- n. Town Council to examine/update the Town Council Code of Conduct.
- o. Town staff to conduct staff surveys on a regular basis to assess if employees feel welcomed and included.

Staff explored the option of including metrics for each item; however, after extensive outreach, research, and attending DEI training sessions put on by the Government Alliance of Race and Equity (GARE), the conclusion reached was that metrics/performance measures are not only extremely difficult for this work, but not advised. DEI work is long-term term and ongoing over generations of people and progress cannot adequately be measured in a shorter timeframe of a few years. Additionally, aiming for a goal of a certain demographic makeup (for example, X amount of employees of Y ethnicity/race) can be misleading because even if that goal is reached it does not necessarily mean that all feel welcome or as they belong.

### **3. DESCRIPTION OF PROCESS FOR DEVELOPING THE DEI PLAN**

#### **Community Advisory Group Led by American Leadership Forum Silicon Valley Insights (ALFI)**

On September 6, 2022, the Town Council authorized the Town Manager to continue working with DEI Consultant ALFI on the development of a DEI Plan. To do this work, ALFI convened a Community Advisory Group to move the initial Discovery Report recommendations forward and provide concrete steps for implementation. The Community Advisory Group met on a monthly basis from February through September 2023 for two and a half hours each meeting and utilized the initial Discovery Report recommendations as a jumping off point for dialogues. The Group helped put together the American Leadership Forum Insights Justice, Equity, Diversity, and Inclusion Implementation Actions document and provided numerous action/implementation items included in this DEI Plan. The most significant recommendation to come out of the group was for the Town to establish an equity-focused Commission. On September 19, 2023, the Town Council approved the enabling resolution to create the Diversity, Equity, and Inclusion Commission.

#### **Community Workshop**

On April 20, 2023, the Town held a community workshop to give the broader Los Gatos community an opportunity to provide input on the Discovery Report and the potential action items for this DEI Plan. Attendees were divided into two smaller breakout group discussions to provide feedback used to shape this plan.

## **Town Boards, Commissions, and Committees Participation**

During the months of March and April, Town staff met with each Board/Commission/Committee, and/or solicited written feedback on the potential DEI Plan action items and the recommendations in the Discovery Report. Input was also sought regarding how DEI work intersects with each Commission, how Commissions can work to increase equity and inclusivity in Los Gatos, and other ideas for how the Town can work holistically toward becoming a more inclusive place. Ideas garnered from those sessions are reflected in this DEI Plan.

## **Town Staff Engagement**

Outreach regarding the development of this plan and other Town DEI work was also conducted with staff. In 2022, the Town Manager's Office offered the first Employee Equity Survey to all Town staff. The Town staff is much more diverse than the broader Los Gatos community. At a high level, survey results indicated 70% of respondents reported feeling welcome at work while 30% did not. Responses also indicated a need for increased education for Town staff about the DEI work being done and a desire for DEI training.

In 2023, the Town Manager's Office conducted another anonymous survey specific to input relating to the Discovery Report recommendations and potential DEI Plan action items. Discussions on these topics also occurred during the Staff Equity Team's monthly meetings. Themes from this staff feedback are also found in this Plan.

## **Training**

Based on staff demand as illustrated in the Employee Equity Survey results, in November 2022, the Town held a mandatory staff Diversity, Equity, and Inclusion training entitled "Creating Environments of Belonging" led by DEI trainer and former prosecutor Mwanaisa Sims. The topic discussed included:

- Awareness of workplace diversity issues, such as those affecting underrepresented groups, in daily interactions;
- Exploration of internal beliefs and unconscious biases;
- An understanding of what motivates (and demotivates) those around us;
- Collaboration skills to help work more effectively with people who have different qualities from your own;
- How to stand up to discrimination such as racial bias or sexual harassment; and
- Skills to foster an inclusive workplace culture.

In February 2023, the "Creating Environments of Belonging" DEI training was also offered to the Town Councilmembers and all Town Commissioners.

In May 2023, based on demand, Ms. Sims returned to offer Town staff a second training that specifically focused on learning tools for how to respond to microaggressions, bias, and uncomfortable conversations.

DEI training can help build a safe and equitable workplace for all staff and promote an environment where everyone feels comfortable being their authentic selves at work.

## 4. DEFINITIONS

**Ableism.** Ableism is the discrimination of and social prejudice against people with disabilities based on the belief that typical abilities are superior. At its heart, ableism is rooted in the assumption that disabled people require ‘fixing’ and defines people by their disability. ([Access Living](#))

**Anti-Semitism.** The belief or behavior hostile toward Jews just because they are Jewish. It may take the form of religious teachings that proclaim the inferiority of Jews, for instance, or political efforts to isolate, oppress, or otherwise injure them. It may also include prejudiced or stereotyped views about Jewish peoples. ([Anti-Defamation League](#))

**Belonging.** Belonging is a core need of all humans and is defined as a system of values and practices where no person is left out of the circle of human concern. It is more than just access. It is having a meaningful voice and an opportunity to participate in the design of cultural structures. Belonging includes the right to contribute as well as the right to make demands and it requires shared power, access, and opportunity among all individuals within a shared system. Belonging is about being seen, heard and valued for the uniqueness that each individual brings into the circle (Source: Othering and Belonging Institute). Distinction Between Diversity, Inclusion, and Belonging: You can have diversity without inclusion (e.g. tokenism, assimilation). You can’t have inclusion without diversity. Focusing on inclusion gets you further than just focusing on diversity. Belonging is a term that goes beyond the legal or HR definitions and gets to how power and meaningful inclusion can look and feel within the context of a group or network. ([Race Forward](#))

**BIPOC.** Acronym referring to Black, Indigenous, and Persons of Color. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Community Member.** Any individual who resides, owns property, is a business owner, or is employed in the Town of Los Gatos. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Debiasing Strategies.** Interventions to eliminate, mitigate or prevent bias are often focused on the individual level, rather than at the institutional level, where interventions are most needed. Debiasing strategies focused on individual change (e.g. “just be aware of your bias,)” have dubious impacts and success. Debiasing strategies focused at the institutional levels can help prevent and remove opportunities for bias by instituting practices, policies, and protocols that require institutional actors to address institutional racism. ([Race Forward](#))

**Disadvantaged Community.** An area identified by the California Environmental Protection Agency (CalEPA) pursuant to Section 39711 of the California Health and Safety Code or a predominately low-income area that is disproportionately affected by environmental pollution and other hazards that can lead to negative health effects, exposure, or environmental degradation. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Diversity.** A variety of racial identities or characteristics (e.g. African Americans, Native Americans, Latinx) as well as people from a range of different social, racial, ethnic, cultural, and economic backgrounds; genders; sexual orientations; abilities; experiences; perspectives; and other personal identities. Diversity is a quantitative measure of representation. ([Race Forward](#))

**Environmental Justice.** The fair treatment of people of all races, cultures, incomes, political and religious affiliation, and national origins with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies including climate adaptation strategies. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Equality.** Is sameness; everyone gets the same thing. Equality focuses on everyone getting the same opportunity, but often ignores the realities of historic exclusion and power differentials among whites and other racialized groups. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Equity.** Ensures that outcomes in the conditions of well-being are improved for marginalized groups, lifting outcomes for all. Equity is a measure of justice (Los Gatos 2040 General Plan, p. 2-3). Distinction Between Equality and Equity: Equality uses the same strategies for everyone, but because people are situated differently, they are not likely to get the same outcomes. Equity uses differentiated and targeted strategies to address different needs and to get to fair outcomes. Equality-focused strategies don't work for, or benefit, everyone – e.g. teaching everyone the same way does not work for different kinds of learners -- each must be taught the appropriate way for them. ([Race Forward](#))

**Explicit Bias.** Conscious attitudes and beliefs about a person or group, also known as overt and intentional bias. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Implicit Bias.** Attitudes or stereotypes that affect our understanding, decisions, and actions in an unconscious manner. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Individual Bias.** Bias by individuals. But if the individual is acting in an institutional capacity (e.g. a teacher or a police officer) their individual bias is also a manifestation of institutional bias. ([Race Forward](#))

**Individual Racism.** Lies within individuals. These are private beliefs and biases about race that reside inside our own minds and bodies. For White people, this can be internalized privilege, entitlement, and superiority; for people of color, this can be internalized oppression. Examples: prejudice, xenophobia, conscious and unconscious bias about race, influenced by the white normative or dominant culture. ([Race Forward](#))

**Institutional Bias.** Bias by institutions — such as patterns, practices, policies, or cultural norms that advantage or disadvantage people of color. ([Race Forward](#))

**Institutional Racism.** Occurs within institutions. It involves unjust policies, practices, procedures, and outcomes that work better for White people than people of color, whether intentional or not. Example: A school district that concentrates students of color in the most overcrowded, under-funded schools with the least experienced teachers. ([Race Forward](#))

**Interpersonal Racism.** Occurs between individuals. Bias, bigotry, and discrimination based on race. Once we bring our private beliefs about race into our interactions with others, we are now in the interpersonal realm. Examples: public expressions of prejudice and hate, microaggressions (common place intentional or unintentional terms or hostility), bias and bigotry between individuals. ([Race Forward](#))

**Inclusion.** The measure of the quality of representation, such as full access, authentic representation, empowered participation, true belonging and power-sharing. Inclusion is a qualitative measure of representation and participation. ([Race Forward](#))

**Intersectionality.** The concept of intersectionality describes the ways in which systems of inequality based on gender, race, ethnicity, sexual orientation, gender identity, disability, class and other forms of discrimination “intersect” to create unique dynamics and effects. All forms of inequality are mutually reinforcing and must therefore be analyzed and addressed simultaneously to prevent one form of inequality from reinforcing another. Intersectionality brings our understanding of systemic injustice and social inequality to the next level by attempting to untangle the lines that create the complex web of inequalities. It is also a practical tool that can be used to tackle intersectional discrimination through policies and laws. ([Center for Intersectional Justice](#))

**LGBTQIA+ Discrimination.** Being harassed, discriminated against and/or being denied access to employment, housing, access to basic goods and services and/or the ability to participate meaningfully in our society's decision making processes, based on gender identity, sexual orientation and/or gender expression. ([Gender Equity Law Center](#))

**Racial Equity.** A process of eliminating racial disparities and improving outcomes for everyone. It is the intentional and continual practice of changing policies, practices, systems, and structures by prioritizing measurable change in the lives of people of color. From GARE: Racial equity is realized when race can no longer be used to predict life outcomes, and outcomes for all groups are improved. ([Race Forward](#))

**Racial Justice.** A vision and transformation of society to eliminate racial hierarchies and advance collective liberation, where Black, Indigenous, Latinx, Asian Americans, Native Hawaiians, and Pacific Islanders, in particular, have the dignity, resources, power, and self-determination to fully thrive. Distinction Between Racial Equity and Racial Justice: Racial equity is the process for moving towards the vision of racial justice. Racial equity seeks measurable milestones and outcomes that can be achieved on the road to racial justice. Racial equity is necessary, but not sufficient, for racial justice. ([Race Forward](#))

**Resident.** Any individual who resides in the Town of Los Gatos. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Social Capital.** A concept in social science that involves the potential of individuals to secure benefits and invent solutions to problems through membership in social networks. Social capital revolves around three dimensions: interconnected networks of relationships between individuals and groups (social ties or social participation); levels of trust that characterize these ties; and resources or benefits that are both gained and transferred by virtue of social ties and social participation. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Socially Disadvantaged Individuals and Groups.** Socially disadvantaged individuals and groups who have been subjected to prejudice or some form of discrimination or bias because of their perceived identity as a member of a particular group (i.e., race, ethnicity, culture, sex, political or religious affiliation, sexual orientation, age, immigration status) without regard to their individuality and/or merit. ([Los Gatos 2040 General Plan, p. 2-3](#))

**Structural Racism.** Racial inequities across institutions, policies, social structures, history, and culture. Structural racism highlights how racism operates as a system of power with multiple interconnected,

reinforcing, and self-perpetuating components which result in racial inequities across all indicators for success. Structural racism is the racial inequity that is deeply rooted and embedded in our history and culture and our economic, political, and legal systems. Examples: The “racial wealth gap,” where Whites have many times the wealth of people of color, resulting from the history and current reality of institutional racism in multiple systems. ([Race Forward](#))
