Business License Tax Ordinance/Fee Study

SCOPE OF SERVICES

Consultant will provide the following Services relative to Client's business license tax ordinance/fee study.

1. **Current Tax Registry Analysis** - HdL will conduct an analysis of the current business license ordinance and the City's tax registration database. Data will be compiled on the number of businesses, current tax revenues received by City, categories, and other related information in order to provide an accurate baseline for current models and the impact of changes.
2. **Fee Analysis and Comparative Study** - Using the data compiled from the registration analysis, as well as data compiled from other sources such as neighboring cities, HdL will prepare a report comparing the City model and best practices to those of neighboring cities. The report will assist and provide the City with guidance as to possible positive changes to its current model. The report will also include filing options, sample tax forms, and other tax administration related data/documents.
3. **Modified Tax Structure Options** - As a result of the findings of the comparison report, HdL, in conjunction with City staff will draft a series of possible business tax re-structuring options for City consideration. Options may include the proposing of gross receipt-based taxes, employee-based taxes, flat taxes or a hybrid of all mentioned options. HdL will draft potential new and detailed structures to be used in the City's new ordinance. HdL will also review and provide sample ordinance language from neighboring cities "model ordinances." The final report will include, among other things, a complete business license tax structure recommendation along with revenue and cost impacts associated with each proposed model.

FEES

4. Fees for performing operations management Services shall be a flat fee of \$20,000.00 which shall be due within 30 days of Agreement execution.
- 4.1. Fees related to travel and lodging expenses are billed at cost and apply to all meetings (including implementation, training, operations and support). Travel expenses only apply to out-of-scope travel and must therefore be pre-approved by Client.
