exempt from Proposition 218 requirements requiring a 2/3 majority approval, unless the assessments are increased. Section 5 of Proposition 218 provides that the measure does not apply to assessments existing on November 1996 if the assessments were “imposed pursuant to a petition signed by the persons owning all of the parcels subject to the assessment at the time the assessment was initially imposed.” As long as the assessments were imposed by request or with the consent of all the property owners, the Town Attorney is of the opinion that this provision has been met, even without a formal petition. Consequently, the Town is not required to conduct an election of the property owners unless the assessment is increased. The fund balances for each of the assessment districts has proven to be adequate to fund routine maintenance needs; however, in previous years when maintenance requirements for large repairs have arisen, the Town has been required to step in to offset these one-time costs. The table on the next page provides an overview of the annual assessments.

BLACKWELL DRIVE ASSESSMENT DISTRICT

FUND 231

FUND PURPOSE

This assessment district incorporates five homes and a median island along Blackwell Drive at National Avenue constructed as part of Tract 8306, Blackwell Development. Assessments to maintain the landscaping and irrigation in the median island and for street light maintenance on National Avenue remain constant for the five parcels at \$632 each annually.

The median island landscaping and irrigation are maintained by contract. The street trees and lighting are also part of the district. The contractor clears trash and weeds from the median island biweekly. Landscaping plants and irrigation are replaced and repaired as necessary.

BUDGET OVERVIEW

A portion of the fund balance surplus will be recommended for use for improvements such as drought tolerant plants, pruning, and renovation of the irrigation system.

KENNEDY MEADOWS ASSESSMENT DISTRICT FUND 232

FUND PURPOSE

The Kennedy Meadows Assessment District consists of eight acres of open space area surrounding 15 homes. The open space area contains a paved trail, wetlands area, and a portion of Ross Creek. Streetlights on Forrester Court and Kennedy Court are also maintained by the district. Annual assessments for district upkeep remain constant at \$685 per parcel.

The trees, landscaping, irrigation system, trail, and streetlights within the open space area are maintained by contract. The district, including the paved trail, is cleaned and cleared of trash biweekly. Irrigation repair and tree replacement are completed as necessary.

BUDGET OVERVIEW

During FY 2020/21, maintenance expenditures are anticipated to remain constant. The fund balance surplus is held for current or future repair/replacement costs related to the asphalt pathway, tree trimming, and streetlights.

SANTA ROSA HEIGHTS ASSESSMENT DISTRICT

FUND 234

FUND PURPOSE

This assessment district provides maintenance and upkeep within designated Open Space Areas A, B, C, and D of Tract No. 8400, Santa Rosa Heights Subdivision. There are 15 residences in this district. The open space area to be maintained by the Town lies north of Shannon Road up to the ridgeline of Blossom Hill Road, adjacent to the subdivision. This area includes a pedestrian/equestrian trail through the subdivision from Shannon Road to Belgatos Park, street trees, and lighting. The trail is pruned and cleared of trash biweekly by the contractor. Annual assessments for the fifteen parcels were decreased from \$540 each, to \$300 each, effective FY 2006/07.

BUDGET OVERVIEW

During FY 2020/21, maintenance expenditures are anticipated to remain constant. A portion of the fund balance surplus will be recommended for improvements such as brushing, tree work, and repairs to the various trails and retaining walls in the district.

VASONA HEIGHTS ASSESSMENT DISTRICT FUND 235

FUND PURPOSE

This assessment district is adjacent to Blossom Hill and Roberts Roads, with open space running between the subdivision and the Los Gatos Creek Trail. The district was created to provide maintenance and upkeep within the designated Open Space Areas A, B, and C of Tract No. 8280, of the Vasona Heights Subdivision. All 32 residences are assessed an annual charge of \$295 per parcel, continuing the decrease in original property assessments as agreed to by the property owners and the Town Council in FY 2001/02.

The district upkeep includes, trees, landscaping, irrigation systems, trail, emergency access, and a retaining wall along Blossom Hill Road. The open space areas are maintained by contract, with cleanup, trash control, irrigation maintenance, and landscape maintenance completed biweekly.

BUDGET OVERVIEW

During FY 2020/21 maintenance expenditures are anticipated to remain constant. A portion of the fund balance surplus will be recommended for improvements such as landscaping, irrigation, and pathway lighting.

HILLBROOK DRIVE ASSESSMENT DISTRICT

FUND 236

FUND PURPOSE

This assessment district, encompassing the designated open space area within Tract No. 3026 at the corner of Blossom Hill Road and Hillbrook Drive, provides maintenance services for the trees, landscaping, irrigation system, and hardscape for the improved area in parcel #523-11-28 of the Hillbrook Benefit Zone. Annual assessments for the thirty-four parcels were increased from \$50 to \$175 each, effective FY 2010/11.

The district comprises 34 residences and a small park of approximately 0.26 acres. The landscape contract for this assessment district includes maintenance of the lawn, trees, shrubs, and irrigation system. The park is cleared of trash, mowed, and cleaned weekly.

BUDGET OVERVIEW

A portion of the fund balance surplus will be recommended for improvements such as benches, turf replacement, and drought-resistant landscaping.

Library Department

DEPARTMENT PURPOSE

The Los Gatos Library exists to foster curiosity and community connection and strives to be at the heart of an engaged and vibrant community. The Library accomplishes these outcomes through:

- **Creating Community Connections** by providing a welcoming space, access to library services beyond the building, forming partnerships with local organizations, providing programming for all ages, and providing ample access to library resources.
- **Building the Next Generation Library User** by focusing on early literacy as well as programs, collections, and services for babies, school-age children, teens, and their parents/caregivers.
- **Embracing Local History** by providing ample access to historical materials, providing quality volunteer programs and trainings, and partnering with local schools and NUMU.
- **Enhancing Collections and Technology** by continually assessing library use, trends, and new technologies.
- **Engaging the Library Staff Team** by focusing on staff development, training opportunities, sharing ideas at every level, and collaborating with our local consortiums, state organizations and national organizations.

BUDGET OVERVIEW

The Library Department budget consists of the Library Administration, Adult Services, Youth Services, and Circulation/System Administrative Programs, as well as five Trust Funds: Library Trust Fund, History Project Trust Fund (included in the Library Trust Fund), the Clelles Ness Trust Fund, Susan McClendon Trust Fund, and the Barbara Jones Cassin Trust Fund. Previous Library Department budgets contained a fifth Program, Cataloging and Acquisitions, that has now been rolled into Circulation/Systems Administration for ease of tracking overlapping functions.

The FY 2020/21 budget remains relatively status quo with minor increases in materials budgets and library consortium membership fees do to expected and routine cost increases from publishers.

∞ LIBRARY DEPARTMENT ∞

Customer-focused procedures such as automatically renewing library materials and allowing patrons to replace lost and damaged items with new identical copies that they have sourced themselves has led to a reduction in revenue from fines over the past year. As this has now crossed a threshold where collecting overdue fines now costs more in staff time than it brings in as revenue, the FY2020/21 fines and fee schedule removed overdue fees for all patrons.

Personnel hours for temporary and part-time staff have been reallocated within the Department to give greater emphasis to front-end customer service and provide more adequate substitute staffing, while reducing staffing needs on the back-end due to Department efficiencies. The result is a minor decrease in FTE costs. The Library has significant technology replacements this year, including scheduled replacement of all staff and public computers, broadband switches and firewalls, and the Library's laptop vending machine. These replacements are captured in the budget of the IT Department. Capital Improvement Program projects include carpet replacement in the Children's room, and improvements to the front circulation and lobby area of the Library.

LIBRARY ADMINISTRATION PROGRAM 7101

PROGRAM PURPOSE

The Library Administration Program provides staff support to ensure the development of quality and cost-effective library services that are responsive to community needs. Library Administration's core services are to provide administrative and managerial oversight for programs and services, clerical and administrative assistance for day-to-day operations, personnel management, purchasing and physical plant maintenance, fiscal management and budget preparation, and support for the Library Board, Friends of the Los Gatos Library Board, and the Arts and Culture Commission.

BUDGET OVERVIEW

The FY 2020/21 Administration budget reflects continued enhanced services within the Library building to provide the best customer experience and the best value for the community. Included in the budget this year are ongoing expenditures to maintain or replace heavily used furniture and upholstery as the Library moves into its ninth year of being open to the public. The Library Administration Program will continue to focus on maximizing the efficiency of the Library building and researching effective service models to meet the expectations of the community. Customer service and community engagement remain a high priority, as well as ensuring all Library services and programs align with the Library Strategic Plan. Administration staff will continue to work collaboratively with the Friends of Los Gatos Library, a nonprofit organization. In addition, Library staff continues to work to improve partnerships and outreach within our community.

ADULT SERVICES PROGRAM 7201

PROGRAM PURPOSE

The Adult Services Program supports library services for adults 18 years of age and older. Adult Services anticipates and meets community information needs, providing opportunities for lifelong learning. The Adult Services Program's core services are to provide reference services to all clientele, reader's advisory services, instruction in the use of computer and electronic resources, outreach services in the community, and management of collections, including the local history collection.

BUDGET OVERVIEW

The FY 2020/21 Adult Services Program budget has a modest increase to cover the routine cost of materials. The Library continues to evaluate and add new programming for adults with a large focus on technology tutoring, arts programming, author visits and educational workshops. Direct outreach programs to senior residential communities and partnerships with local business have strengthened the Library's presence in the community. The Library will continue to evaluate and curate a meaningful print and electronic media collection using data from collection management software, in response to changing community needs.

YOUTH SERVICES PROGRAM 7202

PROGRAM PURPOSE

Youth Services supports youth of all ages (newborn babies through high school students) and their families by providing age-appropriate programs, services, materials in support of education and current high-demand, high-interest materials in a variety of formats. Youth Services also creates welcoming environments for children, tweens, and teens that encourage their curiosity, imagination, creativity, and a permanent love of reading. Specialized programming encourages families and communities to read with the children in their lives to demonstrate a commitment to learning and an appreciation of youth. Distinctive programs are provided for children 0 to 14 years of age and teens from 13 to 17 years of age. The purpose of the Youth Services Program is to provide reference, reader's advisory services, computer and electronic resources, youth collections management, a welcoming space, and a variety of programs throughout the year in the Library, at local schools, and in the community.

BUDGET OVERVIEW

The FY 2020/21 Youth Services budget contains a minor increase to absorb routine and expected cost increases from publishers. Staff will continue to target new and innovative concepts in program development with a focus on family reading. The Youth Services team will engage in outreach activities, serving the community in the schools and in partnership with local businesses. Families will continue to enjoy early learning technology in the Children's room with Osmo tablets as well as a manipulative play area centered around the children's Discovery Table. Collection funding will be used strategically, eliminating the materials of least use to ensure a well-rounded youth collection. Multiple formats, focusing on educational support as well as current high-demand, high-interest materials for children of all ability levels, will continue to be purchased.

FY 2020/21 KEY PROJECTS

Core Goals	Key Projects
<p>Civic Enrichment Foster opportunities for citizen involvement, and cultural, recreational, and individual enrichment.</p>	<p><i>Family Reading</i></p>
	<p>Continue to offer family programming that focuses on building literacy skills and family connections from birth through the teen years. Be a Book Family, the centerpiece of this effort, acknowledges the importance of parents playing an active role in their child’s reading, reading as a family activity, and reading as a social activity.</p>
	<p><i>Storytimes and Programs</i></p>
	<p>Regular storytimes will continue to incorporate new early learning technologies including multi-media and multi-sensory experiences.</p>
	<p>Stay-and-Play time, immediately following storytimes, will continue to be provided to facilitate socialization skills and relaxed playtime learning for our youngest library users.</p>
	<p>Bilingual Spanish/English storytime will continue to be offered weekly. Bilingual Chinese/English storytime will be piloted once a month.</p>
	<p><i>STEAM Programming and Social Learning</i></p>
	<p>Provide early literacy technology to stimulate learning, social interaction, and creativity in the Children’s Room by offering Osmo tablets and manipulative stations.</p>
	<p>Continue STEAM programming for school-aged visitors, utilizing tools such as the Ozobots, 3D printers, Lego Mindstorms, and other technology platforms.</p>
	<p>Pilot social play areas in underutilized corners of the Children’s room.</p>
<p><i>Teen Services</i></p>	
<p>Continue to build relationships with regular teen room patrons, in partnership with other Town Departments and high school staff, fostering developmental assets and strengthening community.</p>	
<p>Continue partnership with Los Gatos High and Fisher Middle School by making new student ID cards useable as Library cards.</p>

CIRCULATION AND SYSTEMS ADMINISTRATION PROGRAM 7204

PROGRAM PURPOSE

The Circulation and Systems Administration Program provides customers with access to a broad range of up-to-date library materials and technology as well as enables customers to access library materials for use outside the Library. This Program additionally manages all automated services and technology systems. Circulation/System Administration's core services are to manage the circulation process, acquisition of new materials, maintain circulation records, and implement and support the Library's computer network, the integrated library automation system, and public Internet access.

BUDGET OVERVIEW

The FY 2020/21 Circulation/Systems Administration budget shows a minor decrease for general expenditures as the Library renegotiated vendor service agreements and made careful evaluations of database subscription use. The Library continues to introduce new technologies that meet patrons' expectations for fast, reliable access to information and Library resources as well as continues to implement system enhancements, provide support, and expand print resources and eBooks collections. With an increasing number of people utilizing the Library's online resources, technology upgrades are essential. Additionally, the Library will continue to budget funds for developments to improve the integrated library system for both patrons and staff.

Library Trust Fund

FUND 711

FUND PURPOSE

The Library Trust Fund was established to provide for the servicing of donations and bequests to the Los Gatos Library. The *Los Gatos Friends of the Library*, a nonprofit 501(c)(3) organization exists for the benefit of the Library, and this fund allows the Town to plan for and recognize the numerous donations this non-profit group makes to the Library. In addition, numerous local service organizations and individuals make generous donations and memorial bequests to the Library, sometimes for specific purposes. This fund provides for retaining these donations until they can be used as designated. This fund includes the proceeds from the History Project Trust Fund, which was established to provide for the servicing of donations, bequests, grant monies, and expenditures to the history project partnership of Los Gatos Library and the Museums of Los Gatos.

BUDGET OVERVIEW

The Los Gatos Friends of the Library contributed more than \$70,000 to the Library during the past fiscal year. This funding has provided support for community programs, family programs, teen programs, Summer Reading events and prizes, and a growing collection of new bestselling books and movies. In addition, lease payments to the Town from the Friends of the Library Bookstore help to support ongoing Library operations.

This fund also captures small donations made by Library supporters to purchase books or materials, often in memory of someone's passing.

A portion of this fund will be budgeted for FY 2020/21 in support of Library programming and specialized collections.

The History Project Trust Fund tracked monies received by History Services, a Library service that originally began as a project funded by grants and donations. These Trust Funds are mostly royalties, digitization and licensing fees for proprietary images, and donations received.

LIBRARY DEPARTMENT
Library Trust Fund

The money received from donated royalties has been decreasing to almost zero over the past years, and the FY 2020/21 budget anticipates limited to no contributions. Money received from the licensing of digital images is not a stable funding source and is not be relied upon to offset the support and hosting fees for the history website. All future revenues are tracked in the Library Trust Fund.

Clelles Ness Trust Fund

FUND 713

FUND PURPOSE

The Clelles Ness Trust Fund was established in January 1961 by Ansten R. Ness, M.D. and the Board of Library Trustees for the Town of Los Gatos, as a memorial to his wife, Clelles Ness. Mrs. Ness was a long-time Los Gatos resident who was active in civic life, winning the 1947 Citizen of the Year award. Among her many contributions to the Town, she was heavily involved with the arts. She helped to bring the Los Gatos Pageants and numerous other play productions to the Town, was an avid reader, and wrote for the *Los Gatos Times* (the local newspaper). She was also involved with bringing a hospital to Town, and with her husband started the “Holiday Circle” social club which required at least one spouse to be active in civic planning to join.

The intention of the memorial fund was to use the income and principal of the trust estate to provide materials and services not ordinarily available from public funds. An amendment to the trust agreement in 1983 relinquished control over the management and investment of the trust to the Town Council.

BUDGET OVERVIEW

In July of 1999 an agreement with the daughter of Clelles Ness stipulated that the use of the trust fund included a new Library facility, should one be built in the future. Per the agreement, the trust fund principal and interest was used for the new Library building plan documents and studies, such as but not limited to, a building program and architectural drawings. The remaining trust funds were held in a Library Building Fund to be used for the purchase of items for the current Library building, such as furniture, shelving, and equipment. A large portion of this trust was expended in FY 15/16 for the purchase of the automated materials handling system, and roughly \$21,000 was expended in FY 2018/19 to fund the installation of sound mitigating doors to the teen room. The remaining balance of the account will be directed in FY 2020/21 to improvements in the circulation and lobby area of the Library including installation of additional sound-mitigation enhancements in the lobby area and improvements to the front desk.

Susan McClendon Trust Fund

FUND 714

FUND PURPOSE

A bequest to the Los Gatos Public Library from the estate of the late Susan E. (Betty) McClendon was established in support of children's services. Betty McClendon was a long-time resident and dance instructor. She is especially remembered as the choreographer of the Town's 1940 pageant, "Trail Days," which celebrated the completion of the final section of the new four-lane highway from Santa Cruz into Los Gatos. Betty McClendon's mother, Mrs. Hilda McClendon, served as Children's Librarian at Los Gatos Memorial Library from 1923 to 1929. Ms. McClendon left this gift in memory of her mother and her mother's husband, Gorman Burtner.

Keeping with the wishes of the Ms. McClendon, these funds are restricted for use for children's services at the Library, and will be directed toward support of reading clubs, book discussion groups, evening family programs, and equipment and furniture needs of children's services that are not met by other funding. This funding will also be used for enhancement of children's collections.

BUDGET OVERVIEW

A small portion of the fund comprising only the interest earned from the prior year has been budgeted in FY 2020/21 for the enhancement of children's specialty collections.

Barbara Jones Cassin Trust Fund

FUND 716

FUND PURPOSE

The Barbara Jones Cassin Trust Fund was established by endowment upon the death of Ms. Cassin on May 10, 2010. Ms. Cassin was a graduate of Los Gatos High (class of 1937) and San Jose State, where she majored in biological and physical sciences. After a successful career in hospital laboratories, she turned to watercolors, and donated 25 lovely views of Los Gatos to the library. An exhibit showing these works was sponsored by the Library in August 2008 and again in 2018. Ms. Cassin's art has been widely exhibited and is held in public and private collections. In response to Hurricane Katrina, Ms. Cassin hosted a workshop to encourage children to draw and write their responses to the disaster, including its effects on animals.

The initial project funded by the Barbara Jones Cassin Trust was the purchase of opening day collections for the new Los Gatos Public Library. In following years, the interest earned by the trust is budgeted annually to enhance collections and informational programming, per Ms. Cassin's wishes.

BUDGET OVERVIEW

A small portion of the fund comprising only the interest earned from the prior year has been budgeted in FY 2020/21 for the enhancement the collection per the trust agreements.

Successor Agency to the Town of Los Gatos Redevelopment Agency

FUND 942

AGENCY OVERVIEW

The Los Gatos Town Council established the Los Gatos Redevelopment Agency on January 22, 1990, pursuant to the provisions of the California Community Redevelopment Law (Health and Safety Code, Section 33000 et seq.) and declared itself to constitute the Agency by Ordinance No. 1806 adopted on December 4, 1989. The Redevelopment Plan was pursued as a result of the Loma Prieta Earthquake in 1989 and the need to rebuild existing infrastructure. The Redevelopment Agency area encompassed approximately 440 acres in and around downtown Los Gatos, which included retail and residential areas, lodging, schools, and transportation thoroughfares.

Projects completed in the Plan area, including street and utility reconstruction, parking, streetscape, and civic improvements, were funded through property “tax increment” revenue collected by the Redevelopment Agency. When the Redevelopment Agency was initially formed, the tax base for all properties within the redevelopment area was “frozen” to form a “base year.” When properties were reassessed, the tax base grew and the Agency received the majority of the difference in property taxes paid between the base year and the new level (known as “tax increment” revenue).

BUDGET OVERVIEW

On June 15, 2011, the California State Legislature adopted two budget “trailer” bills concerning redevelopment, ABx1 26 and ABx1 27 (hereafter AB 26 and AB 27). AB 26 (the “Dissolution Act”) eliminated redevelopment agencies as of October 1, 2011, and essentially restricted redevelopment agencies from entering into agreements, borrowing or lending funds, or acquiring or disposing of real property prior to dissolution. Whereas, AB 27 (the “Voluntary Program Act”) allowed redevelopment agencies to remain in existence and be exempt from AB 26 if certain “voluntary” payments were made to the State in FY 2012 and in each fiscal year

∞ SUCCESSOR AGENCY TO THE LOS GATOS REDEVELOPMENT AGENCY ∞

thereafter. These bills were signed into law by the governor on July 28, 2011.

The League of California Cities and the California Redevelopment Association (CRA) filed a petition with the California Supreme Court, challenging the constitutionality of AB 26 and AB 27. The California Supreme Court, in its decision in *California Redevelopment Association v. Matosantos* issued December 29, 2011 (the “Supreme Court Decision”), declared the Dissolution Act alone to be constitutional. Under the Dissolution Act, all California redevelopment agencies were dissolved effective February 1, 2012.

Following the provisions of the Dissolution Act, the Town Council of the Town of Los Gatos (the “Town Council”) adopted a resolution accepting for the Town the role of Successor Agency (the “Successor Agency”) to the Redevelopment Agency of the Town of Los Gatos (the “Redevelopment Agency”). An oversight board (the “Oversight Board”), consisting of members representing Santa Clara County, the Town, and various education and special districts was formed to approve and direct certain actions of the Town as Successor Agency.

Prior to the dissolution of redevelopment agencies, redevelopment law required that 20 percent of tax increment revenue received by an agency must be set aside for affordable housing activities. Under the Dissolution Act, tax increment revenue received by the Successor Agency did not include funding for affordable housing. However, tax-sharing agreements negotiated with affected public educational entities, the Mid-Peninsula Open Space District, and Santa Clara County continue to be recognized. Nearly half of all Redevelopment Agency tax increment had been passed through to these taxing entities.

Successor Agencies may also receive tax increment revenue to pay for enforceable obligations that were incurred prior to the passage of the Dissolution Act. Under the Dissolution Act, Successor Agencies must approve and submit a Recognized Obligation Payment Schedule (ROPS) that reflects enforceable obligations over a six-month period. Prior to the payment of any enforceable obligation, the ROPS must be certified by the County and subsequently approved by the Oversight Board. Successor Agencies must also approve and submit an administrative budget for operational expenses to the Oversight Board for approval. Successor Agencies may receive a minimum of up to \$250,000 or up to 3 percent of tax increment revenues received by the Successor Agency per fiscal year for administrative expenses, which is significantly lower than the Successor Agency’s current administrative expenses.

The Town has several existing enforceable obligations that must be paid over the remaining life of the debt service, or until the Successor Agency reaches the tax increment cap, which is the gross tax increment collected over the life of the Agency. The Town’s tax increment cap, which is anticipated to be reached by FY 2027/28, is approximately \$250 million. The Successor Agency currently pays debt service on two Certificates of Participation (COPs):

☞ SUCCESSOR AGENCY TO THE LOS GATOS REDEVELOPMENT AGENCY ☞

- **2002 COPs Payments for Redevelopment Agency Capital Projects:** In 2002, the Town issued debt for approximately \$10.7 million to fund RDA infrastructure projects in the project area. Annual debt service payments of approximately \$680,000 will continue through FY 2031/32.
- **2010 COPs Payments for Town Library:** In 2010, the Town issued debt for approximately \$15.7 million to fund the construction of the new library building. Annual debt service payments of approximately \$1.2 million will continue through FY 2027/28.
- **Agency Administration:** This pays for the day-to-day operations of the Successor Agency, including staff salary and benefits, supplies and materials, and consultant assistance. Annual budgeted expenditures are estimated to be approximately \$13,000.

The Town submitted the Last & Final ROPS to the State and it was approved by the State on April 6, 2016. The Town no longer needs to submit ROPS every six months and has scheduled the ROPS budget through FY 2031/32. At the end of FY 2031/32, the Town and the County will resolve any remaining balances.

Successor Agency to the Town of Los Gatos Redevelopment Agency

ADMINISTRATION PROGRAM 9403

PROGRAM PURPOSE

The Successor Agency's Administration Fund encompasses administrative functions related to operational and fiscal matters of the Successor Agency, in conjunction with the Finance Department. Prior to the dissolution of the Redevelopment Agency, this fund also supported capital project development, management, and construction oversight; and economic vitality activities to enhance revenues through business promotion and retention. While there will be no future capital projects, with the exception of Almond Grove reconstruction project in the former Redevelopment Area, economic vitality efforts continue and are now supported by the General Fund.

BUDGET OVERVIEW

The FY 2020/21 Administration Fund budget reflects approximately \$13,000 of tax increment revenue to cover the operational and fiscal reporting expenses of the Successor Agency. The Town's last and final ROPS has now been approved by the State. The Town will no longer have to submit ROPS every six months.

Successor Agency to the Town of Los Gatos Redevelopment Agency

DEBT SERVICE PROGRAMS 9404 and 9405

FUND PURPOSE

Prior to the Dissolution Act, the Los Gatos Redevelopment Agency assumed the obligation of paying the debt service on the Town's 2002 and 2010 Certificates of Participation (COPs) in return for the lease of Town property. The purpose of the COPs was to fund key capital infrastructure projects located in the former Redevelopment Area. Payments for this indebtedness were and will continue to be made from the Debt Service Fund.

BUDGET OVERVIEW

PROGRAM 9404 – 2002 CERTIFICATE OF PARTICIPATION

The Town bears an obligation for the 30-year Certificates of Participation issued in the original amount of \$10,725,000, dated August 1, 2002. The COPs were issued to finance infrastructure improvements in the downtown Redevelopment Area, including plaza reconstruction, streetscape improvements, street reconstruction, storm drainage, and alley improvements, as well as partially funding the reconstruction of the pool at Los Gatos High School. The COPs principal payments are due annually on August 1, with interest payments payable semi-annually on February 1 and August 1.

The financing structure of the COPs includes two lease agreements between the Town of Los Gatos and the Successor Agency for the Town of Los Gatos Redevelopment Agency dated July 1, 2002.

☞ SUCCESSOR AGENCY TO THE LOS GATOS REDEVELOPMENT AGENCY ☞

Debt Service

The first agreement lease five Town-owned parcels, commonly known as the Miles Avenue Corporation Yard, to the Successor Agency through August 1, 2031 for a one-time fee of \$1. In the second lease, the Successor Agency subleases the same land back to the Town, effective the date of the original lease. The annual sub-lease payments are equal to the annual debt service for the COPs.

A reimbursement agreement between the Town and the Successor Agency, also dated July 1, 2002, obligates the Agency to reimburse the Town in an amount equal to the annual lease payment the Town pays to the Agency for the sub-lease of the Corporation Yard. This reimbursement is in consideration of the Town's cost of the acquisition and construction of the yard facilities.

While the annual impact of these agreements nets to zero, the lease and reimbursement payments are included in both the Town's and Successor Agency's budgets each year to accurately reflect the terms of these agreements. The Agency remains responsible for making the principal and interest payments.

The maturity schedule for the Successor Agency's current Debt Service obligation under the 2002 COPs is as follows:

PROGRAM 9405 – 2010 CERTIFICATES OF PARTICIPATION

The 2010 Certificates of Participation financing structure parallels the 2002 issue. The Town bears an obligation for the 18-year Certificates of Participation issued in the original amount of \$15,675,000, dated June 1, 2010. The COPs were issued to finance the construction of the new Town library. The COPs principal payments are due annually on August 1, with interest payments payable semi-annually on February 1 and August 1.

The financing structure of the COPs includes two lease agreements between the Town of Los Gatos and the Successor Agency for the Town of Los Gatos Redevelopment Agency dated June 1, 2010. The first agreement leases Town-owned parcels, including the existing library, police administration building, and related property located at the Civic Center, to the Successor Agency through August 1, 2028 for a one-time fee of \$1. In the second lease, the Successor Agency subleases the properties back to the Town, effective the date of the original lease. The annual sub-lease payments are equal to the annual debt service for the COPs.

A reimbursement agreement between the Town and Agency, also dated June 1, 2010, obligates the Agency to reimburse the Town in an amount equal to the annual lease payment the Town pays to the Agency for the sub-lease of the existing library, police administration building, and related properties. This reimbursement is in consideration of the Town's cost of the acquisition and construction of the library and police facilities.

While the annual impact of these agreements nets to zero, the lease and reimbursement payments are included in both the Town's and Successor Agency's budgets each year to accurately reflect the terms of these agreements. The Agency remains responsible for making the principal and interest payments.

The maturity schedule for the Successor Agency's current Debt Service obligation under the 2010 COPs is as follows:

Debt Service

California Government Code Section 43605 states: *“A city shall not incur an indebtedness for public improvements which exceeds in the aggregate 15 percent of the assessed value of all real and personal property of the city. Within the meaning of this section indebtedness means bonded indebtedness of the city payable from the proceeds of taxes levied upon taxable property in the city.”*

This schedule calculates the Town’s legal debt margin by determining the 15% debt limit and comparing this limit to the Town’s outstanding debt at the end of the fiscal year to determine the difference between the two. Only certain types of outstanding debt are subject to the legal debt limit; therefore, while this schedule recognizes all debt, the total debt is reduced by that debt not subject to the legal debt limit, as well as amounts held in sinking funds for debt repayment.

The Town’s debt structure currently includes only Certificates of Participation, which are not subject to the legal debt limit, and are therefore removed from the calculation.

GLOSSARY

Accounting System - The set of records and procedures that are used to record, classify, and report information on the financial status and operations of the Town.

Accrual Basis Accounting - Under this accounting method, transactions are recognized when they occur, regardless of the timing of related cash receipts and disbursements.

Ad Valorem - Latin for "in proportion to the value". This refers to property taxes levied on value and includes the General Obligation (G.O.) Bond rates added to the 1% rate allowed by Prop. 13. These rates are applied to the secured, unsecured, supplemental, and other miscellaneous tax rolls.

Adoption - Formal action by the Town Council, which sets the spending limits for the fiscal year. The town's budget is adopted by Council resolution.

Agency Fund - A fund used to account for assets held by the Town in the capacity of an agent for individuals, organizations, or other governmental entities.

Annual Budget - A budget applicable to a single fiscal year.

Appropriation - An authorization made by the Town Council, which permits officials to incur obligations against and to make expenditures of government resources. Appropriations are typically granted for a one-year period.

Assessed Valuation - A value established for real property for use as a basis in levying property taxes. For all agencies in the State of California, the County for the secured and unsecured property tax rolls establishes assessed value; the utility property tax roll is valued by the State Board of Equalization. Under Article XIII of the State Constitution (Proposition 13 adopted by the voters on June 6, 1978), properties are assessed at 100% of full value. Proposition 13 also modified the value of real taxable property for fiscal 1979 by rolling back values to fiscal 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change of ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

Assessment Fund - A fund used to account for special levies made against certain properties to defray part or all of the costs of a specific improvement or service deemed to primarily benefit those parties.

Audit - Prepared by an independent Certified Public Accountant (CPA), the primary objective of an audit is to determine if the Town's Financial Statements present fairly the Town's financial position and results of operations in conformity with generally accepted accounting principles. In conjunction with their performance of an audit, it is customary for an independent auditor to issue a Management Letter stating the adequacy of the Town's internal controls as well as recommending improvements to the Town's financial management practices.

Balanced Budget – Balanced budget is a budget with operating revenues equal to operating expenditures and neither a budget deficit nor a budget surplus. More generally, it refers to a budget with no deficit, but possible with surplus.

∞ GLOSSARY ∞

Bonds - A bond is a written promise to pay a specified sum of money (called the face value or principle amount) at a specified date or dates in the future (called the maturity date) together with period interest at a specified rate. Bonds are typically used to finance capital facilities.

Budget - As the Town's financial operating plan for the fiscal year, the budget displays the estimated expenditures (costs) for providing services and the estimated sources of revenue (income) to pay for them. Once the Town Council adopts the budget, the total becomes the maximum spending limit. Los Gatos' budget encompasses fiscal year (July 1, through June 30).

Budget Amendment - The Council has the sole responsibility for adopting the Town's budget, and may amend or supplement the budget at any time after adoption. The Town Manager has the authority to approve administrative adjustments to the budget as outlined in the Financial and Administrative Policies set by Council.

Budget Calendar - The schedule of key dates which the Town follows in the preparation and adoption of the budget.

Budget Document - The official financial spending and resource plan submitted by the Town Manager and adopted by the Town Council explaining the approved budget to the public and Town Council.

Budget Message - Included in the opening section of the budget, the Budget Message provides the Council and the Public with a general summary of the most important aspects of the budget, comparative data from previous fiscal years, goals and objectives, and the views and recommendations of the Town Manager.

Budget Overview - This section provides an overview of the changes adopted in the budget. Additionally, the significant impacts of budgetary changes are outlined along with dollar amounts (increase/decrease).

Budget Policies - General and specific guidelines adopted by the Council that governs the financial plan's preparation and administration.

Building Permit - Fee required for new construction or for any alteration or addition to a residence or commercial building. The fee is based on square footage and valuation. Electrical or plumbing/mechanical work will require a similar permit.

Business License Tax - A tax imposed on those conducting business within the Town limits. Business License Tax is a non-regulatory tax implemented for the purpose of raising revenue to support General Fund activities.

Capital Acquisitions/Assets – See “Fixed Assets.”

Capital Expenditures - Funds spent for the construction, improvement, or rehabilitation of Town infrastructure.

Capital Improvement Program (CIP) - The plan or schedule of expenditures for major construction of roads, sidewalks, Town facilities and/or park improvements and for the purchase of equipment. The Town of Los Gatos' CIP follows a five-year schedule. Although the Town adopts the CIP budget in a

∞ GLOSSARY ∞

process that is separate from the adoption of the budget, the budget incorporates the first-year of the five-year CIP.

Capital Projects - Expenditures that have a value of \$25,000 or more which result in the acquisition of, construction of, rehabilitation of or additions to, infrastructure and fixed assets with a useful life of at least 5 years at a fixed location.

Depreciation – The process of allocating the total cost of fixed assets over each period of their usefulness to the government.

Capital Projects Fund - In governmental accounting, a fund that accounts for financial resources to be used for the acquisition or construction of capital facilities. The total cost of a capital project is accumulated in a single expenditure account which accumulates until the project is completed, at which time the fund ceases to exist.

Cash Basis Accounting - A basis of accounting under which transactions are recognized only when cash is received or disbursed.

Certificate of Participation (COP) - A type of financing in which investors purchase a share of the lease revenues of a program rather than the bond being secured by those revenues. The authority usually uses the proceeds to construct a facility that is leased to the municipality, releasing the municipality from restrictions on the amount of debt that they can incur.

Community Development Block Grant (CDBG) - Federal grant funds distributed from the U.S. Department of Housing and Urban Development that are passed through to the Town. The Town primarily uses these funds for housing rehabilitation, public improvements and local social programs.

Comprehensive Annual Financial Report (CAFR) - The official financial report of the Town. It includes an audit opinion as well as basic financial statements and supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions.

Contingency - A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contingent Liabilities - Items which may become liabilities of the Town but are undetermined at a given date, such as pending lawsuits, unsettled disputed claims, unfilled purchase orders and uncompleted contracts.

Contract Services - Services provided to the Town from the private sector or other public agencies.

Debt Service - Payment of the principal and interest on an obligation resulting from the issuance of bonds, notes, or Certificates of Participation (COPs).

Debt Service Fund - A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

Deficit - The excess of liabilities over assets.

☞ GLOSSARY ☞

Department - A major organizational unit of the Town, which has been assigned overall management responsibility for an operation, or a group of related operations within a functional area. In Los Gatos, Department Heads are the chief administrators within a department.

Encumbrances - Commitments against an approved budget for unperformed (executory) contracts for goods or services. They cease to be encumbrances when the obligations are paid or otherwise terminated.

Enterprise Funds - Established to account for the financing of self-supporting activities of governmental units, which render services on a user charge basis to the general public.

Equipment Replacement Fund - This fund is used to account for the replacement of existing fixed assets as equipment, machinery or building improvements become unserviceable or obsolete.

Expenditure - The outflow of funds paid or to be paid for an asset obtained or goods and services obtained. Note: An encumbrance is not expenditure; an encumbrance reserves funds to be expended. (See encumbrances.)

Fiduciary Funds - Used to account for assets held by the Town acting in a fiduciary capacity for other entities and individuals. Such funds are operated to carry out the specific actions of trust agreements, ordinances and other governing regulations. There are two categories of fiduciary funds: Trust and Agency.

Fiscal Year - A 12-month period to which the annual operating budget applies and at the end of which the Town determines its financial position and results of its operations. The Town's fiscal year runs from July 1st to June 30th.

Fixed Assets - Non-consumable assets of long-term nature such as land, buildings, machinery, furniture, and the other equipment. The Town has defined such assets as those with an expected life in excess of one year and value in excess of \$10,000.

Franchise Fees - Imposed on utility companies for the privilege of doing business in the Town. Fees are usually based upon a percentage of gross revenue derived from business conducted in the Town.

Full-time Equivalent (FTE) - The amount of time a position has been budgeted for in terms of the amount of time a regular, full-time employee normally works in a year. Full-time employees are paid for 2,080 hours in a year equating 1.0 FTE. Correspondingly, a part-time employee who worked 1,040 hours would equate to 0.5 FTE.

Fund - An independent fiscal and accounting entity with a self-balancing set of accounts in which cities record financial transactions relating to revenues, expenditures, assets and liabilities. Each fund type typically has a unique funding source and purpose. Establishing funds enables the town to account for the use of restricted revenue sources and carry on specific activities or pursue specific objectives.

Fund Accounting - System used by non-profit organizations, particularly governments. Since there is no profit motive, accountability is measured instead of profitability. The main purpose is stewardship of financial resources received and expended in compliance with legal requirements.

∞ GLOSSARY ∞

Fund Balance - Also known as financial position, fund balance is the excess of current assets over current liabilities, and represents the cumulative effect of revenues and other financing sources over expenditure and other financing uses.

GAAP (Generally Accepted Accounting Principles) - Uniform minimum standards for financial accounting and reporting. They govern the form and content of the basic financial statements of the Town.

Gann Appropriation Limit - This is the common name of Proposition 4, approved by voters on November 6, 1979 which mandated an appropriation limit on the amount of tax revenues that government jurisdictions may appropriate within a fiscal year. This bill was named after Paul Gann, who was a co-sponsor of the famous Proposition 13 initiative enacted by the voters of California on June 6, 1978 which resulted in a cap on property tax rates in the state, and a prominent author and advocate of this subsequent spending limitation bill.

Gas Tax Fund - The Gas Tax Fund is used to account for revenues and expenditures apportioned under the Streets and Highways Code of the State of California. Expenditures may be made for any street related purpose in the Town's system of streets.

General Fund - In governmental accounting, fund used to account for all assets and liabilities of a non-profit entity, except those particularly assigned for other purposes in another more specialized fund. It is the primary operating fund of the Town.

General Government - Town Council, Town Manager, Town Clerk's Office, Town Attorney, Town Treasurer, Personnel, Finance, Planning, Police, Parks and Public Works, and Library.

General Liability Self Insurance Fund - The General Liability Self Insurance Fund is used to provide the Town with liability and property insurance. Coverage is provided through the Town's participation in a joint powers agreement through (ABAG) Associations of Bay Area Governments.

General Obligation Bond - A municipal bond backed by the credit and "taxing power" of the issuing jurisdiction rather than the revenue from a given project. General obligation bonds are issued with the belief that a municipality will be able to repay its debt obligation through taxation or revenue from projects. No assets are used as collateral.

Government Finance Officers Association (GFOA) - GFOA is the professional association of state/provincial and local finance officers in the United States and Canada, and has served the public finance profession since 1906. Approximately 16,000 GFOA members are dedicated to the sound management of government financial resources.

Governmental Funds - the fund used to account for all assets and liabilities of a government agency, except those particularly assigned for other purposes in another more specialized fund. There are five different types of governmental funds: the general fund (which is the primary operating fund), special revenue funds, debt service funds, capital project funds, and permanent funds.

Grant - External contributions, and/or gifts of cash, or other assets typically from another governmental entity to be used or expended for a specific purpose, activity, or facility. An example is Community Development Block grant funding from the Federal Government.

∞ GLOSSARY ∞

Housing Fund (RDA) - Fund is used to account for the 20% set aside property tax increment revenues and the associated expenditures to be used for increasing or improving low and moderate-income housing.

Information Technology Fund - The Information technology Fund is used to account for the costs associated with the Town's centralized computer system and to distribute these costs to departments using the system on a pro rata basis. Included are costs for hardware and software maintenance and development, and computer training.

Infrastructure - The basic facilities, services, and installations needed for the functioning of a community or society, such as streets and roads, sidewalks, bridges, communications systems, water and power lines, and public institutions including schools, police stations, libraries, and post offices.

Interest Income - The prudent investment of idle funds. The types of investments that can be made are limited by the Government Code to protect the safety of taxpayers' money.

Intergovernmental Revenue - Revenue received from other governmental agencies and municipalities, such as grants from the State or Federal government.

Internal Services Fund - The Internal Service Funds are used to finance and account for special activities and services performed by a designated Town department for other departments on a cost reimbursement basis.

Inter-Fund Transfers - When the Town moves money between its various funds, it makes an inter-fund transfer, referred to as transfers-in and transfers-out. In aggregate, transfers in and out offset each other for the fiscal year.

Landscape and Lighting Fund - The Town has formed six landscape and lighting district funds established by written consent of the property owners owning all of the property within the boundaries of the district.

Levy - To impose taxes, special assessments or service charges for the support of governmental activities. The total amount of taxes, special assessments or service charges imposed by Santa Clara County levying property taxes.

Licenses and Permits - Revenues earned by the issuance of licenses or permits levied in accordance with the benefits conferred by the license or permit.

Limited Obligation Bond - A bond sold by a municipality to finance projects which are secured by the revenue generated by those projects.

Line-Item Budget - A budget that lists detailed expenditure categories (salaries & benefits, office supplies, travel, dues, rents, etc.) separately, along with the amount budgeted for each specified category. The Summary Budget reflects the program rather than line item budgets. The Detail Budget reflects the line-item detail.

Major Fund – Major funds are funds whose revenues, expenditures/expenses, assets, or liabilities are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds for the same item The General Fund

∞ GLOSSARY ∞

is always a major fund. The Town may also select other funds it believes should be presented as major funds.

Modified Accrual Basis - Under this accounting method, revenues are recognized when they become both measurable and available to finance expenditures of the current period. Expenditures for the most part are recognized when the related fund liability is incurred except for prepayments, accumulated employee leave and long-term debt. All governmental funds and expendable trust funds are accounted for using the modified accrual basis of accounting.

Motor Vehicle in Lieu Fee - A State fee charged for the privilege of operating a vehicle on public streets. A VLF is levied annually against the market value of a motor vehicle and is imposed by the State "in lieu" of local property taxes.

Non-Departmental - This program has the sole purpose of accounting for all expenditures that the Town cannot specifically designate to any operating department within the General Fund.

Non-major Fund – Non-major funds are all governmental and enterprises funds that are not classified as major funds.

Objective - A statement of specific direction, purpose, or intent based on the needs of the community and the goals established for a specific program or service level.

Ordinance - A formal legislative enactment by the Town Council. It has the full force and effect of law within Town boundaries unless pre-empted by a higher form of law. An Ordinance has a higher legal standing than a Resolution and is typically codified in a Town's municipal code.

Operating Budget - The operating budget is the primary means by which most of the financing of acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is required by law.

Other Revenues - Revenues from sources other than those specifically identified that are too immaterial in amount to justify the creation of new revenue account line items

Performance Measure - Sets forth a performance objective and a goal for achieving the objective.

Personnel Benefits - Those benefits paid by the Town as conditions of employment.

Personnel - Town employees.

Present Value - The amount that a future sum of money is worth today given a specified rate of return.

Proposition 218 - A statewide initiative passed by the voters of California on November 5, 1996. The initiative provided voters with the right to vote on new taxes.

Program - As subdivisions of departments, programs are budgetary or organizational units of government with limited sets of work responsibilities within their respective departments. Programs also serve to increase budgetary accountability. Los Gatos' budget is compiled on a program basis.

☞ GLOSSARY ☜

Property Tax - Imposed on real property (land and permanently attached improvements). The tax is based upon the assessed value of such property. The tax rate may not exceed 1% of assessed value.

Proprietary Funds - Funds that focus on the determination of operating income, changes in net assets (or cost recovery), financial position, and cash flows. There are two different types of proprietary funds: enterprise funds and internal service funds.

Public Employees' Retirement System (PERS) - Provided for the Town's employees, by the State of California.

RDA - Redevelopment Agency, while a component unit, the Agency is a legal entity separate from the Town.

Redevelopment Agency Fund - Fund is used to account for the proceeds of notes, advances and other forms of indebtedness, and the expenditure of these funds for improvement, reconstruction and redevelopment projects within the specified boundaries of the Town of Los Gatos Redevelopment Agency.

Reserve - An account used to indicate that a portion of fund equity is legally restricted for a specific purpose.

Resolution - A special order of the Town Council which has a lower legal standing than an ordinance.

Resources - Total amounts available for appropriation including estimated revenues, inter-fund transfers, and beginning fund balances.

Revenue - Sources of income, which the Town receives during a fiscal year. Examples of revenue include taxes, intergovernmental grants, charges for services, resources forward from the prior year, operating transfers for other funds, and other financing sources such as the proceeds derived from the sales of fixed assets.

Road Impact Fees - Pursuant to Article III of Chapter 15 of the Town Code, the Town collects road impact fees in order to finance road construction and maintenance projects throughout the Town. Article IX of Chapter 15 authorizes the establishment of special fund accounts known as Road Impact #1, Road Impact #2, and Road Impact #3, into which all such fees are deposited. Because the road systems generally follow drainage patterns, the existing drainage basin map boundaries are used to track and expend funds for road construction and maintenance. The amount of each fee collected is based on an estimate of the weight of the loads to be hauled to or from the project and the weight of heavy vehicles to be used in connection with the project. The fee is collected for: Building Permits, Grading and Landscape Permits, Improvement Contracts, and Encroachment permits. Money collected from such fees is to be used solely for design, construction, and repair of town streets and installation of sidewalk curb cut ramps when the level of work as triggers such a requirement provided by the Americans with Disabilities Act, within the prescribed area. Projects will be brought forward on an as needed basis.

Sales Tax - 1% is returned to the Town by the State Board of Equalization on a monthly direct deposit basis.

∞ GLOSSARY ∞

Self-Insurance Fund - The Self-Insurance Fund (General Liability) is used to finance and account for the Town's general liability self-insurance program.

Special Assessment Bonds - Bonds payable from the proceeds of special assessment.

Special Revenue Fund - In governmental accounting, fund used to account for the proceeds of special revenue sources (other than special assessments, expandable trusts, or for major capital projects) that are legally restricted to expenditure for specified purpose.

Service Charge - Charges for specific services rendered.

Services and Supplies - Expenditures for services and supplies which are directly related to a department's primary service activities.

Sewer Service Charge - Sanitary Sewer Taxes are collected by the West Valley Sanitation District to maintain the Sanitary Sewer Collection System in District's Service Area. The Parks, Forestry and Maintenance Department provide sanitary Sewer collection maintenance within the Town limits. These operating costs are reimbursed to the Town from Sanitary Sewer fees.

Successor Agency to the Town of Los Gatos RDA – Effective February 1, 2012, all redevelopment agencies in the State of California were dissolved pursuant to AB 1X 26. Following the provisions of the Dissolution Act, the Town Council of the Town of Los Gatos adopted a resolution accepting for the Town role of Successor Agency to the Redevelopment Agency of the Town of Los Gatos.

Supplies - An expenditure classification for articles and commodities purchased for consumption or resale.

Taxes - Compulsory charges levied by the Town, County and State for the purpose of financing services performed for the common benefit.

Town Code - A book that contains the Town Council approved ordinances currently in effect. The code defines Town policy with respect to areas such as planning, etc.

Transient Occupancy Tax - Imposed on hotels, motels, inns or other lodging facilities. The rate in Los Gatos is 12%.

Transfers In/Out - Money transferred from one Town fund to another. Differs from revenues and expenses - see definition of these terms.

Workers' Compensation Fund - The Worker's Compensation Fund accounts for the cost to provide worker's compensation insurance coverage to all Town employees in compliance with State of California requirements.
