[EXTERNAL SENDER]

Dear Mr. Nathan and Members of the Planning Commission,

My name is Raphael Durst, and my family and I have lived at [redacted], directly across from the proposed construction site at 100 Jamie Court, for the past two years.

During this time, we have come to know the Desai family as kind, considerate, and family-oriented neighbors. We value having them in our neighborhood and fully support their proposed development project at 100 Jamie Court

I have reviewed the plans and seen the story poles on site. In my opinion, the proposed project will be a positive addition to our neighborhood for several reasons:

- **Neighborhood improvement:** A modern, thoughtfully designed home will enhance the appearance and character of our street and contribute positively to the surrounding property values.
- **A family-friendly community:** We believe Los Gatos should encourage homeowners to invest in upgrading their properties to meet the needs of today's families and future generations. Attractive, updated homes help keep our neighborhood desirable for families for years to come.
- **Support for our neighbors:** We appreciate families like the Desais who are committed to our community and willing to invest in improving their homes.

As residents living directly across from the property, we have a particularly close perspective on the proposed development. We believe this project represents a positive investment in the long-term quality and appeal of our neighborhood.

We respectfully express our full support for the project and hope the Planning Commission will approve the application.

Thank you for your time and service to our community.

Sincerely,

Raphael Durst

[EXTERNAL SENDER]

Dear Mr. Nathan and Members of the Planning Commission,

I live at [redacted] in Los Gatos. We have known the Desai family for over two years. My family and I value the Desai family as our neighbors, and we support their proposed remodel at 100 Jamie Court (Minor Residential Application MR-26-007). I respectfully ask the Commission to deny the appeal and uphold the Director's approval.

Having reviewed the plans and seen the story poles on site, I believe the proposed remodel will be a positive addition to our neighborhood. The updated home will enhance the appearance of the property and contribute to the character of our street.

We also believe our community benefits when families choose to invest in their homes and continue building their lives in Los Gatos. We appreciate having the Desai family as neighbors and support their efforts to improve their home to meet their family's needs.

I hope the Commission will consider this perspective from a neighboring household and allow the approved project to move forward.

Thank you for your time, consideration, and service to our community.

Sincerely,
Hesam Fathi Moghadam
